FIVE CENTS

FLUORIDATION FOLLY

ARE YOU FORCED TO DRINK RAT POISON?

by Charles B. Hudson
3550 So. Penn St., Englewood Colo.

A tremendous drive is on to fluoridate water supplies of the nation. U.S. Public Health Service and American Dental Assn. front for the powers-behind-the-scenes. Their support helps persuade many other organizations to endorse, and work for installing equipment that injects deadly poisonous fluorides (usually sodium fluoride) at water-works plants into water supplies. The excuse is that fluoridated drinking water helps cut down dental decay in children, and thus will benefit their health all their lives. To oppose fluoridation therefore puts such opponents in the unenviable category of meanies who are against children's welfare.

Despite this emotional disadvantage, with powerful organizations such as governmental agencies, societies, chambers of commerce, and most of press, radio and TV, with many millions of dollars to influence the public, the power of truth is demonstrated in the fact that pro-fluoridationists admit a losing battle. Witness President of ADA Dr. Chas. H. Patton complaining that at Nov. 8, 1960 polls, only 5 towns with 40,000 population approved fluoridation, while 1,000,000 people in 29 counties in 11 states defeated it.

Under date of Feb. 1961, Changing Times in The Kiplinger Magazine, published in Washington D.C. admits:

"Anti-fluoridation forces apparently are winning the battle over treatment of water to check tooth decay. About four out of five communities turned down the idea last year in public referendums, a development that has caused dejection in the fluoridation camp. U.S. Public Health Service figures indicate a decrease in cavities, particularly among children, in communities which have been using the fluoridated water."

Since those admissions, the drive to fluoridate has been stepped up. National Broadcasting Company (headed by Russian-born jew David Sarnoff, and son Robert) stages two nationwide programs purporting to debate both sides of fluoridation controversy on Feb. 7, and Feb. 18, 1961. Pro-fluoridationist Dave Garroway devotes his 7 to 8 AM program on Channel 4 at Denver Colo to a one-sided misnamed "debate" between Dr. A. Allen London (against) and a doctor or dentist whose name I did not get (for). The "debate" was broken up during the hour program so that little actual time was given to Dr. London to present arguments against fluoridation.

The TV shots were taken at Jewett City, Conn., where citizens are to vote on whether to fluoridate their public water supply. Televised a pro-fluoridation committee meeting, giving speakers opportunity to advance reasons for fluoridation. Featured Dr. Ast of Newburgh N.Y. who purported to give benefits enjoyed by children at this one

Above you see an actual photograph of a man placing fluorine in the water supply of some unsuspecting community. Fluorine is such a deadly poison that it would be fatal to come in contact with it. There is a plan to put it in your drinking water if it is not already there. Are you aware of this? If not, you better investigate and do something about it immediately.

of first cities to fluoridate their water supplies (in 1945). Dr. Ast never mentioned that over 10% of children's teeth are mottled, a sign of fluoride poisoning. Dave Garroway tried to explain why they had no pictures of anti-fluoridation meetings. Had shots of few persons questioned on the streets, where several expressed doubts as to desirability of fluoridation. Garroway did admit that 48 out of 53 towns had turned down fluoridation at the polls. He also expressed surprise that the pro-fluoridationist doctor refused to debate with anti-fluoridationist Dr. London. This proponent emphasized so many societies have endorsed fluoridation, therefore there was nothing to debate. Painted picture of opponents as being vicious. To give an idea of the atmosphere in this misnamed "debate", a TV shot was made of a building with a Nazi Swastika splashed on it. Denied fluoridation was a Communist Plot. Hence the idea was planted that anyone opposing fluoridation was a Nazi. That opposition is highly organized, as claimed by pro-fluoridationists, was disproved when they admitted no TV shots of anti-fluoridationist meetings could be obtained.

In the few minutes allowed to Dr. London he questioned reliability of pro-fluoridationist "statistics." Pointed out that at Philadelphia, where claimed benefits already enjoyed by school children were attributed to their drinking fluoridated water, their "statistics" ignored such vital facts as vastly increased number of treatments of children's teeth by dental clinics since water was fluoridated. Such "statistics" also ignored the facts that schools had stopped selling candy to children; had also stopped peddlers outside of school buildings. To sum it up, this N.B.C. purported "debate" on desirability of fluoridation was about 80% for and only 20% against.

Illustrating further the one-sided presentation of the fluoridation controversy, the featured N.B.C. 30 minutes nationwide "NATION'S FUTURE: Is Public Drinking Water Desirable?" also found the pro-fluoridation debater refusing to debate the question of medical effects of fluorides on the human body. Also, instead of having qualified scientists do the debating, N.B.C. televised at New York City shadow-boxing between two Mayors. N.B.C. refused to have such as world's best informed authority on the faults and fallacies of fluoridation, Dr. Fred. B. Exner of Seattle Wash. (where fluoridation was defeated). This nationwide NATION'S FUTURE telecast (at Denver Colo. on Channel 4 at 7:30 to 8 PM) on Feb. 18, 1961, was followed at some cities by local NATION'S FUTURE programs, thus proving that a highly organized effort was made to sell American voters on fluoridation, in anticipation of voting to take place this spring, thruout the nation. As on the Garroway telecast, opponents of fluoridation were made out to be "crackpots", if not worse. In the Denver local NATION'S FUTURE 30 minutes program following the nationwide telecast, the same tactic was employed.

On the nationwide telecast, anti-fluoridationist Mayor Wm. B. Hartsfield of Atlanta Ga. was pitted against Mayor S. J. Davis of Grand Rapids Mich. They read prepared 3-minute statements, and then followed exchange in which Mayor Davis became increasingly abusive, constantly interrupting Mayor Hartsfield when he tried to present facts against fluoridation. Finally, Mayor Hartsfield heatedly objected to being called a "crackpot". The audience at first seemingly was packed for Mayor Davis, but apparently his tactics helped sway the applause for Mayor Hartsfield, towards the end of the misnamed "debate". Indicative of tactics employed, in question period a Columbia University professor tried to discredit Mayor Hartsfield who was better equipped in the give-and-take exchanges. Also, Mayor Davis read a telegram from Atlanta Dental Society to effect that Mayor Hartsfield did not represent the citizens of Atlanta. Mayor Hartsfield exploded that he had been in

public life 23 years, and had run for re-election as Mayor on a platform opposing fluoridation. He claimed that 42 out of 56 cities that voted in 1960 on fluoridation, turned it down.

At Denver, a professor, Dr. Walden, offered the usual claims as to safety, 65% reduction of dental decay, claiming even 8 times the recommended 1 part per million of fluoride in drinking water is safe, but admits it might cause mottling of teeth. His opponent, Dr. De Boer a chiropractor, gave a much more detailed list of objections. Mentioned the corrosion of pipes, fittings, water tanks, etc., giving Concord, N. H., as example, where after 7 years trial, voters kicked fluoridation out in Nov. 1959 by more than 2 to 1. Dr. Walden didn't believe corrosion was caused by fluorides in water—seemed ignorant on that phase. Dr. De Boer exploded the comparison of table salt with sodium fluoride. The same amount of table salt that can be taken safely, causes death when dosage is sodium fluoride. Many doctors when patients have certain diseases, cut down or discontinue intake of table salt. But most people are dependent on local water supplies, and cannot afford to buy bottled water to regulate intake of sodium fluoride. Dr. De Boer pointed out that no one nor any group, not even U.S. Public Health Service, accepts any responsibility for damages done by fluorides. Counteracting proponents claims that naturally fluoridated water is the same as artificially fluoridated water, Dr. Boer pointed out that fluorine's affinity for calcium offers a measure of protection, but arbitrarily injecting man-made sodium fluoride into drinking water does not take into account other minerals already present in the water.

Dr. Walden admitted that at Tucson Arizona they add only 6/10ths of one part per million of fluoride to their water supply. Dr. De Boer reads from report by Arizona professor showing that decay of teeth is accelerated by mottling caused by fluorine in water. Walden summed up his presentation by claiming that anti-fluoridations are anti-other health ideas, and that it is tragic that opponents to fluoridation often succeed. Dr. De Boer quoted statement made by Pres. Eisenhower, on freedom of individual to have kind of medication he desires.

DOCUMENTATION

As to Dr. Ast's claims for children's teeth benefited at Newburgh, N.Y., fluoridated since 1945, New York State school authorities investigation proved just the reverse. In Kingston, teeth of 5,308 children were inspected; 2,209 found with tooth defects (41%). Kingston's water is not fluoridated—compare children's teeth there with fluoridated Newburgh: 4,969 pupils inspected; 3,139 have tooth defects (63%). I.e., school children's teeth in fluoridated Newburgh over 50% worse than Kingston's! At Pittsburgh, Pa., where water is fluoridated, 90% of children have tooth troubles. As to claims that up to 8 ppm of fluoride in water is safe, at Newburgh, 17% of school children have mottled teeth, the first sign of blood stream poisoned with fluorine. Yet Newburgh injects only 1 ppm of fluoride into its water supply.

As long ago as 1938, the University of New Mexico bulletin "The Menace of Fluorine To Health," which reports scientific investigations of water supplies by John D. Clark and Edward H. Mann, claims research in 1931 proved that fluorine in water causes mottling of teeth. In 1933 USPHS sent questionnaires to dentists and health officers of each County in New Mexico securing information on tooth mottling, so that Govt. agency has known for 28 years the damage done by fluorides in water supplies. This 1938 Report claims the danger point is as little as 0.9 ppm of fluoride in water. Actual tests were made on animals. Months were spent in research. Much research was done

FORMER COMMUNIST AGENT REVEALS PLOT

To Whom It May Concern:

I, Oliver Kenneth Goff, was a member of the Communist Party and the Young Communist League, from May 2, 1936, to October 9, 1939. During this period of time, I operated under the alias of John Keats and the number 18-B-2. My testimony before the Government is incorporated in Volume 9 of the Un-American Activities Report for the year 1939.

While a member of the Communist Party, I attended Communist underground training schools outside the City of New York, in the Bues Hall, and 113 East Wells Street, Milwaukee, Wisconsin. The East Wells Street School operated under the name of the Eugene Debs School. Here, under the tutoring of Eugene Dennis, M. Sparks, Morris Childs, Jack Kling and others, we were schooled in the art of revolutionary overthrow of the established Government.

We were trained on how to dismantle and assemble mimeograph machines, to use for propaganda purposes during the revolution; how to work on guide wires and fuel lines of airplanes so that they would either burst into flames or crash to the ground because of lack of control; how to work on ties and rails to wreck trains; and also the art of poisoning water supplies.

We discussed quite thoroughly the fluoridation of water supplies and how we were using it in Russia as a tranquillizer in the prison camps. The leaders of our school felt that if it could be induced into the American water supply, it would bring about a spirit of lethargy in the nation; where it would keep the general public docile during a steady encroachment of Communism. We also discussed the fact that keeping a store of deadly fluoride near the water reservoir would be advantageous during the time of the revolution, as it would give us opportunity to dump this poison into the water supply and either kill off the populace or threaten them with liquidation, so that they would surrender to obtain fresh water.

to find out how to remove fluorides in excess of 9/10ths of 1 part per 1,000,000; 0.9 ppm being the critical point. Yet, today USPHS and ADA claims up to 8 ppm not harmful! And, artificially fluoridated water with sodium fluoride is more toxic than water containing naturally calcium fluoride. This 1937-1938 research was largely based on the less toxic calcium fluoride found in many water supplies in New Mexico. Mottled teeth are defective in formation and calcification and structurally weak; defect is permanent, and irreparable. Fluorine passes into the bloodstream and interferes with calcification of unerupted teeth in children. Yet, today pro-fluoridationists are feeding fluorine to expectant mothers! How many still-born babies can be traced to this?

Enamel of adult teeth is unaffected by fluorine, but the dentine, which receives nutrients from the blood stream continually, and whose composition is subject to change, will suffer. Bones of fluorine fed animals are always chalky and fragile as are the teeth. Solutions of sodium fluoride with fluorine content as low as 1 part in 15,000, 000 may inhibit the action of lipase as much as 50%. Coagulation time of blood is prolonged by fluorine in the water; while fluorine poisoning exhibits a very specific effect on the thyroid glands. Vegetation growing in the vicinity of aluminum factories, from which fluoride is given off in waste gases, absorbs this fluorine. Symptoms of fluorine poisoning (leading up to death) have been reproduced by feeding the suspected forage to guinea pigs. Aluminum corporations sell this deadly sodium fluoride to cities for injecting into their water supplies. Now, when you realize that the USPHS and undoubtedly the ADA have had the facts about fluorides since the 1930's, isn't the word "folly" a bit too mild? Are not those behind it, really traitors?

Of course they deny that fluoridation is a Communist conspiracy. Yet, Major George Racey Jordan, who was in charge at Great Falls, Montana during World War II, expediting shipments of vital war supplies to

Russia, reports quantities of sodium fluoride flown to Russia. Used in prison camps to take all the fight out of prisoners! Former Communist Party leader, Oliver Kenneth Goff, who has appeared before Congressional Committee, and now a Christian crusader, made an affidavit. Maintains that in the 1930s at Communist meetings, the use of fluorides stored at water works was discussed as a means of wiping out city populations so that the Communists could occupy vast properties undamaged, without resistance! In New York City (which so far has refused to fluoridate), a "Public Affairs Committee" put out a pamphlet with the usual propaganda for fluoridation. The House Committee on Un-American Activities (which Reds and Pinks are working so hard to destroy) reported that of 32 names on booklet's masthead (committee members), 15 had been cited for Communist activities from 1 to 35 times. Its editor, Maxwell S. Stuart is a Russian, former editor of Moscow News, in charge of Communist propaganda in America, with present-day job to propagandize fluoride into every municipal water supply in USA. Prof. Revilo Pendleton Oliver of University of Illinois, stated last spring that between 70% and 80% of the responsible officers of the Department of Health, Education & Welfare (now headed by Abe Ribicoff ☆), which includes USPHS, are members of the Communist conspiracy. Before it was taken over by the Reds, USPHS, had reported that Kewanee, Ill., with only 0.9 ppm of fluoride naturally, of 123 children examined, 58 had mottled teeth. In Chandler, Ariz. (0.8 ppm naturally), of 95 examined, 55 had mottling. In Colorado Springs (2.5 ppm naturally), mottling of teeth so excessive that the maximum allowable limit delivered at home faucets is now 1.5 ppm. As recently as in 1956, Journal of American Dental Assn., Vol. 52, p.323, admitted that in artificially fluoridated Newburgh, New York (1.2 ppm), after just 10 years of fluoridation, 17% of children have mottled teeth. And, in 1941, H. T. Dean, DDS, so-called "father of flu-

oridation" of USPHS, warned that the disadvantage of mottling at 2 ppm (only 2 parts of fluoride to 1,000,000 parts of water) far outweighs any advantage which might result from partial control of dental caries.

Since to Communists, to lie, to gain an advantage is not only tolerated, but demanded, what are you going to think about such as Dr. T. R. Van Dellen whose "How To Keep Well" is syndicated to millions of readers? In his Feb. 26, 1960 column in Chicago Daily Tribune he questioned fluoridation as being the "best" way to reduce cavities in teeth, saying in part: "... a better preventative than fluoridation would be a boon to mankind..." Less than 2 months later his column was devoted to attempting to prove that fluoridation is "best", and that there is no need for further research. His column slapped opponents as keeping benefits from children, that controlled fluoridation is safe, works, inexpensive, and reduces dental decay 65%, with protection lasting a lifetime, if started in childhood. "Eight times as much fluoride as is being used at present in tooth decay prevention programs can be employed safely and will not injure health..." The addition of fluoride is similar to chlorination and other sanitary procedures employed by water engineers". The biggest lie is claiming that fluoridation is similar to chlorination. Actually, there is no similarity: chlorine kills bacteria; fluorides kill people. Heating water in cooking, hot drinks, baths, etc. vaporises chlorine, while heating fluoridated water increases the saturation of fluorine, thus increasing the dosage of a deadly corrosive poison. Too much chlorine is detected by its smell, but fluorine is odorless; too much chlorine is detected by its taste; fluorine is tasteless.

As to only "crackpots" being opposed to fluoridation, 15,000 members of the American Medical Assn., in good standing, belong to the Association of American Physicians and Surgeons, Inc., which passed a Resolution against fluoridation at their April 12 1958 Convention held at San Francisco. Fluoridation is opposed by many medical associations—Texas (where many communities have fluorides naturally in water supplies) Medical Society refused to endorse it. Nobel Prize Winners are among those who oppose fluoridation. Sweden, after investigating fluoridation in U.S.A., has passed legislation against it. After 15 years of millions of dollars (mostly taxpayers money without their consent) worth of propaganda, often involving bribery and intimidation, only 36,000,000 people live in fluoridated communities. Only 5% of them ever voted for it—95% of fluoridation installations brought about by individuals in such key spots as Councilmen. That means 144 million Americans are drinking unfluoridated water.

If there had been any improvement in Grand Rapids Michigan children's teeth in past 15 years, how do you account for practically twice as many dentists practicing there now as were located in Grand Rapids in 1945? U.S. Census figures and telephone directories prove that Grand Rapids in 1945 had population of 170,000 and 100 dentists—1 dentist for every 1,700 persons. Now their population is only 175,741, but there are 195 dentists—1 for every 896 persons. A population increase of only 3.37%, but an increase in dentists of 95%. Must mean that fluoridation is not helping teeth, but is destroying them, just as death rate from number of diseases has been speeded up in Grand Rapids.

Denials that fluoridation causes corrosion, and costs much more than profluoridationists claim, are met by the actual experiences in many cities, which explains why over 100 communities have kicked fluoridation out after trials running into 11 years. Mayor Chas. P. Johnson of Concord, N. H. writes that having the great amount of corrosion to water valves and private pipes, they tried to partially remedy the effects of fluoride at an extra expense of \$15,000.00

by installing a machine to add sodium hydroxide to their water. Prior to fluoridation they had to flush their hydrants only twice a year, but after water was fluoridated they had to flush the system every six weeks. They also had troubles with corrosion of copper tanks and copper pipes together with brass and iron. After 7 years of fluoridation, at the November election the citizens voted it out by more than 2 to 1. Sheyboygan, first Wisconsin city to fluoridate, not only has epidemic of busted water-mains, but plumbers are suffering re guaranteed appliances which are wearing out ahead of time. Sheridan, Wyoming, first city in that state to fluoridate, after having similar troubles, kicked fluoridation out with vote of more than 2 to 1.

An authority that cannot be laughed off as "crackpots": Merck's Index (Bible of the pharmaceutical profession) has this to say about fluoride: **USES:** As insecticide, particularly for roaches, lice on poultry, fleas on dogs, ants; for disinfecting fermentation apparatus, etc. **TOXICITY:** Severe symptoms from 0.25 to 0.45g. Death from 4g. Sublethal: Nausea, vomiting, abdominal distress, diarrhea, stupor and weakness. Lethal: Muscular weakness, tremors convulsions, collapse, dyspnea, respiratory and cardiac failure and death. Chronic: Mottling of enamel, osteosclerosis.

Dr. Alonzo J. Shadman, M.D. of Boston: "The action of this poison is slow and cumulative." Dr. Charles Gordon Heyde, M.D., a past president of A.M.A.: "Fluorine and its various compounds are not readily eliminated and are cumulative. It has greater tendency to combine with heavy metals and when accumulated in the body is stored in the bones producing a state of chronic poisoning of which a pernicious anemia is outstanding." The Medical Society of Bay Ridge, New York: "No one knows for certain as to what the effect of fluoridated water will be on the human body if continued throughout a lifetime."

In Massachusetts, President Kennedy's home state, the General Court is putting the finishing touches on a measure that throws another obstacle in front of the fluoridation drive by tightening the referendum requirement. Today, some 15 years after the alleged benefits began to be noised about, only 25 of Massachusetts 351 cities and towns fluoridate their water supplies. Which reminds that the outgoing President, Ike Eisenhower was taken off of Washington D.C.'s fluoridated water (which was fluoridated without residents having any say), and put on bottled water by his physicians. He always took bottled water with him on his many trips. The United States Senate also drinks bottled water. Dear reader, what are you drinking? What will you do if attempts are made to poison your water supply?

FLUORIDATION

A FEW QUESTIONS - - AND ANSWERS

Republished from
The Canadian Intelligence Service

WHAT IS FLUORIDATION?

Fluoridation means the adding of a powerful cumulative poison, usually sodium fluoride or sodium silico fluoride, to the water supplies of a community for the purpose of reducing tooth decay in children. The recommended dosage is one part fluoride to one million parts of water (1 ppm).

WHERE DID IT ORIGINATE?

It seems to have originated as a result of a report by Dr. George W. Heard, a dentist of Hereford, Texas, more than thirty years ago. He announced that the soil in the Deaf-Smith County was so rich in minerals that there was hardly a toothache in the county. Twenty-three years later other dentists investigated and concluded that it might be due to the fluoride in the water.

Dr. Heard himself says: "With this (conclusion) I do not concur. Fluorine in water is a deadly poison, inorganic, and cannot be properly assimilated by the human organism. It is purely an inorganic drug. Fluorine in soil and water is not a food, but plant life grown in this soil converts this mineral, which is a poison, into food values which prevent disease." (U.S. 83rd Congress Hearing on H.R. 2341, page 50)

WHAT IS FLUORINE?

Fluorine is one of the most active elements known to man -- so active that it is never found in nature, and can be produced only with great difficulty in a laboratory because it explodes with great violence upon contact with air or water.

WHAT ARE FLUORIDES?

Fluorides are the salts of fluorine. They occur as by-products in two large industries: the aluminum and chemical fertilizer industries. They have been used for many years as rat and roach poison, being tasteless and odorless.

The most poisonous of these fluorine salts is sodium fluoride, used in water fluoridation. Less poisonous is the more stable calcium fluoride found in nature; and the least poisonous are the organic calcium-phosphorous fluorides found in foods.

WHENCE THE PROMOTION?

In 1944 Oscar Ewing was put on the payroll of the Aluminium Company of America, the law firm with which he was associated being retained at \$750,000 per year. A few months thereafter, Mr. Ewing was made Federal Security Administrator, with the announcement that he was taking a big salary cut in order to serve his country. (Federal Security Agency, now Department of Health Education and Welfare).

The period of his administration was

DANGER AHEAD

- URGENT AND IMMEDIATE -

Two identical Bills embodying President Kennedy's recommendation for federal aid to education have just been presented to Congress—Bill HR-4970 introduced by Rep. F. Thompson (D.N.J.) and Bill S-1012, introduced by Sen. Wayne Morse (D.Ore.) These Bills are made identical in order to speed their passage. The President estimates that his program will cost \$5.6 billion by 1969. Other private research put the cost at 24 billion by 1969.

Even official data shows no classroom or teacher shortage that cannot be met by communities. Yet the Government proposes to provide more teachers, raise salaries, build schools, promote new educational projects. The Bills state that Government "will not exercise control over personnel, curriculums and programs of instruction." But the Government is obligated to direct spending of public funds. Make no mistake, if these Bills go through the federal government MUST control our public school system, what our children are taught and by whom they are taught, and local Boards will be robbed of their school concerns.

Write your Senators and Congressmen protesting these Bills.

years of huge budgets, with untold millions being doled out through grants to medical and dental colleges and state departments of health, for research and welfare projects. There was plenty of money, too, for 'educational' projects, and in 1951 Mr. Ewing asked for two million dollars for fluoridation propaganda.

Naturally, grants were awarded to those organizations and institutions sympathetic to the policies and pronouncements of the U.S. Public Health Service, which had become a powerful bureaucracy. These grants were powerful weapons.

The U.S. Public Health Service, with millions at its command for 'education', thus became a huge propaganda machine, with movies and expensive brochures, lectures, radio, and generous expense accounts for officials. Every aid was employed to boost fluoridation, with a concentration on parent-teacher associations, to convert them into enthusiastic if misinformed, promoters of fluoridation. For all practical purposes, the U.S. Public Health Service became a huge advertising agency in the service of several affluent corporations.

WHAT IS CLAIMED FOR FLUORIDATION?

That it will reduce tooth decay (dental caries) in children by 66%.

DO FLUORIDES CAUSE GUM DISEASE?

Many authorities, such as Dr. H. K. Box of the University of Toronto, and Dr. G. C. Geiger, Florida State Dental Officer, have

observed a marked increase in periodontal (gum) disease from protracted intake of minute amounts of fluoride in water. This disease, considered more serious than tooth decay, causes loss of teeth at an early age.

Another long-recognized effect of fluoride is a tendency to cause teeth to come in crooked.

DOES FLUORIDE HELP CHILDREN'S TEETH?

It would seem to delay decay a year or so. Dr. Chas. Dillon, using the official Newburgh figures, shows that the actual increase in sound teeth was 7%.

The Grand Rapids and Newburgh studies have been severely criticized for bad statistical work by four different sets of statisticians: K. K. Paleuv, General Electric engineer and statistician; Standard Audits and Measurements Inc., N.Y.; Melbourne University's Statisticians with Sir Arthur P. Amies, Dean of the Dental School; and the Institute of Hygiene in Paris. The consensus of their opinion seems to be that the Newburgh-Grand Rapids studies don't mean too much.

WHAT DO THE NEWBURGH DENTISTS SAY?

None confirmed the 66% reduction in tooth decay claim. Some noted a slight improvement. All agreed that 30% of the children born since fluoridation started had mottled teeth (Newburgh News, Dec. 14/55, after ten years of fluoridation).

DO FLUORIDES DISFIGURE TEETH?

Mottling, or chalky spots, appear on the permanent teeth of about one child in four brought up on fluoridated water. These chalky spots turn brown or black later on, are sometimes pitted, and cannot be repaired. The upper front teeth are most often mottled.

IS SODIUM FLUORIDE A NATURAL PRODUCT?

No. There are places where fluoride does occur in water naturally (Stratford, Ont., for example). But the fluorides found naturally are usually organic calcium fluorides which are in combination with other natural elements serving to inhibit and neutralize the toxic effects of the fluorine, and which can be assimilated by the body; whereas the artificially fluoridated water is obtained with sodium fluoride, which is an inorganic, cumulative poison eighty-five times more poisonous than the natural fluoride.

IS FLUORINE A "CUMULATIVE" POISON?

Yes. Any good medical reference book will confirm this.

Radio-active tracer studies by Dr. Wallace Durbin at California University proved that no matter how small the amount swallowed, some of it is always retained in the body. Bones of old animals always contain more fluorine than bones of young animals.

DO ALL STORE FLUORINE AT THE SAME RATE?

No. Most elimination occurs through the kidney, and persons with impaired kidneys will naturally eliminate less and store more fluoride. The rate of storage varies with the individual.

CAN FLUORIDE DOSAGE BE CONTROLLED?

No. The case for fluoridation is based upon the premise that everyone drinks about

four glasses of water daily, which at 1 ppm contains 1 mg of fluorine.

Smelter workers and diabetics drink many times the so-called average amount of water. They may get ten times the recommended dosage. The child who drinks mostly fruit juice or milk may get almost none.

DO WE GET FLUORINE IN ANY OTHER WAY?

Yes. Seafoods, peas and tea are rich in fluorine. Foods and beverages processed with fluoridated water contain fluorides. Meat from animals pastured near smelters may contain a high concentration of fluoride.

Many people take in enough fluoride to give them chronic fluorine poisoning even without drinking fluoridated water.

ARE SOME PEOPLE FLUORINE-SENSITIVE?

Yes -- just as some people get red rash from sulfa or hives from penicillin. This sensitivity or allergy to fluoride differs from true chronic fluoride poisoning, which develops more gradually over a period of months or years from the cumulative character of fluoride.

CAN FLUORIDES AFFECT HEART CASES?

After eight years of fluoridation, this was the picture in Newburgh, N.Y. (Newburgh News, Jan. 27/58):

Deaths per 100,000 from heart disease
Newburgh. 882
U.S. Average. 507

And this is the picture for Grand Rapids, Mich.: Deaths per 100,000 caused by --

Mich. Average	322.1	136.3
	Stroke	Diabetes
Grand Rapids	149.6	32.3

WHAT ABOUT CANCER AND FLUORIDE?

The above tables speak for themselves. Dr. Alfred Taylor (University of Texas), who fed cancer-prone mice on water containing 1 ppm fluorine, found that their lives averaged about 9% shorter than the 'control' series of mice fed on pure water. His findings were confirmed by a second series of experiments using 645 mice.

IS FLUORIDATION LIKE CHLORINATION?

Only in the sense that a chemical is added to water. Chlorine is added to bring about the destruction of disease germs in the water. It acts on the water. But fluorides are added to change the composition of teeth. They act on the person, as a medication.

Will We Surrender Berlin?

Who understands the Berlin problem? Very few of us on the far right.

The masterminds who directed the New Deal and now direct the New Frontier understand it. We at Common Sense do not understand the secret maneuvering by the Harvard Fabian Marxists in our State Department, but we are much afraid they are working on a plan to back up and lay down. Their problem is to cloud up their dealings, so the public will not fully realize we were defeated.

Remember our defeat—repeat defeat in Korea? General MacArthur was forbidden to stop the Chinese communists.

Remember Cuba? And we learn our defeat in World War 2. We defeated ourselves.

The New Deal placed a debt of 350 billion on our taxpayers to crush Germany and save communism.

We teamed up with the Bolsheviks to crush the only people capable of keeping communism in check in Europe and now for 16 years we keep several hundred thousand military and civilians in Europe not daring to bring them home knowing communists would walk through the Germany we disarmed. They would take Belgium, Holland, France, Italy and the rest of the world. Now to stop this slaughter thru Europe, and to race for the moon, the New Frontier is going to bankrupt us. To this gang that is now out to exterminate us, we gave 11 billion in trucks, tanks, planes and other equipment and food, all the while they were stealing our secrets in Washington and preparing to destroy us after Germany.

How many are today inquiring as to how we got in such a mess in Berlin? We have six and a half thousand of our boys trapped 110 miles inside communist territory in West Berlin. Sixty-seven thousand Bolshevik soldiers and 1200 tanks between our boys and West Germany and 127 divisions of Bolsheviks in front of them. Who were the insane or criminal traitors in our government who are responsible for allowing these Bolshevik-raping apes to take over Berlin and violate every girl and woman as many as 50 times and take East Germany, making West Berlin a fuse for another war? Where do Truman and Eisenhower fit in this picture? Truman speaking of Stalin said: "Good old Joe." Eisenhower pleased the Bolshevik top dogs so well.

John G. Winant, former Governor of New Hampshire and then Ambassador to England, succeeding Joseph Kennedy who was forced out by the Jews because he opposed war against Germany, was in on this sell-out. He killed himself the day after he introduced the book he wrote. Where is that book? Should be interesting. While we are on missing items, where is General Patton's diary? Patton's wife said she was going to release it if Eisenhower ran for President; she was killed on a horse in New England. The New York Jews had General Patton fired, because he wanted to push on and drive the communist army out.

Special attention should be directed to George F. Kennan of the Council on Foreign Relations, this mysterious operator who was

in this sell-out up to his neck, speaks Russian and was their buddy for years.

In 1949 at a meeting in the State Department, Mr. Kennan stated:

"I think there is a distinction between these Russian leaders and people like Hitler and the Japanese leaders of the twenties and thirties. . . . never in Russian history have the Russians ever, that I can remember, been enthused about any deliberate aggressive action of their own outside of Russia."

How about Spain, where they sent 100,000 troops, Poland, Latvia, Estonia, Lithuania and several others?

His uncle, George Kennan, acted as agent for Jacob Schiff of Kuhn, Loeb in 1905 and distributed tons of propaganda to Russian prisoners in Japan, so that 50 thousand Russians, when released, took the germs of communism back to Russia.

Kennan is now our Ambassador to communist Yugoslavia. Should he be arrested and tried? Why not?

Pro-communists in our government placed West Berlin 110 miles inside communist territory.

Sixteen years after the war, we have allowed the communists to make prisoners of 17 million people in East Germany. Many Chinese are occupying homes of the Germans who were able to escape.

The Harvard eggheads surrounding Kennedy are experts with words and mass psychology. The communist trend for expansion moves on and, as the half-hearted efforts of U. S. opposition fails, the public is lulled to sleep by statements that communism is defeating itself. Our marxist State Department advises "turn the other cheek."

We are afraid to employ economic sanctions against East Germany—it may offend the Bolsheviks. How could the good people of the Soviet Union, Poland, Estonia, Latvia, Lithuania and Hungary have any faith in the U. S. helping release them from slavery? We not only do not help them, but we see to it any move for freedom fails. Eisenhower, while in command in Europe, forced several million Russians who escaped into Germany back into the Soviet Union to be slaughtered.

During one week, 30 thousand Ukrainians were slaughtered under the supervision of Khrushchev. Thousands of Ukrainians in the U. S. signed a request to F.D.R. to protest, but were told it was not the affair of the U. S., so Khrushchev carried on the slaughter of between 8 and 10 million Ukrainians.

F.D.R. did not say it was none of our affair when the Jews screamed for us to go to war against Germany. Germany only put the communists in camps to prevent them from sabotaging, while Germany fought to rid Europe of communism. Ninety-eight percent of Jews in Europe were communists. What will we do with several million in the U. S. who favor communism if Khrushchev forces us into war?

Kennedy is calling up more men for defense, but this does not guarantee victory. We had plenty of men and weapons in W.W. 2 and Korea, but our courageous boys were dying while the traitors in the State Department were making sure we gained nothing.

We spent billions to place the communists in control of much of Europe; now we are to spend billions more to put them out.

After Khrushchev has insulted us, bragged he would bury us, made monkeys of us in Berlin, broke every agreement made with us, we ask him for a talk. Have we forgotten what happened during the talks on Laos? Khrushchev delayed, stalled for a month, while the communists gained more territory.

If a group from insane asylums had been given charge in Washington from 1933 to date, they could not have piled up such debt or created such a mess and built up communism, as the eggheads have done. The insane would have made some mistakes in our favor.

**"I will take up the banner where Roosevelt laid it down."
Kennedy**

GOP Hits JFK Budget

Washington, Aug. 19 (UPI). —Republicans accused the Kennedy Administration today of raising the federal budget \$49 million a day since it has been in office. The publication "Battle Line," put out by the GOP National Committee, also said the New Frontier has added more than 67,000 new employees to the federal payroll in the last six months.

The employment figure does not include ten thousand civilian workers that are to be a part of the new U. S. defense build-up.

There is no way of knowing what percent of these 67,000 are Jews, but Kennedy has placed nearly all top offices under direction of Jews where they direct the hiring of thousands.

If we take this as a guide, it is reasonable to believe that as many as 40 thousand are Jews and the others are marxists or fabian socialists, and no doubt some are dedicated communists.

So far we do not know of one person appointed to the Jew Frontier who has distinguished himself as an active anti-communist.

Kennedy personally is opposed to communism although he knew little about it before he was elected. Now the process of learning is painful. To oppose communism effectively he is seriously handicapped, surrounded by Harvard egg-head marxists who were forced on him by the leftist organizations that made possible his election. Kennedy is a captive.

May God help him understand in time and give him strength to replace the scheming marxists with strong Christian Americans. Why should Jews, 5% of the population, run our government?

Keep in mind that Kennedy at Roosevelt's grave in Hyde Park, in order to cinch the support of Eleanor and other leftists who were there, stated: "I will take up the banner where Roosevelt laid it down."

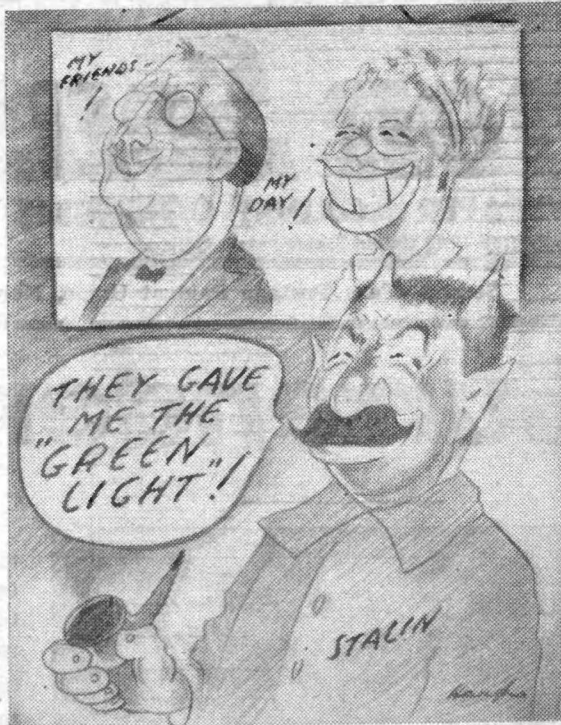

To give the reader a more clear understanding of the situation in Washington, we publish below part of an article from THE PUTNAN SUN (Palatka, Florida).

BEFORE ROOSEVELT LESS THAN 10 PERCENT OF THE WORLD LIVED UNDER COMMUNIST RULE—AFTER ROOSEVELT 40 PERCENT OF THE WORLD LIVES UNDER COMMUNISM, IS IT A COINCIDENCE?

ROOSEVELT WARNED BY CONGRESSMAN

Before World War Two, congressman Martin Dies was head of the House Committee on Un-American Activities. In 1941, he presented to Roosevelt a list of 1,100 communists who were on the Federal payroll. This is congressman Dies' report of the interview with Roosevelt taken from a speech of Dies and inserted in the Congressional Record of September 22, 1950:

"I went to the White House and saw the President. I said to him: 'Mr. President we must do something about this. Here is a list of many of these people. We have their membership records in a Communist-controlled organization. If you understand the Communists as I do, you will know that

they are in the Government for one purpose and one alone and that is to steal important military and diplomatic secrets and transmit them to Moscow."

The President (Roosevelt) was furious. I was surprised at his anger. He said to me:

'Mr. Congressman, you must see a bugaboo under every bed. I have never seen a man who had such exaggerated ideas about this thing . . . THERE IS NOTHING WRONG WITH COMMUNISTS IN THIS COUNTRY; SEVERAL OF THE BEST FRIENDS I HAVE ARE COMMUNISTS.'

So the communist Jews STOLE our Atomic secrets and thousands of others. That is how Khrushchev can boast and threaten us now.

Requiem of the Republic

By Remlow Harris

Here lies our nation, murdered by enemies from within who pretended to be patriots.

Here rests America, her shroud, the Constitution, the garment that for more than 160 years was her Armour and Sword.

Here rests America, her tombstone that hideous house of the United Nations, whose sinister shadow stretches across the land and darkens every door.

How and why and by whose hands was our nation killed? It is a simple and shameful story of citizens—grown complacent and indifferent—and of statesmen who might have saved the greatest country on the Globe.

Will we surrender Berlin?

—o— Continued from page 1 —o—

Plotters in Washington have fired General George Patton, General Douglas MacArthur, Admiral John Crommelin, General Edwin Walker and destroyed James Forrestal, Senator Joseph McCarthy and used every means available to destroy Colonel Charles A. Lindbergh and many others. They stood up for America!

We have confidence in our military officers who have had years of training as patriots and tacticians.

We do not have confidence in the fuzzy-brained marxist professors schooled by Harold Laski of the London School of Economics or the red plotters developed by Felix Frankfurter at Harvard for 20 years. These masters of confusion run the State Department and sent orders to General MacArthur in the Pacific. The authors of these orders could not be determined by the General.

We suggest this program:

1. Kennedy replace these liberal phonies with red-blooded Christian men.
2. Put a qualified, trustworthy man in charge of the Central Intelligence Agency and start smuggling machine guns and rifles to civilian Hungarians, Polish, Ukrainians and Russians. There is still a large Hungarian underground and the Ukrainian underground has existed for 40 years waiting for help to overthrow the godless gangsters.
3. Put an air and sea blockade on Cuba for everything except food and medicine. If necessary send the Marines in and clean out the Castro gang.
4. Give West Germany the word to put economic embargo on East Germany.
5. Outlaw communism in the United States.

Then we will have the respect of most of the world and especially Khrushchev who will quit spitting in our face.

Should Khrushchev force war, it will be the end of the Soviet Union for Russians and populations in all satellite countries will revolt. The East German army and much of the Soviet Army will desert.

England has no intention of fighting. France has plenty of trouble in Algeria. Germans would really fight.

We don't urge war on the Soviet Union, we urge all-out war on communism, here at home and abroad, by embargoes and encouraging guerilla warfare against the red devils.

IMPORTANT

Germany may lose faith with our State Department and see no other course but alignment with the Soviet Union; then, God help us!

CAN YOU TRUST THE FUTURE TO THOSE WHO BETRAYED THE PAST?

The GENERAL WALKER CASE and OVERSEAS WEEKLY

This is more information on the Marxist publication which attacked General Edwin Walker, resulting in his dismissal as Commander of the 24th Infantry Division in Germany. Reminds us of General Patton, fired by Eisenhower who was not qualified to be his Major. Irving Stone, Zionist reporter for PM, the communist-front New York paper, sent an article from Germany which inspired a bold heading in PM, "Fire Patton" which was the signal for all Zionist journalists to attack Patton.

Same when Senator Joseph McCarthy left Bernard Baruch's apartment in New York and went to the Dutch Treat Club to speak. The Senator had refused to ease up on the 38 communist Jews uncovered at Fort Monmouth in New Jersey. Baruch was angry because these Jews were from his pet college. At 2 P.M., Sen. Ralph Flanders stood on the Senate Floor and attacked Senator McCarthy. That was the clue for nation-wide attacks. Baruch had given the signal to destroy McCarthy.

OVERSEAS WEEKLY

The Overseas Weekly which brought the attack on General Walker is owned and directed by John Dornberg, Marion von Rospach, Johanna Prym, Siegfried Naujocks, Eugene Bernard, Harold Melahn, — all Jews.

The Overseas Weekly is a privately owned newspaper which is read by English-speaking members of the Armed Forces stationed in Europe. It has bureaus in London, Paris and Munich and a New York office which handles American advertising. The main European office is in Frankfurt, Germany. Marion Rospach ☆, is the publisher and executive editor, and John Dornberg ☆, is the news editor.

The first and last pages of the paper almost always carry pictures of seminude females. Leads to stories in the paper carried on the first page are lurid: "Armed GI Holds Family of 5 in Hour of Terror." (June 14, 1959 issue) Stories and headings throughout every issue of this paper are similarly prurient or violent in their appeal to the reader. Crime, usually violent, and sex, usually in terms of rape or prostitution, are the main themes followed in the pages of The Overseas Weekly.

Also, the paper provides an unusual "service" to its GI readers. The July 28, 1960 issue carried a full story on publication of a "Ladies Directory," listing "play-for-pay gals" by name and address in the Soho district of London. The Weekly hinged its story on the court proceedings which occurred after issuance of the Directory. No detail was lacking, including the price of the book, its publisher, and where it could be bought.

The October 9, 1960 issue of the paper (page 16) gratuitously provided its readers with the information that one Marthe Watts had written a 235 page book on "The Men In My Life," published in London. GI's were informed in detail of the contents of the book, including the "news" that its author had been convicted 400 times for soliciting as a prostitute and that her busiest day had been on VE Day in 1945 when she entertained 49 GI's.

One of Marion Rospach's columns is devoted to a commentary on two books. "The First Freedom," edited by Robert B. Downs (American Library Association, Chicago, 1960, 469 pp., \$8.50), and "Comstockery in America," by Robert W. Haney, a Unitarian minister (Beacon Press, Boston, 1960, 199

Major General Edwin A. Walker

pp., \$3.95.) Marion Rospach informs her readers that "Roger N. Baldwin, former director of the American Civil Liberties Union, reviews them in the Saturday Review." She does not, however, reveal to her readers that Roger Baldwin has one of the most extensive records of association with Communist and Communist-front enterprises of any man in the United States, reaching back to the year 1919 when he went to prison for refusal to register for military service in World War I. He raised the endowment and directed the Garland Fund in the 20's. This Fund, in just six years, distributed \$1,600,000 to direct Communist and Socialist movements, including a whole cluster of Communist newspapers, publishing houses and schools. There are hundreds of references to this man's activities on behalf of Communists and their allies in the various hearings and reports on subversive activities issued by the investigating committees on un-American activities which have been formed in this country from 1919 to date. Baldwin's Communist-front activities extend to the year 1961.

The American Civil Liberties Committee has been cited repeatedly during its lengthy existence. The California Fact-Finding Committee on Un-American Activities, in its 1948 Report on Communist Front Organizations (page 107-112), gave a detailed account of the ACLU's activities, and stated:

"In its 1943 Report to the Legislature, the Legislative Committee investigating un-American activities in California reported the following finding:

"The American Civil Liberties Union may be definitely classed as a Communist front or "transmission belt" organization. At least 90 percent of its efforts are expended on behalf of Communists who come into conflict with the law. While it professes to stand for free speech, a free press and free assembly, it is quite obvious that its main function is to protect Communists in their activities of force and violence in their program to overthrow the government."

"The Senate Fact-Finding Committee on Un-American Activities (1948) reiterates the findings of former legislative committees concerning the Communist character of the American Civil Liberties Union."

In addition to the citation just quoted there are numerous additional citations from other sources in recent years, including an American Legion report, 1954.

"The First Freedom," which is reviewed so admiringly by Roger Baldwin and Marion Rospach, is a book which came about because of an agreement entered into by its publishers and the Fund for the Republic, an organization which has been the subject of an intensive investigation by the House Un-American Activities Committee. Hearings on various aspects of the Fund's activities and

publications—relating to their pro-Communist character—have been printed and published by the House Committee in recent years. (See p. xii of "The First Freedom").

The book consists of the writing of various "experts" on censorship. As Marion Rospach writes: "The volume is therefore an argument against all current legal bans on alleged obscenity, incitements in print to juvenile delinquency, political subversion, race libel, sacrilege, blasphemy."

This book is—in terms of the contents of various of the writings contained in it—viciously anti-Catholic. For example, John Fischer, editor of Harper's Magazine, is the author of a piece in the book (p. 138), in which he states that Catholics "are engaged in an un-American activity which is as flagrant as anything the Communist Party ever attempted—and which is, in fact, very similar to Communist tactics." He was referring to the Catholic listing of books and magazines as unfit for Catholics to read.

The Catholic Librorum Prohibitorum Index (listing books unfit to read by Catholics) is described as an "act of fanaticism" in the very first pages of the book. "Lady Chatterley's Lover," "Ulysses," and hundreds of pornographic and obscene books are described in this volume as being fit for anyone to read, no matter what their age. In fact, John Fischer is so convinced that none of the pornographic and obscene books listed by the Catholics are in fact pornographic that he described the listings as "the basis of all varieties of fascist thought."

Authors whose writings appear in "The First Freedom" include Walter Gellhorn, Elmer Rice, John Haynes Holmes, Morris Ernst (a review of his book, "To the Pure"), Paul Blanshard (the most notorious anti-Catholic writer in the world), Max Lerner (of the New York Post), Henry Steele Commager, Harold D. Lasswell (on political subversion), John Steinbeck, James T. Farrell, Archibald MacLeish, Benjamin Fine (of the New York Times), Elmer Davis, and many others. Every one of these authors has a Communist-front record.

The second book praised by Marion Rospach is another attack on censorship of pornographic, obscene and other prurient material with particular emphasis on the heinous part played in that censorship by the Catholic Church.

Marion Rospach's column in the March 21, 1960 issue of her paper is again titled, "Censorship." In it she quotes from a bulletin which deplores the banning of various books and films in the United States by parents' groups. She singled out the action of one school group which warned students "against contaminating their minds by seeing the prize-winning film, 'He Who Must Die'." She considered this "hysteria."

This film is a straight Communist-line film which attacks basic Christian tenets in a particularly foul manner. Its Directors were Jules Dassin and Ben Barzman. Both men have been identified as members of the Communist Party. Dassin left the United States to avoid a subpoena by the House Un-American Activities Committee and started producing or directing films in Italy. The House Committee identified him as a member of the Party in its Annual Report issued on December 28, 1952 (p. 44). Ben Barzman was similarly identified by the House Committee in its annual report for 1952 and 1953.

AN UNUSUAL BOOK—

G. I. F. T.

Here is a new book that not every patriot will buy due to its price of \$25.00. It was written for the person who would like to have a full education of the Marxist plot in one book. It has taken years to produce. The price is not high when the size and contents are considered. It is the size of a telephone book, 787 pages.

Among the growing number of Christian patriots who are becoming aware that this politico-economic price system social structure is sinking into chaos, there are two groups who will appreciate this book. The first group is composed of those who are as yet uninformed concerning the Jew peril to Christian civilization. They do know however that something is wrong, and they are now beginning to desire to know what can be done about it. The second group is composed of those who are cognizant of the nihilistic source of the Talmudic price system, now degenerating into a frightening stage. This group is also anxious to know the solution to this dilemma.

Twenty-five years of study devoted to this problem has brought the author to the conclusion that Christians must now either accept the discipline of Christ, whose yoke is comfortable, and whose burden is light, or be enslaved under atheistic communism. The author has traced this ideological journey step by step so that the average person can accompany him every inch of the way. Anyone who reads this book will have the truth and the spirit of truth so deeply etched upon his mind that he will never again see events and ideas in the same light and frame of reference from which he formerly viewed them.

Voters for the Constitution

A recent Memorandum published in the Congressional Record of August 2, 1961, is truly shocking. Under the beguiling cover of reiterated assertions about the Constitutional principle of civilian superiority over the military, it attempts to discredit the professional officers of our Armed Service for their strong stand in support of the Constitution and their opposition to internal communistic subversion in the United States.

The same paper urges programs that could only result in further impairment of the sovereignty of our Country by progressive weakening through various socialistic and international undertakings.

An insidious attack on the officer corps and a clandestine assault on the very foundation of our system of government, what could be better calculated to silence our officers sworn to support and defend the Constitution against all enemies, foreign and domestic? The case of General Walker is but one example in what appears to be a pattern of organized intimidation to prevent our officers from alerting their commands and the public to the menace that they are sworn to oppose.

The silencing effect of that memorandum on the freedom of our officers to discharge their duty to speak, suggest that the hour is late. It also emphasizes the necessity for our sovereign people to protect themselves against further impairment of their system of government through valid enforcement of the Constitution.

With this objective, I urge the citizens in all states, in line with those of Texas and Virginia, to organize groups as Voters for the Constitution.

I urge also that these voter organizations undertake to retire from public office, both State and Federal, all those who have been unable or unwilling to initiate and enact measures to defend our People and the States from tyrannical usurpations and to replace them with those who can and will.

The resulting line up would be between (1) those who wish to maintain our liberties and freedom under the Constitution as was carefully provided for by the Founders and (2) those who accept or welcome Federal usurpation which aims at overthrowing the Constitution and establishment of autocratic rule.

In the final issue, which would be Constitutional Liberty vs. Centralist Slavery, the People of the United States, acting in their highest sovereign capacities through their legislatures, can and must restore the Constitution through valid measures for its enforcement.

Congressman Dale Alford

Congo Moving Toward Soviet Camp

Assail Use of U.S. Funds to Finance U.N. Operation

Republished from—

BROOKLYN TABLET, Sept. 23, 1961

By Frank DeRosa

The coalition government set up in the Congo under United Nations auspices appears to be paving the way for the strife-torn country's entry into the Communist orbit.

The inevitability of this shift has been revealed by leading anti-Communist spokesmen who see the newly-established Parliament as a smashing triumph for Moscow. In fact, an official Soviet periodical claims a complete victory for the pro-Soviet side in the Congo.

Leading the attack is Senator Thomas J. Dodd (D., Conn.), who has demanded a quick reversal of U. N. policy. In a Senate speech he warned that support of the U. N.'s action by the United States is financing the destruction of its friends and the victory of its enemies.

Sen. Dodd pointed out that the position of vice-premier in the Congo government, which was established in August, has gone to Antoine Gizenga, a leader of the pro-Soviet faction. A Lumumba follower, Gizenga has been described as a "Moscow-trained Red." He also noted that the post of Minister of the Interior has gone to Prague-trained Communist Christophe Gbenye.

Quoting from the Sept. 8 issue of the periodical Moscow "New Times," Sen. Dodd disclosed that Prime Minister Cyrille Adoula, who is reputed to be a neutralist, has agreed to accept Gizenga men as commander of the armed forces, as secretary of defense and as ambassador to the United Nations.

Sen. Dodd said that the article in the "New Times" made the following points:

—That "the members of political parties of the national bloc which was headed by Patrice Lumumba have 23 seats in this government, or an absolute majority."

—That "the decision of the Parliament permits the new government to carry out all decisions made earlier by the Lumumba government."

—That Adoula has accepted Gizenga's request to appoint General Victor Lundula as Chief of the United Congolese army, and to fill the position of Minister of Defense and Representative to the United Nations with Gizenga followers.

—That Adoula has further agreed to take certain unspecified measures against Colonel Mobutu, and that Gizenga is now demanding the removal from the army of "all soldiers and officers who are against the unity of the country."

—That Gizenga, in a telegram to Adoula, had called for an end to "the separatist activity in Katanga, to preserve the territorial unity of the republic within the framework of the policy of Patrice Lumumba, our adherence to which we have declared."

The "New Times" article boasted, said Sen. Dodd, that "the decision of the Parliament commits the new government to carry out all decisions made earlier by the Lumumba government, and factually cancels as illegal the decision of the so-called 'Ileo

government.'" Joseph Ileo headed the previous Congo government.

The turn of events in favor of Russia and against the United States is the basis of Sen. Dodd's appeal for prompt action on a resolution which he has introduced calling for a select committee to investigate the situation in the Congo.

Critical of Intervention

Meanwhile, United Nations policy also was taken to task by Robert Morris, a former chief counsel for the Senate Internal Security Subcommittee and now president of the University of Dallas.

Writing in a nationally distributed column, Mr. Morris was critical of the intervention of U. N. troops in the war in the Congo. He wrote:

"The U. N. justifies its action against Tshombe and his 2,000,000 Katanganese on the flimsy ground that it is 'uniting the Congo.' Nowhere in the charter of the United Nations is authority given for such a bloody undertaking."

Noting "another egregious aspect" of the Congo situation, Mr. Morris said: "The United States is financing virtually the whole operation, that is the Gizenga-U. N. invasion of Katanga, not, of course, the Katanga defense of their homeland."

The United States is paying more than half of the \$100,000,000 that the United Nations has already budgeted or spent in the Congo. Russia, which is benefiting from the Congo turmoil, continues its moratorium on paying its share of the U. N. costs.

Sen. Dodd warns: "There is no reason why the Congo should go Communist. There is every reason why it should remain free. But the dismal fact nevertheless is that the Congo is rapidly slipping under complete Communist control. If the Congo does go Communist, it will not be because of Soviet strength or because the Congolese people want Communism; it will be because of United Nations policy in the Congo and because of the perverse folly that induces us to support this policy with our prestige and our money."

What Would YOU Do, If America Were Ever Occupied By A Foreign Power?

Republished from TASK FORCE

Introductory Note, By Eugene C. Pomeroy: The writer of the following article is an American Intelligence Officer who served with both the French and Italian Underground Forces during World War II. As a result, he is thoroughly familiar with conditions in a once-free country when occupied and ruled by an alien power. It is his measured judgment that one of the greatest deterrents to a military or political take-over of one country by another is the fore-hand knowledge of a bitter and determined resistance by the civilian population. (For obvious reasons his identity must remain "anonymous.")

Thus, it is said that the chief reason for Hitler's abandonment of his plan to invade Britain was the announced intention of the English people to fight to the last man to resist any invasion by occupying forces. Notice of this was given by Churchill when he proclaimed that "We will fight on the beaches, we will fight in the streets—we will NEVER surrender."

There has, of late, been some question, particularly abroad, as to the "Will-to-fight" of present day America. They—our enemies, and even some of our friends—say that we, as a people, have, become so flabby, indifferent and indecisive, that in the event of war we would be a "pushover" for any well organized, efficient military or political dictatorship. It is most important that any such impression be most strongly contradicted NOW—in unmistakable terms. The knowledge of the implacable and undying hatred and opposition of the American people to ANY form of alien control should be just as much a deterrent to war as the knowledge of our stock of atomic weapons and our intent to use them if necessary.

We of TASK FORCE believe that the writer is rendering an important service to our Country in posing a hard, unpalatable question to the American people. With him, we "do not believe that the United States will ever be defeated or occupied" but that is exactly what happened in other countries largely because the people of those countries had always believed that "it can't happen here."

If through publication of this article and its wide dissemination through other patriotic organizations we can demonstrate the determination of the American people to stand firm in defense of our Nation against ANY attack—military or political—we shall have made an important contribution to our Arsenal of Defense.

Read this article carefully — discuss it with as many of your friends and neighbors as possible, then fill out the coupon at the end of the article and return it to TASK FORCE. Not necessary to sign your name. When replies (including those received from other publications) have been tabulated, we believe the result will be a ringing, decisive and inspiring answer to those who may harbor the mistaken impression that America has gone "soft."

Why Don't All Anti Communist Movements Name The Enemy?

Why don't all groups opposing communism come out un-afraid and call a spade by its name? There are a number of reasons. **Common Sense** while exposing communism for the first two years did not mention Jews although we realized they were the important element. We hoped we would not have to deal with them. From our first year to date, 16 years, Jewish publications and organizations have attacked us continually. All sincere, effective groups have had the same experience. We mention just a few.

Upton Close, popular writer and lecturer, was awarded a plaque for being the Jews' best friend. Later, when he exposed communism, the Jews declared war on him and drove him off radio and smeared him generally, finally driving him to drink.

Senator **Joe McCarthy** never once mentioned the Jews and surrounded himself with them, but was attacked by all Jewish publications for exposing communism.

The Congressional Un-American Activities Committee devotes its efforts entirely to exposing communism, but the Jewish publications and organizations over and over demand the abolition of this committee of Congress.

The **John Birch Society**, which has never uttered one word against Jews, has experienced nation-wide attack by Jewish publications and Jewish-influenced publications. The John Birch Society, not understanding the world Jewish conspiracy, has in their April 1961 Bulletin, taken great pains to prove their kind feeling for Jews, even saying that the **Anti-Defamation League of B'nai B'rith** (Jewish FBI) helped them organize meetings.

Since April, more than a hundred Jewish organizations and publications have blasted the John Birch Society. The **Rabbinical Council**, in their National Convention at Atlantic City, passed a resolution urging the Attorney General to investigate the John Birch Society.

On June 6th at Kiamesha Lake, N.Y., the A.D.L. of B'nai B'rith in Annual Convention condemned the John Birch Society, saying it was dangerous to Democracy. (Democracy is the Jews' coverup word for communism.)

The writer has been actively engaged in studying and exposing communism for 28 years, and has seen ALL—ALL anti-communist movements and individuals attacked by Jews—a total of at least 200. Since **Common Sense** began publication 16 years ago, some 40 anti-communist organizations and publications have been destroyed. by organized political Jews. Seventy-five million dollars would be a conservative guess of the amount they have spent in the last 30 years on what they call anti-semitism and bigotry. This does not include millions in the deceitful smear of the Germans to condition the U. S. to crush Germany to make Europe safe for communism.

God only knows how much they have spent trying to close **Common Sense**—it would take ten issues of this paper to explain it. Five years in Court—four bombs—plate glass windows smashed twice—twice in jail and every under-handed trick imaginable, and many thousands of smears they have made and influenced uninformed non-Jews to launch.

So many people have been wanting to know who engineered the U. S. into the trap we face. As a result **Common Sense** growth has been increasing rapidly, reaching far more than any anti-communist publication in existence.

From the above it can be understood why most anti-communist movements ignore the Jews. They fear retaliation.

There is another reason. Well-meaning good Americans who have been aroused,

have started anti-communist organizations the last 3 or 4 years. They have read a number of books on communism, so as to inform themselves. The books they have read would not have been published if they dealt with the Jewish question. The author knows that even if one is aware of the Jewish Marxist plot, he dares not mention it in his manuscript or his publisher will not touch it; the publisher knows the Jews will stop at nothing to bankrupt him. This is common knowledge with all publishers. Only a fearless, daring publisher will print the book that tells the truth about communism.

But there are many revealing books with the full story which cannot be refuted.

There are hundreds of such books in our library, but a few will convince all honest truth-seeking persons. Millions have known these truths all their lives.

Try to tell Christians from Hungary, Slovakia, Poland, Latvia, Estonia, Russia, that Jews have not been the spearhead behind communism in their country. People from all these countries visit us every month reporting the facts to us.

The Congressional Record of July 18, 1958 quotes the then U. S. Senator **Ralph Flanders**, as stating on the Senate floor:

"NO SENATOR DARES TO EXPRESS AN HONEST OPINION WHEN JEWISH ISSUES ARE INVOLVED."

AGAIN WE CHALLENGE

To those who would seriously test our position on the Jewish-communist question, we suggest they arrange for four leading Jews, Rabbis, Judges, or officers of the Anti Defamation League of B'nai B'rith to meet Mr. Benjamin H. Freedman and our Editor on television. We will take the affirmative position on the four following topics:

1. That the International Jews financed the Communist Revolution in Russia in 1917, set up communism and spread it over the world.
2. That the Jews pushed the U. S. into World War 1.
3. That the Jews pushed the U. S. into World War 2.
4. That 98% of the spies caught in the U. S. were Jews.

Let's get it clear once and for all, who has been the motivating power behind communism.

**EQUAL MEN ARE NOT FREE
FREE MEN ARE NOT EQUAL**

CommUNism For Katanga

Today the United Nations, founded in 1945 to preserve "world peace" and the "rights of man," after forcibly invading the newly independent nation of **Katanga** has declared martial law and decreed that any of its citizens found bearing arms will be executed.

Frederick H. Boland, President of the United Nations General Assembly, recently stated that

"... the U.N.'s chief interest remains the common aspiration, needs, and rights of all the world's peoples."

Apparently this does not include the people of Katanga because it is hardly likely that it is any man's aspiration to be shot without trial because he wishes to defend his country. It is possible, though, that the UN feels that it is interested in these people's needs and is only shooting them for their own good. It so, they will be in very distinguished company because probably more people have been killed for this reason down throughout history than for any other.

In short, it looks like the only right the freedom fighters of Katanga will get is that of dying for their country.

Katanga lies within the borders of the old Congo Free State, carved out of a trackless wilderness of jungle and veldt by Belgian colonists in 1885 and inhabited by what was probably the most savage and primitive collection of tribes in Africa, a notoriously backward continent. There was no unity among these constantly warring tribes, and few knew anything of the world past the nearest large river or mountain range.

Nevertheless, Belgium governed this vast 905,380 square mile inland empire for 75 years, changing its name to the Belgian Congo in 1908. Belgium, meanwhile, had the misfortune to be devastated in two world wars, and being a small country found the continued administration of the Congo more of a burden than an asset.

American magazines joked about the "quaint and childlike" idea current among the native tribesmen that independence meant taking over the whitemen's wives, houses, and property, but it was no joke to the whites remaining in the Congo when the Belgium government pulled out in July of 1960.

Despite 75 years of contact with European culture, it took a few days for the Congo to revert to the savagery of the days before 1885. The blacks made their dream of independence a reality as whitemen were killed, beaten, and robbed and every white woman and female child who could be found was brutally and repeatedly raped. All this was encouraged and even aided by the Congo's more-or-less self-appointed new premier, a demagogic, pro-Communist felon named **Patrice Lumumba**. The fiction that the Congo was or ever had been one nation capable of governing itself was soon dispelled as the countless illiterate tribes that made up its population fell diligently to work slaughtering, and often eating their immediate neighbors.

Out of this chaos, in the rich mining land of Katanga, arose one Negro leader who stood head and shoulders above all the petty kings and communists who surrounded him. This man, **Moise Tshombe**, devoutly nationalistic and anti-communist possessed all the qualities of dedication, courage, and intelligence so necessary for great leadership and apparently so rare in Africa. He amputated Katanga from the decaying corpse of the old Congo.

Meanwhile, the UN, feeling very self-righteous in its role of international busybody, decided to test its power in the Congo. Evangelists for world government have al-

ways controlled its machinery even though the Charter specifically exempts the internal affairs of nations from its jurisdiction.

With the new U. S. State Department under Rusk, Stevenson, and Eleanor Roosevelt, being of like mind, they now had a free hand. They moved in, cautiously at first, and consolidated their power. Intoxicated by their overwhelming strength in the Congo's power vacuum, they struck, not at communist Antoine Gizenga's iron curtain-style dictatorship, but at the last remaining island of civilization, Moise Tshombe's Katanga.

As of now the heroes of Katanga are fighting for their lives and that of their country. How the battle will end is impossible to say, but the fact that it is being fought by an organization supposedly dedicated to peace to tie a free people to a decadent and communist dominated central government should be no surprise to anybody. If and when they could, the UN would undoubtedly tie every nation in the world including the U. S. to the same kind of central government.

What else could be expected of an organization where the Soviet Union, not even including its six satellite slave states, has three votes to the United States' one. White Russia and the Ukraine have the status of Russian provinces, and their representation in the UN is equivalent to the U. S. sending UN delegation not only from Washington D. C., but California and Texas too. All this was created with the full knowledge and acceptance of the U. S. State Department of 1945. The State Department of 1961 has already begun to acquiesce to adding Red China to this roster.

Americans will do well to watch the news from Africa closely in the weeks to come. What happens to the people of Katanga today can well happen here tomorrow.

Cardinal McIntyre Hits UN
Educational Proposal

Republished from *The Wanderer*,
St. Paul, Minn.

A UN resolution coming up for approval by the U. S. Senate would take away freedom in education, says the Archbishop of Los Angeles.

James Francis Cardinal McIntyre told the St. Vincent de Paul Society last Sunday the resolution would compel this Country to socialize education under international control.

He referred to a document adopted Dec. 4th, 1960, by the UN Educational, Scientific and Cultural Organization (UNESCO).

If approved by the Senate, the Cardinal said, the resolution "will substantially eliminate all local control of public education at State or local level;" place all American education under Federal control; "over ride this Federal control and make it subsidiary to UNESCO as a world court and final international arbiter of education," and rigidly restrict private non-tax supported schools and colleges.

What Would YOU do?

—o— Continued from page 1 —o—

you have cooperated with them? Would you have informed the occupying authorities about the activities of those who were resisting?

You probably think that this is a ridiculous and impertinent line of questioning. The answers are obviously "No!" But they were real in France in 1940. Why? Because the average Frenchman was totally unprepared for the events that overwhelmed his country. Before the armistice had even been signed, the German propaganda machine was telling the people of France that their greatest enemies were the British who had deserted them and the French generals who had escaped. It was very effective propaganda and there were many who believed it.

Now for another question, one which has to do, not with France in the forties, but with America in the sixties. If there were another war, and if for any reason America was defeated and occupied—whether with or without an eventual puppet government of so-called "Americans," would you feel that you owed allegiance to that occupying force? Would you feel that it was morally wrong to resist it? Would you inform against another American because he shot a Commissar, or because he joined a band of resistance fighters?

Do you think these are ridiculous questions? I think that if you will look at the maps of Europe, of Asia, or Africa, and even of the Americans, you will find many nations where these questions could have been asked a few years ago. Today, they are dangerous questions to ask in these countries.

If the people of France in the thirties, or the people of Cuba of ten years ago had asked themselves these questions, and answered them honestly, their resistance would have been increased a thousandfold. The trouble is that after the blow has been struck, no one knows whom he can trust. No one knows where to start in building up a resistance.

We do not believe the United States will ever be defeated or occupied, but experience and history are hard masters, and no one can say that this is beyond the realm of possibility. Ten years ago there wouldn't have been one person in the country who would have believed that we could stoop to paying tribute—"Millions for defense but not one cent for tribute" was one of our oldest national slogans, and yet today we are paying it. Openly to Cuba, but in a disguised

version to more than 80 other foreign countries. Therefore, we must admit that as impossible as it seems, military defeat and occupation are within the realms of possibility. This is a black picture to paint, but it would not have to be hopeless, for though an occupying power might find the offices and avenues of Washington soft meat to digest, they would soon find a hard core of steel in the rest of the country. The people of America, not the scum that bubble noisily on the surface, still have the same blood and heritage of our ancestors who fought at Bunker Hill and Lexington, the men who won the frontier when it was a frontier and not a political play-boy's campaign slogan, the soldiers of Bull Run, Vicksburg, Gettysburg and a dozen other hard fought battles of the Civil War; and on into the two World Wars of our own century. That breed isn't lost in a few years, and in the end all of the effete political theorists that Harvard could turn out in a thousand years couldn't deny that it is there. But even the strongest men sometimes sleep, and if too many of us sleep too much, we may wake up to find ourselves sold out, our armies defeated and our country occupied.

Perhaps you are wondering what you can do about something that may never happen for many years. There are two things we Americans can do. First, we can stay awake and watch what is happening in Washington. We can make our republic a living government and not just a machine that we go along with because it offers to do our thinking and our work for us, and because it gives us utopian dreams in exchange for our votes. The second thing we can do is to stand up and be counted as to whether or not we will ever take defeat—whether or not we would fight to regain our country even in the awful event that our armies were betrayed and defeated, or our independence sold out in some future international summit conference. If enough of us declare these intentions now, before it has happened, those who would betray us may be deterred from trying. But the world must KNOW where America stands!

As a typical American, ask yourself the following soul-stirring questions:

If America were ever taken over by force, from within or without, as it would be if the United States were occupied by a foreign army or by a subversive internal power, would you:

1. Consider it your duty to fight back, and give every possible aid to such forces as were fighting to restore our Constitutional Government?
2. Take the attitude that the new regime, if seemingly accepted by everyone else, should be accepted by you?
3. Probably do nothing?

Discuss the question with several of your friends and neighbors, poll them as to their individual reactions and then fill out and mail the coupon below. We do not ask—or need—any names, all we want is an indication of how many answered "Yes" to (1), (2), or (3). The replies will be tabulated as to the percentages of the total.

We believe the final figure will be conclusive evidence that the Spirit of 1776, is still predominant in AMERICA!

Red Fronters in the Pentagon

General George C. Marshall, Secretary of Defense, was honored as the speaker and was the only non-Jew at a dinner given in New York City, November 1950. The next morning papers announced the appointment of Anna Rosenberg as Asst. Sec'y. of Defense in charge of manpower. Marshall had distinguished himself as most influential in breaking down Chiang Kai-shek and pushing China under communism. Anna Rosenberg had been identified as a communist by Ralph deSola while under oath.

No doubt many of the thousands placed in the defense department (Anna Rosenberg directed the hiring of over a million in 115 departments of government) by her are still there. The reader can guess who they are.

When Senator Joe McCarthy tried to put the spotlight on them and learn who promoted the communist Peress, he was attacked and destroyed.

Persons in the White House and Defense Department are doing all possible now to prevent an investigation that would uncover the reds responsible for preventing Army officers from telling our soldiers why and who they are called upon to fight. We name two of the persons responsible for the pro-communist order:

Adam Yarmolinsky, Ass't. Sec'y. of Defense in charge of all personnel, who was editor of **YARDLING**, a communist-aiding publication at Harvard, and who supervised the hiring of 75 Jews to TOP offices in the New Frontier. Working with Yarmolinsky as a team is **Arthur Sylvester**, Ass't. Sec'y. of Defense in charge of Public Relations.

PATRIOT—AUTHOR—EDUCATOR

Col. John Beaty, died Sept. 9, 1961 at his home in Barboursville, Va., age 70.

This is sad news to thousands of his friends and patriots.

He spent five years with the War Dept., General Staff, and headed several important Sections in Military Intelligence Service. Dr. Beaty was Chairman of the English Department of the Southern Methodist University from 1927 to 1940 and was honorary Chairman until he retired in 1957.

Colonel Beaty wrote two books on Poetry and Drama and two novels. His book "Iron Curtain over America" was received as the greatest help in understanding the subversive move in the U. S., it drew fire from the left wing, liberals, socialists and communists. There has been a tremendous demand for this book. Educators and important armed service officers have strongly recommended it.

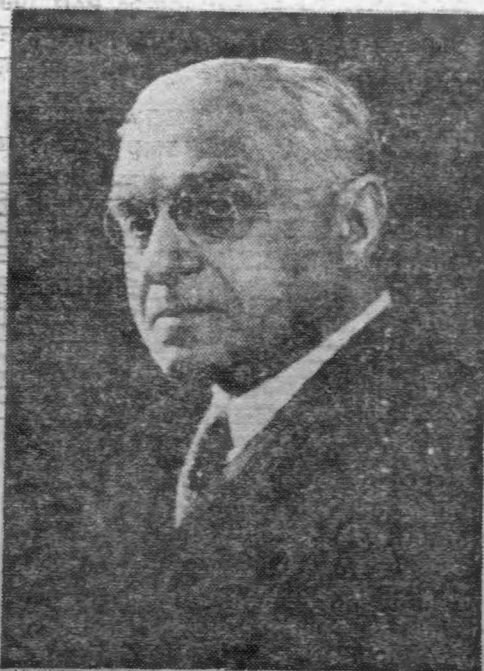

Dr. Beaty received bachelors and masters degrees from University of Virginia and was a member of American Academy of Political Science.

Some called him Doctor; to others he was known as Professor. To us he was Colonel Beaty or John. We have known Colonel Beaty intimately for many years, always the same—true, accurate, honest and fearless. It will take more than one man to fill the vacuum he left.

He has done much good for the country he loved and the good influence of "The Iron Curtain over America" will remain for years as a help in saving the U. S. from communism. Where are the young, courageous, intelligent men to come forward and help fill his shoes?

Marvin Brooks Norfleet, a practicing Memphis attorney, writes authoritatively, courageously and lucidly of the social and moral evils which he shows will certainly result from the unthinking implementation of the integration of white and negro children as students in our public schools.

A lifelong Southerner, Mr. Norfleet speaks from many years of geographical association and familiarity with the Negro character, the legal and sociological aspects of race relations, and a thorough knowledge of the spiritual precedents on which integrationists base their demands.

There are several reasons this book was not written years ago.

Few were in position to know his full record and his power in shaping the administration in Washington for 30 years.

Still fewer researchers dare expose this mysterious man who ruled with an iron fist behind the Invisible Government.

Frankfurter is regarded as one of the top masterminds who has maneuvered our country into its present frightening position. Like his Uncle, Louis D. Brandeis who forced Woodrow Wilson to place him on the Supreme Court, Frankfurter did the same with F.D.R.

This book unfolds the activity of a Jew immigrant devoting his lifetime to directing our country down the road to Marxism and World Government.

Informed patriots use our literature and books in their efforts to debunk communism. They regard this material as more effective than pussyfooting milk-toast material.

Many patriots will want to purchase a quantity and distribute in an effort to arouse people to the marxist plot. This book could have easily sold for \$1.00 but in order to encourage wide circulation 50¢ is the price.

America At The Crossroads

A ONCE POWERFUL NATION BROUGHT TO ITS KNEES BY TRAITORS

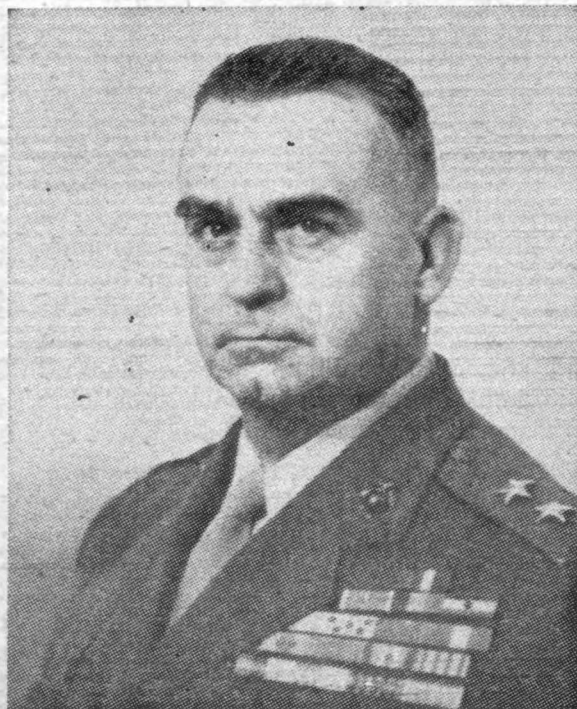

By Lt. Gen. P. A. del Valle
United States Marine Corps (Ret.)
Veteran of Guadalcanal Battles

When a free and sovereign people find their elected servants in government, and their appointed advisors, following a course of action contrary to their oath of office, destructive of the Constitution they have sworn to uphold, and leading relentlessly to the loss of their freedom and sovereignty, they must perforce take the most effective action to restore sane, constitutional government, or perish as a free and sovereign people.

A government that aids and abets the enemies of freedom at home and abroad; recklessly spends the substance of the nation in the purchase of votes and in the pursuit of a pro-communist policy; punishes patriots who dare defy the communist enemy they are trying to shield, while giving position of power and pelf to those traitors who give aid and comfort to this enemy; employs the power of the press and all other communications media to deceive the people as to their real aims and objectives; behaves as though this nation were already but a province of the illegally joined United Nations; is unwilling or unable to meet the constant flow of crises provided by an arrogant enemy, yielding piece by piece the entire world into their ruthless hands; shows every sign of having yielded their powers to an unseen, irresponsible and thoroughly rapacious government within the government; then, even the bread and circuses no longer can hold the people in check. They must take matters into their own hands and force the traitors out of power and oblige their elected representatives to honor their oath of office.

In such case there are several courses of action open to the people. Political organizations to vote out the traitors and vote in the patriots is one. Pressure by personal appeals, petitions, letters, and telegrams is another. But the time comes when the enemy, feeling strong and secure enough, shamelessly ignores these efforts of the people, and makes ready to replace constitutional government with socialistic tyranny openly and quickly. Then there is yet another course of action left: The organization of a powerful, armed resistance force to defeat the aims of the usurpers and bring about a return of constitutional government.

The formation of such a nation-wide force, under the second article of the Bill of Rights, and for the legitimate purpose of preventing a communistic take-over of their beloved country, with the total loss of freedom, cannot fail to bring into being again that sovereignty which, under our form of government, is based upon the people. Government rules by the consent of the governed, and, when the governed refuse to consent to being betrayed, then beware! Those in government who have been loyal need have no fear. But when the day comes that the people, in the exercise of their constitutional rights and sovereignty once more take up arms as they did in 1776,

General P. A. del Valle

then must the traitors take flight. For the wrath of a free and mighty people, a God fearing people, against atheistic tyrants can be terrible and swift. I pray to God that courses one and two will suffice, but if they do not, then I pray to God that this last instrumentality be given His grace to discharge our obligation to defend those sacred rights He, and He alone, gave unto us.

"Turn Back"

The U.N. Derision

By Kenneth Goff

The truth is—

A U. S. plane was winging its way to a rendezvous with President Tshombe of Katanga. It was on its due course and shortly would have reached its destination, when an amazing order from the Chief of the U.N., Dag Hammarskjold, caused it to turn back. What precipitated the giving of this order by the head of the world government? The order that has now been sealed to mankind by Dag's sudden death; and by the application of sedatives to the lone survivor over a series of days, until his death, following his revealing of that order was "to turn back."

What a strange order to be given by a man who supposedly was on a mission of peace, and how strange that immediately following that order it seemed as though the very Hand of God smashed the plane into the hillsides, and proved once again that He is still ruler of the universe and holds the fate of man in His hands!

Truly, this air crash may have changed the course of history, and I would like to discuss these several points:

1. The turning back of the plane showed the unwillingness of Dag Hammarskjold to

complete peace negotiations with Tshombe, and may well have signaled his intention to send larger detachments of troops into the bloody Congo, to smash this pro-western Republic and then place a CommUNist at the head of the Congo Government. Let us be reminded that already the action by the U.N. had shocked the free world, by committing a ruthless act of aggression against the Republic of Katanga. The U.N. was established to promote and protect the right of self-determination of peoples and safeguard the independence of countries. On September 12, however, the U.N.'s troops toppled the freely elected government of Katanga, forcing President Tshombe to flee. I submit that the citizens of Katanga have as much right to a free independent and separate status from the rest of the former Belgian Congo as do any other peoples in the world. And there is no question that the actions of Dag Hammarskjold in this bloody invasion of a free country were definitely aiding the CommUNist cause by their attempt to place Antoine Gizenga, a Red, at the head of the government.

The crash therefore may have, for the time being, saved this independent nation and at least has brought into the open the facts concerning this shameful aggression. Senator Dodd has demanded a full-scale investigation into the Congolese crisis, and has pointed out the fact that it was these whom Dag intended to place in power that were responsible for the reign of terror, murder and rape against the white residents for the past two years in the Congo. If Katanga were placed in the hands of the Reds it would give the Soviet Government tremendous mineral outputs, for over 60% or the world's cobalt comes from this Province and nearly 8% of the world's copper.

2. The sudden death of Dag Hammarskjold on September 18 may have prevented the United States from going under complete world government control, for ever since June 29th, numerous Bills (fifty in number) had been introduced in both the House and Senate by left-wingers and one-worlders bearing the titles "Disarmament Act for World Peace and Security." Many of these went so far as to propose various treaties which would include world-wide disarmament; strengthening of the world court by by-passing the Connally Amendment, setting up of a world police state by absorbing various national armies and long-range steps towards world government; the handing over of our sovereignty; disarming our nation and merging our economy with that of Soviet Russia. Much of this material had been prepared, to be presented at the opening of the U.N., with the intention of saving her from her deplorable situation and making her (U.N.) truly a world government.

Under these Bills, the use of executive order on the part of the President, could have carried us on the way into a World Super-State. The perpetration of this plot could already be seen in the emergency powers granted to our Chief Executive,

through the Berlin crisis, which from the very beginning was a farce and was being used to frighten the citizens into supporting and passing certain legislations, which could not have been achieved under calmer circumstances. The drive was on. The U.S. on several occasions had now saved the U.N. from total bankruptcy, and was also underwriting its armed fiasco in the Congo. Now the hour had come, for virtually our complete surrender of sovereignty so as to save the U.N. and to strengthen its position.

All through the night of Sunday, September 17, patriots throughout our nation were storming our Congress with telegrams and phone calls to halt the passage of **S. R. 2180 or H. R. 7936**. These Bills which were being rushed towards passage in the closing hour of Congress and prior to Kennedy's appearing before the U.N., had within them complete dictatorial power in the establishment of a peace agency, with a director who would only be responsible to the **President and Secretary of State**. Further, it would permit the setting up of a private bureau of investigation which could carry on relations with **Soviet Russia and other countries**; could confiscate the arms of private citizens; could use the funds of private foundations; could have full access to the Atomic Energy Commission, and virtually would have the powers of full dictatorship.

Here again, the crash of a plane and the fighting will of a people may well have saved our nation from complete surrender to a **world antichrist dictatorship**. A token Bill, following the death of Dag Hammarskjold, was prepared more or less to show our determination for world peace, but it did not embody these surrenders of our rights. These two dangerous Bills are now still in the hands of the committees headed by **Senator McClellan and Representative Thomas E. Morgan**, who will attempt to railroad them through the next session of Congress.

3. The death of Dag Hammarskjold which brought a crisis to the U.N. now has brought into light the fact that the present Administration has been working to allow the **entrance of Outer Mongolia and Red China** into the U.N. The **Supreme Court Justice Douglas**, on a trip to Russia, has now openly stated in Moscow that he is in **favor of working for the admission of Outer Mongolia**. The admission of either of these nations or both into the U.N., only strengthens the Soviet power.

4. The death of Hammarskjold now shows the weakness of a man and the fallacy of the U.N. to create world peace. It unmasks the U.N. for what it is—an **instrumentality through which the Soviet Government seeks to seize world control at our expense and prestige**. The confusion is great, and while we are paying over 50% of the bill and are being allowed only one vote, some nations as small as a quarter of a million people in Africa have just as much voting power as the United States.

We can now see the dangerous course that is presently being taken to which the Administration already seems half-heartedly committed—that through certain bargaining, East Germany may become a satellite state of Russia, and the U.N. headquarters, or a section thereof, be placed in Berlin, and Berlin becoming an internationalized city.

A weak sister by the name of **Mongi Slim** has been named President of the U.N., and his record shows that down through the years he has played piggyback with the CommUNists. Now Russia is demanding a four-member Secretariat which will consist of a Westerner, a Soviet, an African and an Asian member; and you can imagine who these will be and where the power will lie.

For years now we have been taught that the U.N. was formed to save us, and yet all it has been doing is spending our money

and surrendering our precious liberties to save **IT!** If its so-called leadership were so brainy, why were they not prepared with a successor to Dag Hammarskjold? In his death it almost appeared as a one-man show. One asks: "Has the U.N. ever been an instrument of peace? Since 1945 there has never been a moment of rest without fighting and bloodshed on our globe. Mankind everywhere has been beating their plowshares into swords; civil war, revolutions and bloody conflicts between the nations have continued since the inception of the U.N., and through it all there has been only **ONE victor—SOVIET RUSSIA**. The CommUNist forces, through the protection of the U.N., have been able to conquer seven hundred and fifty million more people, and honeycombed and weakened the remaining of the earth's governments.

The U.N. has afforded at our expense, the **Red Soviet a sounding-board through which they could propagandize the world**. The U.N. has been a millstone around our necks, which rightfully we can see caused our defeat in **Korea, Cuba and Laos**. It has developed a fear within us that has caused us not to defend "our way of life," and has developed a false philosophy that the U.N., and **IT alone**, can preserve peace in the world, and has forbidden prayer to the only **ONE Who can bring peace, the Lord Jesus Christ**. It has caused us, as a **Christian nation**, to lean upon the arm of flesh; to have fellowship and break bread with the **ungodly and the antichrist**. It has caused us to belittle our heritage and to surrender our loyalty to Christ and nation. It has caused us to act like pygmies in an hour when we should be giants, and it is rapidly destroying everything that our founding fathers fought and bled and died for.

How long will a free people tolerate this tragic surrender? How long will we continue to underwrite this utter failure and still purport to be wise men? The time has truly come when we should unshackle ourselves from this antichrist burden and withdraw from the U.N. and order them and their spy system from our shores. Only then can we ask heaven's help and receive it.

COMMENTS ON HAMMARSKJOLD'S DEATH

Paris daily papers, from Right to Left, covering the death of **Dag Hammarskjold**, were filled with the mock piety of the usual obituary. To the logical, middle-of-the-road Frenchman, however, Mr. Hammarskjold's passing came like a burst of light and could be summed up as follows: "It is time for UN to crack. If his (Mr. H's) untimely demise will hasten the crack-up, we are all to the good."

Europe's last picture of him was that of the self-satisfied Secretary General, holding a cold chicken and whisky-soda garden party, in the cool hills outside Leopoldville, while the **Ghurkas massacred the Katangans**; the frantic scramble for legal arguments of justification, none of which held water, before the embarrassing meeting with the British Foreign Minister, **Lord Lansdowne**; the blatant lie, unblushingly handed out in America, that "even **Tshombe's troops**, except in cases where the latter are agitated by Foreign (French and Belgian inferred) adventurers, are on excellent terms with UN forces."

Dr. Coner Cruise O'Brien, the UN representative in the Congo, the man who put the match to the powder barrel, is well known in Paris, when he passed two years as Counselor of Embassy. Paris summing up of him: **Zero**. A man who had never conducted a complex negotiation was picked for the Congo job by Dag Hammarskjold last June because of his ideological fervor and for that only. O'Brien is forty-four; a militant do-gooder. He made fiery speeches about independence for **Cyprus and Algeria**. His ideas of liberty, however, did not extend to Katanga, the last corner of sanity in the formerly well-run Belgian Congo.

The Congo job was O'Brien's first opportunity in a lifetime, of putting his theories into practice. He made the most of it. **Tshombe**, Katanga's leader, dared to disagree with him, a thing probably no African had ever done before. In his capacity as viceroy of Mr. H., i.e., world government, Dr. O'Brien saw such disagreement as treason.

"**Tshombe is difficult. You cannot reason with him**," O'Brien wrote. Moscow's man, **Gizenga**, and Mr. **Adoula**, being enemies of Tshombe, were accordingly "reasonable."

UN's "Peace Force," mainly supported by America as "a force to insure order and prevent bloodshed where the risk of bloodshed exists," thus, on O'Brien's arbitrary and illegal decision, became the cause of Katanga's bloodbath where risk of bloodshed was previously non-existent. That, briefly, is the European summing up of Mr. H's last operation.

O'Brien wanted to present his chief, Hammarskjold, with a **fait accompli** before the cold chicken and whisky party in Leopoldville, with **Lumumba's lieutenant, Gizenga**, safely installed in Tshombe's seat. Without waiting to see how his plan would turn out, he triumphantly announced, "The State of Katanga has ceased to exist." The now embarrassed British Consul in Elizabethville obligingly passed this word on to the Foreign Office.

In the days that followed, repugnance became Western Europe's principal emotion, with most disgust reserved for America's hypocrisy in refusing to face the truth; viz., that by unloosing the Katanga attack, UN was not preserving peace, but starting a civil war in the attempt to force a solution that was none of UN's business.

Khrushchev might well have had his eye on **Conor Cruise O'Brien** when he told the leaders of the communist world last December, "Do not alarm the West by meddling openly in Africa. Remain outside. Our best agents of subversion are the West's non-communist Left. Let them do the work for us."

ECONOMIC COUNCIL LETTER 512

By Merwin Hart, President,
National Economic Council

PRESIDENT Kennedy made his scheduled appearance before the **United Nations General Assembly** on September 25. He presented part of the "package" program for disarmament of the nations, arming of the UN and establishment of world law above our Constitution, which carefully leaked reports have promised over several months.

The important proposal was for abandonment of nuclear arms—and end of testing, of stockpiles transfer to other nations, of nuclear weapons in outer space, and of testing and production of missiles. Along with abandonment of nuclear weapons, the President recommended an increase of UN armed forces.

Merwin Hart

THIS is a strange farce. Nuclear weapons are our margin of power over the communist mass armies. We are now insisting the communists give up their disadvantage while we give up our advantage. That is like asking gangsters to insist on disarming the police.

The other elements of the package plan—total disarmament and world law—are left in suspension.

We offer the cynical suggestion that the disarmament-world government proposals were delayed by the unexpected presence of Congress in Washington and the flood of mail urging Congress to remain in session and keep watch over our national security.

Apparently Kennedy's speech had been carefully timed to take place when Congress was scattered to the home districts, and without a forum. But the best-laid plans of even the planners go aft agley.

The package program is unchanged. It will be put into effect, probably even with the same time table.

LET us remember. The program for disarmament and world government is not new. The collectivist elite proposed it in 1945. It is mandatory in the United Nations Charter. It was the subject matter of many international conferences and studies under Dean Acheson and Alger Hiss. The men who are directing the "new" plan are the same men who have directed the steps to world government over the last sixteen years—or new men trained by them. Our representative to the UN is Adlai Stevenson, the man who forced the Navy to put communist radio operators back on Navy ships in wartime.

Both Parties are involved. Harold Stassen and John J. McCloy have made disarmament appear bi-partisan.

We have almost no defense against this creeping conquest.

Under the collectivist interpretation of the treaty clause, anything put into a treaty or Executive Agreement by the Executive Branch is in force as law over the United States, anything in the Constitution or the laws not-with-standing.

That is simple fact, not denied by any competent person. The provisions of a treaty or Executive Agreement make possible total and complete remodeling of our Government, our political system, our economy and our laws, and the new system is automatically constitutional under the new doctrine. In other words, the treaty clause is a device for changing the Con-

stitution without submitting the change in the form of an amendment submitted to Congress and the people.

That is what the collectivist elite has used the treaty doctrine for, during all these sixteen years of successful campaigns to commit the United States Government to policies the people bitterly oppose. In other words, they are an army engaged in a campaign to overcome the will of their enemy, the American people.

THE people who wrote and worked against the planned surrender to the UN through disarmament have won a battle but not a war.

Do we have any positive evidence that this campaign is still going on day and night to impose world government and disarmament of the nations on an unsuspecting people? You shall be the judge.

Let there be no mistake about internationalism. Like Washington, Jefferson, Franklin and the Adamses, we are in favor of all reasonable international intercourse. We are opposed to internationalism by force and every form of international power, political, legal, economic or military, over our Constitution, our people and our country.

On September 21, Chalmers Roberts reported in the *Washington Post* the terms of an agreement on disarmament which the United States has made with the Soviet Union, and deposited as an official document with the United Nations.

This agreement provides as follows:

The goal is general and complete disarmament. It will be accompanied by procedures for "peaceful settlement of disputes."

Non-nuclear forces are to be sufficient for internal security only. For "international" security there will be a UN "peace force." (That is, the United States will be in the position of Katanga, permitted no forces strong enough to oppose the UN armies.)

All nations are to disband their own forces, close out bases, stop making arms, eliminate all stockpiles of nuclear chemical and biological weapons, stop production of advanced weapons and international missiles. They are to abolish military organizations and military training and end all military expenditures. This means abolishing West Point, Annapolis and the Air Academy.

(We suggest you read this paragraph again—and then again.)

All steps to disarmament of the nations will be "from beginning to end under . . . strict and effective international control," by an international disarmament organization. This international agency would have "unrestricted access" to the territory of member nations. (Will it be Irish and Swedish groups or Mongolian and Ghanian forces which occupy key positions in our America?)

The UN "peace force" would be built up

with manpower from the member nations. It must be strong enough to "deter or suppress" any threat or use of arms not sanctioned by the UN Charter.

These agreements are to be as wide as possible, and effective at the earliest possible date.

We repeat—this agreement, including abolition of national armies, transfer of trained manpower to UN armies, abandonment of weapons manufacture and military training, and adoption of procedures for "peaceful settlement of disputes" (enforced by UN armies) has been SIGNED by the United States Government, and formally submitted to the UN.

What did Congress do about it? How absurd! Congress had nothing to say about it. Congress gave way its powers and the necessary funds to the Executive Branch long ago.

What did the press say about this strange agreement? Not a voice of protest was heard in the land.

Do you think Congress will object? Congress has just passed a bill setting up a new agency with the innocuous title of "U. S. Arms Control and Disarmament Agency for World Peace and Security."

That Agency has been given broad enough powers to do everything proposed in the American-Soviet agreement on disarmament and world government. The Executive had the powers before. Now it has specific Congressional approval, the right to come out in the open, and nice new funds.

This new Agency for disarmament is the culmination of years of effort, led presently by Senator Hubert Humphrey, to commit Congress to the thesis of disarmament and the propaganda campaign to Pavlov-ize the American people about "peace." In the House, 72 Members sponsored it.

THE disarmament Agency appears to be largely a research group, "studying" disarmament. You may think research in disarmament is research into detection of nuclear tests and the like. But look at the range of topics the new Agency intends to study. The section on research (S31) has thirteen sub-divisions defining fields of study. We mention a few:

Analysis of national budgets; levels of industrial production and economic indicators . . .

Control . . . of armed forces and armaments.

Training of scientists and technicians for control systems. (Not limited to technical controls.)

Economic and political consequences of disarmament . . . and reallocation of national resources. (Note well).

Implications of national security policies for disarmament and of disarmament on national security.

Scientific, economic, political, legal, social, psychological, military and technological factors related to the prevention of war.

Most of the technical research is now being carried on by the Defense and State Departments and the Atomic Energy Commission. The Senate Hearings on the Bill include thirty-four pages of fine print, listing only the titles of unclassified studies now being carried on by established departments. The new Agency was obviously needed for some other purpose.

The President is empowered to transfer agencies, powers and funds from existing departments to the new Agency. This means the research on disarmament now being carried on by our armed forces can be transferred to the new Agency which speaks for one-worlders.

IS IT A CRIME TO BE ANTI-COMMUNIST?

The DOMINICAN REPUBLIC is a nation of three and a half million God-fearing men and women who hate communism. For many years the Dominican leaders have warned the western world of red aims and objectives throughout Latin America. They have pointed out the danger from communist infiltration.

At the same time, these Dominican leaders have moved ahead on their long-range program of economic growth and progress. Today the DOMINICAN REPUBLIC stands as a bulwark of strength in the Caribbean.

- It has no national debt.
- It has no international debt.
- It enjoys a balanced budget.
- Its currency is on a par with the U.S. dollar.
- Illiteracy has almost been eliminated.
- Health standards are of the highest order.
- U.S. companies alone have nearly a quarter of a billion dollars in plant investments in the DOMINICAN REPUBLIC.

The power and progress of the DOMINICAN REPUBLIC has made it the envy of other nations. It has been the target of vicious and acrimonious attacks by political factions in Venezuela. We believe these attacks by Venezuelan leaders contributed to the breakoff of diplomatic relations between the United States and the DOMINICAN REPUBLIC. Do they think it a crime to be anti-communist?

How are these Venezuelan leaders mastering the destiny of their own nation? Have they raised the economic standards of the country? What is the moral fibre of the Venezuelan people today?

"Nine Men Against America"

From a background of 35 years of experience on the bench—more than the combined experience of the nine Justices of the U.S. Supreme Court—Justice M. T. Phelps of the Arizona Supreme Court had this to say in a speech delivered in Phoenix:

"It is the design and purpose (of the Warren Court) to usurp the policy-making powers of the nation. By its own unconstitutional pronouncements it would create an all-powerful, centralized government in Washington and subsequent destruction of every vestige of states' rights, expressly and clearly reserved to the states under the Tenth Amendment of the Constitution.

"Regardless of what we as individuals may think about the justice or injustice of segregation, I hereby assert without hesitation or reservation that the decision (May 17, 1954) was not based upon logic or law . . . that the process followed in reaching the decision's conclusion violate all procedures of due process known to American jurisprudence.

"I honestly view the Supreme Court with its present membership and predilections as a greater danger to our democratic form of government and the American way of life than all forces aligned against us outside our boundaries. And I repeat again that if the court is much longer permitted to destroy states' rights by a process of attrition, as it has been doing, we will see Washington clothed with powers so strong that the people will be helpless to curb its tyranny over them as they (the Russian people) are in Soviet Union today."

Alerting All Americans!

—o— Continued from page 3 —o—

Our military leaders may want to have a say in disarmament but they will not have the new technical research to back up their doubts.

WE say this "research" will soon become the greatest brain-washing operation in history. Perhaps that is one purpose of the transfer of technical military research to a new Agency—with trimmings.

The President now has power to establish liaison between this Agency and any UN disarmament agency. The President already has power to transfer any United States personnel, civilian or military, to UN or to any international agency except for war. But the UN peace forces will not be engaged in war when the UN sends armies to fight a people defending their homeland—that is peace, not war! So the President now has all necessary power to transfer our military and civil personnel to the UN for its "peace" forces.

Such powers will not be used openly for some time.

AS a result of the protest against world government and world armed forces, we may see a quick shift to regional pacts, thus transforming national armies into international armies by stages. Remember NATO and other regional pacts are completely under the UN Security Council.

In addition to this far-reaching "research" the new Agency is to use the USIA (United States Information Agency) to tell the story of our disarmament plans to foreign nations. It is time Congress made a thorough study of the extent and means by which we subsidize the press, radio, and scholarly publications of foreign countries to tell the story USIA (Edward R. Murrow) wants to tell.

The Agency also has the power to deal with representatives of other nations or international agencies on disarmament (including world law).

Finally it has power to formulate plans and preparations for the establishment and operation of inspection and control systems. The Senate Report said the new Agency could not carry on this last function without new legislation, but we do not believe it.

The final touch. The agency is to have a thorough security check of employees made by the FBI. If such complete study turns up any evidence of doubtful loyalty, what happens? The disarmament Agency must report that fact to the Security Office of the State Department!

It has come to our attention that many of those who wrote the Congress protesting the approaching delivery of American security to the UN, were told by their Senators and Representatives that Congress would never permit such weakening of the United States!

CONGRESS passed this shocking Bill without a murmur. The Senate passed the OECD Treaty, which is the economic arm of world government. It is considering treaties containing a specific provision for referring all disputes to the World Court (backdoor nullification of the Connally Amendment).

Congress believes it can and will prevent a surrender to world government and disarming the United States. Do you?

Our people are far ahead of our leaders. Congress can only be aroused to the danger by an angry people. They want to adhere to the Constitution. They have been brain-washed by the most insidiously clever group of power-seekers the world has ever known.

The people must take the fight into their own hands. If the Members of Congress are at home, go to see them. Write to your newspapers. Call your radio and TV stations. Watch the magazines—those for the people and those for special groups on any subject. You will find propaganda for disarmament of the nations, arming of the UN, and substitution of world law for our Constitution, in every one of them.

The collectivist elite is using every means of communication to the minds of the American people, to lull them to sleep, or indoctrinate them with Khrushchev's slogan "peace." We must travel as far and as fast.

There is not much use in attacking President Kennedy. If we did not have him, we would have Vice President Johnson, who follows the same trail. Attacks on Presidents in the past have always solidified the power of the collectivist elite. Such attacks are not smart.

Communist, one world minds in the crowd surrounding the President have pushed this disastrous legislation through the Congress. Many elements have combined to deceive the Congress and the people into utter lack of realization of what has been going on.

But what Congress has done, Congress can undo. Let the people rise with one voice, and it will be undone.

Write your Senators and your Representatives, and any other Senator and Representatives you know.

Alert them to this treasonous plot. It is far along but it can be stopped.

With your help the fires of freedom can be rekindled.

HOW U.S.A. GOT INTO WORLD WAR 1

Zionists "engineered" the United States into World War 1 to steal Palestine, to do so created the Soviet Union and unleashed communism upon the world!

It is generally known that the 2nd World War was a result of World War I. Hence, the thinking person welcomes the opportunity to examine facts showing how the United States was brought into this war which was no concern of ours, facts which cannot be disproved.

The most disastrous consequence of World War 2 for the United States is that it put new life into communism's march towards world conquest. The cost in lives lost and money spent

in World War 2 was as unnecessary as unjustified. The United States will be railroaded into World War 3 like it was railroaded into World War 1.

Every Senator, Congressman, educator and thinking American should read this document carefully, regardless of whether they lost relatives in that war or not.

The following official report reveals the hitherto unpublished secret how the U.S.A. was railroaded into World War 1. Editor

ORIGIN OF THE BALFOUR DECLARATION Dr. Weizmann's Contribution

By James A. Malcolm

In order to give the history of the Balfour Declaration it would seem necessary to explain why the Jewish problem and Zionist aspirations were of interest to me and how it fell to my lot to meet Dr. Weizmann and to initiate the negotiations.

My family, which is of Armenian stock, has been settled in Persia since before Elizabethan days. For two centuries at least it was always closely identified with British interests in Persia and the Arabian littoral of the Persian Gulf and the Indian Ocean. We acted for the British Government in various capacities in those parts. For instance, we were fiscal agents and during the Napoleonic wars we acted as treasurers to British Missions to the shah of Persia. (My father and mother were married on board a British man-of-war by the British Admiral). Our Agents at Baghdad were the well-known and important David Sassoon family, who had originally hailed from Sasoun in Armenia. We also sometimes acted as agents for Sir Moses Montefiore, who sent us money for distribution amongst the indigent members of the Jewish community. This was done by our cashiers who were all Jews and who had full charge of all the cash resources of our firm. (There were no banks in those days.)

It was therefore natural that when I came to England as a boy for my education, in 1881, I was placed under the guardianship of an old friend, an agent of the family, Sir Albert (Abdella) Sassoon in London, and cultivated Jewish friends, including Colonel Goldsmid. After leaving Oxford, while dabbling in journalism, I met Mr. Edward Fitzgerald, who was then a roving correspondent of the "Daily News" on the Continent. He had met Herzl in Vienna and Constantinople and told me a good deal about him and his Zionist ideas, which naturally interested me very much. In London, I heard from Colonel Goldsmid and other notable Jews about projected Jewish settlements in Palestine, El Arish, Argentine and Kenya.

Early in 1915, I founded the Russia Society with the object of spreading knowledge of Russia among the British public as a means of improving relations between the two countries which were allied in war. The Speaker of the House of Commons,

CHAIM WEIZMANN

Gives the word for world Jewry to get United States into World War 1.

Mr. Lowther (now Lord Ullswater) was President and nearly all the members of the Cabinet, including Mr. Churchill, were Vice-Presidents. Amongst the earliest of the distinguished members were Dr. J.H. Hertz, the Chief Rabbi, and the late Mr. L. J. Greenberg, Editor of the "Jewish Chronicle".

In my official capacity, I had frequent contacts with the Cabinet office, the Foreign Office and the War Office, the French and other allied Embassies in London, and had also to be in touch personally during visits to Paris, with my colleagues there and with the leading French authorities. Among the matters I had to negotiate were the welfare of the Armenian Refugees from Turkey and the disposition of the Armenian volunteers in Eastern Armenia who, under General Antranik, were (as recorded by Lord Cecil) operating on the left wing of the British Army in Northern Mesopotamia.

These questions brought me into close relation with Sir Mark Sykes, Under Secretary of the War Cabinet for the Near East, and with M. Gout, his opposite number at the Quai d'Orsay, and M. Georges Picot, Counsellor at the French Embassy in London.

During one of my visits to the War Cabinet Office in Whitehall Gardens in the late Autumn of 1916, I found Sir Mark Sykes less buoyant than usual. As I had known his family of old and our relations were unrestrained, I enquired what was troubling him. He spoke of military deadlock in France, the growing menace of submarine warfare, the unsatisfactory situation which was developing in Russia and the general bleak outlook. The Cabinet was looking anxiously for United States intervention. I asked him what progress was being made in that direction. He shook his head glumly, "Precious little", he replied. He had thought of enlisting the substantial Jewish influence in the United States, but had been unable to do so. Reports from America revealed a very pro-German tendency among the wealthy American Jewish bankers and bond issuing houses, nearly all of German origin, and among Jewish journalists who took their cue from them. He was sorely disappointed and puzzled that two missions which had been sent from France and Italy had completely failed to have any effect. It appeared that the Tsarist persecution of the Jews, with the terrible record of pogroms at every Russian retreat, had made a deep impression. As the Germans had, on the contrary, shown in many army ordinances, especially in occupied Poland a great understanding and sympathy for the Jews,

the pro-German tendency of these Jews of German origin could not be deflected.

I enquired what special argument or consideration had the Allies put forward to win over American Jewry. Sir Mark replied that they had made use of the same argument as used elsewhere, viz, that we shall eventually win and it was better to be on the winning side. I informed him that there was a way to make American Jewry thoroughly pro-Ally, and make them conscious that only an Allied victory could be of permanent benefit to Jewry all over the world. I said to him, "You are going the wrong way about it. The well-to-do English Jews you meet and the Jewish clergy are not the real leaders of the Jewish people. You have overlooked what the call of nationality means. Do you know of the Zionist Movement?" Sir Mark admitted ignorance of this movement and I told him something about it and concluded by saying, "You can win the sympathy of Jews everywhere, in one way only, and that way is by offering to try and secure Palestine for them."

Sir Mark was taken back and confessed that what I had told him was something quite new and most impressive. He would talk to me again about it. A day or two later he reverted to the subject and again said it was most interesting, but there were great difficulties (it was only later that I heard of the Sykes-Picot Treaty with France and Russia.) I suggested that he should discuss it with Lord Milner, a member of the War Cabinet who was known to take a large and imaginative view of the several European nationalist issues raised by the War. He promised to do so and kept his promise. He told me that Lord Milner was greatly interested to learn of the Jewish Nationalist movement, but could not see any possibilities of promising Palestine to the Jews. I replied that it seemed to me the only way to achieve the desired result, and mentioned that one of President Wilson's most intimate friends, for whose humanitarian views he had the greatest respect, was Justice Brandeis, of the Supreme Court, who was a convinced Zionist. Sir Mark was much interested in this new aspect and said he would check up on the matter, but he still saw no possibility of the War Cabinet adopting my idea. I asked him why, and he replied, "We cannot act without our Allies and I am afraid they would never agree." I then suggested that if the object was to secure United States help, surely the Allies would agree. If he could obtain from the War Cabinet an assurance that help would be given towards securing Palestine for the Jews, it was certain that Jews in all neutral countries, especially the United States, would become pro-British and pro-Ally. He promised to put the question again to Lord Milner, with the additional argument I had suggested.

About a week later he reported that Milner had informally discussed the matter with his colleagues, and they were favourably disposed to the idea. Of course they could not commit themselves, but advised that I should open negotiations with the Zionist leaders. I replied that this was futile as I could not go to them empty handed. I said I thought it would be sufficient if I were personally convinced of the sincerity of the Cabinet's intentions so that I could go to the Zionists and say, "If you help the Allies, you will have the support of the British in securing Palestine for the Jews." This appealed to Sir Mark as eminently reasonable but he saw grave difficulties. France would have to be persuaded to support the idea of Palestine for the Jews. Then there was the Vatican (Sir Mark himself was a Catholic) which would oppose any scheme which meant placing the Christian Holy Places under Jewish control. I replied that these difficulties must be overcome if the Allies wanted the help of the United States. Palestine meant Jewish support which was becoming increasingly necessary. Sir Mark

Later Felix Frankfurter (☆) was in position where F.D.R. had to place him on Supreme Court. Frankfurter is nephew of Brandeis. Brandeis, a rabid Zionist often said to the Zionists — Organize — Organize — Organize. THEY DID.

then raised the objection of the apparent apathy of many Jews to the idea of Palestine and the opposition of others. I replied, "That is because you have not met the other kind of Jews, who are remarkable types and intensely attached to the idea of Zion. There are tens of thousands, perhaps hundreds of thousands, of such Jews. The wealthy Jewish bankers of London are completely out of touch with them." Sir Mark undertook to report our conversation to the Cabinet. He thought Lord Milner and George Barnes would understand. A day or two later, he informed me to open negotiations with the Zionists, as the Cabinet had agreed to my suggestion.

Remembering my conversations with Mr. L. J. Greenberg, the Editor of the "Jewish Chronicle," I wrote at once to him. I told him that from information in my possession I was sure the time had arrived when Jewry should cease "sitting on the fence" and come down definitely on the side of the Allies and use all their influence, especially in the U.S.A., to secure an Allied victory. The Jews wanted Palestine and now was a chance to get it. Such an opportunity would hardly recur and it was the duty of every Zionist to act quickly. I concluded by asking him if he could enable me to meet the leaders of the Zionist Movement. Greenberg replied in an enthusiastic letter, inviting me for a discussion.

After I had told him the position and of the favourable prospects, he offered to arrange a meeting between Dr. Weizmann and the other leaders of the movement, and myself. Greenberg asked me to meet him at Dr. Weizmann's home in Addison Road and introduced me to Dr. Weizmann, Mr. Sokolow and some others whose names I do not remember (I am not sure if Dr. Tehlenow was there, but I met him later). Dr. Weizmann had moved from Manchester to London a few months previously and was working on explosives for the Admiralty and Ministry of Munitions. Dr. Weizmann referred to his talks with C. P. Scott, Editor of the "Manchester Guardian." Mr. Lloyd George (then Minister of Munitions) and Balfour (then head of the Admiralty) and asked me what reasons I had for being convinced of success. I recounted the gist of my several conversations with Sir Mark Sykes and that I had the War Cabinet's authority for my overtures. Dr. Weizmann

was most interested and asked his colleagues for their views. All of them and notably Mr. Sokolow, were sceptical and hesitant. But Dr. Weizmann turned to me again and asked if I was really personally convinced that the Government seriously intended to make a promise of Palestine in consideration of the help required from American Jewry, and if I would advise them to accept, and I replied, "Yes, most certainly." Whereupon Dr. Weizmann shook hands with me saying, "I accept your advice," and asked when he could meet Sir Mark Sykes. I said if I could telephone to Sir Mark I might be able to fix it there and then. Accordingly, I rang him up, said I was speaking from Dr. Weizmann's house and asked when I could bring him along. Sir Mark fixed the appointment for the very next day, which was a Sunday.

My impression of Dr. Weizmann at this first meeting was of a man careful and yet quick to grasp the possibilities of a situation, looking ahead to the end of the process and expecting many setbacks on the way. His tall figure, his whole bearing, his pale face and keen eyes and his natural geniality, made a great impression on me which has not faded after nearly thirty years. The other gentlemen also struck me as equally passionate and devoted workers for their cause.

Dr. Weizmann was unable, owing to war duties, to accompany me to Buckingham Gate on the next day to meet Sir Mark Sykes, but Mr. Sokolow, Mr. Greenberg and one or two other Zionists attended. The results of the talk were very satisfactory. The first step was to inform Zionist leaders in all parts of the world of the compact and Sir Mark said they would be given immediate facilities for cables to be sent through the Foreign Office and War Office, through the British Embassies and Consulates. A special detailed message was at once sent to Justice Brandeis in cipher through the Foreign Office.

Further talks were held in various Government Departments, at which Dr. Weizmann was present. All these conversations took place with the knowledge and approval of Sir Maurice (now Lord) Hankey, Secretary of the Cabinet. The talks resulted in a general understanding, which I called a "gentlemen's agreement," that the Zionists should work for active Jewish sympathy and support for the Allied cause, especially in the United States, so as to bring about a radical pro-Allied tendency in that country and that the British Cabinet would help the Jews to gain Palestine in return for this.

The negotiations were now carried on in Sir Mark's room at the Foreign Office, to which the matter was referred by the War Cabinet for action.

At that time one of the principal Under-Secretaries at the Foreign Office was Sir Ronald Graham, who worked in close confidence with Sir Mark Sykes and who was of unfailing help during the whole time he was at the Foreign Office. The messages which were sent to the Zionist leaders in Russia were intended to hearten them and obtain their support for the Allied cause which had been affected by Russian ill-treatment of the Jews. Other messages were sent to Jewish leaders in neutral countries and the result was to strengthen the pro-Allied sympathies of Jews everywhere. A striking example of the effect of the message was reported to me from Petrograd. A wealthy and influential anti-Zionist Jewish banker there was shown the telegram announcing the provisional promise of Palestine to the Jews. He was very much moved and said, "How can a Jew refuse such a gift?"

An informal Anglo-Zionist gathering took place at the house of Dr. Gaster on the 7th February, 1917, to meet Sir Mark Sykes, and Herbert Samuel (now Lord Samuel), James de Rothschild, Dr. Weizmann, Mr. Sokolow, Dr. Tehlenow and Mr. Sacher and one or two others were present. My official duties prevented my attendance. Dr. Weizmann was at that time too fully occupied with his chemical work on behalf of the Govern-

ment to be able to devote himself entirely to the Zionist negotiations, and moreover, as Mr. Sokolow was a member of the Zionist Executive, which Dr. Weizmann was not at the time, Mr. Sokolow was deputed to continue the conversation with Sir Mark Sykes on behalf of the Zionist leaders.

After several talks with Sykes, it was found necessary that I should also discuss the matter with George Picot, Councillor at the French Embassy in London and in certain respects the French colleagues and opposite number of Sykes in these matters. Picot was most understanding and sympathetic—not only to the Armenians but also to the Jews, and was most willing to help if he could. But he had one great difficulty—with the sole and honourable exception of Baron Edmond de Rothschild (to whom I was introduced many years previously by Mr. George Sheffield of the British Embassy in Paris), all the leading Jews in France were anti-Zionist and scoffed at the idea that any appreciable number of Jews would ever want to go and settle in Palestine. Picot was told by them that Zionism was only an idealistic obsession of a few Eastern European Jewish fanatical nationalists who themselves would never go to Palestine, much less settle on the land there. It therefore required a good deal of cogent argument, which I happened to have, to disabuse his mind of what he had been told. This being done, he promised to help, and acting on his suggestion I went to Paris and discussed the matter also with M. Gout, at the time the Under Secretary at the Quai d'Orsay for Eastern Affairs. As he was in closer contact with French Jewry even greater effort was needed to convince him and obtain promise of his help. As a matter of fact, until the last minute French Jewry, represented by the powerful Alliance Israélite Universelle and M. Bigart, Secretary of that Institution, were straining every nerve to sabotage the project.

In December, 1916, Asquith resigned and Mr. Lloyd George became Premier. This change was beneficial to the Zionists cause inasmuch as Asquith had been definitely unsympathetic whereas Lloyd George, himself a member of a small and proud nation and having a strong religious bent, was naturally more predisposed to understand the Zionist Movement. Sir Sykes and I were greatly helped in gaining his support by Philip Kerr (later Lord Lothian), who was Lloyd George's Secretary and whose guidance in such matters he generally followed. Although I had already prepared the way in Paris to some extent for a review of the Palestine question, it was decided at the Foreign Office that I should accompany Sokolow to Paris to ensure his being received at the Quai d'Orsay by M.M. Pichon and de Margerie. It was as well that I did so. On arrival I rang up M. Picot and arranged for Sokolow and myself to see him at his house. After a long and satisfactory discussion, he promised to see that we should be received by Pichon and de Margerie. Later he telephoned that, though difficult, the appointment was fixed for the following morning. Somehow the Alliance Israélite and its Secretary, M. Bigart, had got to know about it and we learnt afterwards that until the last moment they had thought they would be able to prevent it. But fortunately we had a staunch friend in Picot to see that nothing miscarried. The Alliance Israélite was so sure of their influence that at first they could not believe the news when, a few minutes after Sokolow's arrival at the Quai d'Orsay, some friends of theirs had telephoned and told them I had decided after all that it would be better for Sokolow to go alone, as I had reason to know that the Quai d'Orsay felt I might be pushing some British interest. They (the people of the Alliance) kept on telephoning to our room at the Hotel Maurice and asking if it was true that Sokolow was at the Ministère. I answered them all, "Son Excellence, M. Sokolow, est sorti." When they asked who was speaking I replied, "Le Chef de Cabinet de son Excellence!" Mr. Sokolow was much

amused when I told him of my practical joke at their expense. Then a swarm of Jewish notables downstairs interrogated me—most of them I thought inwardly looked very pleased, though outwardly wearing a mask of disapproval, like a father who rebukes his son for jumping a dangerous obstacle and at the same time exults over it.

.....

All these steps were taken with the full knowledge and approval of Justice Brandeis, between whom and Dr. Weizmann there was an active interchange of cables.

The work was making satisfactory progress in the Spring of 1917, when the United States entered the War. Sir Sykes was very confident that the promise of the Government would be publicly confirmed very soon. Unfortunately, however, a number of very serious setbacks occurred which delayed the matter and made the issue of the declaration tremble in the balance more than once. As is well known there were very many military and naval setbacks in 1917 and the Cabinet was far too occupied with them to be able to deal with the question of Palestine and the Jews. More serious, however, was the information which reached us that one of the members of the British Cabinet was working with all his might to prevent the promise being given. This was Edwin Montagu, the Secretary for India, himself a Jew and the son of Lord Swaythling (the Banker).

Further opposition came from Jewish quarters in France and in this country. In France, as I have said, nearly all the leading Jews, with the exception of Baron Edmond de Rothschild, were bitterly opposed to the pro-Zionist declaration by M. Pichon. Their opposition was not only due to French patriotism, but also to their fears that a National Home for Jews in Palestine could somehow affect their political status in France. The same motive explained the growing opposition from the influential Jews of England. In May, 1917, the two heads of Anglo-Jewry, the late Claude Montefiore, President of the Anglo-Jewish Association, and the late David Alexander, K.C., President of the Board of Deputies acting through Lucien Wolf of the Conjoint Foreign Committee of these two bodies, gathered together a number of their colleagues and wrote to "The Times" protesting against the reported intention of the Government to adopt a pro-Zionist policy in regard to Palestine.

Fortunately, with the assistance of the editor of "The Times," Mr. Wickham, who had lived many years in Vienna, had met Herzl and understood the Zionist Movement, we were able to counter this move by publishing immediate replies from Chief Rabbi Dr. Herzl, Lord Rothschild and Dr. Weizmann. The Chief Rabbi's contribution was particularly useful to counteract the views of Claude Montefiore, who was known as a religious and spiritual leader.

Lord Swaythling and the League of British Jews continued their active opposition and sent a very able memorandum to the Cabinet, drafted by Lucien Wolf, disavowing the Zionist claims. Sir Mark and I discussed the position and the Zionist leaders were advised to take up the challenge as it was absolutely essential to convince the Cabinet that Anglo-Jewry was Zionist in sympathy and outlook, although their official spokesman was anti-Zionist. A rapid campaign among the members of the Board of Deputies was organized in order to prove that British Jewry was not anti-Zionist. A pro-Zionist resolution was introduced and carried by a large majority. This led to the resignation of the President, David Alexander, and the Vice-President, Mr. S. Q. Henriques, and the fact was duly reported in "The Times" and the general British press, and greatly impressed and influenced the Government.

.....

Our method of operation from the outset had been the following. Once the Government had decided to adopt the pattern of pro-Zionist policy, it became necessary to

pick up the various strands to be woven in to the pattern. Of these the most important was the work of enlightenment regarding Zionist aims, on which Dr. Weizmann had been concentrating since the outbreak of the War. Through the good offices of the late C. P. Scott of the Manchester Guardian, the late Professor Samuel Alexander of Manchester University, Dr. Weizmann had over a period of years, interested in the Movement Mr. Lloyd George, Mr. Balfour, Lord Crewe, Lord Cecil, Sir Herbert Samuel, Philip Kerr, Professor C. K. Webster, Sir Ronald Graham, Colonel Meinertzhagen and others. Dr. Weizmann had already discussed Zionism with Mr. Balfour as far back as 1906. Books, pamphlets and articles were written and published by a small group of Dr. Weizmann's disciples and friends, of whom I recollect Herbert Sidebotham, Professor Zimmern, Leon Simon, Harry Sacher, Samuel Landman, Simon Marks, Israel and Rebecca Sieff and S. Tolkowsky. The late Herbert Sidebotham was the famous military correspondent of the "Manchester Guardian" and "The Times" and also wrote under the name of "Scrutator" in the "Observer." His articles and books strongly urging the Zionist claims had a great following. The weekly publication "Palestine," the organ of the British Palestine committee, established in Manchester at the suggestion of Dr. Weizmann at the end of 1916, was particularly helpful. Dr. Weizmann's own contacts with scientists and Ministers naturally brought us a number of valuable friends, among whom the late Sir Alfred Mond (Lord Melchett) deserves special mention.

Another strand was the military prowess of the Unit of Zionist Volunteers, first in Gallipoli in 1915 and later in Palestine. The credit for establishing the Jewish Unit belongs, as everybody knows, to the late Vladimir Jabotinsky, one of the most remarkable Zionist leaders I have ever met. It was in August 1917, that he obtained the final consent from Lord Derby, on behalf of the British Cabinet, to establish the Jewish Unit and this also prepared the ground for the pro-Zionist declaration which had been held back for so long.

The original draft of the Declaration was prepared by Dr. Weizmann and his friends in London in the summer of 1917 at the instance of Sir Mark Sykes, and read (after various amendments at the instance of the anti-Zionists) as follows:

"His Majesty's Government views with favour the establishment in Palestine of a National Home for the Jewish Race, and will use its best endeavors to facilitate the achievement of this object; it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of the existing non-Jewish communities in Palestine, or the rights and political status enjoyed in any other country by such Jews who are fully contented with their existing nationality and citizenship."

This draft was cabled by Sir Ronald Graham to Brandeis in Washington for submission to President Wilson and to secure his concurrence. Baron Edmond de Rothschild also agreed to it and it was then submitted to the War Cabinet and to Mr. Balfour, who would sign it as Foreign Secretary. It underwent further amendment whereby the word "people" was substituted for "race" and the reference at the end to "fully contented" was omitted, and in this final form remained at the Foreign Office until the military situation in the East improved.

Towards the end of October I heard from Sir Mark Sykes that the declaration was likely to come up before the Cabinet in view of satisfactory military progress in Palestine. He asked me to wait for him in the vestibule of the War Cabinet and arranged a code word to let me know the result. As he came out he called to me, "It's a boy," to indicate success. I heard

WORLD WAR 1

later from Sykes (and also from Mr. Ormsby Gore (now Lord Harlech) that Balfour, as Foreign Secretary, in a five minute speech, convincingly explained the value of the Declaration. In this he was strongly supported by Milner and Smuts, as well as the Prime Minister. Thus the War Cabinet arrived at a unanimous decision to issue the statement. I knew then that at last, after many anxious weeks and months, my seed had borne fruit and that the Government had become an ally of Zionism. The Declaration is dated 2nd November, 1917, and is known to history as the Balfour Declaration. The final text, as published, was communicated in a letter from Mr. Balfour to Lord Rothschild, and was as follows:

"His Majesty's Government view with favour the establishment in Palestine of a national home for the Jewish people, and will use their best endeavours to facilitate the achievement of this object, it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine or the rights and political status enjoyed by Jews in any other country."

By issuing this declaration the British Government duly carried out—as I had all along been convinced they would—its obligation to promise British help for the Jews to obtain Palestine. It is therefore strictly correct for Professor Temperly, the official historian of the Paris Peace Conference, to describe the Balfour Declaration as "a definite contract between Great Britain and Jewry." The consideration for this contract had already been given by the Jews before November 2nd, 1917.

When I look back on that strenuous struggle I feel happy indeed that a kind Providence gave me the opportunity to place all my personal and official connections freely and fully at the disposal of my Zionist friends. Thus I was able to be of some service to the Jewish people at a great historic moment. In so doing I knew I was acting in the best interest of Britain and for the good of the world.

Although in a letter to me Dr. Weizmann has recognized my initiative in this work, I think it only fair to state that without his dynamic and persuasive personality, and without his quick and courageous decisions behind the scenes and the important secret and hazardous missions he successfully undertook, we might have not succeeded at all. He took the lead throughout and was regarded by all who came into contact with him as the one man who could decide for the Movement. He was particularly fortunate in that Mrs. Weizmann shared and supported his efforts to the fullest extent.

I have it from a good authority that as soon as Mr. Churchill became Prime Minister, Dr. Weizmann was anxious to see him, but Churchill kept putting the meeting off and when asked why he was reluctant to give an appointment, he said, "I know he will convince me."

This was a great tribute from the greatest of British leaders to Weizmann, the most outstanding Jewish figure in modern times.

The above is from the original manuscript of James A. Malcolm with a few unimportant paragraphs deleted in order to shorten.

James A. Malcolm was the official with the British War Cabinet with whom the Zionists negotiated in October 1916 to railroad the United States into World War 1 in order to obtain Palestine. This conspiracy created the Soviet Union in 1917 and resulted in World War 2 in 1939.

The original of this secret and hitherto unpublished manuscript is in the possession of the Zionist Archives and Library of the Palestine Foundation Fund, 515 Park Ave., New York (22), New York.

HAGANAH
ACTIVE IN U.S.

The Argentinian newspaper "LA RAZON," of June 24th, 1960 writes on the occasion of the Eichmann case. . . "The Haganah has permanent commandos," and follows up this information with the following comments as translated for us.

"It is probably known only to a few that the State of Israel maintains commando troops, in a permanent form, in the United States, Argentina, France, Egypt, Italy, Austria and Switzerland. These commandos are extensions of the underground military organization, which acted in Palestine before the creation of the State of Israel and has been called Haganah. The Haganah, after the State of Israel had been established, became the basis of Israel's army.

The members of the Haganah, who remained active, began to build up what is called today the Israel Secret Service. This Secret Service works on a world wide basis with several thousand agents. The strongest organizations of this Secret Service are in the United States and in Argentina, where live the most important Jewish ethnic groups.

Haganah works in contact with the respective military attaches of Israel without any civil intervention, neither by the Ambassador nor by any Minister.

Another organization of a civil type is patterned after the commandos; this is called "For the Defense of Jewish People", operating also on a world-wide basis. It has the task of getting information about the "enemies of the people", be they Jews or non-Jews. This organization also seeks the Jewish renegades.

The Haganah, as well as this organization, has the task of collecting information about all things which may be hostile to the Jewish people and to the State of Israel.

These spy and action organizations control enormous sums in dollars — the only money they possess. . . ."

— JEWRY & COMMUNISM —

The Argentinian weekly "Combate" of March 1960 published the following notice:

"Israelite community of Buenos Aires commemorates the 42nd anniversary of the Sovietic Revolution.

Sunday, November 8th at 18 o'clock in the School I L-Perez at Villa Lynch, Montegudo 10, a solemnity took place, in which the Israelite community of Buenos Aires commemorated the 42nd anniversary of the Sovietic Revolution. The solemnity was inaugurated by Mrs. Berta Drukareva, who exalted the significance of this new anniversary. The orators, who spoke in Yiddish with great enthusiasm, celebrated the world wide importance of the Sovietic Revolution on the social, political and economical fields, saying, that actually it is transforming the very existence of mankind. One proof more of the harmony existing between Jews and communists, whom the directed propaganda is always anxious to depict as being incompatible with another."

A COMMUNIST SPEAKS—

Read now what editor of PAIX and LIBERTE, a French Communist newspaper, wrote in 1954:

The Gospel of Jesus Christ and the Communist Manifesto.

"The Gospel is a much more powerful weapon for the renewal of society than is our Marxist philosophy. All the same, it is we who will finally beat you. We are only a handful, and you Christians are numbered by the millions. But if you remember the story of Gideon and his three hundred companions you will understand why I am right. We Communists do not play with words. We are realists, and seeing that we are determined to achieve our object, we know how to obtain the means. Of our salaries and wages we keep only what is strictly necessary; and we give the rest for propaganda purposes. To this propaganda we also consecrate our free time and part of our holidays. You, however, give only a little time and hardly any money for the spreading of the Gospel of Christ. How can anyone believe in the supreme value of this Gospel if you do not practice it? If you do not spread it? And if you sacrifice neither time nor money for it? Believe me, it is we who will win, for we believe in our Communist message and we are ready to sacrifice everything, even our life, in order that social justice shall triumph. But you people are afraid to soil your hands."

— NO TIME FOR COMMUNISM —

Amidst the bustling activity that characterizes the industrial development of the Dominican Republic there is no time for Communism. A people aware of their individuality and confident of their own ability and strength, have no need for Communism.

When it was realized by those who cover the world with the red flag that men of the Dominican Republic would not follow them, a new technique was tried. Thoroughly indoctrinated propagandists were sent to the D. R. by the boatloads. The aroused people of the Dominican nation quickly enacted legislation which outlawed:

"Any communist, anarchist or other groups, societies or associations that, regardless of the number of members they may have, their names or their emblem, uphold programs containing doctrines and platforms that are incompatible with the civil, republican, democratic and representative nature of the Government of the Republic."

Protected from within by the strength of its people and from without by stern laws, the Dominican Republic stands firmly within the ranks of free nations around the world and is determined to stay that way.

"Hate Germany" Propaganda Exposed

By Holten Whitney

(A word about the Author: The author of the following article, an American soldier, went to Europe believing all the conventional hate propaganda against Germany that had been disseminated in America by a controlled and kept press, radio, movies and other sources of information. But being possessed of a keen, intelligent and inquiring mind, he investigated in a fair way. After carrying on his research, he came back home from Europe disillusioned with his former feelings of animosity against Germany.)

WHAT I SAW.

Back in June, 1945, I was stationed at the former German concentration camp at Dachau, Bavaria.

The Jewish refugees were still there in great numbers, the war having ended for Dachau only two months earlier. The other refugees had long since gone home and to work. The Jewish refugees remained and were stripping the camp of everything they could steal and carry away. The warehouses and shops and storerooms of the camp had been full of all kinds of goods and material at the end of the war.

The first time I noticed this Jewish thievery was when a Jew commandeered an army truck going into Munich. He had large cloth bags with him. They were full of leather. But he was just an ordinary thief. Another time a Jew tried to steal five hundred pounds of brass out of a utility shop and got caught within my presence.

One Rumanian Jew stole enough goods out of the camp and got enough free labor from the prisoners of war that he started a factory of his own and shared its ownership with the Jewish-American sub-commander of the camp maintenance system. His name was Major Greene. The reason I know is that I often took gangs of prisoners of war over to the factory near the village of Dachau and guarded them while they toiled.

The Jews stole cars and trucks from the camp and maintained them right in the camp at the expense of the American army. I've seen them bribe G.I.s to steal gasoline for the trucks and cars.

German engineers and auto experts were employed to keep the stolen vehicles in good condition, when the German prisoners were supposed by army authorities to be working on American army trucks.

An enduring mental picture I have of the Automotive Repair shop is the cars of the various Jews jacked up for repairs and occupying all the space in the garage.

The Jews also used material and labor from the camp in order to keep up and repair their homes and homes of their girl friends outside the camp, sometimes as far away as Munich. I used to take work details over to Munich to work on these private houses.

The Jews occupied nearly all the decent housing on the premises of the camp while many American soldiers had to live three to a room.

The house of the former commandant of the camp in German days was occupied by a Jew named Miklos and his White servants. He wore black leather boots and riding pants and drove around the camp in a German limousine. He used to throw parties for some of the American officers. Then the house would be lit up all night and the sound of the band could be heard all over the camp, which covered about a square mile.

I sometimes would mention to other G.I.s stationed at Dachau what I saw the Jews doing. "That's nothing. Yesterday they..." was an answer I often got back. The same thing was happening all over the camp from what I heard. I was told specifically that the Jews stole glass wool, army gasoline, radio parts by the truckful, and a whole warehouse full of skis.

Within a few months after the war, the cupboard was bare of materials and goods in so far as wartime Dachau was concerned. But many a Jew fortune was made.

How did the Jews get away with it?

One way was thru the propaganda about their persecution at the hands of the Germans during the war. This propaganda caused the Americans to be indifferent towards the Jewish plundering of property belonging to others.

Some people seemed to think that Jews were above the law and beyond criticism. Once a Jew went up to a G.I., a youngster in years and army experience, and pointed out the window to a detail of Hungarian prisoners of war. "See that Hungarian out there with the stripes on his arm? He was a member of the Hungarian secret police during the war. He tortured a lot of Jews." The American soldier went out and forced the Hungarian to clean snow off the tops of a row of army trailers. He made him do it with bare hands.

Another thing was the organization of Jewry itself. The Jews were for all practical purposes in charge of Dachau. Most important jobs and positions seemed to be in their hands. The section of the camp where I was employed was overseen by an American Jewish officer. The American army sergeant of the prison compound where I worked was still another American Jew.

THOSE "SIX MILLION" JEWS

The Jews have so intimidated the public that no columnist has dared give the German side of the "six million" Jew story, hence, the lie is repeated by people who know nothing of the facts.

It is queer that members of our military occupation forces and non-military men who devoted weeks and months over post-war Germany trying to locate the remains or some sign of the gas chambers found nothing. These investigators were sent from one place to another. Only a pipe was called to their attention but further inquiry proved that these were buildings where millions of prisoners were sent through to disinfect their clothing and delouse the bodies as a safety measure in preventing disease. The official Jewish figures for Jewish population in Germany was 540 thousand.

Germany was being threatened from the outside while the Communist Jews were trying to take Germany over from the inside, this forced Germany to place many Jews in concentration camps. Jews over the world cried for war on Germany; 22 nations then were out to destroy Germany which was attacked by several thousand bombers in a single day.

Germany was blockaded and faced with feeding themselves as well as millions of prisoners; thus, Germans were eating cats and dogs. Communist Jews inside Germany were a serious source of trouble, they who had brought on the war could not escape suffering under these conditions which they were responsible for.

The whereabouts of these so-called Jews is no mystery to those who have given time to the study of the question. The U.S. as well as South America and other countries have been systematically flooded. It is well to remember that President Truman set aside 12 ships to bring Jews from Europe after the war. Hundreds of thousands came in illegally.

"Six million Jews," is an effective slogan for blackmailing the Germans and adding to the age old propaganda of Jews being persecuted. West Germany and U.S. taxpayers have given hundreds of millions to Israel that did not exist during the war.

The Jewish-owned TV channel 5 in New York City on July 18 ran an hour long film "REMEMBER US" — a movie creation grossly exaggerating conditions in Jewish camps in Germany during the war.

Several times NINE million Jews were mentioned as being burned in ovens. A woman described what she witnessed in several camps, but like the Anne Frank lie, it was not explained how she was allowed to see all of this and live!

In order to deceive the public more fully, pictures of several ovens were shown. The same single-body oven found in every city for cremating. Jews outsmart themselves in their "LOVE THE JEWS", hate the Germans, program.

- "HATE GERMANY" -

— Continued from page 1 —

His name was Givertz. The foreman of all the prisoners of war sent out from the compound was a Jew refugee. And the compound office swarmed with droves of other Jews.

When Givertz came to the office in July, he was a "T" corporal and was outranked by a gentile buck sergeant. The buck sergeant was transferred to another job in another part of the camp early in August. Later on he took a civilian job at the camp at \$5,500 a year. Givertz was promoted first to buck sergeant, then to staff sergeant, and the last I heard he was a master sergeant, by the first of 1946.

In January of 1946 the American army forcibly deported Ukrainian freedom fighters to Communist Russia. When the war had started in 1941 between Russia and Germany, the Ukrainians had risen up against the Red dictatorship at Moscow and fought alongside the Germans. They did so in order to free their country from Russian occupation.

The Russians permanently reoccupied Ukraine at the close of WW II and hundreds of thousands of Ukrainians had fled to the West for sanctuary, where they were jailed by the American army and kept in camps like Dachau. The Red government at Moscow said the Ukrainians were Nazis and demanded their return.

One day at noon I heard a terrible cry and sounds of commotion at the Ukrainian compound. Upon arriving there, I saw that the Ukrainians were being forced by a contingent of the artillery soldiers, to board railroad boxcars. The train was parked on a siding just outside the Ukrainian compound.

The effort to force the Ukrainians had not succeeded as yet. First the American officers had asked the Ukrainians to get on the train. Then they sent American soldiers into the barracks to force them out. Then the Americans had tossed tear gas bombs into the barracks. And still the Ukrainians had not come out. Instead the Ukrainians crowded to the windows for fresh air and pleaded with the American soldiers for mercy.

Near the gate to the prison enclosure stood the American officers and the Red officers who were to accompany the Ukrainians to Russia. Swarming around the boxcars of the train and spilling over into the compound were hundreds of spectators. The compound was filled with a battalion of American soldiers milling around trying to escape the fumes from the bombs that had been tossed into the barracks. They were unable to approach them because of the gas clinging to the building and all in it.

After a conference between the American and Communist officers, gas masks had been summoned from an infantry regiment headquarters. Shortly the American soldiers donned the masks and divided into teams.

American soldiers went into the barracks with clubs. They beat down resistance and dragged the Ukrainians out of the barracks one by one. They handed them to the main body of American soldiers who remained outside the barracks. Two soldiers would then get on either arm of a Ukrainian and another American soldier would follow along behind with a club. If the unfortunate twisted or resisted the soldier behind would strike him on the back of the head. And they did not spare the rod.

The doors of the railroad boxcars were thrown wide open. The Ukrainians like cattle were packed tightly in both ends of the boxcars. Both ends were boarded up and nailed fast, leaving the middle of the car empty where the doors opened. A soldier rode in the middle of the car as guard.

As a last measure of resistance, the sweaty, tear-stained Ukrainians locked their arms together in sheer desperation and came outside the barracks. The ragged lines swayed as they sang national anthems of their country. The soldiers charged the lines and beat them down with clubs.

Still another team of American soldiers

ALLIED BOMBERS LEAVE THEIR MARK

This is one of the many groups of victims of the ferocious Allied bombings of Dresden, Germany, the art center, on Feb. 13, 14, and April 17, 1945, which "held no important industries which could have bolstered the fading German war effort" (N.Y. Herald Tribune), but whose 625,000 population had just then been swelled to 1,000,000 by refugees from the Russians believing that the Four Freedom crusaders would not bomb where bombing would kill only women

and children—and art. "When the Red Army arrived on May 8, it ordered the thousands of corpses that were still being taken out of the debris to be piled up in the Altmarkt The streets leading to the square were roped off and flame-throwers were turned on the bodies."

Hundreds of thousands of Germans who were buried in the mass graves as a result of bombings were exhibited later to deceive Americans into believing they were Jews.

cleared out from the barracks whoever tried to remain inside. One youth was dragged by the feet out from one of the barracks. He had wedged himself under a bed and breathed deeply of the gas fumes.

When they dragged him out he was suffocated by the tear gas. The color of his face was deep purple. His long, lank body and close-cropped blond hair reminded me of some American high school athlete of pre-war days in America. But the youth was not the only dead Ukrainian. The area was littered with the bodies of victims of tear gas and physical assault. One of them had regained an upright position. He was praying, and for some reason I fancied he was saying "Forgive them, Oh Lord, for they know not what they do."

I knew that history was in the making. I therefore had the urge to participate. So I joined the ranks of one group of American soldiers as they left the railroad cars after having delivered their charges to them.

I got in line and grabbed the left arm of a Ukrainian and began escorting him to the train. The smell of tear gas was strong and I could feel the sweat under his arm thru his torn shirt. He sagged a little and bent his head as he went along. Half way to the gate I leaned towards his ear and said in a low voice, "Finis, eh?" He answered in the affirmative.

For a long time I fancied I could smell the sweat from his arm on my fingers. I could not help but contrast the oriental features and squat build of the communist officers with the light complexioned and straight-featured countenance of the Ukrainian patriot.

Days later there were stories around the camp that the Ukrainians had been shot as soon as the train crossed into the Soviet zone of Germany.

I hate to admit it but not one American soldier I talked to about it displayed the slightest amount of sympathy for the Ukrainians. "They were traitors," were the inevitable answers. Once I replied to a buddy of mine, "Then the Italians were traitors for turning on Germany. The Ukrainians are no more Russians than the Italians are Germans." My friend could not understand.

What I Learned Thru Personal Investi-

gation in My Capacity as a Guard at the Camp.

GAS OVENS AT DACHAU

When I came to Dachau I had heard of the horrors of the gas chambers where it was stated that millions of Jews had been burned to death. I had seen pictures of the death train found at the gate of Dachau in April, 1945, when the American army moved in. The picture showed heaps of dead bodies of men, women, and children. They were incredibly wasted and were lying sprawled around the open doors of boxcar doors.

Once in Dachau I sensed vagueness about the alleged murders. The whole question melted away when brought up. In general I never saw any proof of the gassing of millions or even thousands of prisoners. No one knew anything about it altho I asked many questions.

At that time in the summer of 1945, the story of the "six million" had not yet been born. The number claimed dead was much smaller than it is now.

It seemed that all the Jews and ex-prisoners at Dachau had been there a long time since before 1939 in many cases. Most of them appeared to be in good health and unmarked by life. A few of them had a hollow look around the eyes and a certain tightness to the skin of the face. The ones I asked about it said they had had typhus. "Everyone here had it," they said.

Typhus is a fever that literally burns up and makes skeletons out of its victims.

I asked a German about the murder of millions at Dachau in the crematory. He waved his hands and told me not to believe such lies. He had been at the camp since being drafted into the German army in 1942, first as a guard and then as a prisoner of the Americans. There had been no cruelty, no gassing, no murder.

WHAT ABOUT THE DEATH TRAIN?

"They were prisoners of war, Russian guerrilla hands mostly, brought here to Dachau as we retreated from the East," he said. "Bombing attacks slowed the movement of the train. Typhus broke out on it amid filthy conditions," he continued, "and by the time the train got here, most of the prisoners were afflicted and dying."

"HOW DO YOU EXPLAIN THE

CREMATORY?" I asked.

"Every prison and asylum has a crematory," he said. "There's no room for graveyards in Germany, at least for prisoners. We must use the land to grow food. How could we have a funeral for each of the thousands of Germans killed by bombs including the prisoners?"

The crematory at Dachau was one of the first places I visited upon reaching Dachau. One Saturday I went on a conducted tour of the gas chambers. I joined about fifteen men and women tourists from different countries at the main gate. We went thru a little clump of trees in one corner of the camp, down a muddy path. We entered a small concrete building about the size of a backyard garage.

The first room was empty except for several signs and a large painting around the room. The signs indicated that many beings had met their death on these premises. It was obvious to me that this was propaganda paraphernalia placed there after the war to prejudice tourists. It was not placed there by the Germans. I forget the exact number that the signs claimed had been put to death in Dachau. But it was a few thousands. Since then I have read repeatedly in national magazines that nearly a million jews were exterminated there.

The painting showed a gaunt prisoner in striped convict suit with ball and chain attached to one leg.

The guide said that the prisoners had been relieved of all possessions and clothing in this first room. He said that gold and stainless steel dentures and the hair on the head had been salvaged after the executions which had taken place in the next room.

The second room was fitted out with shower nozzles running along the walls. There were no windows and both doors were heavy. It was not much bigger than a small bedroom. The guide said that the prisoners were gassed in this second room. The gas was wafted thru the shower nozzles after the prisoners had been told they were going to take a shower.

The guide made no reference to jews being gassed. I got the impression that the victims were mostly Russian prisoners of war caught operating back of German battle lines and executed as spies.

The back door to this shower room looked down into a cramped boiler room. This boiler room looked like part of a basement to some small brick building. It was fitted out with two large boilers. The boilers had gas jets inside.

Each boiler was fitted out with two metal stretchers on rollers attached to the front of the boiler. The corpses were placed on the stretchers and pushed inside the boilers. In an hour or so the bodies were reduced to cinders. The remains were raked off the stretchers and new corpses were put in place.

We followed the guide down into the boiler room. We saw wooden push carts sitting outside the boiler room doors under a tree.

The sightseers had been apprehensive and a little jittery when we started from the main gate. They seemed gloomy when we were in the ante-room. But another emotion seemed to come over them down in the boiler room.

The crematory had not quite panned out. Some of them had traveled far to see it. From afar they had heard of a Nazi death factory. They had expected banks of gas ovens and evidence of murder, mass murder.

Instead of a million jews it turned out that a few thousand prisoners of war had been executed there, and after death had been cremated instead of buried. And for all the sightseers knew, the prisoners may have deserved it.

It was obvious to all that the equipment at hand was not sufficient to gas or burn very many bodies. I figured it up later. It would have taken 540 years to burn the proverbial "six million" at Dachau even if the crematory were kept busy all day long, seven days a week, fifty-two weeks a year. It would have taken ninety

years to burn a million bodies at Dachau.

When we stepped out the back door of the crematory, there was a buzz of conversation in the crowd and short laughter. One girl laughed cynically and said, "Is that all there is to it?" The German people had not been so evil as she had thought.

But there was one more thing to see. The guide showed us stacks of earthen ware jars. They were meant to hold the remains of the dead. The jars were shipped to relatives of the dead.

More than once afterwards during my months at Dachau, I went back to the small building housing the crematory. Most week days it was deserted.

Several things about the premises struck my attention. One was the shower room. The doors were not air tight. No gassing of prisoners seemingly could have taken place in the shower room. The escaping gas would have sickened and eventually killed the guards and attendants.

Also the shower nozzle, from whence it was alleged the deadly gas wafted, appeared to be new. The nozzles were bright and shiny. The plaster around them was lighter in color than the plaster on the rest of the room. The plaster around the nozzles was no more than several months old if that much. This fact suggested that the shower nozzles had been installed after the war, as I had heard before from a German plumber, named Alex, who had been in the prisoner work gang ordered to install them.

The presence of push carts outside the boiler room suggested something too. They probably had been used to bring the dead from the hospital and barracks to the crematory after having died from natural causes.

Incidentally up until the last part of the war, the victims of illness at the camp had been treated at the camp hospital, whose facilities for treatment were excellent even by American standards. Each bed was fitted out with radios and earphones.

As for cremation, it permitted the families of the dead to claim the ashes and to give them a decent burial at home, something they would not have been able to do in most cases without cremation.

Cremation is indeed the accepted way of disposing of dead bodies in many European institutions and prisons and asylums even today. The one at Dachau was no bigger than normal. It served the need to dispose quickly of diseased corpses in order to prevent and control epidemics. The crematory served as camp graveyard.

Further Investigative Research Carried Out By the Author After Leaving Camp Dachau.

Here is how I reconstructed the operation of the crematory, after much thinking and questioning and reading. Every morning the pushcarts gathered the dead from the barracks. It must be said that many prisoners were in bad health or suffering from sickness when they came to Dachau.

The corpses were delivered to the ante-room. They were examined there by a doctor. Death certificates were made out and the bodies were prepared for cremation.

All clothing was removed and valuables were removed. The possessions of the dead were confiscated by the state. They were contributed to the war effort of common defense against Communist invasion from the East.

Here I take issue with the government. The personal possessions ought to have been returned to the families of the dead when possible. This might indeed have been done before the last years of the war.

The bodies were laid out in the so-called shower room. The doors were kept closed for obvious reasons.

The crematory burners were started. The bodies were carried down to the boiler room one by one on stretchers and burned. After an hour or so the ashes were raked out of the boilers and placed in jars. The jars were sealed, labeled and stacked out in back of the crematory. A truck picked up the jars and took them to the camp express office. They were sent home free of charge. Until

the last month of the war, the ashes of every single human being who died at Dachau was sent home to his family.

Towards the last part of the war, many of the dead from the epidemics that swept the camp had no records in camp. It was impossible to label the remains of them. So they were given a common burial in large caskets.

When the American army over-ran Dachau, so did teams of jew agents. These orientals and bolsheviks engineered the story of Dachau as a murder camp. Meanwhile other teams of jews were doing the same thing all over Europe. They took possession of the German war archives. They appropriated records, films and whole libraries of information. They forged documents that incriminated individual German governmental officers. The jews destroyed documents that justified the Germans. They coerced and tortured confessions out of prisoners. They doctored photographs. They doctored papers.

In the end they burned over 100 million library and school textbooks in the greatest book-burning outrage in the history of the world.

Evidence collected by the German army showed that the Reds had slaughtered close to seventy-eight million Whites, mostly blonds, in Russia and Eastern Europe from 1917 onwards. The Reds liquidated the native Russian stock. By 1941 only Asiatics and mixed breeds remained.

The jews destroyed all evidence of Communist genocide.

But they did more. For example the jews would take a photograph of a Khazar tribesman murdering a blond-haired German family in Russia. They would doctor the photograph and change the faces and insignia on uniforms to make it seem that the White was killing the Asiatic.

The Germans had captured thousands of detailed pictures showing the mass murder of the Russian equivalent to our Pennsylvania Dutch, in Russia in 1940-1941.

The jew agents who descended upon Germany after the close of World War II forced German citizens to sign false confessions admitting the murder of jews. Their confessions were used against Germanic people everywhere.

Frankfort Germany served as headquarters for the processing of what the jew teams invented, faked and forged. The central office for the jew fabricators was said to be located in the I. G. Farben building for a while.

There the final processing was done on the truckloads of affidavits, photographs and film. The whole mass of faked evidence was assembled into a coherent tale by the end of 1945. It has served as a basis for prosecution in all war crime trials since then. That part of the forged evidence pertaining to the trial of the so-called major war criminals of 1946 is called "Official Documents of Nazi War Crimes and Aggression."

Afterwards the whole bulk of the material was shipped to the Wiener Library in London. This library was made up of thousands of statements by jews charging the Germanic people with all sorts of crimes since 1933.

It is a fact that no jews were driven to prisons in Nazi Germany simply because they were jews.

Wherever it is possible to investigate the truthfulness of stories that jews were persecuted, none can be proven. For example it is admitted that no French jews were gassed. It is too easy to check the facts in France. Journalists have access to all parts of the country. People are not afraid to talk. Plenty of impartial witnesses exist to confirm or deny.

The well-known radical jewess Gertrude Stein lived in France all thru the war. She was not molested by the Nazis.

Our sources of information about the extermination of the "six million" come to us from just those areas where no confirmation is possible, i.e., Eastern Europe and areas are strongly anti-German, anti-White

— "HATE GERMANY" —

—o— Continued from page 3. —o—

and anti-Nazi. History shows that the governments were launched by these so-called jews and jew ideas. The press and institutions for scientific research and scholarship of nearly all of them are tied to national political policy and are regarded as tools of the state.

Therefore the case against Germany is based upon the word of their worst enemies, supported by witnesses who have been subjected to strong coercion and by documents filtered thru jewish hands.

Such evidence is no evidence.

In 1933 the Reds burned down the German capitol buildings in Berlin as a signal to Red revolution. The revolution failed. Camp Dachau was built as an auxiliary prison for the purpose of housing communist traitors. Many if not most of them were jews.

Dachau continued thru the thirties to serve as a prison for Red traitors. Conditions at the camp were no better or worse than any other prison in north Europe. Until 1939 it accommodated only German jews and German prisoners. No executions took place there.

Dachau was expanded when war broke out in 1939. Communist infiltrators, spies, and saboteurs from other parts of Europe were sent there once the war started.

Few or no jews were sent to Dachau after 1941 when the Russo-German war started. The Russian jews fled en masse with the flight of the Red army. They believed their own propaganda. Few of these Russian jews ever came under jurisdiction of the German government.

The jews in such nations as Italy, Rumania, Slovakia, Bulgaria and Hungary also were beyond the control of the German state. Nazi officials like Joseph Goebbels complained often in their wartime diary-writings that jews still strongly influenced the rulers of these German allies.

At no time were there more than a million jews under control of Nazi Germany. There were no more than half that number ever living at one time inside Greater Germany, including three fourths of the land now claimed as Poland.

By 1944 the Red army began its invasion of Germany. Prisons inside Germany did double and triple duty in order to accommodate prison populations from those portions of Europe that the Asiatics had driven into.

Dachau got its share of prisoners of war starting late in 1944 and early 1945, a few months before the end of the war.

The spring of 1945 brought clear weather to the small territory left to the German army. It also brought clouds of American and British aircraft who shot up everything in sight. The planes strafed and bombed even at night. Nothing on wheels could move.

By April communications and governmental control had broken down in Germany. The Reich was prostrate. Dachau was isolated and quarantined.

Trainloads of prisoners on the way to Dachau were stalled on track sidings for weeks. The results can be imagined. The authorities could not turn the prisoners loose, and they could not supply them with food or medication.

It was one of these trains that was parked at the gate at Dachau on a morning late in April, 1945, when the American army reached Dachau. The Americans were horrified. But they knew it was one of the accidents of war caused by allied invasion of Europe and concomitant circumstances. It took a jewish press to convince the world otherwise.

The trains that reached Dachau before the Americans came found the same bad conditions there. Food supplies had given out at Camp Dachau. Famine and sickness swept the camp. The newcomers only added to the overcrowding and brought more epidemics to sweep the camp.

The crematory worked overtime to dispose of the typhus racked, pitifully thin

bodies of German guards and their prisoners. There was one gathering of the dead in the morning and another in the afternoon. The camp command gave up push carts and resorted to trucks in order to get the corpses delivered to the crematory.

Many of the corpses weighed no more than fifty pounds. They would be reduced to ashes within thirty to forty minutes in the incinerator.

It is important to remember that each of these corpses were counted as jews by the press in later compilations. Also each one was said to have been murdered instead of having died naturally from disease.

The attendants and German guards at the crematory died from contamination from the dead. Towards the end of the war, most of the German guards and some of the officers and their families stationed at the camp fled. Finally the crematory was abandoned. The bodies were left lying in their beds or at best stacked in one place. The guards who had the courage to remain retreated to the guard towers in order to escape the pestilence. Many were found dead at their posts.

There was no food in the camp for the last three days. These were three of the days late in April that the American army waited passively nearby while the Red army closed in on the heartland of the White man.

The same stories about German atrocities were told during and after World War I. They were shown to be false by revisionist historians after the close of the war. The stories of the gas ovens of World War II were more of the same wartime propaganda of hysteria, designed to fire up the people to fervor for war. But after WW II, it served jewish propaganda to continue with the stories and to continue to make fools of the masses. The spirit of deliberate scholarship and scientific honesty in evaluating the past has disappeared since 1918. True liberalism in historical research is dead for the most part. The result is that most people still believe in the myth of the "six million."

—Those "SIX MILLION JEWS"—

Anne Frank's diary described her at age 15 standing naked watching a line of naked women four abreast, being thrown into the ovens. She described another camp where she was later, but did not explain how, without clothes, she concealed her diary. Her own father here in New York for a court hearing stated that the statements attributed to her could not be from a girl her age.

A man born and lived in Russia for 25 years viewed the "REMEMBER US" film with us and says that a number of the gruesome scenes attributed to Germany were from the Soviet Union.

Now—hear two Jews on Channel 13: On July 6, 1960, George Sokolsky in an interview with Mike Wallace on TV-NTA, New York, stated that many of the Jews thought to be killed by Germany were killed by Stalin.

Reminds you of the Katyn Massacre—where 14,000 Polish officers were buried in four graves—killed by the Soviet Union and blamed on Germany.

A Colonel of the U. S. Army examined these Polish graves while a German prisoner and reported it was the work of the communists, but our defense department remained silent—protecting the Soviet Union.

Not one Jew or non-Jew was burned alive; thousands of dead, mainly Germans were cremated for sanitary reasons.

Never have we heard one word of sorrow from the Jews as to more than 75 million non-Jews killed under direction of the communist Jews in the Soviet Union and communist-controlled Countries.

Two and a half million Germans, who were prisoners of the Soviet Union, have never been heard of to date.

Today Jews cry before the Walling Wall in Jerusalem for persecution a thousand

years ago. The cry of persecution is valuable to this group which is a nation within a nation.

Why have the Jews been repulsed in England, France, Germany, Hungary, Rumania, Italy, Poland, Austria and now the Soviet Union and the Middle East. It is important that our people understand how organized Jewry has deceived the world about the situation in Germany, so that we can prevent them from maneuvering us into World War III, as they did in World War I and II.

No one can disprove these facts.

Are there any four Jewish leaders in the World who will meet Mr. McGinley and Mr. Freedman in debate and deny that the Zionist brought the U. S. into World War I and II against Germany? There are not.

BROTHERHOOD?

The following are exact quotes from the book "GERMANY MUST PERISH" by Theodore N. Kaufman, published by Argyle Press, Newark, N. J., February, 1941.

This book was accepted by the Zionist leaders as the guide for dealing with the German people who had challenged the Jewish plot to rule the world by communism.

"The population of Germany, excluding conquered and annexed territories, is about 70,000,000, almost equally divided between male and female. To achieve the purpose of German extinction it would be necessary to only sterilize some 48,000,000—a figure which excludes, because of their limited power to procreate, males over 60 years of age, and females over 45.

"Concerning the males subject to sterilization the army groups, as organized units, would be the easiest and quickest to deal with. Taking on the assumption that each will perform a minimum of 25 operations daily, it would take no more than one month, at the maximum, to complete their sterilization.

"Inasmuch as sterilization of women needs somewhat more time, it may be computed that the entire female population of Germany could be sterilized within a period of three years or less. Complete sterilization of both sexes, and not only one, is to be considered necessary in view of the present German doctrine that so much as one drop of true German blood constitutes a German."

A copy of this book was forwarded to the Library of Congress for copyright purposes in February, 1941. You will note that this book was written and printed 10 months BEFORE the United States was promoted into World War II. It was printed while the United States was at peace with Germany. Like the Gomberg Map, prepared and printed months before Pearl Harbor, it was done in anticipation of our being shoved into this unnecessary war.

Consider the enormity of this un-Christian, un-American suggestion.

NEW FRONTIER MARCHES ON

Let us who have opposed Jack Kennedy so vigorously trust that later we will be justified in supporting him.

Our Country faces by far the worst crisis since Columbus landed in America. The periods of World War 1 and 2 were not the least threat or of any concern what ever to us. Anyone who dares look for the truth will learn that the Zionists pushed us into these terrible wars by their influence on all forms of expression, especially newspapers. We were lied into these wars.

Unfortunately the Zionist-Jews now have complete control of our thoughts, as they control T.V. and Radio, the greatest instruments for slanting propaganda.

As we face this crisis, Kennedy is our President. Let's help him all we can when he is right, and pray he is right more times than wrong. It is his appointments that have been forced upon him, that we fear the most, for Kennedy is by far the smartest President we have had for many terms. In a year he will have learned much and we believe change his opinion greatly.

It is difficult to believe Kennedy will go as far down the Marxist road as his team plans on going. God forbid it will be too late, when Kennedy changes his course and fires some of his Marxist team. To be elected it was necessary for Kennedy to accept the support of aggressive, ruthless pressure groups who now demand to be paid off. They want a liberal hand in directing our people down the Socialist road to Communism. Lets hope our Country will not end up like China when General George (no combat time) Marshall, forced Chiang Kai-shek to accept a few Communists into his government. Dean Rusk, remember, was with Marshall.

Abe Ribicoff, Secretary of Health, Education and Welfare. Reliable reports are that this is the heaviest Communist-infected Government agency—70%.

Arthur Goldberg, Secretary of Labor. He is Walter Reuther's righthand man. John and Bob Kennedy when conducting the labor rackets committee, white-washed Reuther and Dave Dubinsky.

Douglas Dillon (Lapowski) Secretary of Treasury, listed as an Episcopalian—Bernard Baruch was married by an Episcopalian Bishop.

Several years ago, Common Sense in commenting on a career man with the State Department listed him as a Jew. Several people in Pennsylvania wrote us that we were in error, that he lived in a town in Pennsylvania named after his family, and he was an Episcopalian. About a year later this man died and the National Jewish Post of Indianapolis & New York in an article on the front page, praised him as a Jew for all his life. The Jews knew more than the Episcopalians. Three Hundred Thousand Jews, (Morrans) joined the Church in Spain, some becoming Priests and Bishops. Later, when they were expelled and escaped to England and France, (1492), they boasted they were trying to wreck the Church from within.

Douglas Dillon's father, Sam Lapowski, was a Polish Jew. He changed his name to Dillon. He was a member of Dillon,

Read Co. International Bankers of Wall Street, controlled by Bernard Baruch. Douglas Dillon was also with Dillon, Read Co., which has been deeply involved in arranging loans with reference to wars in Europe. Kennedy has said several times he would take up where F.D.R. left off. F.D.R. also appointed a Jew, Henry Morgenthau, Jr., as Secretary of the Treasury. He in turn appointed Communist-Jews to run the treasury. Harry Dexter White who committed suicide when exposed as a Communist by the H.U.A.C. Harold Glasser and V. Frank Coe were also Communists. They gave our money plates to the communists who printed hundreds of millions of money we redeemed. Morgenthau has been hiding in France for years to prevent examination by Congress.

Ted Sorensen, Special Counsel, Contact man and Speech Writer for President Kennedy. His father was a Unitarian, his mother a Jew. Unitarians are close to Jews, neither have any use for Christ. Sorensen's Deputy, Myer Feldman, White House aide, is also a Jew.

Pierre Salinger, Kennedy's Press Representative, father Jewish engineer, mother French Catholic.

Adlai Stevenson, (See his Red Record in Common Sense, issue No. 348), a Unitarian, Ambassador to United Nations. Jacob Arvey, Jewish political boss of Chicago brought Stevenson into politics and made him governor of Illinois. Arvey is the power behind Adlai. Eleanor Roosevelt with 100 Communist Fronts to her credit and the organized political Jews are behind Adlai. Practically all the Reds and Communists backed him for nomination for President.

Newton N. Minow, a Jew, Chairman of Federal Communication Commission (FCC), is a Law partner of Adlai Stevenson.

George W. Ball, Under-Secretary of State for Economic Affairs, is also a Law partner

Looking Back At McCarthy

by Denis Grant and Paul Ross
This INTELLIGENCE Supplement
December, 1960

is taken from **THE WORD**, a pictorial magazine published at Donamon, Roscommon, Eire.

The word smear, like many other American words, is short and snappy, yet perfectly accurate in its connotation. It denotes a comprehensive method of abuse by every organ of publicity—press, radio, TV, etc.—which is unleached by Communists against a selected anti-Communist and is then prattled in parrot fashion by the many transmission belts that comprise numerous liberal and pseudo-intellectual publicists. This vilification is persistent and devastating in its effects on the victim. Nothing is too vile for the work of covering the anti-Communist in opprobrium: liar, hypocrite, foul-mouthed, biased, coward, brute, fascist, Hitler-like — the list of epithets used is almost unlimited.

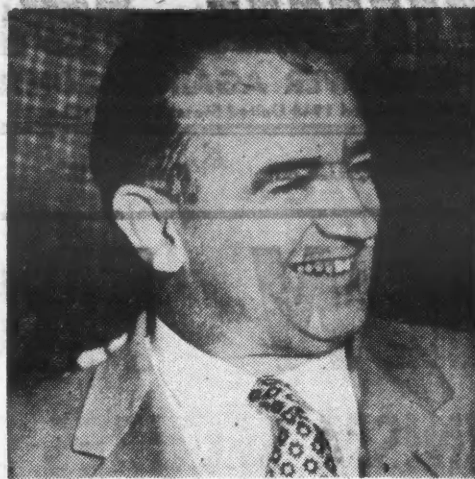

No anti-Communist was ever smeared so much, so widely and so successfully in this way as the late Senator Joseph McCarthy of Wisconsin. Even today, three years after his death, his calumniators are still at work. Richard Rovere, former editor of the American Communist periodical *New Masses*, recently published a book entitled *Senator Joe McCarthy*, which ranks as a classic in smear and character assassination. All the smear epithets listed here and many more are to be found in Rovere's book and in the many laudatory reviews of it which have appeared in various papers. Even some Catholic writers have been duped into accepting and spreading the Communist propaganda about McCarthy. Christopher Hollis, reviewing Rovere's book in the *Observer*, wrote: "McCarthy was a foul-mouthed, bragging brute, who . . . lied without pretence of believing his own lies . . . feel tempted to compare him with Hitler." Donal McCartney denounced him in *Hibernia* as "insincere . . . the unscrupulous politician . . . His vulgar tongue . . . lied shamelessly . . . He bluffed and he bullied . . . the whole nation groaned under him." Laetitia Fairfield described him in the *Catholic Herald* as a "crooked Senator" with "an astounding facility in the technique of the multiple untruth . . . making his fortune by grubby speculation and drinking himself to death," whose "antics were blackening his country's good name."

In regards to smears like these it is well to recall what Bishop Lucey of Cork stated after his return from a visit to America during the height of the campaign while McCarthy was still alive. "We in Ireland were sadly misinformed about some things in the U.S.A.," said Bishop Lucey. "For instance Senator McCarthy and 'McCarthyism,' which have been pilloried so unmercifully here. People I met in America were shocked at the way McCarthy has been condemned, without a hearing, in Ireland. To represent Senator McCarthy, as has been done in this country, as a disreputable and discredited witchhunter is just gross misrepresentation."

"Beyond mischief," says Rovere, in his smear book, McCarthy "never accomplished anything." Let us see.

Joe McCarthy, the fourth of the seven children of Tim and Bridget McCarthy, was born in Wisconsin in 1908. His parents were small farmers who had to struggle hard to make ends meet. After school the children helped on the farm and on Sundays they walked seven miles each way to Mass in Appleton, the nearest town. At fourteen Joe left school and worked at various jobs from poultry keeping to truck driving. He soon realised that his lack of education was a serious handicap, so he attended classes, paying his fees by doing all sorts of menial work. In due course he went to the Jesuit Marquette University and qualified as a

Senator Joseph McCarthy

lawyer; he was elected a Circuit Judge at thirty, the youngest in the history of Wisconsin.

When America entered the war McCarthy, being a judge, could have claimed exemption from active service; instead he volunteered for the Marines, the toughest U.S. fighting force. He was assigned to the Intelligence Department at home, but after some time he insisted on going to the Pacific, where he took part in many dive-bombing exploits. After the war he was elected Republican senator for Wisconsin beating his Democrat opponent by more than 300,000 votes.

The infiltration of Communists and their fellow-travellers into influential positions in the United States began in 1933 when Pres. Roosevelt gave diplomatic recognition to Soviet Russia. His reversal of American foreign policy opened the gates to swarms of Communist agents, and when he was warned of this in Congress as far back as 1938, Roosevelt replied: "There is nothing wrong with the Communists in this country; several of the best friends I have are Communists." During and after the war, in which Russia was America's ally, the situation was naturally much worse. The activities of Communist agents became more blatant until the whole nation was shocked by the disclosures in the Alger Hiss case.

Louis Budenz, the convert who was formerly editor of the Communist *Daily Worker*, summed up the position well when he wrote: "Communism has won victories in the United States, not in the countries it has conquered. Poland was betrayed in Washington through the counsels of Alger Hiss, Harry Hopkins and others of their ilk." So too was Central Europe sold to Stalin at Yalta and half of Korea was let fall to the Communists in 1949 by the U.S. State Dept. on the advice of Owen Lattimore, who said, "Let Korea fall, but do not let it look as though we pushed it."

Among others who helped the spread of Communist terrorism were Harry Dexter White, the Communist spy who became Assistant Secretary of the U.S. Treasury, and Joseph P. Davies, U.S. Ambassador to Moscow, who stated: "The word of honour of the Soviet Government is as safe as the Bible. Communism is protecting the Christian world of free men." Fancy that now!

American Communists and their liberal fellow-travellers were being rewarded on a grand scale, while patriots like Gen. MacArthur, who was rated the greatest general of the war, were driven from public life by smear and calumny. People asked themselves how could these things happen, how could the most powerful nation on earth come to bow before Communism? "There was a man in Washington," wrote Father Richard Ginder, one of the editors of *Our Sunday Visitor*, America's largest Catholic paper, "who kept asking himself these same questions — Joseph McCarthy. Like the rest

of us he was baffled, but, unlike the rest of us, he was in a position to do something about it. He was a United States Senator."

One of the stock-in-trade charges made against McCarthy by his detractors is, believe it or not, that he failed to uncover even a single Communist! For the unthinking the implication is, of course, that he was an irresponsible demagogue and "witch-hunter" who went about indicting innocent people. The charge, though clever, is untrue, for McCarthy did in fact, uncover card-carrying members of the Communist Party. Yet much more dangerous to the free world than actual Communists are liberals and fellow-travellers, scores of whom were uncovered by McCarthy. "We must always remember," said Dimitrow head of the Communist International, "that one sympathizer is worth more than a dozen Communists. A university professor or writer who defends or lends himself to the interests of the Soviet Union is worth more than a thousand party members." And J. Edgar Hoover, Director of the F.B.I., has warned that "our danger from actual Communist agents is far surpassed by the danger from vast numbers of American pseudo-liberals who carry the ball for the Communists in every play." For obvious reasons most Communist subversives in the U.S. Government departments and armed forces never wear red shirts or carry party-cards in their pockets. Yet the truth is that when McCarthy was Chairman of the Senate Sub-Committee for investigating subversive activities, he did in fact uncover actual Communist Party members. One of them, Annie Lee Moss, was actually employed in carrying secret Government messages to and from the code room in the Pentagon itself! There was too the case of Edward Rothchild and 15 other Communist agents who worked in the most secret section of the Government Printing Office, where the secret codes and hydrogen-bomb documents were printed. McCarthy discovered that from 1944 they had delivered to Russia currency, plates, ink and printing materials worth \$238 million. Then there was William Remington, a Communist who was in charge of export licences in the Department of Commerce and who withheld vital licences from shipments to Nationalist China at a critical time. Although his treachery was known to the authorities, he retained his key post until he was exposed by McCarthy.

Many attempts have likewise been made to discredit McCarthy's list of suspects in the State Department, but the fact remains that it was because of his investigations that most of these 81 State Department employees were dismissed or chose to resign. He also uncovered Owen Lattimore — an adviser of State Department employees! — who was later branded by both Democrats and Republicans as "a conscious, articulate instrument of the Communist conspiracy."

But the most important investigation McCarthy conducted was probably that at the U.S. Army's secret radar laboratories at Fort Monmouth, where at least 9 Communist agents were uncovered. Here too the notorious atom spy Julius Rosenberg worked for 5 years — he and his wife were later executed for giving the secrets of the atom bomb to Russia. Stevens, Defence Minister in the U.S. Government, and other military authorities stated that if McCarthy had only exposed even one potential spy at Fort Monmouth he would have performed a tremendous service to his country.

Before McCarthy began his investigation, Communists and their agents could not be removed from their key positions no matter how strong the evidence against them, for neither Military Intelligence nor FBI reports could be legally invoked against them. But McCarthy's Senate Sub-Committee changed all that, as witnesses had to testify before it under oath. Many, knowing their

of Stevenson, served under Henry Morgenthau when he was Secretary of the Treasury.

Willard Wirtz, Under-Secretary of Labor—Stevenson Law partner.

William McCormick Blair, Stevenson Law partner, will be offered a Diplomatic Post unless he follows Adlai to the U.N. in some capacity.

J. Edward Day, Postmaster General, former administrative assistant to Adlai Stevenson. Believed to be a stooge of Jake Arvey.

Dean Rusk, Secretary of State, formerly President of Rockefeller Foundation. When **Alger Hiss** was exposed as a communist spy, he resigned as President of Carnegie Peace Foundation and recommended Dean Rusk for the job. Rusk was an active member of the Institute of Pacific Relations, (IPR) exposed by the late Senator **Joseph McCarthy** as a nest for communist spies and sympathizers.

This organization was saturated with communists. The Senate Internal Security Sub-Committee reported in 1952 that I.P.R. was used by communists and those who controlled it were all either communists or pro-communists. Rusk is also a Rhodes Scholar.

The following excerpts from the book **THE CHINA STORY** by **Freda Utley**, speak for themselves:
Page 121.

It is important here to call attention to the manner in which the members of the "progressive" group in Washington and New York managed to replace each other in important positions inside the Administration. For instance after **Alger Hiss** resigned from the State Department to become Director of the Carnegie Endowment for International Peace, **Dean Acheson** recommended **Dean Rusk** to take Hiss's place as Director of the Office of Special Affairs. Rusk had formerly served under **Jos. E. Johnson** who, as Chief of the Division of International Security Affairs, under the Special Political Affairs Office, had been chief assistant to **Alger Hiss**. In 1949, Rusk stepped higher up the ladder of preferment, becoming First Assistant, and then Deputy Under Secretary of State. Today, **Johnson**, who resigned from the State Department in 1947, to return to teaching at **Williams College**, holds the position with the Carnegie Endowment held by **Alger Hiss** when he was indicted for perjury.

Dean Rusk may be wholly free of any communist sympathies, but he has proved that he must be classed among the dupes of the Chinese communists. Not even **Mao Tse-tung** or **Stalin** ever ventured to give such a clean bill of health to the Chinese communists as he. On June 14, 1950, **Dean Rusk** told the World Affairs Council conference of the University of Pennsylvania, that the Chinese "Revolution" is "not Russian in essence" and "does not aim at dictatorship." He went further than almost any other State Department official in his desire to represent the Chinese communists as good liberals who follow the American ideal. For he said that "the Revolution in China" is comparable "to the American revolt against the British."

Page 122: Furthermore, in the Korean crisis **Dean Rusk** appealed strongly in support of an appeasement policy. In a speech on November 15, 1950, he made it quite clear that if only the communists would limit their demands, we would be happy to forget how many American soldiers they had killed and give them assurances they needed that the United States had no intention whatsoever of contesting communist

rule over China. He said: "We do not know what Chinese intentions are. It is of the greatest importance to find out whether the Chinese have limited objectives which are negotiable in character, or unlimited objectives which by their very nature are not negotiable." Dismissing as of no consequence all the evidence that the Chinese communist Party acts on Moscow's instructions, **Dean Rusk** said that "we do not know" whether communist intervention in Korea is part of a pattern of "world-wide aggressiveness, we do not know the real explanation." Of course, no one can ever know anything if all evidence contrary to his hopes is dismissed as non-existent.

Professor Walt W. Rostow, Jew, advisor on Foreign Policy.

Edward R. Murrow, director of United States Information Agency which controls the Voice of America. Has a soft-on-communism record. In 1935 after communism had been operating 18 years, **Edward R. Murrow** was recruiting American Teachers to attend Moscow Summer School where he also attended. His activity was exposed by the **Hearst Press**, Feb. 8, 1935.

Adam Yarmolinski, Asst. to Secretary of Defense, in charge of selecting personnel. At

Harvard in 1939-43, he founded and edited a publication known as Harvard "Yardling" which was regarded as presenting the student's view of the Young Communist League.

Robert C. Weaver, Negro Administrator of the Federal Housing and Home Finance Agency. At the time of appointment he was chairman of the board of NAACP.

Robert C. Weaver has been tied up with communism for thirty years, belongs to a list of communist fronts and is now in position to place thousands of reds on the Government payroll as was done by communist heads of departments under F.D.R., who opened wide the gates to communists.

John Kenneth Galbraith, Ambassador to India. Professor at Harvard — a Fabian Socialist.

Walter W. Heller, Jew, Kennedy's Economic Advisor.

Mortimer Caplin, Jew, Commissioner of Internal Revenue.

THE INAUGURATION

The inauguration apparently was carefully planned, careful enough to be sure **Jesus Christ** was not mentioned.

We were sure our Savior's name would not be mentioned, but we listened attentively. **Cardinal Cushing** made a long talk, the Episcopal Minister, the Rabbi, the President and others with well selected words meant to impress us. We were reminded of the crisis our country faces, but not a word about Christ, who we will certainly need if we are to survive. They dared not mention our Lord's name. Kennedy dares not mention **Jesus Christ** before any public gathering, not only as long as he is president, but as long as he wishes to hold any office. The Jews forbid this name being mentioned by any public speaker in states where they are powerful.

A number of Christian clergy have told us they have been warned before making a public address, "do NOT mention **Jesus Christ**."

God is OK with Jews, for their God is Lucifer they hold as a brother of Christ. And they propagate Brotherhood on us. We are not brothers in blood or under **Jesus Christ**. This was a Christian country now we dare not mention the father of Christianity. The spineless waterdowned Christians.

SUMMING UP THE APPOINTMENTS

Harvard, the Marxist incubator, stands out prominently—then Rhodes Scholars.

In the **Daily Worker** of April 25, 1956, writer **Joseph Clark** in referring to Harvard University described it as "that great center of international communism". They should know as the **Worker** is the official communist publication.

Jews say they are only 3% of the population. On this basis they do well in Washington. Not one of the appointees has distinguished himself as opposing or exposing communism.

Most of them have a record of being soft on communism and a Marxist educational background. A few we believe are communists.

Such is **Kennedy's** team, yet he tells us we face a serious threat. From whom?

Sizing up this administration in its efforts to stop communism and turn the tide, it appears we are sending the same crowd to put out the fire that started the fire in the first place. It was the New Deal gang that saved communism and gave it world strength. **Kennedy** says the New Frontier is a continuation of F.D.R.'s New Deal.

Read over these appointments again. Note the important key spots held by Jews, Harvard Socialist eggheads and **Adlai Stevenson** and his five associates.

Read and pass on!

- McCARTHY -

—o— Continued from page 2 —o—

evidence would incriminate them, had recourse to the expedient of invoking the Fifth Amendment of the Constitution, though, of course, they thereby established a *prima facie* case against themselves.

The term McCarthyism was used for the first time in the *Daily Worker* of May 4, 1950, by Gus Hall, Secretary of the American Communist Party. "I urge all Communist party members and all anti-fascists," he wrote, "to yield second place to none in the fight to rid our country of the fascist poison of McCarthyism." And Political Affairs, which lays down the party line for all U.S. Communists, stated: "This means the fight against all manifestations of McCarthyism." Louis Budenz, who explained "to the Communists McCarthyism means any attempt to curb this conspiracy," stated that "a considerable segment of American public opinion is being thought-controlled on McCarthyism." Many Catholic papers and their readers have also echoed the Communist cry of McCarthyism and joined in denouncing the Senator without realizing that they were thus serving the cause of Communism. In a sermon on this Communist conditioning in America, Bishop O'Gara, C.P., who was imprisoned by the Chinese Communists for two years, has stated: "Perhaps by far the most disquieting factor to me has been the miasma of pseudo-liberalism which seems to have gained acceptance even in Catholic quarters. It is reflected in print, in periodicals widely read by Catholics and enjoying an otherwise fine reputation for the defence of Catholic principles. It has muddled the well-springs of thought even in our Catholic classrooms." Communists everywhere spread slogans and lies through the non-Communist press and as a result their false labels are accepted as non-Communist in origin. This clever technique was never used more effectively than in the smearing of Joe McCarthy, when fuzzy-minded dupes and liberal intelligentsia vied with one another in condemning the "Fascist monster of McCarthyism."

Some liberals and their dupes say that it was what they call McCarthy's methods to which they mainly objected. Christopher Hollis wrote that he had "a virulent talent for abuse against which responsible people have not the courage to stand up." McCarthy himself stated: "I do not much mind the Communists screaming about my methods. They are under orders to do just that. But it makes me ill when I hear self-proclaimed liberals, too lazy to do their own thinking, parrot over and over this Communist Party line."

What is the truth about McCarthy's character and methods? Take the Communist view first. Here are some of the things Rovere writes about him in the book that has been the source of most of the recent newspaper smears: "McCarthy, though a demon himself, was not a man possessed by demons . . . He was a prince of hatred . . . a low mean fellow . . . foul-mouthed . . . this ogreish creature . . . He was a vulgarian . . . a man to whom anything presentable in skirts . . . a weakness for liquor . . . wenching . . . gambling . . . He invented a military record for himself, though that was a mere tissue of lies . . . There have been descriptions of him having spent his last years in an unbroken alcoholic stupor . . . But he was not always drunk . . . he did not devote his life to drinking . . . Did he . . . 'drink himself to death?' One way, or another, he probably did . . . He died, then, because he could not lay off liquor . . . He made little pretence to religion or to any species of moral rectitude." If some sort of Nobel Prize is ever given for slander and scurrility, Rovere's smear classic should surely qualify for it.

Let us now consider the testimony of some reliable non-Communists on McCarthy. Patrick F. Scanlon, editor of *The Tablet*, official New York Catholic newspaper, who was "a close friend of the late Senator for

almost ten years," stated: "Senator McCarthy was a practical Catholic, he never missed Sunday Mass; he made a visit to the Blessed Sacrament nearly every afternoon; he was married to a charming girl whom he converted before he married her." And the famous American journalist Father James M. Gillis, C.S.P., formerly editor of *The Catholic World*, wrote: "I think the Senator did his duty and no more than his duty; that he acted not only legally, but conscientiously and that he conducted himself with great restraint in the face of outrageous abuse. I have read all that Senator McCarthy has written, I have had conversation with him at considerable length, but I have never heard him use such vicious language as that of the editor of the *World-Telegram*. A friend of mine, a publicist of distinction has made a point of hearing all of McCarthy's speeches in the Senate. He tells me that Joe always speaks moderately, is tolerant, patient and gentlemanly." Alistair Cooke, the well-known radio and press correspondent, stated that McCarthy was "patient with witnesses whose FBI files would give innocent citizens the creeps. He has consistently protected the anonymity of highly suspect witnesses." It was Cooke too who gave us this very accurate definition of the Communist term McCarthyism: "McCarthyism may be defined as putting the searchlight on a Red, who then turns around with the support of friends in the press and radio and hurls smear and witch-hunting charges at the man with the searchlight, demanding that he be arrested for disturbing the peace!"

Regarding the Communist smear that McCarthy terrorised America with his witch-hunting, Cardinal Spellman stated: "Judging from the hysterical tone of the criticism, one would imagine that it is no longer possible in America to keep one's good name. No American uncontaminated by Communism has lost his good name because of Congressional hearings . . . into Communist activities . . . There are strong reasons for these inquiries and we thank God that they have begun while there is still time to do something about it. The anguished cries and protests against McCarthyism are not going to dissuade Americans from their desire to see Communists exposed and removed from positions where they can carry out their nefarious plans." And when Cardinal Cushing was asked what he thought about McCarthy, he replied: "The whole thing depends on how you look at Communism. If you look upon it as one of the greatest evils that has ever attempted to undermine Western civilization, naturally you do everything you can to save our way of life from the inroads of this evil."

Like many other political figures the world over, McCarthy may have been flamboyant, fond of publicity and perhaps imprudent at times. But he was certainly not the "hideous magician," who "united in a terrible force, all the bestial rancours and dark passions which lurk . . . beneath the crust of society," that Hugh Trevor-Roper, the Oxford History Professor, made him out to be in his smear review of Rovere's book in *The Sunday Times*.

In spite of all the vicious smears he hurls at McCarthy, Rovere, does admit in his book that McCarthy was "incapable of true rancour, spite and animosity." There is an interesting instance of this in McCarthy's own book: "I 'exposed' Time for gross, deliberate lying," he wrote. "There is nothing personal about my exposing the depth to which this magazine will sink in using deliberate false-hoods to destroy anyone who is hurting the Communist cause." McCarthy also wisely remarked that it is more important to expose a liar who has a newspaper or magazine at his disposal to disseminate his poison than one who has not.

With a good measure of success, Joe McCarthy tried, almost single-handed, to expose the infiltration of Communists into key positions in the most powerful non-Communist country in the world. He did not attack Communism, as so many are content to do, with mere pious cant; no,

he sought to unmask its agents as they operated in specific places, and he tried to uncover their sponsors. That was his crime in the eyes of the Communists and for that they marked him down for destruction. In doing so, the Communists and their fellow-travellers did everything possible to ensure that a public figure, especially in America, would never again attempt to expose them. That was the real purpose behind their cry of McCarthyism. And with this aim they waged the most successful propaganda campaign the world has probably yet seen. The measure of their victory may be gauged by the recent statement of J. Edgar Hoover, Director of the FBI, that "beyond any doubt secret Communist agents have worked themselves into thousands of strategic positions in American life today, 'ready to step out and act for Russia when the time comes.'" For all really effective exposure of their espionage rings and agents has now been stopped, he says, "by smearing into death, defeat, retirement or despair those legislators who were most determined to expose them."

Following a short illness, Joe McCarthy died on May 2, 1957. Nation-wide sympathy was expressed to his widow, Mrs. Jean McCarthy, in the form of over 110,000 messages of condolence and more than 34,000 Mass cards. Solemn Pontifical Mass was offered for him in the Cathedral in Washington by Archbishop O'Boyle of Washington, and in his oration Mgr. Cartwright, Rector of the Cathedral, stated: "Senator McCarthy filled in the last few years a role which will be more and more honoured as history unfolds its record . . . this man saw Communism clearly and knew that it was an evil with which there can be no compromise . . . he had the fortitude to stand alone . . . We take leave in our humble way of the Senator and public man, of the friend . . . But we also take leave in our Christian way of a brother Christian who has gone to God . . . And we feel confident that in God's place under God's love there will be rest for the weary, reward for the faithful and honour for the brave."

The Communist party line on Joe McCarthy and McCarthyism, especially as presented by Richard Rovere and the duped reviewers of his smear classic, has been given much publicity everywhere. Here you have been able, probably for the first time, to hear the other side of the story. You can now judge which is the truth.

(A group of distinguished Harvard graduates).

Here in simple language is a concise history of the Socialist and Fabian Movement in England and America. You will no longer wonder why Harvard has produced men like Alger Hiss, Walter Lippmann, Harry Dexter White, after reading this factual book.

A blueprint of what the next four years might be, if Kennedy is influenced by his Harvard braintrust, is given in detail. This is must reading with a Harvard man in the White House.

Who Runs The United States?

By Merwin K. Hart
President, National Economic Council
republished from Letter 496

President Kennedy's brief Inaugural Address, devoted largely to foreign policy, was, on the whole, an admirable statement. It should bring little comfort to the communist world plotters.

Merwin K. Hart

We admire particularly the way he restated the Monroe Doctrine and stood up to Khrushchev and his gangsters.

But no one can negotiate with Khrushchev—now or at any time in the future. If we have not

yet learned that, we never will.

We, too, would like to see poverty wiped out. We are afraid we never shall. It was Christ Himself Who said, "The poor ye have always with you." Human salvation and national salvation do not lie on the road of assuring everybody whatever he wants. Under any system of government individual initiative counts for at least something.

We like particularly Kennedy's statement "In your hands, my fellow citizens, more than mine, will rest the final success or failure of our course." That sounds like Grover Cleveland's statement in his first inaugural in 1885: "He who takes the oath today to preserve, protect and defend the Constitution of the United States, only assumes the solemn obligation which every patriotic citizen . . . should share with him."

The year 1933, when the New Deal started, marked the beginning of a twenty-eight year period during which so much has happened of a nature unfavorable to the United States that we may well ask the above question. The President, the Congress and the Supreme Court have, of course, been busy. But relatively unnoticed forces have been pulling the strings. Practically every move made by the United States, wherein Soviet Russia was interested, has worked out in favor of Soviet Russia and against the United States. No need to relate these incidents again.

These alien-minded forces have been both direct and indirect. Not only have we lost North Korea, China, North Vietnam and now Cuba, but our "liberals" have sat by and even applauded the evidence of communist infiltration in a multitude of other countries, including many areas of Africa and Latin America.

The United States has lost ground steadily in foreign policy—has steadily lost the respect of intelligent men in many countries, supposedly or actually our allies. Our foreign aid has raised the industries of many countries, including former or present enemies, to a position where many plants are more modern than ours at home. The international balance of payments has turned against us. About a fifth of all our gold reserve has been drained off—a substantial amount since January 1, 1961. We have

exported a million jobs, and more are to follow. We have lost much of our foreign, and even a considerable part of our domestic, markets. In fact, our country today is in a state it has never been since our early days as a nation.

What has caused all this? Why has internationalism become so great a force? Why is the United States, with all its glorious traditions of Anglo-Saxon ancestry, of the Revolutionary War, of the setting up of the Constitution—why are we now in a decided decline? How was the Supreme Court of the United States persuaded to hand down its integration decision with the result that discord has been created from end to end of the country—just one more way in which the country has been weakened in the face of communist onslaught?

For America is definitely on the toboggan, and the slope is steep. Alien forces that have created and nurtured the idea that we must lead the nations into a world government, seem to be in control.

Several factors have contributed to this. They are not due to any conscious action by our own Government, either Executive, Legislative or Judicial. They have happened and are happening in spite of these three Departments—or perhaps, in the case of the Supreme Court, with its acquiescence. Outsiders are taking a hand. Alien ideas are running the country. We are no longer masters in our own house.

The first force in American affairs in point of time is an organization little known by the public called, the Council on Foreign Relations. This organization, formed in 1923, and prominent in whose membership are some of our richest and most influential bankers, businessmen, scholars and left-wing politicians, has more and more come to be a power. The Council is already a powerful factor in reaching the conclusions on which the Government acts—no matter how foreign they may be to all American tradition.

Among the most active members of the Council on Foreign Relations have been or are: Alger Hiss, Edward R. Stettinius, Leo Paslovsky, John Foster Dulles, Nelson A.

Rockefeller, Adlai Stevenson, Charles E. Bohlen, Philip C. Jessup, Ralph J. Bunche, Cord Meyer, Jr., Lawrence S. Finkelstein, James T. Shotwell, Thomas W. Lamont, Norman Thomas, Allen Dulles, Christian Herter, Sidney J. Weinberg, General Lucius D. Clay and Henry Ford II.

There is reason to believe that all of these men are in favor of world government. Some of them do not put it that way—they want "closer cooperation between the nations of the free world." But few of them seem known for their interest in preserving the independence of the United States.

The Council on Foreign Relations has exerted great and increasing influence on the Eisenhower Administration. If it can it will exercise an even greater influence over the Kennedy Administration. An astonishing number of the leading appointees of President Kennedy are members of the Council on Foreign Relations.

Now, any American citizen has the right to hold any ideas he pleases, and to express them. But when, as seems certain, these men are committed to a course that will mean the wiping out of the independence of the leading free country of the world, then the CFR should speak out and make its real views known to the public. And the people, through the Congress, should see that it does. It will not be enough for the American people to find out later that they have been betrayed, with however good intentions, into a world government in which the United States will be a small minority. For that will mean that in America liberty will die.

We in America have our material wealth to protect. But, important as it is, this wealth is one of the least things we have to protect. We have to protect a way of life peculiarly our own which is based on the fact that our freedoms have inherently flowed from the precepts of Christianity.

A second force which has powerfully influenced our Government and the people are certain of the great Foundations—such as the Ford, Rockefeller and Carnegie Foundations.

Some years ago, when Foundation officials were not looking, the House of Representatives created a Committee to investigate the Foundations. The staff work was done and the day came when the key witness was called to the stand. But this witness, who was on the stand for only about two hours, was interrupted 280 times by a single Member of the Committee, Representative Wayne Hays of Ohio. So obstreperous was he that the witness was prevented from telling anything. Back of the scenes, forces were at work to call off the investigation. And it was called off ignominiously, so far as the Congress and the other Members of the Committee were concerned. A question put six months or a year later to a Member of the House as to whether the investigation would be renewed, brought the prompt reply that there was not the slightest chance of it.

What have the Foundations to hide from the American people? We can understand what influence they have been in

Does Khrushchev Run Our State Dept?

WARNED U.S. OF CASTRO

Arthur Gardner, former Ambassador to Cuba who exposed State Dept. activity in backing Castro.

STATE DEPT. AIDES HELP CASTRO

William A. Wieland, alias William Arthur Montenegro, the mysterious, foremost plotter in the State Dept., maneuvered Castro as Cuban dictator.

Roy R. Rubottom, Jr., another plotter in the State Dept. who helped put Castro in power.

Apparently there is a nest of communists in the State Dept. since F.D.R.'s reign when he told Martin Dies that some of his best friends were communists. Reds in the State Dept. forced China under communism, sent fake telegrams to General MacArthur, then forced Truman to fire him. They prevented Spain from helping the Hungarians in their revolt against the communist army which was slaughtering them.

Setting up communism in Cuba is their latest major accomplishment. Now comes the report that our Justice Dept. has 250 agents in Cuba to help prevent Castro from being overthrown.

republished from
THE PATRICK HENRY LEAGUE
Box 383, Main Post Office
Yonkers, N.Y.

Compromise with injustice is the lowest form of tyranny.

When Roosevelt went to Yalta, the record keepers went along with him. In March, 1955, the State Dept. published the record of the Yalta Conference. However, about 50,000 words of pertinent data were deleted from this published version. The censored portions, according to the Brooklyn Tablet of November 26, 1955, supply information which proves that Alger Hiss played a singularly important role in the conference. This Soviet informant aided in the sell-out of Poland, Berlin, North Korea, and continental Asia.

Had the entire record been issued by the State Dept., it would be necessary to try to impress on Americans today that there were and still are Reds in our State Dept.—Reds who steer our Nation's energies into the perverted goal of assisting international communism in its final take-over of all the peoples of the world.

The Red history in our State Dept. is a long one and we have a MORAL OBLIGATION to bring that history to a quick conclusion. We have an obligation to every child ever sold into a slave labor camp by our State Dept. traitors, to every freedom fighter ever killed resisting Red invasions agreed to by our "experts," to ourselves, to our war-dead, to our Nation, to all future generations. Our obligation cannot be lightly dismissed by Liberal rationalizations. The record is too clear for that, undeniably clear.

SAMPLES

To recount the atrocities of State Dept. double-agents would require a cyclopedia. Here, we can only give samples of their work.

Arthur Gardner, U.S. Ambassador to Cuba from 1953 to 1957, charged in August, 1960 that he had spent several years trying to convince the State Dept. that Castro did not merit U.S. support and friendship. Gardner was ignored by Roy R. Rubottom, Jr., then Assistant Secretary of State, who arranged Castro's visit to the U.S.A. in

April, 1959. When the State Dept. decided to replace the dissatisfied Gardner in 1957, he was succeeded by Earl E. T. Smith, a novice in diplomatic relations. Smith was instructed by William A. Wieland of the State Dept. to consult, not with Gardner, but with newspaper reporter Herbert L. Matthews for briefings on the Cuban situation. Matthews of the New York Times was a repeating joiner of Communist-fronts as far back as the 1930's when he used to busy himself writing nice things about the Lincoln Brigade. At the time of the Castro visit mentioned above, Fidel thanked Matthews, confiding that without his aid the Castro take-over could not have occurred. Here, then, is the picture:

an alarmed, anti-Castro authority was replaced by an inexperienced man and the latter was sent to a pen pal from the Lunatic Left for briefing. What happened to Roy Rubottom, the responsible party in the State Dept? He was made Ambassador to Argentina. What happened to "expert" William A. Wieland? He is still working, too, in Caribbean part of the State Dept. Latin American Division.

Many of the State Dept. workers who maneuvered the downfall of Cuba were old hands. They used the same method that they had employed years earlier in China. First they waited until the Reds in the

"I DON'T LIKE DICTATORS"—Castro.

Fidel Castro—Cuban Dictator

hills were armed to the teeth, then they imposed an embargo on arms shipments, then they set to work convincing the American people via the press that there was nothing to worry about from "agrarian reformers," and finally they let events take the only course possible. Seeing these things happen the first time around in China, President Kennedy, speaking as Massachusetts Senator in 1949, said that the blame rested in the State Dept. and he called on Pres. Truman to "search out" the responsible parties. Considering that many of those responsible are still in the State Dept. and have repeated their China crimes in Cuba, President Kennedy should now be willing to do the searching out job he required of Truman. (Ask him about it).

"The Chinese Communist conquest... was engineered right here in Washington by top policy makers of this government," charged Sen. Jenner. (Congressional Record, 5/18/49; p. 6508).

"We could have prevented it all, and we didn't," said former Cuban Ambassador Arthur Gardner in analyzing the Castro victory. (New Bedford Standard Times, 8/11/60). Before the Senate Internal Security Subcommittee, he stated: "Castro never won a military victory." and "Our actions in the United States were responsible for the rise to power of Castro."

The same American "experts" who caused the enslavement of millions in Asia and the imprisonment and torture of thousands on Cuba's Isle of Pines are still directing our policies. In 1945, the Soviets were a fifth-rate power without INTERNAL means of advancement. Today, half the world's population suffers under communism. The men who worked on our dreadful China and Cuba decisions also fashioned conflicting statements which were issued after the U-2 flare-up; they are advising on actions in Laos, Viet Nam, Algiers, and the Congo; they are "Counteracting" our "lack of prestige" in Panama; they are offering Tito money which finds its way to Moscow and Havana. When will we wake up and do something?

HUNGARIAN TRAGEDY

The revolution in Hungary broke out on October 23, 1956, and by October 28, the Freedom Fighters had rid Hungary of its Russian oppressors. A revolutionary regime took over and there was a political hiatus for five days. Then, the State Dept. cabled Tito on Friday, November 2, 1956: "The government of the United States does not look with favor upon governments unfriendly to the Soviet Union on the borders of the Soviet Union." (Facts revealed in a speech delivered 7/20/60 at the Statler-

support of "liberalism" and one-worldism when we see some of the grants they have made, such as to the Institute of Pacific Relations, the Fund for the Republic. And the Ford Foundation, with perhaps \$3 billion of assets has between \$50 and \$90 million a year income—all exempt from taxation.

Meanwhile the relatively few conservative groups, such as the National Economic Council, are handicapped by the fact that contributors to them cannot get deductibility before taxes.

Of course the Council on Foreign Relations and certain of these Foundations overlap. Leading Foundation officials are members of the CFR. Without question, these Foundations, alone in some cases, and in cooperation with other forces, are endeavoring to shape the future of America and the American people—in such a way as to fit the United States gently and firmly into a world government, under which the American people will be little better than slaves.

One worldism is back of all this. And that means communism.

Another factor rarely mentioned in the press is the so-called Bilderberg Conferences. These take their name from the place in Holland at which the first conference was held a few years ago.

The group first attracted American attention when it held a highly secret conference at St. Simon's Island, Georgia, about four years ago. Some hundred men were in attendance. Nobody was allowed on the Island unless connected with the conference. Police or others, having the power to keep people away, were in control. Some of those present would not allow their names to be used. Everything was highly secret.

The last conference of which we have heard was at Istanbul, Turkey in September, 1959. The subject discussed was "the undeveloped nations." It is significant that President Eisenhower in a speech October 12, 1959 at Abilene, Kansas advocated the use of much of the savings effected through the reduction of armaments to aid undeveloped nations. Americans who attended the Istanbul Conference included Senator Clifford Case of New Jersey, Senator Mike Monroney, Paul Hoffman and Arthur Sulzberger of the New York Times. No one present would divulge any information about what was discussed.

The Citizens Foreign Aid Committee (Walter Harnischfeger, Chairman, General Bonner Fellers, Director) pointed out January 23, that our Development Loan Fund would lend \$125 million toward building a steel mill on the Turkish shore of the Black Sea—just opposite Soviet Russia! The New York Times said December 28 that American steel mills would operate that week at 39.4 per cent of capacity. How crazy can an American Government be?

What do the Bilderberg Conferences mean? Who started them and why? Why are they so secret? What takes place behind the doors that cannot be divulged to the American people? After we Americans have run our affairs passably well 150 years, are we now being taken in hand by a hundred intellectuals, scheming politicians, "liberals" and others who intend to do our thinking for us?

A fourth group is the Zionists, whose pressure on President Truman in 1947 forced the creation of the State of Israel. We have seen documents that indicate strongly, if they do not prove conclusively, that the founding of Israel and the agreement of the Zionists of the world, including principally those in Britain and the United States, to join in backing it, was the price paid the Zionists in return for their bringing America into World War 1. The agreement was made in 1916, when things were going badly for the British. It became more formalized in the famous Balfour Declaration in 1917—after we had been brought into the war.

ANOTHER VICTIM OF STATE DEPT.

Chiang Kai-shek — China

Since the founding of Israel it has been one of the principal policies of the United States to build up Israel as an independent nation, no matter what the effect on the 300 million Arabs, who, because of our attitude toward the Zionists, promptly became unfriendly toward the United States. It is estimated that at least a billion dollars, probably much more, has been taken from the United States and given to Israel because of pressure from our State Department. In the late 1940s or early 1950s the government of Germany was compelled to vote more than \$800 million of goods to Israel.

The Israel element in our midst brings pressure constantly through various organizations to put out of power any individual, especially any public official, who gives the slightest sign of not agreeing 100 percent with the Zionists.

Lastly we mention world communism as a force that is molding American policy. The communists, or those who control communism, have obtained a potent part in American foreign policy as well as domestic policy.

The communist influence has often affected our foreign policy. We give two instances. The first was in the Hungarian uprising of 1956, at which time we did nothing to help the anti-communists who had risen up against the Soviets. Neither the United States nor the UN raised a hand to help these patriots. The Spanish Government, as soon as the revolt occurred, arranged to send certain vital munitions to the Hungarians. They were to go by plane and the Spanish Government had obtained the permission of West Germany for the planes to land on German soil and refuel. At the last minute this courageous venture, both of the Spaniards and West Germans, was quietly killed by the intervention of the State Department!

The second illustration is the treason of our own State Department which stopped aid to Batista who was our friend, and gave aid to Castro, though two American Ambassadors to Cuba had warned our Government that Castro was communistic.

Twenty years ago almost nobody, except the National Economic Council and a few others, warned the country of the dangers of communism. We were called crackpots. Certain of our subscribers cancelled their subscriptions. A few even tapped their foreheads when they saw us coming!

But it has turned out just as we warned. The United States is thoroughly infested by communist infiltration—in practically all government departments, practically all cities, as well as schools and churches. President Eisenhower, after saying he would not invite Khrushchev to visit the United States, suddenly announced that he had invited him, and he rolled out the red carpet. Then a few months later Khrushchev in Paris, with all the brutality of a complete mucker, publicly insulted the President and withdrew his invitation to visit Russia. The head of an American Government doesn't take this kind of stuff from a thug like Khrushchev, unless the

influence in Washington is great. . . .

We believe the above forces are factors tending, with the conscious knowledge of leading members of all of them, to merge the United States in a communist world government. How much influence each factor has we do not know. The factors overlap.

We need in America a revival of plain Americanism, with pride in our history and our accomplishments; with goodwill toward all friendly nations and toward those who would become friendly; with scorn for those thugs and cut-throats in communist nations that are scheming to take us over.

We return to John Kennedy's Inaugural Address. It seems to us he reasserts the dignity and the strength of America. We know he will not be a part-time President. We will probably disagree with some of his views and ideas. We mistrust some of his appointees.

But he starts out, thank God, as President of the whole country. And he began well by announcing that our diplomatic work will be carried on by old-line diplomats.

No more will our President or Secretary of State be over the earth "in the quest for peace." Not for a while, anyway.

- FULL SPEED AHEAD -

We would like to answer each and every communication we receive. But this has been impossible, so we will tell you of a few of our problems and hope you will understand.

Mr. McGinley has been in the hospital a month, had two operations, is home again, but it will be a few weeks until he is back 100% at his desk. He is coming along fine, thanks to the many prayers of our friends, with the help of wonderful doctors, hospital, etc. who cooperated with him.

We were out of newsprint for over ten weeks, consequently out of some issues. This delay was due to a combination of circumstances — labor problems, blizzard weather — over which we had no control. Nevertheless, we have been severely handicapped.

If you read the papers, you will know that this section of the country suffered the worst snow storms since the famous blizzard of 1888. This has delayed shipments, made travelling impossible many days, slowed down activities, caused critical labor problems. All this has helped to make this a most difficult winter for us.

When Mr. McGinley gets back to his desk, he has many plans — has had much time to think about them!

The hospital and doctor's bills have to be paid, but in addition, we need funds to expand our work and expose the enemy. Every cent we receive goes into the fight. We will stay in this fight as long as our health permits. We will expose the enemies of Christ to the extent you furnish the ammunition. This is your fight. Do your part NOW — TOMORROW MAY BE TOO LATE!

When Communism Takes Over The United States

--an open dictatorship would be established.

The capital city would be moved to Chicago, ALL STATE and LOCAL GOVERNMENT would be eliminated, as well as NATIONAL. Communist Party henchmen would DEPOSE and probably liquidate the MAYOR, CHIEF of POLICE, CLERGYMEN, and the LEADING CITIZENS. The CONSTITUTION and all laws would be abolished. PROPERTY OWNERS would be arrested and hauled before a REVOLUTIONARY COURT, and sentenced to a concentration camp—if not done away with completely. All property would be confiscated—thus leading to complete COMMUNIZATION—meaning STATE OWNERSHIP. This would include HOME, BUSINESS, BANK DEPOSITS, and all personal possessions. You would have no right to own them under the communist scheme. This revolution would affect every man, woman, and child in America. They would tear our Government to the ground and destroy all opposition to it. America would become a PROVINCE in the Soviet World Empire. Their Recipe for ACTION? The 1917 Soviet Revolution, tailored to

modern conditions. All industry would be Nationalized and farms taken away from their owners. All business men—small and large would be liquidated. Action would be drastic and immediate and without appeal. An armed "RED GUARD" would enforce the orders of Party henchmen. The workingman in the factories, mills, mines, etc., would be told certain hours to work and certain wages he would receive. Labor Unions (as we know them) would be obliterated. All such organizations would be owned and operated by the Communist Government. NO LABORER WOULD BE PERMITTED TO RECOGNIZE A UNION OR TO STRIKE—AGAINST HIS "GOVERNMENT"! Freedom of speech forbidden. If you expressed an opinion contrary to the party line your "DISAPPEARANCE" would serve a lesson to others.

Churches would be heavily taxed and their property seized by the STATE. All RELIGIOUS SCHOOLS would be liquidated. Clergymen would be required to accept the

PARTY LINE—"GOD DOES NOT EXIST" "WHY WORSHIP HIM?" Children would be placed in SPECIAL INDOCTRINATION SCHOOLS. Communists say—women would be relieved of housework. HOW? WHY? SO WOMEN WOULD BE FREE TO WORK IN FACTORIES AND MINES along with MEN. All Political Parties will be liquidated—except the COMMUNIST PARTY—as the party of the TOILING PEOPLE—(and ALL PEOPLE WILL TOIL—WHEN WHERE and for WHAT THEY ARE TOLD.) They will control everything—including what you MAY NOT READ and what you MUST READ! They want to make a "Communist Man" a MECHANICAL PUPPET to do as the PARTY DESIRES. This is the ULTIMATE and TRAGIC AIM OF COMMUNISM!

On December 12th, 1960—newly elected President Kennedy—said in his TV speech—he wants to change the policy of the United States—so that WE WILL NOT BE ANTI-COMMUNIST!!!

Get Out Your Crying Towel

Communists, their dupes and political hypocrites over the world are putting on a show of grief over the death of one Negro communist. Similar to excitement when the Rosenberg spies were electrocuted. The communists went into action attacking Belgian and United States embassies over the world in obedience to an order from Moscow. Political hypocrites here in the U.S. issued statements of grief because they feared the organized Jewish and Negro vote.

Congratulations to the parties who shot Lumumba. Katanga will reward them with \$8000. How much better off the world would be if every communist leader had been shot at the outset! What a blessing if some kind person had shot Lenin!

Castro should have been shot before he brought death to many, set Cuba back 100 years and is spreading communism over South America. Our government leaders must be insane to allow Bolsheviks to set up Western Headquarters in our backyard; but they let them set up in our State Department.

What is the matter with Christian people? Communism slaughtered between 75 and 100 million Christians in the Soviet Union, China and seventeen captured nations, but Christians are not excited but shed crocodile tears for anti-Christians caught destroying governments.

The Dominican Republic has the system; shoot them before they get organized.

Hilton Hotel, Buffalo, N.Y., by Hon. Michael A. Feighan, Member of Congress, Ohio Democrat).

With the guaranteed co-operation of our State Dept., the Russians reinvaded Hungary at 4 a.m. on the morning of November 4, 1956. The Hungarians were defeated by Marshal Zhukov's skill—together with 4,000 T-54 tanks, fleets of jets and heavy bombers, rocket-launchers, flame-throwers, armored jeeps, submachine guns, flares, and 140,000 Russian and Mongolian troops. Citizens of Budapest, filling bottles with gasoline, killed 8,000 Reds and destroyed 320 tanks. The combined efforts of the Soviets and some State Dept. "experts" resulted in the destruction of 8,000 homes and the murder of 40,000 men, women, and children. The time is long over-due for action on such horrible subversion by our home-grown international traitors. Now, at least, let us call for a full-scale, bi-partisan congressional investigation of such infamy within our State Dept.

Re-read the cable sent to Tito by our State Dept. Do we not have an obligation to the Hungarian prisoners who died in Red torture camps to seek out the men who composed that cable? Do we not have an obligation to ourselves and the rest of the still-free world to have these men exposed and fired?

ACTION

Our program:

Every one of us is to buy 100 post cards. For one hundred days, we are to mail one post card per day to Pres. Kennedy DEMANDING IN THE NAME CONSCIENCE that he shake the murderers out of the State Dept. with an open, bi-partisan, full scale congressional investigation. If every member sends one post card per day for one hundred days, the White House will be overwhelmed with justified demands. Get friends to join in this program. Launch your campaign with a telegram or a less-expensive night letter. Write to patriotic groups and newspapers asking them to join in this effort. Start your own hundred days NOW. Total minimum expense three dollars. Can you spare the money? "It's a poor chance," you say! Can you afford not to try?

Join us in saying a short prayer upon mailing each post card for the success of our mutual effort. "The foolish things of this world the Lord uses to confound the wise."

We, therefore, believe that you—in particular—might wish to help us reach our 1961 goal of carrying our message to an ever greater number of people.

Currently, we print an average of 87,360 copies of each edition of "Common Sense," many of which go to prominent men in all fields. By wide inquiry we learn that a very conservative estimate of the number of readers is more than 225,000. There are many more people who should be aware of the Communist Jewish conspiracy, but who do not read "Common Sense." They COULD, however, if you would send us the name and address of even one person of your choice, returning the bottom portion of this letter and one dollar for your selection. I will write an introductory letter to each person being honored with a subscription, but allowing the donor to remain anonymous.

Yours in Freedom's name,

Conde McGinley

MR. & MRS. TAXPAYER, MARXISTS ARE RE-MAKING YOUR COUNTRY
EXAMINE YOUR GOVERNMENT.

PART I

By Sam Crockett
(FIRST OF TWO PARTS)

Many patriotic Americans are still hoping against hope that their Country has not been taken over by betrayers and subverters. They compare Kennedy's "new" methods with those of the colorless Eisenhower and conclude their rage and disgust at the time of the vote fraud disclosures was perhaps mistaken. That Kennedy was fraudulently elected as President by every device of vote-rigging known to the politicians is forgotten. America was betrayed by marxists after loot and power. The monstrous spectacle called the Democratic Nominating Convention preceding the election has been forgotten. The people have short memories. Among the youth, however, there is a stirring and a great uneasiness. In spite of being brainwashed by every device of communication known, in spite of being isolated from the truth, in spite of having been disinherited from the freedoms of their forefathers, a segment of the youth of America has awakened—slowly,—to the grim reality that their elders have failed to stem the tide of subversion seeping over this Nation.

From November 10, 1960 to March 12, 1961, there were 240 Kennedy appointments or reappointments made and announced to the press. These included the top 80 jobs: the Cabinet, Under Secretaries, Assistant Secretaries, and White House staff. A portion of the 400-500 jobs in the policy making field below the rank of Assistant Secretary have been filled. There is a third group of appointments numbering 1200 or more. In other words there are about 1800 policy-making jobs. And there are 2200 more jobs by appointments below this level, making 5000 in all, superimposed on the vast Federal Civil Service. This political job dispensation or "patronage" is the method by which Kennedy will control the entire governmental structure.

Let us examine some of the top appointments first.

ARTHUR J. GOLDBERG*, is identified in the ADL Bulletin, Jan. 1961, page 8, as a member of the Washington, D.C., Board of Directors of the Anti-Defamation League of B'nai B'rith. Appendix 9 of the Special Committee on Un-American Activities, 1944, identifies him as President of the Chicago Chapter of the National Lawyers Guild at the time he sponsored the Chicago Conference on Race Relations, 7/22/39, a cited Communist-front operation. The National Lawyers Guild has been repeatedly cited not only as a Communist-front but as the legal arm in the United States of the Communist Party. And Goldberg was President of its top chapter outside of New York

City! (p. 610) He was also a sponsor of the Washington, D.C., Conference on Constitutional Liberties in America, June 7-9, 1940, a cited Communist-front enterprise which launched the National Federation for Constitutional Liberties. At the time of the holding of this Conference, the Communist Party was working under the line determined by the Stalin-Hitler pact. (p. 651) He was a sponsor of the National Emergency Conference which met in Washington, D.C. on May 13 and 14, 1939 to map plans of action against a number of bills in Congress which would require deportation of Communist aliens, enforce registration, fingerprinting, and imprisonment of Communists, etc. This was a cited front. (p. 1206.)

In 1956 Goldberg was a member of the administrative committee of the National Civil Liberties Clearing House of Washington, D.C., the advisory board of which included Walter P. Reuther. Its treasurer at that time was Herman Edelsberg*, of the ADL; its vice-chairmen included Irving Ferman*, of the cited Communist-front American Civil Liberties Union and John J. Gunther of the Americans For Democratic Action, a marxist political action organization. Representatives from the National Conference of Christians and Jews,

the American Jewish Congress and the NAACP were co-members of the administrative committee with Goldberg. In 1957 Goldberg was still on the committee, along with a representative of the American Jewish Committee as Treasurer; Herman Edelsberg was Chairman and Kenneth Birkhead of the very pink American Veterans Committee was a new vice chairman. (See letterheads of NCLCH.)

In 1957 Arthur J. Goldberg was a member of the executive board of the Religion and Labor Foundation, a cited front. Co-members of the board with Goldberg included Communist-fronters Walter P. Reuther, James B. Carey, Henry Hitt Crane, Jerome Davis, Benjamin Mays, A. Phillip Randolph, and others. (See program for 4/24/57 Social Justice Award to Communist-fronters Herbert Lehman and Martin Luther King.)

The Internal Security Subcommittee held hearings on "Interlocking Subversion in Government Departments" on May 19, 1953, Part 8, and during the testimony of one Charles Flato (pages 501-2) he swore that he had been sought out by Arthur Goldberg to do some writing assignments of pamphlets for the CIO in 1948 and 1949. He also declined to answer whether he was a member of the Communist Party during the period he worked for Goldberg.

Arthur J. Goldberg was a member of the board of directors of the Fund for the Republic as late as January 1961 and of the Carnegie Endowment for International Peace in 1960. There is a wealth of material on the subversive nature of both organizations. Alger Hiss was President of the latter organization. He has been the general counsel for the AFL-CIO, United Steelworkers of America, the ILGWU (David

Dubinsky's union), the Textile Workers Union, the Transport Workers Union (Mike Quill), the American Newspaper Guild and others. Goldberg suggested and secured the appointments of at least 4 high union officials to top posts in the Department of Labor. Back in 1949 he had been the strategist behind the nation's longest and costliest steel strike, which lasted 116 days. And earlier in the forties he had been the chief of the division of the thoroughly communized Office of Strategic Services (OSS) which organized the labor underground activities behind enemy lines. Jacob S. Potofsky ☆, of the CIO, a long-time Communist-fronter, had originally urged that Goldberg be hired as general counsel of the CIO. (All data in this article may be found in the N.Y. Times Nov. 10, 1960 to March 12, 1961, unless otherwise indicated.)

DAVID DEAN RUSK, Secretary of State attended the infamous secret meeting of the Bilderberg Conference, held at St. Simon's Island, Georgia, in February 1957. He told the Senate Foreign Relations Committee he had been at several of the ten or more meetings held to date. The American headquarters of this secret international organization are in the office of Joseph E. Johnson, President of the Carnegie Endowment for International Peace, the man who had been 'Alger Hiss' chief assistant in the State Department and took his position as head of the Endowment after Hiss was exposed as a traitor. Rusk's service under Johnson in the State Department places him very closely to the key man in the Bilderberg group.

Rusk was a Rhodes Scholar and on the basis of this background was given charge of the British Empire Division of the red OSS during World War II where he worked closely with his friend, the identified Communist, Ralph Bunche. He became the Deputy Chief of Staff under General Joe Stillwell and therefore was privy to, and most certainly an intimate participant in the violently pro-Communist activities of Stillwell in the China-Burma India Theater. In June 1945 he worked on the plans for the military-security arrangements of the United Nations (Chapter 7 of the U.N. Charter) as a member of the Operations Division of the War Department's General Staff. (In 1941 he had been in the Department's Military Intelligence, Asiatic division.) In 1946 he entered the State Department as an Assistant Director concerned with the U.N. He was a special assistant for a time in the War Department under Robert Patterson. Upon the recommendation of Dean Acheson, an old Louis Brandeis and Felix Frankfurter protege, he returned to State Dept. to take Hiss's place and served under Marshall. In March 1950 he became Assistant Secretary for Far Eastern Affairs. It was he who, on the night of June 25, 1950, when the Communist troops invaded South Korea, telephoned Dean Acheson and secured permission to ask Trygve Lie to convene a U.N. meeting the next day so

as to have the Korean effort by the American troops declared a U.N. enterprise. The Korean blood bath and debacle was a direct result of this action by Rusk. And later Rusk accompanied Truman to Wake Island for his conference with Douglas MacArthur, the prelude to the dismissal of the General.

In March 1952 John Foster Dulles and Robert A. Lovett, a Frankfurter protege, recommended Rusk for the job as head of the Rockefeller Foundation. And again it was Lovett who recommended Rusk for the job as Secretary of State in 1961. (Time, 12/26/50; Nomination of Dean Rusk, hearing, Senate Committee on Foreign Relations, 1/12/61.) Rusk also headed the General Education Board, took part in Rockefeller Brothers Fund panels, the Council on Foreign Relations, and has a trust agreement with the Chase Manhattan Bank.

Rusk is evasive verbally and a sharp individual. He was asked what his position was on Communist China and its recognition by the U.N. Imbedded in a mass of verbiage were these statements: "I think it would be difficult for us to specify at what point we deal with specific issues on this matter. . . . I see no prospect at the present time that normal relations could be established with the authorities in Peiping. . . . I do not think that I can comment on the details as we move into the future." The Senators should have challenged him on such an answer.

Rusk equivocated when asked about his advocacy of the two-China policy (representation in the U.N. by both Taiwan and Red China). He stated that he and Acheson were warm and close friends. (He was definite about this!) When asked about the future of the United States in U.N., which has 99 members now, in the event we are consistently outvoted, Rusk said he did not believe "that American national interests have been damaged by the parliamentary situation, the voting situation, in these international bodies." He said he believed American prestige had been damaged because "we have not kept our contact with some. . . of the demands for change which are a part of the democratic type of revolution which is a part of our own tradition." He implied the U.S. could not legally veto admission of Red China into the U.N. He affirmed he hoped we could "get on with the general sort of world community we are talking about in the U.N. Charter." Finally, it should be mentioned that it was State Department official Dean Rusk who was behind the maneuvering which brought about the immediate recognition of Israel by the U.S. in 1948.

ROBERT S. McNAMARA, Ford Motor Co. official, was recommended as Secretary of Defense by Robert A. Lovett. He was one of the 98 Harvard faculty members who voted for FDR for a third term in 1940 (2 voted for Willkie!). He taught in the Harvard Business School.

J. EDWARD DAY, Postmaster General, was an editor of the Harvard Law Review (1936-37). After graduation he joined the firm of Sidley, Austin, Burgess, and Harper. He became a close friend of a partner in

that firm, Adlai Stevenson; became his administrative assistant in 1949 when Adlai was Governor of Illinois; was elevated to be Insurance Commissioner of Illinois.

ORVILLE L. FREEMAN, Secretary of Agriculture, was a leader in the Democrat Farmer Labor Party and an administrative assistant to Hubert H. Humphrey, admitted radical, when he was Mayor of Minneapolis. Luther Hodges, Secretary of Commerce, worked in ECA (Marshall plan) and for the pro-Communist Marshall Field. Hodges' son is now at the Harvard Graduate School of Business Administration.

ABRAHAM A. RIBICOFF ☆, heads the very socialized Department of Health, Education and Welfare and is distinguished by his—according to Westbrook Pegler's best judgement—association at the Democratic Convention with Sam Carpx, the brother-in-law of Molotov, (9/2/60).

ROBERT F. KENNEDY, a Harvard man, is of course Jack Kennedy's alter ego and the last man who should be the chief legal officer of the United States Government. His ruthless thirst for vengeance, lack of experience, and hot temper are not qualities that make for a good Attorney General. His personal friendship for Supreme Court Justice William O. Douglas—shared by the entire Kennedy family—is another liability. Douglas is currently a consultant to the Fund For The Republic's Center for the Study of Democratic Institutions. Douglas urged immediate admission of Red China into the U.N. in a speech before the Jewish Theological Seminary of America on Nov. 14, 1960. His record of support of Communists in court cases before the Supreme Court is unparalleled in the history of that body.

C. DOUGLAS DILLON ☆, Secretary of the Treasury, is, according to the N.Y. Daily News, 2/9/61, p. 40, another of the evasive Kennedy appointees. And Dillon's grandfather was Sam Lapowski, a Polish Jew. Lapowski switched to his mother's maiden name, Dillon. C. Douglas Dillon attended Harvard. He and Jack Kennedy both are members of The Spee (a club) at Harvard. He prepared speeches for John Foster Dulles in 1948 and for Thomas E. Dewey. Dillon is a key man, a carry-over from the State Department under Eisenhower.

Below the Cabinet level, starting with the State Department, we find CHESTER BOWLES as the Under Secretary. According to the Congressional Record, February 19, 1946, page A 893, the Washington Chapter of the National Lawyers Guild, the officially cited legal arm of the Communist Party in the United States, gave a banquet in honor of Chester Bowles on February 15, 1946. Bowles was then head of the OPA. Henry Wallace, then Secretary of Commerce and one of the most notorious pro-Soviet apologists in America, gave the main address. According to the N.Y. Times, 10/16/46, Chester Bowles attended the conference of the Coordinating Committee of the (Chicago) Conference of Progressives, a Communist-front operation. A letterhead of the marxist-socialist Americans For Democratic Action of April 1952 listed Chester Bowles as a member of the board

of Jan. 1950 as a vice-Chairman. In October 1956 Mrs. Chester Bowles was a member of the National Advisory Board of the American Committee on Africa, a socialist-pacifist organization which has agitated for the overthrow of the Union of South Africa government by direct intervention in the political affairs of that country. The Three Year Report of the Fund for the Republic, identifies Chester Bowles as a member of the Board of Directors of this Communist-aiding organization. *Who's Who*, 1942-43, p. 365, listed Bowles as a director of the Communist-infiltrated National Urban League. He was a member, in 1952, of the U.S. National Commission for UNESCO, subject of a special report by the American Legion's Counter-Subversive Committee, listing the extensive Communist-front records of its members.

In the hearing on Bowles' nomination before the Senate Committee on Foreign Relations (1/19/61), he stated he had been a delegate to UNESCO's Paris session in 1946; been a special assistant to Trygve Lie, Secretary-General of the U.N. in 1947, and international chairman of the U.N. Appeal for Children the same year; been a trustee of the Rockefeller Foundation since 1954; a member of the Rockefeller Brothers Fund Special Studies Project on National Policy in 1957; and of other internationalist organizations. He called for the neutralization of the islands of Quemoy and Matsu in an article on the China problem, published in *Foreign Affairs* in April 1960, p. 481, an appeaser's attitude. Bowles was Chairman of Committee which wrote the radically socialist Democratic platform for the 1960 election.

The Assistant Secretary of State for African Affairs, Gerhard Mennen Williams, Michigan puppet of Walter Reuther for many years, during his tour of Africa has managed to infuriate every responsible governmental official in the British colonies by his rabid anti-colonial attitude and interference by courtship of the Negroes. Williams as Governor of Michigan sent his official greetings to a convention in Detroit held by the National Lawyers Guild, legal arm of the Communist Party, according to the *Daily Worker*, 2/21/56, p. 5. He is a member of the NAACP and the National Urban League (*Time*, 12/12/60).

JOHN J. McCLOY, is the Disarmament Administrator under Dean Rusk. He attended Harvard Law School, studied under his good friend Felix Frankfurter. Secretary of War Henry Stimson, who had brought Frankfurter into government service back in 1906, and who in World War II was indebted to Frankfurter for his job, hired McCloy as a consultant in 1940. McCloy became Assistant Secretary of War in 1941, remained until 1945. He was an adviser to Dulles and in 1947-49 headed the International Bank for Reconstruction and Development (World Bank). From 1952-61 he was chairman of the board of Rockefeller's Chase Manhattan Bank. He is married to Ellen Zinnser, sister to Peggy Zinnser, wife of Lewis Douglas, an intimate friend to Dean Acheson and the man who proposed that Acheson become Under-Secretary of the Treasury. Acheson had been law clerk to Louis Brandeis and with Frankfurter's endorsement he got the job. ("The New Dealers," Simon and Schuster, 1934) McCloy was U.S. High Commissioner for Germany, 1949-52. His activities there on behalf of Communists have been extensively documented. A close-up in the N.Y. Post, 1/8/61, p.2, Magazine section, by Communist-fronter Theodore Kagan, who was forced out of his employment in Germany following hearings by Senator Joseph McCarthy, wrote that "McCloy had helped write a War Department order which instructed commanders to take no action, predicated on membership in or adherence to the doctrines of the Communist Party unless there is a specific finding that the individual involved has a loyalty to the Communist Party as an organization which over-rides his loyalty to the United States. No such finding should

Let's Revive The Spirit of '76

—Line drawing by H. H. "Hut" Hutson

Stalwart Colonists of Revolutionary days risked all their worldly goods, even their lives, often losing both, to inaugurate the American heritage of human liberty and establish a government of law under which men could enjoy freedom, God's most precious gift to mankind.

Every American has been bequeathed a share of this heritage, more to be cherished than all the gold in the world.

America now is in grave danger; enemies at home and abroad plot destruction of our nation and our heritage. Alas, the great majority of citizens do not appreciate this gift or comprehend the nature or gravity of America's peril.

Human liberty will vanish from the earth unless we can awaken "The Spirit of '76", make it shine brightly in the minds and hearts of all Americans.

be based on the mere fact that the individuals views on various social questions have been the same as the views which the Communist Party may have advanced."

"McCloy had defended that order before a Congressional hearing back in 1945 and when he was later called as a witness in the J. Robert Oppenheimer case, he testified that he had no doubts about Dr. Oppenheimer's loyalty." He has also been chairman of the Ford Foundation's board of trustees and of the Council on Foreign Relations.

ADLAI E. STEVENSON, Ambassador to the U.N., has far too extensive a record of support of the Communist Party and various of its enterprises to quote here. The Communist Party backed Stevenson for Presidency in 1952 (*Daily Worker*, 10/19/52) as have hundreds of individual Communists and notorious frontiers. He testified in behalf of his long-time friend, Alger Hiss, whom he had known since 1933. His law firm merged with that of Paul, Weiss, Rifkind, Wharton and Garrison, the most dangerous law firm in the United States in terms of the subversive affiliations of its members and the activities of its partners. This firm has spearheaded the fight for pornography in this country. (See "The Lady Chatterley's Lover Case," *American Mercury*, Jan. 1960); was intimately involved in the defense of Alger Hiss; and includes among its members Lloyd Garrison, attorney for J. Robert Oppenheimer and Arthur Miller, an old Felix Frankfurter protege and a long-time Communist-fronter. Louis Weiss (deceased) has been identified as a Party member. Past associates of Stevenson's have swarmed into the Kennedy administration. Stevenson is a charter member of ADA.

W. AVERELL HARRIMAN, Ambassador At Large, has been in government service since 1934 (NRA) and has operated at the highest possible policy level. The damage this man has done to the civilized world is incalculable. At his nomination hearing (1/31/61) he defended the Yalta agreements, in which he participated; praised the pro-Soviet Phil Jessup, with whom he worked during the Korean War; insisted that we could come to an agreement with the Soviet Union on disarmament. He was educated at Yale and Oxford, has been listed as a chief stockholder of the magazines, *Time*, *Life* and *Fortune*, and a joint owner of *Newsweek*. As Governor of N.Y. he was elected with ADA, Liberal Party and American Labor Party (Communist Party) support. (*National Guardian*, 11/21/55, p.4). His strategists included Alex Rose, David Dubinsky and Arthur Schlesinger, Jr. (of the socialist Liberal Party). He attended

Groton with Dean Acheson, is an intimate friend of Adlai Stevenson and Eleanor Roosevelt. He was a member of the Council on Foreign Relations as far back as 1925.

W. WILLARD WIRTZ, Under Secretary of Labor was a partner in Stevenson, Rifkind and Wirtz (Chicago branch of the firm mentioned earlier), and is a Harvard man.

The Deputy Secretary of Defense is

ROSWELL L. GILPATRIC (Yale), booted out of his job as Undersecretary of the Air Force when he started propagandizing the lie (1952) that the Soviet jet progress was ahead of that of the United States.

Secretary of the Air Force EUGENE M. ZUCKERT (Yale; Harvard faculty Business School) has been a long time close associate of Stuart Symington, was Assistant Secretary of the Air Force under him. Symington conspired during the Army-McCarthy hearings with high government officials who were out to "get" Senator McCarthy. He made a gaudy defense of the identified Communist Annie Lee Moss. Zuckert roomed at Salisbury School (Conn.) with G. Mennen Williams; studied law at Yale under William O. Douglas; was fellow faculty member at Harvard with Robert McNamara. (*Time*, 1/6/51)

PAUL H. NITZE, Assistant Secretary for International Affairs, a Harvard man, was with Dillon, Read 1929-38. He has been an adviser to Adlai Stevenson in recent years and was chairman in September 1960 of Kennedy's private committee of consultants (the "Harvard Group"—*Saturday Evening Post* 8/13/60, p.59) (*Time*, Jan. 2, 1961). Nitze was a key policy planner in the State Dept. under Truman. He directed a Fund for the Republic program.

ROBERT V. ROOSA, Under Secretary for Monetary Affairs, is a Rhodes scholar, taught at Harvard and MIT.

BYRON R. WHITE, Deputy Attorney-General, is a Rhodes scholar.

GEORGE W. BALL, Under Secretary of State for Economic Affairs, is one of the key men in the Kennedy administration and one of the most dangerous in terms of his virtually unknown background. At his nomination hearing (1/24/61) he testified that immediately upon graduation he was one of several young law school graduates who was recruited by Prof. Herman Oliphant, who had just become General Counsel of the Farm Credit Administration (headed by Henry Morgenthau, Jr.) When Morgenthau, a Frankfurter protege, became Acting Secretary of the Treasury, he took Oliphant, also a Frankfurter protege, and Ball with him. (1933-34.) It was Oliphant who found the loop-hole in the law on which the gold policy (of Roosevelt's) was first based. (*Chicago Daily News*, Paul Mallon's "Washington Notebook," 2/27/34).

In 1942-44 Ball was Associate General Counsel Lend Lease Administration, and the legal adviser to Edward Stettinius, Jr., the Administrator. He became a founding partner in 1945 of the law firm of Cleary, Gottlieb, Steen and Ball, which is the foreign agent for the European Common Market and its affiliated organizations, Ball being the counsel for the Common Market. Ball attended ten or more of the international conferences of the Bilderberg Group. He is very active in the studies and work of the Council on Foreign Relations. He wrote, with Thomas K. Finletter, a very vicious letter attacking Nixon (to the N.Y. Times, 10/9/60) in which he asserted Nixon was an utter phony. This man is completely internationalized in his thinking. His present job gives him authority as the mutual security coordinator over the ICA, as chairman of the board of the Development Loan Fund, as Alternate Governor of the World Bank. He was head of the Volunteers for Stevenson in 1952.

WILBUR COHEN was nominated (at this writing Senator Byrd has held up his confirmation hearings) to be Asst. Secy.

for Legislative Matters of the Dept. of Health, Education and Welfare. He headed a task force for Kennedy on medical care for the aged under the social security system, an outright socialist plan. Cohen had been a technical adviser to the Social Security Administration from 1936-54.

ALLEN W. DULLES has been retained by Kennedy as director of the Central Intelligence Agency. Dulles attended Princeton and is a director of the Council on Foreign Relations. The CIA has averted investigations of itself by various committees seeking to uncover subversive influences within the agency, yet word of the socialist underground throughout the world operating in a clandestine fashion for the CIA has leaked out. Dulles has been in government service since 1916. Allen and **John Foster Dulles** worked as a team from the beginning, even while in separate jobs, through the firm of Sullivan and Cromwell. John was an adviser, sponsor and mentor to Alger Hiss; an adviser to Dean Acheson; an early (1906) secretary to the Hague Peace Conference; very active in Communist Institute of Pacific Relations; close friend to Phil Jessup and many others as bad; chairman of the board of the Rockefeller Foundation; a leading figure in the subversive National Council of Churches; a supporter of the one-world organization, Federal Union; etc., etc. (See "Rockefeller Internationalist," 1952).

JAMES M. LANDIS was a member of the Harvard Group, has been the lawyer for all the Kennedys for years. Landis was law clerk to and an early protege of **Louis Brandeis**; co-author of a book in 1928 with **Felix Frankfurter**; a key protege of Frankfurter's brought to Washington as a member of the S.E.C. (he did most of the drafting of the act) and later head of it. He and **Joe Kennedy** brought **William O. Douglas** into the S.E.C. When Landis became Dean of Harvard Law School, Douglas became chairman of the S.E.C. First Kennedy, then Landis, then Douglas. ("The Remarkable Kennedys," by Joe McCarthy, (not Senator) 1960, p. 48-50, 96). Landis is a special assistant to Kennedy on the regulatory agencies, having prepared a task force report on them as his first job. In earlier years his wife slipped up and sponsored the Communist party organization, the Washington League of Women Shoppers. (Appendix 9, p. 1023).

Other members of the Office of the President include **Pierre Salinger** ☆, Press Secretary; **Theodore Chaikin Sorenson** ☆, Special Counsel, Kennedy's closest associate during the past 8 years, liaison between the Harvard Group and the rest of the "egg-heads" throughout the country.

ANDREW T. HATCHER, Negro, Associate Press Secretary, a staff man in Stevenson's 1956 Campaign.

Here in simple language is a concise history of the Socialist and Fabian Movement in England and America. You will no longer wonder why Harvard has produced men like Alger Hiss, Walter Lippmann, Harry Dexter White, after reading this factual book.

A blueprint of what the next four years might be, if Kennedy is influenced by his Harvard braintrust, is given in detail. This is must reading with a Harvard man in the White House.

MYER FELDMAN ☆, chief researcher for Kennedy in 1960, Deputy Special Counsel, and a past employee of the S.E.C., Bureau of the Budget, and liaison man between Truman and Eisenhower in 1952.

The Office of the President also has other members. **DAVID ELLIOT BELL**, Director of the Bureau of the Budget, an economist who was an administrative executive ass't. to Truman, 1949-53, and his speech writer on economics. He was head of Stevenson's research staff in the 1952 campaign and a co-worker with Seymour Harris and Kenneth Galbraith at Harvard where he has taught off and on since 1941. From 1954-57 he was a professor at Harvard's Graduate School of Public Administration (Littauer School) and after that a lecturer and chief administrative officer.

Myer Feldman's assistant is a Budget Bureau expert, **HANS A. ADLER** ☆, Fred L. Holborn, a Harvard government professor, is another administrative assistant to Pres. Kennedy.

MCGEORGE BUNDY, Kennedy's Special Assistant on National Security Affairs, was Dean of the Faculty of Arts and Sciences of Harvard, has written for the Council on Foreign Relations, will be the factotum of the National Security Council, as chief of its planning staff. His brother, **William P. Bundy** of the CIA, is Paul Nitze's assistant, and a Harvard man. He also is Acheson's son-in-law. Senator McCarthy had him investigated. McGeorge Bundy attended the 1957 Bilderberg Conference.

FRANK D. REEVES, a Kennedy Campaign aide, is the special assistant to the President in the handling of minorities. He is a Canadian Negro.

PROF. RICHARD NEUSTADT, a University faculty member and a Harvard man, is a temporary consultant on government organization. He served in the Budget Bureau under Truman. Other consultants on the Executive Branch are **Sidney Stein Jr.** ☆, from Chicago; **Robert A. Lovett**, who picked top cabinet members for Kennedy after he himself had refused a top post (Lovett is a Frankfurter ☆ protege and was Secretary of Defense—with Anna Rosenberg ☆ as his underling—and Under Secretary of State under Truman); and **Don K. Price**, dean of Harvard's Littauer School, vice-president of the Ford Foundation and a participant in the 1957 Bilderberg Conference.

ADOLPH BERLE JR. ☆, is Kennedy's Ambassador to the Organization of American States and his expert on Latin-American Affairs. Berle perjured himself before the House Un-American Activities Committee when he contradicted Whittaker Chambers testimony that he had given Alger Hiss' and other communist agents' names to Berle in 1939 as espionage agents. Berle's own notes giving the lie to his testimony were produced by the FBI during the Hiss' trial for perjury. (See Witness, Whittaker Chambers, 1952) Berle was security officer of the State Department in 1939 when Chambers met him. Berle's association with the Liberal Party of New York has been long and intimate (as Honorary Chairman, etc.). The Executive Director under Berle in the Liberal Party, **Ben Davidson**, was expelled from the Communist Party as a Lovestoneite. The Liberal Party is the Socialist apparatus of **David Dubinsky** ☆ and **Alex Rose** ☆ and is intimately associated with the ADA. Berle was a Harvard man, lectured on finance at the Business School, started his career with Louis Brandeis' law firm, joined the Council on Foreign Relations, was an early New Dealer, and a committee member of the cited Communist-front American Civil Liberties Union. (Special Committee on Un-American Activities, Vol. 1, 1938, p.531).

RICHARD N. GOODWIN, special assistant to the President (duties not given press), was a key man in the Harvard Group and chief assistant to Ted Sorenson during the campaign. He is just two years out of

Harvard Law School and spent most of the intervening period as law clerk to Justice **Felix Frankfurter**. (N.Y. Times, 7/14/60, p.18). Goodwin was president of the Harvard Law Review. He is the latest in a long line of Frankfurter proteges planted close to the center of power.

The White House staff also includes **ARTHUR SCHLESINGER JR.** ☆ top member of the brain trust of the Harvard Group, a Harvard history professor, brother-in-law of John K. Fairbank (Harvard, identified as a communist in sworn testimony), ADA chairman, chief researcher and ghost writer for Stevenson, etc. He regards the welfare state (socialist) as "the best security against communism." He wrote speeches for Stevenson during all of his campaigns and is doing the same thing for Kennedy.

WALT ROSTOW ☆ of M.I.T., a Rhodes Scholar, Harvard Group expert on economic development problems in "underdeveloped countries," is also on the White House staff as deputy to the special assistant on nat'l security. (N.Y. Times, 1/25/61, p.37).

PAUL A. FREUND ☆, Kennedy's expert on "civil rights" from the Harvard Group was Louis Brandeis' secretary and planted in the Justice Department in the early days of the New Deal by Frankfurter. He is a Harvard Law professor. (Chicago Tribune, 12/22/35).

COUNCIL OF ECONOMIC ADVISERS

PROF. WALTER W. HELLER ☆ became chairman of the Council of Economic Advisers (CEA). Heller is an old-line New Dealer and has held various positions with the Treasury Dept. In 1942 he helped install the income tax withholding system for Treasury. He was chief of internal finance in the German military government under Lucius Clay. He is a Harvard lecturer.

PROF. KERMIT GORDON, a Rhodes Scholar, is another CEA appointee and is also a Harvard man. He was the director of the economic and administrative program of the Ford Foundation, a Brookings Institute consultant, an old OPA, State Department and OSS employee.

REQUIEM OF THE REPUBLIC

By Remlow Harris

Here lies our nation, murdered by enemies from within who pretended to be patriots.

Here rests America, her shroud, the Constitution, the garment that for more than 160 years was her Armour and Sword.

Here rests America, her tombstone that hideous house of the United Nations, whose sinister shadow stretches across the land and darkens every door.

How and why and by whose hands was our nation killed? It is a simple and shameful story of citizens who could read but would not — and of statesman who might have acted and did not.

PART II

**THIS IS THE SECOND OF TWO
ARTICLES DEALING WITH PRES.
KENNEDY'S APPOINTMENTS UP TO
APRIL 1, 1961.**

By Sam Crockett

U.S. MISSION TO THE U.N.

Under Adlai Stevenson at the U.N. is Eleanor Roosevelt, a U.S. representative to the U.N. She is and always has been Stevenson's top supporter, is a founder and honorary chairman of the ADA. She has intervened in the Alger Hiss Case, the Welwel Warzower Case, the Raissa Irene Berkman (Mrs. Earl Browder) Case, and the Hanns Eisler Case. All were Soviet agents. Her Communist-front record of 88 citations and 42 radical affiliations are cited in "Eleanor's Red Record," and News for Action, May 1960.

Stevenson's aide and deputy of ambassadorial rank at the U.N. is Francis T. P. Plimpton, a long-time friend and associate, and a Harvard Law man. He is a very early New Dealer (general solicitor Reconstruction Finance Corporation) whose career suggests Frankfurter influence. He has been a member of the faculty of the very red New School for Social Research, a recorder of the equally red Union Theological Seminary, member of the radical Church Peace Union, a director of the Communist-infiltrated Foreign Policy Association, associated with the Communist-espionage-front Institute of Pacific Relations, a member of the supra-governmental and internationalist Council on Foreign Relations, and of 24 other organizations or institutions. (Who's Who in America, 1942-43). He was a director of the Communist-front, Open Road (Appendix 9, p.477).

Stevenson's ministerial aides include Chas. P. Noyes (Yale Law), as counselor of the U.N. Delegation. Noyes was a consultant to the Rockefeller Brothers Fund from 1953-61 and previously (1941) was on the legal staff of the Lend-Lease Administration and an adviser to the U.S. mission to the U.N. staff, 1945-51. In Chicago he practiced law, often working in Stevenson's law firm. Another aide is Jonathan Brewster Bingham, past editor of the Yale Law Review, secretary to N.Y. Governor Averill Harriman (1955-8), former N.Y. state chairman of the ADA, and an early (1936) Yale supporter of Roosevelt! He is married to ADA Communist-fronter Herbert Lehman's grandniece, June Rossbach ☆, a psychiatric expert and co-writer with Dr. Fritz Redlich of "The Inside Story." Her biography of the notorious Communist-fronter Reinhold Niebuhr is to be published by Scribners in 1961.

HARVARD FRESHMAN RED BOOK 1943

Seated left to right: Hunt, Pekowsky, Schlefer, Yamolinsky, Mass, Susskin, Davis.

Standing: Gittler, Benson, R., Freedman, Sadove, Solomon, Levenson Linenthal.

ROBERT S. BENJAMIN ☆, chairman of the board of United Artists, reddest of the motion picture companies in terms of its releases, is the new national chairman of the U.S. Committee for the U.N.

The most significant appointment of a U.S. representative to the U.N. Council is that of **PHILIP M. KLUTZNICK** ☆, an official Kennedy supporter who started out in the Justice Dept. in 1935 and by 1944 became the Commissioner of the Federal Public Housing Authority. He was a U.N. representative in 1957. During his nomination hearing (1/31/61) before the Senate Foreign Relations Committee, he stated he was a member of the commission on money and credit set up by the Ford Foundation and of the Committee for Economic Development, that he had served as international president of the B'nai B'rith ADL for 6 years and is its honorary president for life, that he has been national chairman of the United Jewish Appeal, and a delegate to the World Jewish Congress meetings. He was chairman of the group of Jewish leaders which tried to arrange a private meeting with Premier Khrushchev and is "a power behind the scenes in the Democratic Party in the Midwest."

ABRAM CHAYES, is the new legal adviser to the State Dept. and is therefore a man who wields tremendous influence in the political area most likely to affect the lives of every American: foreign affairs. From 1951-52 he was law clerk to Felix

Frankfurter. By 1958 he was a Harvard professor. On the question of the Connally Amendment (limiting the power of the World Court over the affairs of the United States), he stated he "firmly" supported its repeal. When it was pointed out to him that Communist-fronter Phil Jessup was the American World Court judge, that the Soviet Union and Poland—even though sitting on the court—refuse utterly to submit to its jurisdiction, that only 3 small countries had agreed to submit to it, he still insisted we should submit to it in accordance with "our announced objective to further the rule of law in the world." After confirmation Chayes appeared with George Ball before the same committee (Feb. 14, 15, 1961) for the hearings on the Organization for Economic Cooperation and Development treaty, the most dangerous instrument ever planned for the destruction of liberty within these United States. Chayes, Ball and Dillon fought as a team for ratification of the treaty.

ELIZABETH R. SMITH daughter of Clarence M. Rudel, president of the munitions firm of Canadian Vickers, is the new Treasurer of the U.S. She is also a past strong Stevenson campaigner.

FRANK M. COFFIN (Harvard Law and Business Schools). Manager of the Development Loan Fund, helped establish the same agency in 1957; with Brooks Hays brought about the formation of the U.S.-Canadian

Interparliamentary Committee, a part of the training apparatus for the future world government; and is an expert on the European Common Market, an economic organ for the world state in preparation.

PROF. ARCHIBALD COX was an organizer of the educators in behalf of Kennedy's presidential aspirations, and the coordinator of the Harvard Group brain trust. He advised Kennedy from 1958 on, and has been rewarded with the position of Solicitor General. He is the labor law expert from Harvard Law School.

ROBERT C. WEAVER, Negro, was national chairman of the Communist-fronting infiltrated NAACP, just prior to his appointment as Federal Housing and Home Finance Administrator. A Harvard man, he was a member of FDR's New Deal Black "Kitchen Cabinet." His communist-front record includes endorsement of a program by the Council on African Affairs ("New Africa," Oct. 1945); membership in the executive committee of the National Citizens Political Action Committee (Appendix 9, page 263 official list, August 28, 1944); leadership in a discussion at the 2nd National Negro Congress, Oct. 1937 (Appendix 9, p.1280); signing of a letter endorsing the Negro People's Committee to Aid Spanish Democracy (Daily Worker, 2/8/39, p.2; Appendix 9, p.1347); contribution of \$5 in 1940 to "Social Work Today," Jan. 1941 issue, pp. 16-18 (Appendix 9, p.1783); sponsorship of a Testimonial Dinner in Honor of Ferdinand C. Smith (program, Sept. 20, 1944); and affiliation with the Washington Book Shop 1941 (Special Comm. on Un-American Activities hearings, Vol. 17, 1944, p.10347). See Georgia Commission on Educations Vol. 2, "Communism and the NAACP," pp.96-97, for entire record cited above. Weaver started his career in 1933 as an aide to Interior Secretary Harold Ickes, a violent partisan of the New Deal revolution, and continued in the WPA, the WPB and the WPC, New Deal alphabet agencies. He was the most powerful Negro in the Federal government by 1944. He later was State Rent Administrator under Harriman in New York State. He has been a "civil rights" crusader for three decades and is a close friend to identified Communist Ralph Bunche, another Harvard man who is slated for a top post in the Kennedy administration. (Congressional Record, 1/6/61, pp.267-8). Opposition to Weaver's appointment was so intense that Kennedy was forced to place his personal imprimatur on the appointment via a signed letter. Kennedy stated he had "evaluated" the F.B.I. record on Weaver and still would recommend him. The wording of his response suggests that that report would include much more than a few front listings. This appointment was an absolutely disgraceful action on the part of Kennedy. Weaver testified that he "didn't know" the organizations he joined were Communist-fronts. He was under oath!

Under Weaver, as Deputy Adviser of the HHFA is **Walter P. Reuther's** ex-administrative assistant, **Jack T. Conway**. **W. Alanson Willcox**, new General Counsel of the Department of Health, Education and Welfare, has served in the government from 1934 to date, as general counsel of Treasury, of Federal Security Agency, etc., and of course is a Harvard man.

ELVIS J. STAHR, JR., Secretary of the Army, is a Rhodes Scholar.

ROGER W. TUBBY, Truman's press secretary and assistant, 1950-52, is the Assistant Secretary of State for Public Affairs and was an assistant to Stevenson in 1956.

WILLIAM H. ORRICK, JR., brother of Andrew Orrick, acting chairman of the SEC under Eisenhower, is the Assistant Attorney General (Civil Rights) and was a leader in Stevenson's campaign in 1956.

Our Country in Distress!

JOHN BAILEY, Democratic National Chairman (not an appointment) is a Harvard Law man, worked for Kennedy for 4 years, and is a Ribicoff protege.

CARL ROMAN, Negro, race relations writer is Roger Tubby's deputy in State.

HARLAN CLEVELAND, publisher of "The Reporter" edited by Communist-fronter Max Ascoli, is the Assistant Secretary of State for International Organization Affairs (US-UN liaison). He is a Rhodes Scholar, served (since 1940) in the FEA, ECA, MSA, etc.

The new Commissioner of Internal Revenue, **MORTIMER CAPLIN**, of the University of Virginia Law School, owes his appointment to the fact that he taught law to Robert Kennedy, and that he is an ex-member of Paul, Weiss, Rifkind, Wharton and Garrison.

GEORGE F. KENNAN is the new Ambassador to Yugoslavia. He originated the "containment policy" towards communism which became official U.S. policy and which presumed that U.S.-Soviet relations could be based on the peaceful co-existence theme (now official Soviet policy—for the time being). Kennan was Ambassador to the USSR in 1952 and had previously served as director of the State Department's Policy Planning Staff and as counselor from 1947-50. In 1953 he joined the Institute for Advanced Study in Princeton, N.J., and became a professor there. He also lectures at Oxford University, and taught at Yale in 1960. See "Dr. Oppenheimer's Institute" by Karl Hess (American Mercury, July 1956) for a good study of the Institute for Advanced Study and its major figures, **Albert Einstein**, top policy Communist, and **J.R. Oppenheimer**, identified as a Communist and as a Soviet agent in the 1954 examination by the Personnel Security Board of Oppenheimer's activities as an atomic scientist. Kennan is a member of the Council on Foreign Relations and past president of the East European Fund of the Ford Foundation and attended the 1957 Bilderberg Conference.

CLARENCE D. MARTIN, JR., (Harvard) is Under Secretary of Commerce for Transportation.

CHARLES E. BOHLEN, a special adviser on Soviet affairs to the Secretary of State, once faced a bitter battle against his appointment as Ambassador to the Soviet Union based on his pro-Soviet attitude and activities.

JOHN KENNETH GALBRAITH, Ambassador to India, was a key member of the Harvard Group, a backer of Stevenson in 1952-56, a professor of economics at Harvard and an "egghead socialist" (N.Y. Times, 2/25/61, p.2, col. 2). He was a member of

the key communist-front, the National Citizens Political Action Committee (when he was with Fortune magazine) (Appendix IX, p. 264). "Dr. Galbraith on May 31, 1943, resigned his post as deputy OPA administrator, after he was accused, before a Congressional investigating committee, of being a radical theorist whose policies were seriously hurting business". (Appendix IX, page 1624.) His article, "Benefits of General Disarmament," was featured in the official Soviet magazine, New Times, published by TRUD weekly in nine languages from Moscow (No. 51, Dec. 1959, pp. 14-16.) "Thus the prestige of Harvard is invoked once again to aid communism" and Galbraith has graduated as a "favorite of the Kremlin." ("Keynes at Harvard," Veritas Foundation, N.Y. 1960, p. 39.) This Fabian Socialist has boldly spoken out for Castro and during his nomination hearing stated that U.S. recognition of Red China and its admission to the U.N. were necessary to bring peace to Asia.

RICHARD M. SCAMMON, director of the Census Bureau (now used as a snooping organ for the government) was the senior consultant to Louis Harris and Associates in N.Y., the organization which conducted all of the secret polls for Kennedy and which used very questionable techniques of gathering information in the process. He was governmental host to a group of Soviet citizens (spies) observing U.S. elections and himself went to the USSR in 1958 to observe Soviet "elections." He attended the Fabian Socialist London School of Economics.

The Administrator of the Farmers Home Administration is **HOWARD BERTSCH**, a past employee of the Department of Agriculture and a Ford Foundation adviser to the Government of Iran for 7 years.

BROOKS HAYS (of the socialistic TVA) is the Asst. Secy. of State for Congressional Relations. He was an official of the Communist-front Southern Conference for Human Welfare in 1938 (Appendix IV, p. 1584). He attended the 1957 Bilderberg Conference.

Another participant in the Conference was Rhodes Scholar **GEORGE C. MCGHEE**, counselor for the State Department.

PHILIP H. COOMBS, new Asst. Secy. of State for Educational and Cultural Affairs (a new post) was the program director for education in the Ford Foundation and the Secretary of the Ford Fund for Advancement of Education.

NEWTON N. MINOW, an ex-law partner of Stevenson's, is the new FCC chairman.

DEAN ACHESON, of whom volumes have been written as to his pro-Soviet activities in the State Dept. and in other departments, his friendship with Alger Hiss, his membership in the Council on Foreign Relations, his role in the sellout of China and the firing of Douglas MacArthur, has been appointed head of the US Advisory Group on NATO. He was the private secretary to **Louis Brandeis**, studied under **Felix Frankfurter**, at Harvard and became his protege for a post in the Treasury Department in the early New Deal era. He was sponsored by Sen. Millard Tydings, deceased son-in-law of the pro-Soviet **Joseph E. Davies**, and has represented Red Poland as a lawyer (**Donald Hiss** was his law partner, brother to Alger). He persistently protected and elevated Soviet espionage agents to positions of importance within the government and is probably one of the all-time greatest subverters ever to have been in a position of importance in the United States.

EDWARD R. MURROW, director of the United States Information Agency, has been associated with the socialist Liberal Party in New York, has been an assistant director of the Institute of International Education (financed by the Carnegie and Rockefeller Foundation) in 1932-35; is a member of the Council on Foreign Relations and of the Woodrow Wilson Foundation. He has been a master of twisted propaganda in be-

half of Communists and against such persons as Senator McCarthy. His special assistant is Thomas C. Sorenson.

THOMAS K. FINLETTER, the U.S. Ambassador to NATO and the OECD, is a member of the Herbert Lehman-Eleanor Roosevelt reform movement in New York, served as Secretary of the Air Force under Truman, backed Stevenson for the presidency in 1960, is and has been on the national board of the ADA for over ten years.

The Associate Director of Harvard's Center for Far Eastern Affairs is **PROFESSOR EDWIN O. REISCHAUER**, a man who is cited repeatedly in the Senate Internal Security Subcommittee's hearings on the Communist-espionage-front Institute for Pacific Relations for his activities and membership in that organization (1944-48), writings in its *Far Eastern Survey*, association with leading Communists within the IPR, and pressure on the State Dept. and in his writings for the furtherance of Red Chinese objectives. He is the new Ambassador to Japan.

WILLIAM ATTWOOD, new Ambassador to Guinea, traveled around the world with Stevenson in 1955, reporting on his activities, wrote speeches for Kennedy in 1960, wrote scurrilous smear articles against the South in *Look* magazine.

STANLEY SURREY, a Harvard Law tax expert, is an assistant Secretary of Treasury.

ADRIAN S. FISHER, ex-legal adviser to the State Department, is a deputy to McCloy, and has just left his position as vp and counsel of the very red *Washington Post* and *Times Herald*.

WILLIAM LUCIUS CARY, chairman of the SEC, is a Columbia Law professor and attended Harvard Business School and lectured there in 1945. He was recruiter for the Volunteers for Stevenson in 1952. He was counsel for the red-infiltrated Coordinator of Latin American Affairs office in the early 40's.

ARTHUR H. DEAN attended the 1957 Bilderberg Conference and is an ex-law partner to John Foster Dulles (Sullivan and Cromwell). He is to be the main negotiator for the U.S. at the nuclear discussions at Geneva. Dean was heaviest financial backer of Institute of Pacific Relations, and in 1946 was Vice Chairman. He was a close friend of Frederick Field, communist, also Philip Jessup, Alger Hiss and Owen Lattimore. He later was Chairman of American Council of I.P.R.

BENJAMIN MAYS (Negro) has been nominated to be a member of the Federal Civil Rights Commission. He is a member of the board of directors of the NAACP and has a Communist-front record of thirty-one citations, too extensive to quote here, some of recent date. (See Georgia Comm. of Education's "Communism and the NAACP," Vol. 2, pp. 65-6.)

RALPH PAIEWONSKY, Governor of the Virgin Islands, owns half of the islands and controls the Island's liquor business.

JAMES J. REYNOLDS, brother of the Communist-fronter *Question Reynolds*, is an Assistant Secretary of Labor and was with the very red NLRB under Truman, 1946-52.

EDWYN SILBERLING, is the chief of Justice Department's anti-racketeering division (Harvard Law).

ADAM YAMOLINSKI (Harvard) is Asst. Secretary of Defense in charge of personnel. Another Assistant Secretary (Controller) is **CHARLES J. HITCH** (Harvard and Rhodes Scholar), whose Harvard University Press book, 1960, "The Economics of Defense in the Nuclear Age" is the "Bible" of the Pentagon.

EDWARD GUDEMAN, of the Chicago Executive Board of the ADL (ADL Bulletin, Jan. 1961, p. 8) is Under Secretary of Commerce. He is a Harvard man and has been associated with Lehman Brothers.

APPOINTMENT SCOREBOARD

The major appointments made by Pres. Kennedy in the period covered by this listing (which is incomplete) reflects a very clear pattern which is of interest as an indication of what kind of men are now in tight control of our Government.

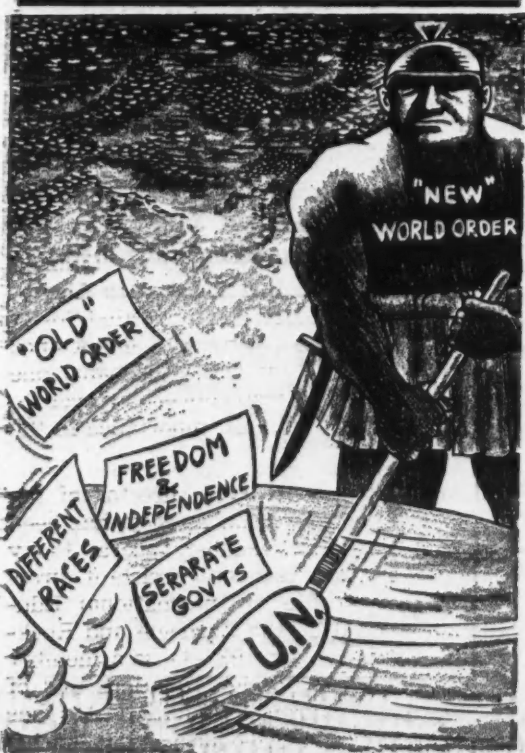

The following classification in some instances are overlapping:

Jews	54
Stevenson law partners	8
Stevenson associates, supporters	23
Rhodes Scholars	9
Oxford Graduates or teachers	4
Harvard grads, teachers, officers	49
Bilderberg Conference members	8
Frankfurter proteges	12
Council on Foreign Relations	27
Negroes	8

Catholics and Southerners are conspicuous by their almost complete absence from the appointee lists.

Anyone who examines the foregoing list of appointments and presumes for an instant that they are not participants in a conspiracy with full knowledge, consent and backing of Jack Kennedy—which is directed towards bringing about the ultimate complete socialization and enslavement of this Nation, is still asleep.

Keep in mind this article makes no reference to several thousand employees who are placed in government by these heads of department as was done under F.D.R. and by Anna Rosenberg.

Straight Talk

By Tom Anderson, Editor,
FARM and RANCH, Nashville, Tenn.

"Well, what're you going to be against this month?" my friend inquired. "I'll bet you couldn't possibly come up with another page telling what you're for."

As the fellow who had to ride with his mother-in-law at his wife's funeral said to the undertaker: "I'll do it, but it's going to ruin my whole day."

I'm for "urban renewal" for all cities who want to pay all the cost themselves. For Harry Truman for a psychiatrist's couch. For ridiculing beatniks—phonies who make a fad out of failure. For getting out of the U.N. and getting into a world organization composed only of those nations who believe in and practice the freedom and dignity of the individual. For encouraging those who would "rather crawl on their knees to Moscow than to die under an atom bomb" to start crawling, and good riddance. For remembering the Cold War abroad and the Cold War at home are directly related; and that we cannot possibly win the Cold War at home; that although Moscow could possibly destroy us, Washington is more likely to.

Stop Stealing From Children

I'm for beginning, now, regular payments on the national debt, which is the largest any nation has ever known. For paying it off ourselves rather than stealing from our children's children.

I'm for allowing gangsters arrested while in peaceful, private assembly like those in Appalachia, N.Y., the same Constitutional-immunities as are granted our Communist citizen criminals. The gangsters were arrested and jailed on mere suspicion, with no evidence that they were planning a job bigger than a bridge tournament or course in flower arranging. Yet other known criminals, Communists dedicated to the overthrow of our country, are **untouchable!** If touched, our touched Supreme Court turns 'em loose.

I'm for replacing politicians who vote for whatever their constituents want, right or wrong, with voting machines. This would be a real economy. And in many cases the voting machine would give us better representation. For publishing, periodically, the salaries and expense accounts of public employees. For preventing public employees from spending any government time, money or equipment in any political campaign. For restricting political contributions to **individuals**—no corporations, co-ops, or unions.

Defining "New Frontier"

For making radio and TV stations who're still fighting Nazism and Fascism give "equal time" to fighting the "New Frontier"—Socialism-Communism. For making display of the hammer and sickle an equal crime with display of the swastika. For according Fascists equal "human rights" with Communists. For revival of the old slogan: "Buy American." And for adding: "Be American, Think American, Act American." For revising Hull's outdated Reciprocal Trade Agreements to make our foreign trade really reciprocal. For trading to win, not to lose. For changing government policies which have ruined or are ruining our watch, coal, textile, glass, cutlery, steel, chinaware (87% of the chinaware bought in the U.S. last year was produced by foreign countries) and many other industries. I'm for halting the flight of American investment capital from this country by offering more freedom and a better deal at home. We've given two million jobs to foreign friends and enemies with the \$21 billion we've put into foreign factories since 1945. I'm for "free trade" with the world, just as soon as we regain our freedoms at home—ending union more pay-less work

racketeering, confiscatory taxation and federal strangulation of free enterprise.

I'm for a notation on each of Drew Pearson's columns showing what he scored on the lie detector test for that day's column. I'm for the right to be prejudiced. People are individuals endowed with God-given freedom to arrive at different conclusions and prejudices from whatever facts they want to explore. Or to say, like the dear old lady: "Don't confuse me with the facts, my mind is made up."

Before Any Summit

Before having any Summit—two-man or 20-man—I'm for making the Kremlin prove its claim to wanting peace by doing these things:

(1) Lift the iron curtain to let everybody out who wants out. Freedom to leave is the essence of democracy. Any country that does not allow its citizens to leave is a slave state.

(2) Agree to free elections in all the satellite countries.

(3) Allow East Germany and West Germany to vote on reunification.

(4) Withdraw Chinese Communist troops from North Korea and agree to free elections and unification.

(5) Free all enslaved states: free elections, freedom of religion, assembly, press.

I'm for killing foreign aid to all enemies like Tito and Gomulka; and to all "neutrals" like Nehru, unless the United States gets strategic materials, war bases or other concrete "value received." For severing diplomatic relations with all Communist governments.

For the original Bricker Amendment, outlawing secret, unconstitutional Presidential treaties not ratified by Congress. For ending all federal aid to education. For vesting strict control and support of the schools in state and local governments. For schools which invest in teachers instead of elevators and gymnasiums. For schools which educate not society but individuals. For the right of states to give the pro rata cost of tuition to the school chosen by each child's parent: private, public, segregated, integrated, Catholic, Protestant, Jewish. I'm for freedom of choice.

ARE YOU FOR AMERICA FIRST OR AMERICA LAST?

It is a little late to decide, however, many need to think seriously and quickly.

Those who want to be for America First had better do something to preserve American Freedom.

PEACE CORPS

Zionist's Trojan Horse

by Sam Crockett

Among the many stories which have been issued on the Peace Corps in the past few months there have been a number of conflicting statements as to its initial origin—as a plan, or an idea.

The N.Y. TIMES, 1/9/61 p.16, describes a task force report by Max Millikan of MIT on the peace corps, suggesting that an International Youth Service Agency be set up which would be governed by a board of directors which would include representatives of the International Cooperation Administration (ICA), the U.S. Information Agency, the State Department, and the major private foundations. This task force report was prepared for President Kennedy.

And the same paper (12/19/60) stated that the Peace Corps had been recommended by the Committee on Educational Interchange Policy of the Institute of International Education (IIE) the chairman of which committee was Harlan Cleveland, publisher of the marxist-line magazine, "THE REPORTER," edited by Max Ascoli, an Italian Jew. Cleveland, a Rhodes Scholar is now an Assistant Secretary of State. Other committee members included William Fels, president of the "progressive" Bennington College; Fred M. Hechinger, educational editor of the N.Y. TIMES; Kenneth Holland, president of HE; and Benjamin R. Shute, ex-director of intelligence for the U.S. High Commissioner of Germany. The IIE is an organization which has been extensively financed in the past by the Carnegie Endowment and the Rockefeller Foundation. It has always been internationalist and has included among its officers and associates dozens of subversives. The committee report suggested draft deferment for peace corpsmen.

Kenneth Holland wrote a long letter to the N.Y. TIMES, 3/12/61, praising the Peace Corps, without however mentioning his part in the rendering of the task force report. He compared it to the CCC of the early New Deal days—a socialistic venture which fell on its face (Holland wrote "Youth in the CCC," published by the American Council on Education)—and quoted approvingly from an essay "The Moral Equivalent of War" proposing a kind of Peace Corps (written by William James). He suggested:

"A conscription of the whole youthful population to form for a certain number of years a part of the army enlisted against nature . . . No one would remain blind, as the luxurious classes now are blind, to man's relations to the globe he lives on . . . our gilded youth would be drafted off, according to their choice, to get the childishness knocked out of them, and to come back into society with healthier sympathies and more sober ideas."

Holland also mentioned several "compulsory labor services" established in European countries in 1919 and in 1932. From the

tenor of the letter and the implications in it, a normal reader can very easily comprehend the drift of his proposals: that the Peace Corps, first voluntary in nature, shall eventually become a draft organization empowered to conscript youth into its ranks.

There are other indications that this vile scheme is behind the Peace Corps proposal. The brainwashing techniques in the educational system, in the communication fields, and in the armed services have not accomplished all that the brainwashers desire. Through the Peace Corps these conspirators will have a weapon to use directly against the youth, the only remaining barrier against outright enslavement under the heels of the Fabian Socialists (and some Communists) now in power in our Government. The very vagueness of the conception—as presented to the public—of the Peace Corps is a tipoff that its purpose cannot be safely revealed to the public.

Another story in the N.Y. TIMES, 2/27/61, p.14, stated that a study of the Peace Corps was made by Dr. Maurice L. Albertson, Pauline Birky and Andrew Rice of the Colorado State Research Foundation by an ICA contract under a \$10,000 appropriation made by Congress in 1960. These researchers worked with the approval of R. Sargent Shriver Jr., brother-in-law to Jack Kennedy. Shriver is a director of the National Catholic Conference for Interracial Justice, an organization whose activities have been viewed with grave suspicion by conservative Catholics. He has also been executive director of the Joseph P. Kennedy Fund, a Yale Law school graduate, and the expert during the Kennedy campaign on racial problems, including the winning of the Negro vote.

The preliminary report by the Albertson group called for a Peace Corps which would work through private organizations, universities, foundations, and even the U.N. It estimated that it would cost 50 millions a year for a body of 5000 corpsmen. Rep. Henry S. Reuss, Dem. of Wisc. ramrodded the \$10,000 appropriation through Congress. Shriver has been working for months from offices in the International Cooperation Administration Headquarters in Washington, D.C. Reuss on 2/13/61 (N.Y. TIMES, p.16) flatly stated that he and Selective Service Director Lewis Hershey had agreed that virtual draft exemption would be a result of the program. "But he said that such a provision can not be written into the bill because of political opposition." He expected the Corps to grow to 10,000 or more. This type of publicity is deliberately calculated to lure the youth to apply for the Corps in lieu of the draft.

A pilot project for the Peace Corps has already been set into operation. The N.Y. TIMES of 1/29/61, p.45, said 150 teachers were to be sent to Africa this year per a contract between the ICA and Teachers

College of Columbia University. The subversive affiliation of faculty members from this college are second only to those of Harvard. Officials (not named) said the idea for the program grew out of a conference in December at Princeton University sponsored by the American Council on Education. G. Mennen Williams was present at the 4-day conference. This project will cost the taxpayers over 2 millions as a start. The same story stated that Reuss claimed he had anticipated the peace corps plan by Kennedy by three years when he proposed it at Cornell University in 1957 (quoting the Feb. 1961 leftist monthly, The Progressive, in an article by Reuss). Reuss said that the Albertson report had been authorized by an amendment to the 1960 Mutual Security Act sponsored by himself and the late Senator Richard L. Neuberger, a notorious leftist.

The Albertson group (N.Y. TIMES, 1/12/61) sent out questionnaires to the American Friends Service Committee (an extremely pro-communist pacifist group), the Unitarian Service Committee (even worse than the AFSC), and the Volunteers for International Development, and Service Civil International Voluntary Work Camps. Albertson said the Rockefeller Foundation helped finance two conferences in New York and Washington to help formulate the Youth Corps idea.

Shriver baited the hook again when on March 6th he stated that corpsmen would be deferred from the draft and that when they returned from their tour of duty they could expect a "breathing period" during which time they could seek employment in one of the "deferrable" occupations, such as teaching or Government service. He announced the career planning board for the Peace Corps had been formed. It consists of Ralph Lazarus, a member of the national committee of the Anti-Defamation League of B'nai B'rith (his brother Fred Jr. is a member of the board of the National Planning Association, a vice President and member of the executive committee of the American Jewish Committee, and a director of the National Conference of Christians and Jews); Joseph A. Beirne, AFL-CIO vp and president of the Communications Workers of America; Roger Jones, an Asst. Secretary of State and a vp of the Washington Institute for Mental Hygiene; and Benjamin S. Willies, General Superintendent of Schools in Chicago. In this story Senator Hubert Humphrey is named as another "father" of the Peace Corps idea. Morris Abram, Special Asst. and Advisor to Peace Corps, officer ADL Atlanta, Rhodes Scholar, member of communist-infiltrated Twentieth Century Fund, helped write the infamous Marshall Plan, officer of United World Federalists.

Shriver's report on the corps was released by Kennedy on March 4th, including the names of 14 of the Peace Corps staff

LENIN DID IT - LENIN DIDN'T!

By our Asian correspondent

Ask an average American about the origin of the Communist Revolution in Russia and it is practically certain that his reply will be such:

"LENIN DID IT!"

And those who would express their doubt that such gigantic upheaval could be performed by one human being, however dynamic and gifted, might be referred to such authoritative sources as, for inst., the Enc. Britannica, ("LENIN",-an article modestly signed by three letters only: "L. Tr.", -Leon Bronstein-Trotsky himself), or to the well-known book "LENIN" written by another Jew, David Shub.

Since, directly or indirectly, YOU too are one of the victims of that Communist Revolution, you should be interested to find out if really Lenin alone shall be blamed and cursed for all our misfortunes, including the ever-present threat of the dreadful nuclear war.

Let us admit, together with Trotsky, Shub and other Jewish or Jewish-inspired sources, that "Lenin did it",-or, in other words, that his share in promoting the October's Revolution is a full 100%.

Not so says the same Enc. Brit. in its article about Trotsky; it is stated here, and we quote:

"TROTSKY played a part HARDLY LESS IMPORTANT than that of Lenin in organizing the Bolshevik revolution in 1917."

From this sentence it is clear that we have to give at least a 40% share to this devilishly energetic and clever Jewish Communist for starting that Revolution.

But can the remaining 60% be fully attributed to Lenin? Most certainly not! "Life", (May 4, 1953), claims that:

"APPELBAUM (Zinoviev), is CREDITED WITH LENIN for actually starting the Revolution in 1917."

So, as you see, we are compelled to cut down Lenin's share once more leaving him, let us say, 40% of the total and giving 20% to Zinoviev.

There is, however, still another very prominent Jew who cannot be forgotten when discussing this turbulent period of Russian history. It is, of course, none else but Jacob Sverdlov, the so-called "Red Czar", then the Chairman of the all-powerful Central Executive Committee of the Soviets, (in 1918 out of its 12 members 9 were Jewish), who condemned to death the last Russian Emperor and all his family AGAINST THE WISH OF LENIN, as it was rumoured at that time. About that Jew "Time" magazine, (June 13, 1960), says as follows:

"... SVERDLOV, a LEADER of 1917's Red Revolution, credited in Soviet history books with HAVING ORDERED THE EXECUTION OF Czar Nicholas II and his family at Ekaterinburg, later renamed Sverdlovsk."

It may be added, that a Jew, Yankel YUROVSKY, was put in charge of this assassination; he murdered personally the Emperor and his young son Alexis. Can we deprive this Jewish "Red Czar" Sverdlov of his legitimate share in shaping the course of the Communist Revolution? Obviously not: let us give him 20% and leave to mighty Lenin the remaining 20% only.

But could this measly share be really his? Apparently not, if we can believe Lenin's own words said once to his old Party comrade, a Jew, Dimanstein:

"The fact that during the war many Jewish intellectuals settled down in Russian cities had a GREAT SIGNIFICANCE for the success of Revolution."

Czar Nicholas II and his family before they were slaughtered by Jewish Communists.

It was **THEY** who helped to liquidate the general sabotage which confronted us after the October's Revolution. . . .

Those **JEWISH ELEMENTS** were mobilized against sabotage, and thus **SAVED THE REVOLUTION** at this critical moment. We were able to grasp the government apparatus **ONLY BECAUSE** we had this supply of intelligent and educated working force." (As quoted by Prof. Solomon Goldelmann in the Journal of the "Institute for Study of the USSR", No 4/32, 1959, p.19.)

A certain Joseph Novak in his article "The Ordeal of the Jews" published by the Sat. Ev. Post on May 28, 1960, fully confirms those words of Lenin and openly admits that the Jews were the **BRAINS** and the **LEADERS** of the Communist Revolution. Novak says, and we quote:

"The Jews in Russia, persecuted by the czars, tied their fate to the 1917 Revolution from the very beginning, and SUPPORTED THE IDEALS OF COMMUNISM. The Jewish intellectuals took their stand AT THE HEAD OF THE REVOLUTION and LED IT during the most difficult period."

E. Stevens in his book "This Is Russia" which got the Pulitzer Prize tells also the following significant words about the role of the Jews in the Soviet Union:

"The Jews AS A GROUP were grateful for the equality accorded to them and were among the STANDEST SUP-PORTERS OF THE SOVIET REGIME."

As you can see yourself from the above quotations taken from the sources which nobody can call "Anti-Semitic," the Jewish cadres in Russia LED and SAVED the Communist Revolution which, Lenin or no Lenin, would have perished without their enthusiastic help during those crucial times. Lenin's share, consequently, shall rightfully belong to them--and ONLY to them--because the majority of the Russian intellectuals SABOTAGED this Revolution and fought against it nearly causing its collapse.

If the Reader of this short article is neither a hypocrite-obsessed with a pathological fear of being called an "Anti-Semite", nor an otherdirected anthropoid incapable of making his own thinking, he should admit that:

THE COMMUNIST REVOLUTION IN RUSSIA WAS STARTED, SHAPED, SAVED AND SUPPORTED BY JEWRY; THEREFORE IT IS THIS FORCE WHICH IS DIRECTLY RESPONSIBLE FOR ALL TRAGIC EVENTS AND RIVERS OF BLOOD WHICH THIS

REVOLUTION BROUGHT TO THE WORLD.

There are signs, however, that this monstrous crime against humanity will not be left unpunished. Prof. Goldelmann mentioned above, and many, many other Jewish individuals and organizations are now bitterly complaining how badly Stalin's successors are treating those who SAVED THE COMMUNIST REVOLUTION. The gigantic conflagration started by Jewry forty-three years ago got after the 2nd WW out of their hands and is beginning gradually to devour its originators:

"BLOODY INSTRUCTIONS WHICH, BEING TAUGHT, RETURN TO PLAGUE THE INVENTOR."
(Macbeth)

F. D. Roosevelt's death upset the Jewish plans and as the U.S. becomes more aware of the communist plot, the Jews are feverously trying to cause Christians to forget who financed communism, set it up and spread it all over the world. Hence, we witness today Jewish owned television showing as many as ten anti-German, pity-the-Jew programs a week. They would have us believe Germany which was crushed 16 years ago is the threat, not communism which is steadily taking over the world.

To make Christians forget who forced the U.S. into two world wars and who were the force for communism in all European countries, we now have the climax of Eichmann's trial. Israel that was not even in existence during World War II presents Eichmann with three Jew judges in a hostile country and publicizes over the world ridiculous charges knowing the Germans dare not offer evidence to debunk their lies.

So far nothing has been introduced to prove Eichmann killed even one Jew. God help our gullible Christians.

The United States Of America Is Not A Democracy

By Mrs. J. J. McLaughlin, Chairman,
Defenders of American Education

The United States of America is not a Democracy. Our Founding Fathers explicitly rejected Democracy when they framed the Constitution for the American System, a Representative Constitutional Republic, the first of its kind in the history of mankind.

"We live under the only government that ever existed which was framed by the unrestrained and deliberate consultations of the people. Miracles do not cluster. That which has happened but once in six thousand years cannot be expected to happen often. Such a government once gone, might leave a void to be filled for ages with revolution and tumult, riot and despotism." From Daniel Webster's 4th of July Oration given in church building at Fryeburg, Maine in 1802.

There is no mention of Democracy anywhere in the historical documents of the United States of America.

Our American System was established on Moral Order — Natural Laws.

Down through the ages, history records man's struggle between Moral Order—the Natural Laws and Social Order — Naturalism.

Democracy has but one meaning:—"Government in which the supreme power is in the hands of the people."

Those who would attempt to destroy Moral Order and set up a "social order" have employed the term "democracy" to foist the old worn-out, decadent and degenerating ideology of Naturalism upon the past ten generations.

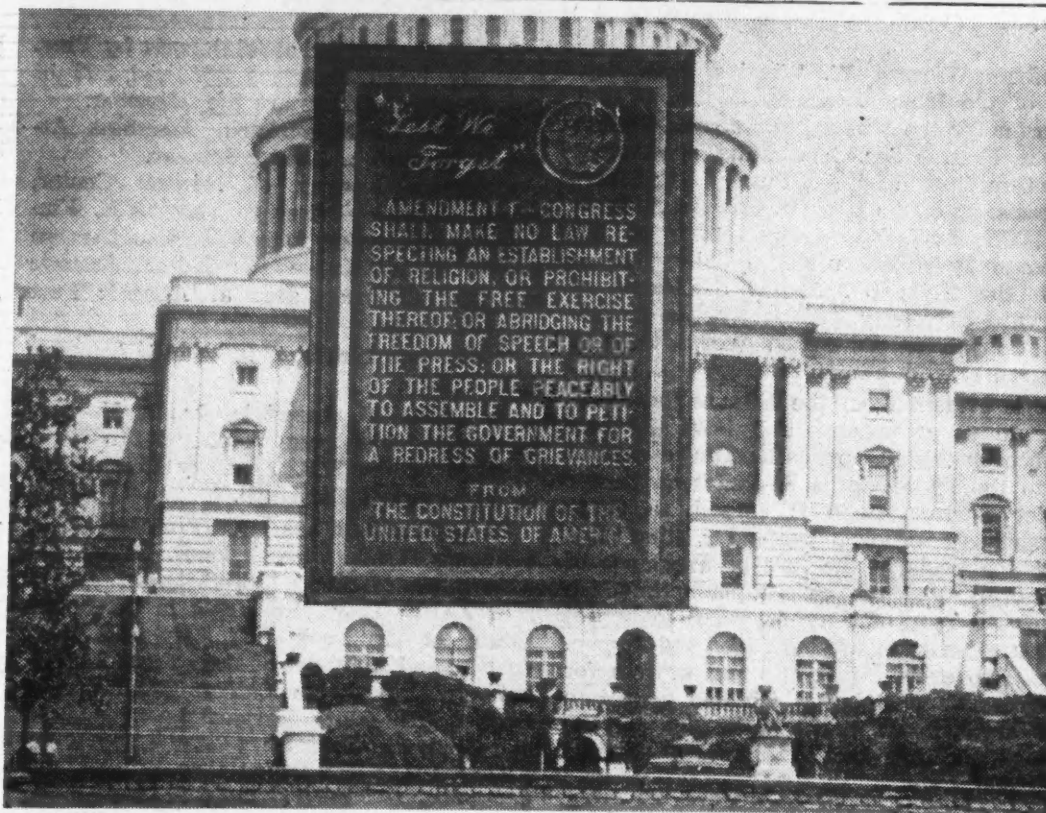

"Democracy" caused the downfall of France at the end of the 18th Century. The students were so thoroughly trained with the ideology they were easily led to incite revolutionary incidents to create chaos and confusion which eventually resulted in the Revolution nearly two centuries ago. France has never fully recovered from this disaster.

Alexis De Tocqueville came to America from France in 1831 to study our penal system. He was amazed to find that some American people had been persuaded to adopt the "democracy" which had devastated his own country. He wrote two volumes, "Democracy in America." While he was seemingly unaware of the basis of the ideology, his keen observation of fundamental Americanism is displayed in the following statement:

"I think that in no country in the civilized world is less attention paid to philosophy than in the United States. The Americans have no philosophical school of their own; and they care but little for all the schools into which Europe is divided, the very names of which are scarcely known to them. Nevertheless it is easy to perceive that almost all the inhabitants of the United States conduct their understanding in the same manner, and govern it by the same rules; that is to say, that without ever having taken the trouble to define the rules of a philosophical method, they are in possession of one, common to the whole people."

"Democracy" is responsible for chaos and confusion in Korea, Turkey and in our own country as evidenced by the recent student demonstrations against the House Un-American Activities Committee Hearings in San Francisco. The "democracy" of France stirred up the students to cry for "Liberty, Equality and Fraternity." The "democracy" propagated over the world today causes the uninformed to cry for "Freedom, Democracy and Brotherhood."

Millions of Americans err when they refer to the American System as a Democracy. In many of our schools and colleges our youth are trained for "democracy" instead of educated with Americanism.

The National Education Association's Report for 1918 contains the following: "Statement of Principles, 1918. **SOCIALIZED SCHOOL FOR EFFICIENT DEMOCRACY.**—The schools of a modern, efficient democracy must necessarily be socialized schools. They must train for the whole life of all the people. To achieve this result the Association recommends that larger opportunities be provided for activities which will develop the initiative and resourcefulness of children, thus fitting them to meet the demands of our democracy."

Harold Benjamin, Chairman, National Commission for the Defense of Democracy Through Education, N.E.A., made the following statement in his "Report on the Enemy" at the N.E.A., 88th Delegate Assembly, St. Louis, Missouri, July 3, 1950:

"The teachers of the United States... believe in democracy. They propose to teach

democracy, to help with all their might to make democracy work, and when necessary—as they have done in the past—to draw and fight for democracy."

Samuel Adams warned, "Remember, Democracy never lasts long. It soon wastes, exhausts and murders itself. There never was a democracy that did not commit suicide."

Alexander Hamilton, Secretary of the Treasury under George Washington, stated that, "We are a Republican Government. Real Liberty is never found in despotism or in the extremes of Democracy."

An informed citizen is an intelligent citizen. Teach our youth the truth. Those Americans who cherish Our Heritage should take time to inform, and correct the current errors. The United States of America is not a Democracy!

- WORLD JEWRY -

from the Khazar's poison pen.

"... RELIGIONS SHALL DISAPPEAR."

The paper Jewish World, of London, states on February 9, 1883, as follows:

"The great ideal of Judaism is that the whole world shall be imbued with Jewish teachings, and that in a Universal Brotherhood of Nations — a greater Judaism, in fact — all the separate races and religions shall disappear."

"... INTO THE HANDS OF JEWS."

The excerpt below is taken from a letter written to Karl Marx by his fellow Jew, Baruch Levy, as quoted in la Revue de Paris, June 1, 1928, p. 574.

"The Jewish people as a whole will be its own Messiah. It will attain world dominion by the dissolution of other races, by the abolition of frontiers, by the annihilation of monarchy which has always been the support of individualism, and by the establishment of a world republic in which the Jews will everywhere exercise the privilege of citizenship. In this new world order the Children of Israel, who are scattered over the world, will furnish all the leaders without encountering opposition; and this will more particularly be the case if they succeed in getting the working masses under control. The governments of the different peoples forming the world republic will, through the victory of the proletariat, fall without

difficulty into the hands of the Jews. It will then be possible for the Jewish rulers to abolish private property, and everywhere to make use of the resources of the state. Thus will the promise of the Talmud be fulfilled, in which is said, that when the Messianic time has come, the Jews will have the whole world in their hands."

IS THIS NOT PROOF?

This is exactly what is taking place in the United States TODAY.

General Walker Removed By Invisible Government

Maj. Gen. Edwin A. Walker, graduated from West Point 30 years ago. Since then he has given top service in the Army to his Country.

Because he is accused of being friendly to the John Birch Society which is dedicated to opposing Communism, the General has been relieved of his command of troops in Germany. The General has rendered heroic service in World War 2 and Korea.

Who made the charges against him? The privately owned OVERSEAS WEEKLY, whose reporters had been barred from division installations because of the questionable content of the publication.

members: Warren W. Wiggins, asst. dep. dir. of the ICA; Edwin R. Bayleu, a past reporter for the Milwaukee Journal; Gordon Boyce, Pres. & Sec.-Gen. of the Experiment in International Living of Putney, Vt.; Albert G. Sims, vp of the IIE; Dr. Howard A. Rusk of NYU; Louis E. Martin, editor of the Chicago Defender, a Negro daily (liaison with the UN); Dr. Arthur S. Adams of Harvard University, president of the American Council on Education (corps training program); and others.

It is evident from the information available to us at present, and from the fact that over 20,000 applications have poured in to the Peace Corps Recruitment Center under Shriver (who is actually a State Department official, "unpaid"), that this idea—particularly the lure of avoidance of the draft, and the career planning which follows a tour of duty, is going to appeal to a great number of young men and women. It is also evident that the real sources for the massive planning which had gone into this are not out in the open; nor are the actual purposes behind the idea exposed to public gaze.

The Peace Corps is a perfect vehicle for the indoctrination of its members with **Communist doctrines**, with pacifist and atheistic ideologies, with whatever brainwashing techniques are desired by its directors. An intensive examination of the past activities of the Experiment in International Living (which has operated for 30 years or more with dozens of other pacifist and worse organizations) would be very productive in revealing just what kind of program planning will be set up by Gordon Boyce for the corpsmen.

On March 30th Kennedy announced the selection of a 33 member National Advisory Council for the Peace Corps. Its Honorary Chairman is the very, very Red longtime Kennedy friend, Justice William O. Douglas.

The vice-chairmen include Communist-fronter David E. Lilienthal, and Rev. James Johnson of New York, who has an extensive Red record.

Council members include Eleanor Roosevelt (over 100 communist-fronts), Leona Baumgartner (N.Y. Health Commissioner), Harry Belafonte, Dr. Benjamin E. Mays and Clarence E. Pickett (American Friends Service Committee)—all of whom have extensive records of association with Communist-fronts.

Eugene V. Rostow, dean of Yale Law School (brother of Walt Rostow), and James Scott, international vp of the Communist-infiltrated U.S. National Student Association, are other council members.

The USNSA held a conference (New York Times, 4/1/61) which endorsed the Peace Corps, opposed loyalty oaths for volunteers and urged eventual U.N. control of an international peace corps. The student organization also said FBI security checks on applicants should be sharply limited.

Keep your eyes open and your fingers crossed on the youth Peace Corps.

Press releases reveal that young boys and girls are to be sent overseas to various countries to educate and guide the different nationalities. Apparently we are going to make these different people live, eat, and think like we think they should even if it puts our taxpayers in hock.

We received a hint as to what we can expect when one of Kennedy's spokesmen, in a speech at the Democratic Convention, said: "The U.S. can feed and clothe the whole world."

The New York Journal-American of Mar. 6, 1961, under a picture of Sargent Shriver pointing to the map of Africa, quotes Shriver as saying that 500 to 1000 young volunteers will be sent there. God have mercy on these girls. Eleanor Roosevelt is a prominent promoter of this explosive movement which reminds us that while

MORE KENNEDY APPOINTMENTS

In addition to the appointments by Pres. Kennedy listed in issues 361 and 362 of Common Sense there are the following:

Nicholas D. Katzenbach, Assistant Attorney General, a Rhodes Scholar.

Lawrence Levy of Newton Center, Mass., Defense adviser to Thomas K. Finletter, Ambassador to NATO, also Defense Dept's representative for North Atlantic and Mediterranean area at Atlantic Pact Hdq. in Paris.

Cecil Poole, Negro, is to be U.S. Attorney (No. Calif.).

Dr. Noah N. Langdale, Jr., a Harvard Law man, has been nominated to be a member of the U.S. Advisory Commission on Educational Exchange.

Philip Elman, has been nominated to be a Federal Trade Commissioner. Elman was a member of the editorial board of the HARVARD LAW REVIEW in 1939, the Editor of the book, "Of Law and Men" (papers and addresses of Felix Frankfurter), law clerk to Judge Calvert Magruder of Boston, 1939-40 (a Harvard Law professor and Kennedy appointee), LAW CLERK TO FELIX FRANKFURTER 1941-43, and legal adviser to the Office of Military Government in Berlin 1945-46 (during the period of the OMG's violently pro-Soviet activities in West Germany).

(CONGRESSIONAL RECORD, 4/18/61, p. 5673 for his background.)

The Treasury Department announced three more Negro appointments on April 17th to staff positions in that Department and Kennedy named Dean S. W. Robinson 3d, Negro dean of Howard University Law School to be a member of the Civil Rights Commission. Robinson is southeast regional director of the NAACP. Kennedy also appointed Dean Erwin N. Griswold, Dean of the Harvard Law School, to the Civil Rights Commission. Griswold is a notorious propagandist for 5th Amendment Communists.

Oxford Graduates or teachers	4
Harvard grads, teachers, officers	52
Bilderberg Conference members	8

Catholic and Southerners are conspicuous by their almost complete absence from the appointee lists.

F.D.R. was on the throne, Eleanor used her influence to set up the C.C.C. Camps.

First a serious emergency was promoted by leftist writers depicting thousands of boys in gangs in cities needing guidance. It developed that when these boys were recruited their instructors were communists, hence today, some of our active Bolsheviks are graduates from the C.C.C. Camps.

The American Jewish Examiner of Brooklyn, March 16, page 2, carries large headline: "Jewish Youth Urged To Enlist In Peace Corps." The article quotes Max Bressler, president of Zionist Organization of America, issuing call to Jewish youth to join the Peace Corps.

"These Pharisees will take it over and in their groups over the world will re-educate the gullible Christian youth!"

The Jewish Spectator, April 1961, carries three and a half columns on the Peace Corps. Below are excerpts:

"The Ideological and idealistic premises of the U.S. Peace Corps cannot but challenge American Jews, particularly professed Zionists . . . The U.S. Peace Corps is being swamped with applications by qualified persons eager to serve where their knowledge and skills are most needed. There are tens of thousands of American Jews with the knowledge and skills Israel needs who would surely respond to the call to give two years of personal service in Israel. Close to six million Jews in this country can assure a steady stream of volunteers for service in Israel for as long as the Young State will need assistance.

We propose that proper organizational steps be taken to channel for Israel's benefit some of the American sacrificial

readiness to assist the new countries. We ask all those who are in favor of setting up organizational machinery for "American Jewish Personal Service in Israel" to stand up and be counted. In particular, we are calling upon the Rabbis to devote a sermon to the distinctly Jewish implications of the U.S. Peace Corps."

THERE YOU HAVE IT.

Israel since it was established by theft and murder on May 15, 1948 has been supported by the U.S. and Germany—the U.S. by political pressure, and Germany by blackmail. Now they want U.S. taxpayers to pay for thousands of people to help build up Israel while a million owners of the property exist in the desert like animals.

Kennedy under pressure of the leftist groups has ignored Congress and launched this young growing Frankenstein which will absorb millions of taxpayers' money, demoralize many girls, and condition them all for COMMUNISM.

SUCH IS THE NEW FRONTIER.

FIVE CENTS

LET'S FACE THE FACTS IN FAIRNESS TO KENNEDY

Eisenhower left a mess for Kennedy. For eight years he played golf and entertained world celebrities while Khrushchev and Castro built up Western headquarters for Communism in Cuba.

Time again Khrushchev and Castro boldly said what they were doing. Surely the Communist infiltrated Central Intelligence Agency reported to Ike, but he kept at his golf.

British Field Marshall Alanbrooke said he did the same in Europe. Alanbrooke wrote that in November 1944 there was no one running the land battle in Europe.

He stated:

"Eisenhower, though supposed to be doing so, was on the golf links at Rheims, (France) taking practically no part in running the war".

Alanbrooke said that British Major General John Whitely and U.S. Lt. Gen. Walter Bedell Smith, and others, went to Eisenhower and demanded he take interest in the war.

Ike was used as a stooge to purge the Republican party of good patriots. He helped destroy Sen. McCarthy — this while Communism moved ahead taking more of the world each year. Now all Latin America will go.

The invasion of Cuba was arranged under Eisenhower's administration and carried out under Kennedy's. It is public knowledge in Washington that the Cuban invasion was planned by the State Department and Central Intelligence Agency who set it up and guided it. The 1400 Cubans were kept ignorant of every move. They were trained mainly in Guatemala, put on ships and started for Cuba with secret sealed orders as to the four landings.

The Cuban patriots did not know where they were going to land until the sealed instructions were opened at sea. When they landed Castro forces were at the exact spots waiting.

The rebels on the way to Cuba had no facilities for notifying Castro. Only the Central Intelligence Agency knew where the Cubans were to land. Apparently when the orders for landing were made out the C.I.A. sent a copy to Castro. This reminds us that on Khrushchev's first trip to U.S., while in the White House, in order to impress him of our efficiency he was handed a C.I.A. report. He glanced at it and handed it back saying "I read these before you do."

After the anti-Communists in East Germany arose in revolt and were slaughtered, it was learned that Communist agents had promoted the revolt so as to bring the anti-Communists from underground to be identified and exterminated. How many Bolshevik agents do we have in C.I.A.? How many in State Department?

It is no secret that Communists have

THE SLEEPER

been in the State Department since F.D.R. days. The C.I.A. was to notify the anti-Communist underground in Cuba so they could assist the invasion. They were not notified. Cuban leaders say they were promised by C.I.A. that U.S. air force was to cover their landing.

These Cubans trying to regain their country from Communists were trapped. As the Cubans tried to reach land they were fired upon from the shore and Communist planes sunk two ships of ammunition. Nearly all were killed or captured to be executed later. We have made Castro a popular man in Latin America which will likely now follow him into Communism.

Our Radio Free Europe in 1956 gave the Hungarian people reason to believe they would be supported if they revolted. The revolt was our best chance to knock Communism out, for Poland and East Germany were also ready. Hungarian freedom fighters pleaded for help; Spain started to send troops and weapons but our State Department, under Eisenhower, stopped Spain. Eisenhower now protests against investigations of the C.I.A.

Under Eisenhower our taxpayers gave 400 million dollars for freak projects in Laos. Now Communists are taking Laos, assets and all.

Eisenhower invited Khrushchev here to be honored and displayed at receptions from coast to coast. This mass murderer was allowed nation-wide TV to propagandize into our homes—brotherhood, friendship and co-existence, neutralizing our people and watering down their will to fight for freedom.

In Europe Eisenhower ordered our army to move back and allow the Communists to take Berlin where they had three weeks by themselves to strip factories, grab art and valuables, and haul off to Soviet Union in thousands of trucks the U.S. taxpayers paid for under the eleven billion dollars Lend-Lease. (We were not repaid and never will be).

While this was going on Communist soldiers, like ape-men were herding all German girls and women into the streets, stripping and raping them.

The following quote is from Eisenhower's own book, **CRUSADE IN EUROPE**, page 396:

"A natural objective beyond the Ruhr was Berlin. It was practically and psychologically important as the symbol of remaining German power. I decided, however, that it was not the logical or the most desirable objective for the forces of the Western allies."

As a result, today the United States forces need to pass through 110 miles of Communist territory to reach West Berlin. This is a fuse for war. Ike ordered more than a million Russians who escaped from Communism through the German lines to be returned from Germany to Soviet Union to be liquidated. Such is war pushed on us by Zionist Jews, and in charge of a man who was picked and raised over 200 officers who outranked him. It is important to remember a statement by Eisenhower, in a speech in the stadium at Los Angeles during his campaign for President in 1952 stated:

"For many years I have sat at the feet of Bernard Baruch and listened to his words of wisdom."

We have not mentioned any of the contents of the book by Eisenhower's lady chauffeur in Europe, **Kay Summersby**. The books have been quietly bought and destroyed.

Drew Pearson's column of Jan. 14, 1961 makes disclosures that have not been denied by Eisenhower. According to Pearson, the expenses at Eisenhower's farm for six years beginning 1951 were \$508,000 which were paid mainly by three oil men whose companies depended on decisions by Eisenhower while he was President. These men, **W. Alton Jones** (head of Cities Service), **B.G. "Billy" Byars** (Texas oil man) and **George Allen**. Hard working dirt farmers take notice of how farmer Ike runs his farm. Here are a few of the expenses: Show barns \$30,000; three smaller barns \$22,000; remodeling Ike's main house, \$110,000; landscaping \$6,000; Salary Gen. Arthur S. Nevins, farm manager at 10,000 a year, \$90,000; assistant manager's salary six years \$60,000; hired hands \$180,000.

Herman Goering's Letter To Churchill

The following letter was written by Herman Goering, German Reichs Marshal the day before he committed suicide in Nuremberg. We publish this for the fourth time in view of its special interest in the face of the present-day crisis.

Nuremberg, Germany October 10, 1946

Mr. Churchill:

You will have the satisfaction to survive me and my comrades in misfortune. I do not hesitate to congratulate you on this personal triumph and the finesse with which you have accomplished it. You have gone to great expense in order to secure this success, for yourself and Great Britain. Should I believe you sufficiently naive as to consider this success anything more than a show, detrimental to the Great German Empire—a performance for the peoples and their Jewish and Bolshevik confederates, which were maneuvered by you into the war—then my statement to you during the last hour of my life would, also in the eyes of posterity, be squandered upon an undeserving one.

My pride as a German and as one of the foremost responsible German leaders forbids me to lose even a single word in a dispute of world-historical importance on the disgraceful lowness of the methods employed by the victors as far as these proceedings concern my own person. However, as it is the obvious and announced intention of their administration of the law to throw the very German people into the abyss of illegality and to rob them once and for all of a future possibility to defend themselves by the removal of the responsible men of the national socialistic state, I have to add a few words to the historic subject of the verdict, premeditated by you and your allies.

I direct these remarks to you, since you are one of the best informed ones regarding the true underlying reasons for this war and on the possibility of avoiding the same; or to end it at least in a manner bearable for the European future; and yet refused your testimony and your oath to your own high court of justice. Therefore I shall not fail, while there is still time, to call you before the tribunal of history and direct my statements to you, because I know that this tribunal shall expose you some day as that man, who, with ambition, intelligence and energy has thrown the fate of the European nations under the heels of foreign world powers.

In you I identify before history the man who had the ability to bring Adolf Hitler and his political accomplishments; the man, who will, however, be unable to raise the shield protectingly against the invasion of Europe by the Asiatics.

It was your ambition to justify the Versailles Treaty regarding Germany. It will prove fatal to you that you succeeded. You personified the hardened obstinacy of your old gentry; and you also personified the gigantic effort of the rejuvenated German power to decide the fate of Europe in the steppes of Asia in order to safeguard the same in the future. Long after my responsibility in the future development of events has found its objective judge, it will be put to your account that the past bloody war has not been the final one which had to be fought on the continent for the very possibility of existence of its nations.

You will have to answer for the fact that the bloody war of yesterday will be followed by a still greater one and that the European nations will not rule at the Volga, but at the Pyrenes mountains. It is my fervent wish that you may at least live to see the day on which the world, and the western nations in particular, will become aware of the bitter truth that it was you and your friend Roosevelt who sold

their future to Bolshevism for a cheap personal triumph over nationalistic Germany. This day may come sooner than you like, and you, in spite of your advanced age, will still be vigorous enough to see it dawn bloody red over the British Isle.

I am convinced that it will bring you all those unimaginable terrors which you escaped this time through the good luck of war; or through the abhorrence of the German conduct of war to a complete degeneration of the methods of fighting between peoples of the same race. My knowledge regarding the kind and amount of arms and of the projects from us, which—thanks to your military assistance to the red army—have fallen into their hands, enable me to form this supposition.

There is no doubt that you—according to your habit—soon will write good memoirs and you will write them the better, as there is nobody to hinder you to tell and suppress whatever you like.

You believe it very clever to have submitted this historic truth to the craftiness of a handful of ambitious junior lawyers in order to have it changed into an expedient dialectic treatise, in spite of your awareness as a Briton as well as a statesman, that with such means the problems of existence of peoples could not be solved and judged; neither in the past nor in the future.

I have an only too well grounded opinion of your power and the cunning of your intelligence as to credit you with believing the vulgar propaganda with which you motivated the war against us and with which you had your victory over us glorified in a fantastic show.

I state here with great emphasis as one of the highest military, political and economic leaders of the Great German Empire the following: This war could not be avoided because the politics of Great Britain—under the influence of your person and of your friends of like opinions in all fields—persisted constantly to hinder the life-interests and the most natural development of the German people; and—filled with the senile ambition to uphold the British hegemony—preferred the 2nd world war to an understanding, as we on our side had tried time and again to bring about, beneficial to both of the most prominent nations of Europe.

I declare herewith once more most emphatically that the guilt of the German people in this war—into which they were forced by you—consists solely in trying to end the eternal difficulties to their national existence, which you artfully instigated and continued.

It would be useless to go with you into a dispute over the causes, the conditions of restraint and the motives which led during the course of the war to political and military complications and which your lawyers knew so well to use in a one-sided manner at the cost of the national socialistic regime.

COMMUNIST PLAN FOR WORLD CONQUEST

"First we shall dominate Western Europe, then the masses of Asia. Finally, we shall encircle the United States as a last bastion of Capitalism and like over-ripe fruit it will fall into our hands."

These were the words of the communist leader Lenin.

The devastated European regions of culture and rubbled treasures give still today testimony of the embittered despair with which a great and proud people yesterday, with unparalleled readiness to make sacrifices, fought for its existence. Tomorrow they will testify that alone the overpowering might, led by you in the field, was able to cause the subjection and deprivation of their rights. The day after tomorrow the Russians will bear witness of the betrayal which surrendered Europe to the red Asiatics.

The Germany which you conquered will take revenge on you through its downfall. You have neither produced a better politic nor shown a greater courage than we. You have not won the victory due to better qualities or superiority of your strength and strategy, but merely after 6 years with the predominance of your allies. Do not believe your victory to be all that which you tell the world. You and your land soon will harvest the fruits of your political art. What you as an experienced Cynic would not admit toward us—namely that our fight in the East was an act of urgent self defense, and not alone for Germany but for all Europe; and that the German fighting this war, which you constantly condemned, therefore was justified. This, your ally and friend of today, Stalin, soon will prove to you and to the British Empire.

Then you will experience what it means to fight this enemy and you will learn that necessity knows no law; Also that you can neither fight him successfully with treaties of law nor with the weight of Great Britain and her European dwarfs.

You have stated to the German people that you were primarily concerned with the restoration of their democratic mode of life. But you have said not a single word that you want to restore to them the sensible foundations for living, which have been denied them these past 25 years. Your name stands under all essential documents of this epoch of British want of comprehension and jealousy towards Germany. Your name also will stand under the result with which this epoch of Germany's liquidation has challenged history in lieu of Europe's existence.

My belief in the vitality of my people cannot be shaken. They will be stronger and live longer than you. However, it distresses me to know them defenseless in your power and that they now also belong to the luckless victims, who thanks to your success, do not approach a future of progressive work for the realization of their common aim, set forth by intelligence for the western peoples, but are driven toward the greatest catastrophe in their common history.

I do not wish to argue about outrages, which you—rightly or wrongly—ascribe to us and which neither agree with my nor the German peoples comprehension; neither do I wish to talk about those atrocities which have been committed on your part and on the part of your allies towards millions of Germans; for I know that you have made under this pretend the entire German people the object of a collective outrage of a proportion never known in history. I also know that you would not have acted differently regarding your treatment of Germany without this pretention, because since 1914 you have striven for nothing less than the destruction of the German empire. Thus your historic goal denies you the office of a judge over the avoidable and unavoidable consequences caused by

your unremitting intentions and which were welcome to you as subsequent proof for the justification of your actions. Today I regret my and the national-socialistic governments greatest mistake, the fateful error to believe in your discernment as a statesman. I regret to have trusted you with justiciously recognizing the world-political necessity of a peaceful and progressive (prosperous) Germany for the existence of a flourishing England. I regret that our means did not suffice to convince you at the last moment that the liquidation of Germany would also be the beginning of the liquidation of Britain's world power. We began to act—each one according to his own law. In line with the new one, for which this Europe was already too old—you holding on to the old one, for which this Europe is not any more important enough in the world.

I shall know how to approach my end in the absolute conviction as a German National Socialist and considering everything else, to have been a better European than you. I leave the judgement of this with an easy mind to posterity. I hope sincerely that you will belong to this world for a long time to come as fate might grant you—as it has to me—when you decline to leave to posterity also a truth.

Sincerely,
Herman Goering

MUNICH PACT OF 1938 WAS BELATED JUSTICE NOT APPEASEMENT

By Dr. A. J. App

On June 3, 1953, President Eisenhower, referring to the debate about Korean truce, said:

"There's going to be no new Munich, and at the same time there's going to be no risk of general war because modern war would be too horrible to contemplate."

The president's referring to the Munich Pact of Sept. 30, 1938, as an appeasement is another pathetic evidence of how long war-time misrepresentations linger on and continue to muddy the tide towards a just peace.

The Munich Pact, signed by Germany, France, Britain, Italy was not appeasement but belated justice. This pact finally granted the 3,500,000 Sudeten Germans or Old Austrians of Czech-Slovakia the right of self-determination denied them in 1919. Though these Sudetens, more in number than the Irish or the Norwegians or Israeli had urgently appealed to their right of self-determination guaranteed by Wilson's Fourteen Points, they were torn from Austria, were rudely denied to join either Weimar Republic or Austria, and were at bayonet point incorporated into Czechoslovakia.

The Munich Pact, nineteen years later, finally granted the Sudetens what they had implored vainly from the forsworn Allies on the basis of the Fourteen Points in 1919! The Munich Pact was not wrong. What was pitiful was that its belated justice was achieved only upon the belligerent insistence of Hitler instead of having been generously granted to the Sudeten people at the time of the unarmed Weimar and Austrian Republics!

Rather than keep on condemning the Munich Pact, all true Americans ought to pray to God never to allow the Western governments ever again to be so wrong-headed and so short-sighted as not to grant peoples their self-determination immediately and voluntarily.

Regarding the slanderous condemnation of the Munich Pact, a slander promoted by the communists and the Morgenthauists and carelessly accepted by others, Freda Utey, author of *The High Cost of Vengeance*, of which the German edition sold over

Dwight D. Eisenhower

50,000 copies, wrote in *Human Events* ("Appeasement a la Mode," June 24, 1953):

"Those who compare Panmunjon to Munich are also wrong. All that the much-abused Neville Chamberlain did was to agree to the self-determination of the people of the Sudetenland, which was a part of Czechoslovakia inhabited by Germans, which had formed part of the Austro-Hungarian Empire, and which would never have been awarded to the Czechs if Wilson's Fourteen Points had been adhered to.

But at Panmunjon we have agreed to award to the aggressors a part of Korea inhabited exclusively by Koreans. What we are witnessing today can be more aptly compared to the secret Teheran and Yalta agreements which delivered the Poles to Russia and prepared the way for the Communist conquest of China, as well as all Western Europe."

The Munich Pact did not lead to war. It prevented war in 1938. War broke out in 1939 over Danzig, and precisely because the principle of belated justice of the Munich Pact was not also applied to the Danzigers! This third of a million people had also been deprived of their right of self-determination by the Versailles Treaty. Their wrong kept festering! Wrongs like that, like the even more monstrous Yalta and Potsdam wrongs of East Prussia, Silesia, Sudetenland, North Korea keep festering. They do not stop festering until the right of self-determination is honestly and fully applied. Nor do they fester quietly forever. By and by, unless righted voluntarily by the oppressors, they break out into war. The wrong done in 1919 to the Sudetens was righted short of war by the Munich Pact after nineteen years in the last most dangerous moment. The wrong to the Danzigers in 1919 festered for twenty years—and then developed into World War II!

How long will the Western Allies allow the wrong to the South Tyrolese to fester? How long will the victors allow the unexampled wrongs to the German Expellees to fester? However long, the one lesson of history is final: these wrongs will either be corrected voluntarily by those who committed them—in the nick of time—or someone will rise to try to correct them by force. RIGHTED THEY MUST BE!

The world can take its choice. But you and I, when anyone wants to attack the Munich Pact, should answer: "You mean the Yalta Pact, do you not?"

SOVIET OCCUPYING FORCES IN ESTONIA

by Colonel Richard Maasing

Republished from Newsletter from Behind the Iron Curtain

The Soviet standing army and active military forces include at present 18 military districts, two air-defense districts (Moscow and Baku), and three army groups — the Northern army group, in Poland; the Central army group, in East Germany; and the Southern army group, in Hungary.

These army groups are kept constantly in fighting trim, just as they were when the insurrection in Berlin and the revolt in Hungary were suppressed.

The Soviet navy has four fleets — of the North Sea, the Baltic Sea, the Black Sea and the Pacific; two auxiliary fleets, of the Caspian Sea and of the Don; and one naval defense district, Leningrad.

Occupied Estonia is included in the Baltic military district, which is kept mobilized up to 50 per cent even in peace time. It comprises the Soviet republics of Estonia, Latvia and Lithuania as well as the Kaliningrad oblast (East Prussia).

The general staff and headquarters of the Baltic military district are in Riga. The present chief is Army-General Pavel Batov. He is seconded by a council of war made up of the first secretaries of the central committees of the Communist parties in Estonia, Latvia, Lithuania and the Kaliningrad oblast. In mobilization, the chief of the Baltic military district, as the commander of a border-land military district, would have power of an absolute ruler in every domain in the Baltic states. The councils of ministers of the Baltic states would then become organs to carry out the orders of the chief, who would also have authority to command the entire population of the Baltic area, regardless of sex or age, to do any kind of work.

The land-forces stationed in the Baltic military district now include approximately 200,000 men, of whom some 46,000 are in Estonia.

The frontier defense and KGB (State Security Committee) forces stationed in occupied Estonia are commanded by Major General J. Karpov. He also is chairman of the KGB of the Council of Ministers of the Estonian Soviet Republic. Although he thus has the rights of a minister in the government of the Estonian Soviet Republic, he is subject to the chief of the frontier defense and KGB forces in the Baltic area, at present Lieutenant General A. Nikiforov, whose staff is situated in Riga. The total enrollment of the frontier defense and KGB troops in Estonia is 10,000.

The MVD (Ministry of the Interior) forces have one regiment and some single companies, a total of 2,000 men, stationed in Estonia. They are subject to the vice minister of the Interior of the Soviet Union, Major General V. Shevchenko.

In summary, the land forces of various kinds now stationed in Estonia total about 58,000 men. They are 100 per cent motorized and provided with modern arms designed and constructed since the second World War.

The naval bases of the Baltic Fleet are situated on the coasts of Estonia, Latvia, Lithuania and the Kaliningrad (formerly Königsberg), commanded by Vice-Admiral A. Oryol whose political adviser is Rear Admiral J. Potshupaylo. The council of war of the Baltic Fleet includes among its members the secretaries of the central committees of the Communist parties of the Baltic republics.

The Baltic Fleet consists of the following units: 10 cruisers, 60 cruiser-minelayers and watchships (frigates), 160 submarines, 200 fast torpedo-boats and anti-submarine destroyers, and 2,000 fighter planes, as well as a large number of auxiliary vessels and landing craft.

LETS FACE THE FACTS

—o— (Continued from Page 1) —o—

Eisenhower also accepted thousands of dollars of expensive gifts from over the world such as pedigreed stock and items for the house.

Doubleday paid Ike \$635,000 for his book; the revenue department ruled this taxfree. He now receives \$25,000 pension with \$50,000 taxfree expenses. He is worth over a million dollars.

F.D.R. who was placed in Washington by Zionist Jews to crush Germany so the Bolsheviks in Soviet Union could be free to spread over the world, then turned over millions of Christians to Communist slavery. Truman followed saying the charge of Communism was a red herring; then comes Eisenhower who was promised he would be endorsed by both parties, and a group headed by Sherman Adams would run the government for Ike. Goldfine messed this up.

Kennedy knew he could not be elected without the organized pressure groups so he convinced them he was their man. These interlocked pressure groups have been controlling elections, national and state. That is why the administration will go through the motions of opposing Communism in Asia, but does not dare oppose Communists in Washington.

These groups can destroy an officeholder if he refuses to carry out their plans. These interlocked groups are American Jewish Committee, Anti-Defamation League of B'nai B'rith, American Jewish Congress, Americans for Democratic Action, Council on Foreign Relations, Walter Reuther's machine, David Dubinsky's machine, many Communist fronts and several Foundations.

We crushed Germany, the only force that could stabilize Europe and hold Communism back. We built the Soviet Union Frankenstein. We now tremble with fear flaring not to move to stop the Communist steamroller.

Our President has set up an administration of marxists, and several million undesirable Communist refugees have come here and oppose our defending our freedom.

We have placed ourselves in a position where we must spend billions each year for defense against godless gangsters we built up; billions more in space competition against a former fourth place nation we nourished; billions more for foreign aid for greedy countries to prevent them from going Communist.

These billions to be placed on our citizens tax bills.

Kennedy has now removed bans on the entry of thousands of mail bags of Communist propaganda literature.

LET'S PRAY AND FIGHT TO REGAIN OUR COUNTRY.

A COMMITTEE HEADED BY

Kenneth Goff

of Englewood, Colorado

Presenting Congress with petitions carrying over one million signatures outlawing of the Communist Party.

Left to right: Dr. Bill Beene of the St. Louis Baptist Temple, St. Louis, Missouri; Dr. Kenneth Goff, Soldiers of the Cross Tabernacle, Denver, Col.; Dr. Paul Rader, River Lake Gospel Tabernacle, Minneapolis, Minnesota; —present to Congressman Francis Walters, Chairman of the Un-American Activities Committee and Congressman H. Allen Smith, petitions bearing a million signatures calling for the outlawing of the Communist Party.

Reverend Kenneth Goff of Englewood, Colorado, headed a committee to Washington, D.C. which presented to the Honorable Allen Smith, Congressman from California, and the Honorable Francis Walters, Pennsylvania, Chairman of the House Un-American Activities Committee, petitions, bearing over a million signatures calling for the outlawing of the Communist Party, and supporting Mr. Smith's bill—No. HR 2302, which makes it a penalty, punishable by a fine of not more than ten thousand dollars (\$10,000.00) or imprisonment of not more than ten years, or both; for membership in the Communist Party or its successors.

A special committee formed of ministers and laymen fighting Communism in America, known as the United Anti-Communist Leagues in America, held a two-day conference in the Queen Elizabeth Room of the Hotel Raleigh, in Washington, D.C., on April 11th and 12th, in conjunction with their petitioning of Congress.

The Committee found many Congressmen really acceptable to their petitions, and already action is being taken to strengthen legislation which would curtail Communist activity in the United States.

The Committee issued the following statement concerning its desires for the outlawing of the Communist Party in its request to Congress:

"Believing (that the continued existence in our nation of an admitted 'fifth column' organization, pledged to support the revolutionary program of Soviet Russia rather than the Constitution of the United States of America, is inimical to the continued welfare and security of the United States of America), do herewith call upon the Congress of the United States, to take whatever acts are necessary to make membership in the Communist Party a crime against the government of the United States, and further, to require that all persons teaching or spreading Communist propaganda immediately register as agents of a foreign government."

SOVIET OCCUPYING FORCES IN ESTONIA

—o— Continued from page 3. —o—

The Baltic Fleet has four main bases: Baltisk (formerly Pillau), Tallinn, Liepaja (Libau) and Riga as well as a large number of so-called operative bases. The main naval base in Tallin also commands the operative base Paldiski. The commander of the Tallinn naval base is Vice-Admiral G. Abashvili, whose political adviser is Rear Admiral E. Slivin. Some 20,000 marines are stationed at the naval base of Tallinn.

The total force of the Soviet occupying troops on Estonian soil is about 86,000 men — one soldier for every 13 civilians and one for every 10 inhabitants of Estonian nationality.

The armed forces of independent Estonia amounted in peace time to 14,000 men. These forces constituted no menace to any neighbor. They were open to the observation of all the neighbors.

Today the extent and disposition of the armed forces in Estonia are treated as high state secrets. The Estonian population does not know and is not allowed to know anything about it — not even where the troops are stationed or what they are doing.

BLACKS TO RULE WHITES

The Negro Ralph Bunche stated: "Birmingham Alabama, February 14, 1959 —Nobel Prizewinner Dr. Ralph J. Bunche, said yesterday White supremacy is 'rapidly declining' and warned that the coloured races are determined to end racial prejudice and discrimination. 'The world of 1959 is not by any means a Whiteman's world. Today it is overwhelmingly a non-White world and one in which the power and authority of White men is rapidly declining. New voices of yellow, brown and black men command attention in the councils of the world.'"

THE EICHMANN TRIAL

"TO REMAIN SILENT WHEN YOU SHOULD PROTEST MAKES COWARDS OF MEN"

JEW'S MAKE A DEAL

Germany is so gagged that she cannot speak out and discredit the ridiculous lies being spread all over the world by the scheming group who call themselves Jews. The writer has kept informed on the German situation since World War I, when the Jews of England and the U.S. were telling us the Germans were cutting off women's breasts and children's fingers, and a dozen other silly stories to incite us so we would send our sons over to crush Germany. The Jews made a deal with England to force the U.S. into war against Germany, England to force the Jews into Palestine against the Arabs' wishes. Those who doubt this, write for proof in *Common Sense* Issue No. 357.

A MONEY MAKER

After World War II, a military commission of five English and U.S. officers reported that not one of the atrocity stories were true. Jewish owned TV and radio in U.S., England, France and Germany have been active in feeding the Eichmann trial propaganda into our homes day and night. Newspapers that are kept alive by page ads placed by Jewish owned department stores must not refuse to repeat pages of this criminal propaganda. Jews are making millions writing books, magazine and newspaper articles, making movie films, etc. on the Eichmann trial.

HATE GERMANS—LOVE THE JEWS

Many more millions are received by TV films inciting hate against Germany and pity for the so-called Jews. From five to ten "Hate Germany" films have been shown each week over TV from New York. All three TV networks in the United States are owned and operated by Jews. (See our Issue No. 328 on Network Broadcasting). There are now seven "Hate Germans" films or plays showing on Broadway in New York City.

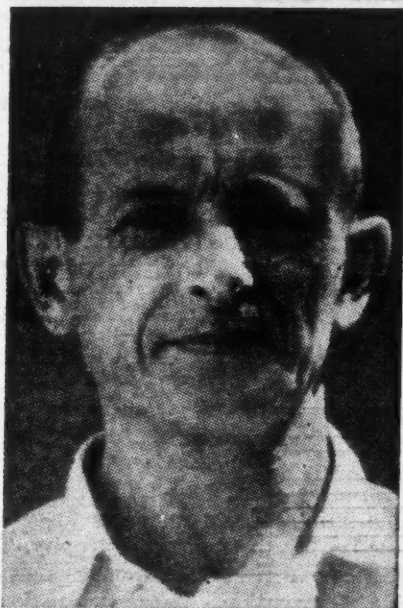

EAST GERMANY TO TAKE OVER WEST

Germany has been crushed for 16 years. It never was a threat to World Peace, regardless of what Winston Churchill, FDR and their dupes said. Look where their conniving has brought us. How was the Soviet Union changed from a fourth-class power to a domineering Frankenstein taking over the world? Organized Jewry apparently believes Germany, and not the Soviet Union, is the threat. They want to make sure our attention is off communism, and at the same time degrade the Germans so we will be indifferent to East Germany taking over West Germany. This would give communism a free hand in all Europe—France, Italy and England all falling to communism.

THE EICHMANN CASE—THEIR TOP PRODUCTION

Jews are artists in dramatics, writing plays for TV and the movies that grip the public. So real and frightening, yet they are purely the creation of their imaginative mind.

— KIDNAPPED — ILLEGALLY TRIED —

Adolf Eichmann

Eichmann is being tried by murderers of thousands of Arabs and Christians thru-out the world.

THE BIG LIE

The writer has read a mass of material on this farce including parts of four books by writers who claim to be authorities participating in the kidnapping of Eichmann. In all this material there are so many contradictions that informed persons become disgusted. Several million dollars of TV and newspaper propaganda have given this to the gullible public which is fed up. And many Jews who are not active in this World Hoax actually believe the big lie of six million Jews. Reminds us of a Will Rogers story of a fellow wanting to impress his friends. He continually told about his fine horse until he got to believing he had a horse and bought a saddle for it. It it were not for fear of retaliation by the Jews, legal authorities would denounce the so-called trial as illegal and criminal.

JEWS COMMIT HEINOUS CRIMES

What right has Israel to try a German they kidnapped in South America?

If he committed a crime, it was not in Israel, for Israel was not in existence then. To set up Israel, the Jews surely committed a heinous crime; they killed thousands of Arabs, taking their homes and driving a million men, women and children into the desert where they exist like animals for 13 years kept from starvation by 7¢ a day each, from the U.N. Jews desecrated and blew up Christian churches in Jerusalem.

The Knesset, in which Count Folke Bernadotte's murderers have their seats, on Aug. 1st, 1950, passed a law called: "Law concerning Nazis and Nazi collaborators," which in 17 paragraphs contains the rules establishing Israel's right to condemn to death everybody who has committed "crimes against the Jewish people." No other nation

in the world has made such a law to enable herself to persecute people and to be judge in her own case. This infamous law, on which the actual trial against Eichmann is based, declares to be punishable by death a person guilty of:

- 1 Killing a Jew;
- 2 Causing serious bodily or mental damage to a Jew;
- 3 Bringing Jews under conditions of life which are aimed to produce their physical annihilation;
- 4 Ordering measures aimed to limit births among Jews;
- 5 Bringing Jewish children by force into another national or religious community;
- 6 Instigation to hate Jews.

KOL NIDRE—ALL OATHS ABSOLVED

The Kangaroo Court in Jerusalem has been going on two months and no proof so far that Eichmann killed one person. The nearest to proof—a witness said he saw Eichmann's chauffeur grab a boy stealing peaches and take him into a tool shed, whereupon Eichmann followed and the boy was brought out dead. Knowing how the Jews flocked into federal court in New Jersey to swear lies against Christians—to have them deported to Europe to stop them from organizing Anti-Communist groups here—I would not trust them! Read the Kol Nidre prayer which absolves them from all oaths!

When Eichmann's attorney wanted to bring witnesses from Germany, he was told they would be arrested upon arrival in Israel.

CONCENTRATION CAMPS—A MUST

These Marxist Jews are continually screaming Concentration Camps, and our people are deceived. Why were these Camps necessary in Germany? She was attacked by 22 countries; the world Jews had brought on the war (Common Sense has proved this over and over). These Jews in Germany were sabotaging the government. During World War II, we placed the few Japs in the U.S. in Concentration Camps.

In the Ann Frank book written by promoters, they say she stood naked watching hundreds of women marching four abreast and being thrown into furnaces. This is not charged in the Eichmann trial, because it is all the creation of the Zionist mind. The only crematories in Germany were just like those in the U.S., to take care of people who desired to be cremated. When American bombers, as many as 2100 per day over non-military Dresden were covering the streets with dead, the Cardinal requested that ovens be built for cremation to prevent disease from spreading.

Everybody in Germany, Jew and Christian, suffered during the war, but the Jews are quick to attribute any trouble to "persecution." In the U.S. the situation is the same.

- THE EICHMANN TRIAL -

THOSE "6 MILLION" ALIVE & KICKING

Not one Jew was burned alive in Germany. Jews died in camps as did many Germans of famine and lack of medicine. Jews themselves have to admit there were only 540,000 Jews in pre-war Germany and many left before the war. To account for the six million, they claim they were imported from other countries to be killed in Germany. It is common knowledge the Germans are very efficient. If they were going to kill the Jews, why not kill them where they were found? Why bring millions into Germany to die? Why tie up all the necessary railroad cars and locomotives when they were needed so badly to supply troops fighting all over the European continent? We have a photo of the Auschwitz-Birkenau Concentration Camp which is many blocks long and resembles a small city. Why build all these houses if they are going to kill the inhabitants?

Three times we watched the TV film, "Remember Us," the most hideous concentration of deceit and lies. Pictures from Soviet camps of people obviously not Jews were mixed in with pictures of Germans in uniform marching. These were found after Germany surrendered and used to give support to the phoney part of the film. We receive all the leading Jewish and communist publications. Some put the number of killed Jews at six million, some five million, while the film "Remember Us" claims nine million dead. The Red Cross had access to all countries. Why didn't they report this mass murder? Because the Germans were just as humane as any people would be under similar circumstances. During two years of French occupation by the Germans only six rapes were reported. We have that many in a day in N.Y.C. France never had such prosperity before or since. Just before World War II, during the War and after the War 4,800,000 Jews came to the U.S. Truman set aside 12 ships to bring them. To Israel went 1,465,000. Other millions went to England, Scotland, Ireland, Australia, Africa and South America. Main streets in every city in the U.S. have been taken over by the Jews. They are now taking over the administration in Washington, D.C. (See Common Sense Issues No. 361, 362 & 363).

To account for the six million supposedly killed, Jewish publications place their U.S. population at five and one-half million. Honest estimates place it at 10 to 12 million. To cover this biggest lie in history, under FDR, our Immigration Department ceased asking immigrants their religion allowing them to come in as Germans, Poles, etc. Here they class themselves as a religion; in the Soviet Union they are a race.

During the national census every 10 years there was no protest in giving your religion, but in 1960 census, Jewish organizations descended on Washington demanding this be eliminated.

Senator McCarran stated there are 5 million illegal entries in the U.S.

The Garsson Brothers corrupted Congressman May, who was in charge of awarding war contracts during the last war; when tried for stealing millions, they said it was anti-Semitism.

Sixteen years after the war, we constantly hear "6 million Jews." How about the many more Christians who died in the war? We have George Sokolsky's voice on tape:

"Many of the Jews supposed to be killed by Germany were killed by Russian communists."

We have living with us 8 years, a Russian captured 20 miles from Moscow, who fought two years with the German Army against communists; he lived 25 years under communism. He tells us Russian women and children killed many Jew secret police who had killed their husbands and fathers. He tells us if communist rule is broken in the

Soviet Union, every Jew will be killed by Russian people who hate them just as they are hated in Poland, Hungary, Rumania, Yugoslavia, etc. That's why millions of these so-called Jews have flocked to the United States.

RED JEWS SLAUGHTER CHRISTIANS

The communists slaughtered from 30 to 40 million not including China; this while Jews were 100% in charge of the Soviet Union. Trotsky (Bronstein), was head of the Red Army which killed the greater part. The secret police in charge of Beria (Jew), were almost all Jews. Ask a Ukrainian. Secret police in Hungary were 70% Jews.

Since 1948, the Jewish hold on the Soviet Union has diminished as the Russian people became aware that communism was being used as a Jewish front to advance Jewish World Control.

Today the German press and commerce are in Jewish hands. Germans own no newspapers, TV or radio to answer these ridiculous charges, so gullible people are supposed to swallow them.

The Eichmann trial will continue until people become nauseated.

In this trial, Eichmann, who was under military orders to assemble Jews for deportation, just as our soldiers were under orders, is built up to such importance that he ordered Jews destroyed in defiance of orders by Hitler and Himmler. How ridiculous! After the Eichmann trial, there will be other trials and each will be pictured as more important, and more fake witnesses will be rehearsed to promote the hoax.

Millions know that the Jews alone set-up and financed communism in 1917 and spread it over the world. The trial and hundreds of "hate Germans—love Jews" TV, movies and magazine stunts are to make us forget and soften us up for the next catastrophe. They also hope to force Congress to sign the Genocide Convention. Those who do not know what this is had better learn.

Those who wish to know more about the Jewish situation in Germany and proof that Jews forced the U.S. into war against Germany in World War I, write us for Common Sense Issues No. 356 & 357 or order the book "World Conquerors."

TALMUD—THEIR HOLY BOOK

Those who wish to know why every subversive movement, pornography, black market, burlesque shows, wars between Christian nations, are products of the Jewish mind, should go to a library and thumb through the TALMUD (their holy book). There are 25 books and an index in the late Soncino edition. One book, Seder Tohoroth, Vol. I, NIDDAH is enough and all you can stand.

Those who doubt the statements in this issue, just try to secure four rabbis to deny them in a public debate with Ben Freedman and the Editor. For no amount of money, or pressure will they do it.

Eichmann and the Genocide Convention

AMERICAN JEWISH organizations are preparing to utilize the effects of the Eichmann trial in Israel in order to arouse more interest among Americans toward the International Genocide Convention which outlaws mass-murder in the future. . . . Especially active in these preparations in the American Jewish Committee, which is seeking to encourage President Kennedy to recommend the ratification of the Genocide Convention by the Senate. . . . Although the U.S. Government had helped initiate the Genocide Convention at the United Nations, it has still not ratified the pact, despite the fact that the Convention has already been ratified by 64 nations. . . .

The virtual disappearance of interest in this

EXTERMINATE GERMANS WAS JEWISH PLAN

Republished from—

COMBAT, London, England

THE JEWISH HATE which worked for war and inspired its outbreak also inspired the madly destructive "Allied" policy of no negotiation, only "unconditional surrender," and various diabolical schemes to exterminate the Germans after surrender.

Some of the Jews wanted to exterminate the Germans by sterilisation. Germany Must Perish was the title chosen by one of them, Theodore N. Kaufman, for a book on the subject (Argyle Press, Newark, N.J., U.S.A., 1941) in which he wrote:

"To achieve the purpose of German extinction it would be necessary to only sterilise some 48,000,000 — a figure which excludes, because of their limited power to procreate, males over 60 and females over 45 . . ."

Other Jews wanted to exterminate the Germans by starvation, a notorious advocate of this method being Morgenthau, Secretary of the Treasury in the Roosevelt administration. The following quotation is from the memoirs of Cordell Hull, U.S. Secretary of State at the time:

"Morgenthau's plan, I added, would wipe out everything in Germany except land, and the Germans would have to live on the land. This meant that only 60 per cent of the German population could support themselves on the German land, and the other 40 per cent would die."

A version of this evil Jewish plan was in fact implemented for a period immediately after the war, with the result that Mr. R. R. Stokes, a Labour Member of Parliament in Britain, declared at the time:

"Today in Germany, 6 months after our victory, graves are being dug for people not yet dead, people who will die of starvation in the next few months."

The ferocious Jewish hate still exists today and is responsible for the continual appearance, even 15 years after the war, of Jewish concocted horror stories about Nazi Germany in the Jewish-dominated press of Britain, America and elsewhere. It was expressed by Menachem Begin, when, at a meeting in Paris in May, 1952, he proclaimed his intention to "organise a perpetual world Jewish ostracism of Germany."

NO GAS CHAMBERS

Dr. Benedikt Kautsky, who spent seven years in concentration camps, including three years in Auschwitz, stated in his book Teufel und Verdammte, published in Switzerland:

"I was in the big concentration camps in Germany. However, I must establish the truth that in no camp at any time did I come across such an installation as a gas chamber."

country in the Genocide Convention—and the fact that the Senate is abstaining from ratifying it—is provoking concern among American Jewish leaders. . . . The Eichmann trial will bring the subject of genocide before the public again, and this may be the last opportunity to obtain ratification by the United States. . . . The American Jewish Committee Convention into focus nationally and locally, emphasizing the fact that U.S. endorsement of the Convention would have a salutary effect on international morality. . . .

The American Jewish Committee and the Anti-Defamation League of B'nai B'rith will also work during the Eichmann trial in the direction of presenting constructive concepts of the trial before the American public to offset sensational and controversial aspects of the case. . . . Material will be supplied to the American press, radio, television, clergymen, lawyers and non-Jewish organizations to enable them to discuss the trial constructively and to bring the lesson of the Eichmann trial to more and more people in this country. . . . Assistance will also be given to local schools and especially to teachers whose classes are almost certain to discuss the trial, so that they may interpret the Eichmann case constructively to their pupils. . . .

"EICHMANN DOCUMENTARY"

Now that the Eichmann Documentary has been exposed to public view, there are basic questions which must be asked and the answers must be found.

1. Why did the German people feel it necessary to pass Emigration Laws during the period in question expelling Jews from Germany? Loyal, law-abiding members of any society are the most valued citizens of that society. Why were Jews not wanted in Germany? If they were not loyal, law-abiding citizens, was it not the right and duty of Germany to protect itself by the passage and implementation of Emigration Laws, which laws Eichmann was appointed to enforce.

2. The public is told repeatedly that Six Million Jews were liquidated in Germany during the period in question. Is the public given accurate figures on world Jewish population before, during and after the Hitler regime? Those figures would establish the impossibility of Six Million Jews having been liquidated during the time involved.

During the period in question, the world Jewish population was, in round numbers, between 15 and 16 million. World Almanac for 1940, page 129, gives the world Jewish population at 15,319,359. World Almanac, 1949, page 289, is cited as the source of information for Appendix VII "Statistics on Religious Affiliation of The Immigration and Naturalization Systems of the United States" (A report of the Committee on the Judiciary of the United States Senate, 1950) giving the Jewish population of the world as 15,713,638.

According to World Almanac, the population of Germany during the years in question was around 66 million, of which 1% were Jews. Therefore, if there were only 660 thousand Jews in Germany, the extermination of 6 million was an impossibility. Had all of the Jews in Germany, Poland, Czechoslovakia, Hungary, Roumania, France and the Balkan countries been killed, they would not have amounted to Six Million—and they certainly were not killed.

3. Is it not true that during the War years, hundreds of thousands of the German people (both Christian and Jew) were killed and died of disease, and that cremation was the only quick, sanitary method of disposing of the corpses, and that far more Christian German bodies were thus disposed of than Jewish?

4. If, indeed, Germany had such a well-laid-out plan to exterminate Jews, why (and this is according to the Documentary) were no printed directives ever given? The Documentary stated that no written directives were ever made by the Nazi government. Could it just be that Eichmann, as Director of Jewish affairs, concerned himself with the implementation of German Emigration Laws, and not with extermination of Jews by Cremation, and that the "fiery furnace" stories relating to Jewish liquidation is a giant hoax?

5. If the Concentration Camps were IN Germany, why (as stated in the Documentary) were the supposed "Extermination" camps all OUTSIDE GERMANY? Could it be another Katyn Forest incident, where 14 thousand Polish CHRISTIAN leaders were killed by the Russian Communists and the atrocity was laid to the Germans?

6. In arresting Eichmann, Israeli Secret Agents captured a citizen of Germany in another foreign country (Argentine Republic) and defying all international law took him by force to Israel. Is this not anarchy in action?

7. Why is Eichmann being tried in Israel, a synthetic nation not even in existence when the "crime" was supposed to have been committed?

8. Why is Eichmann being tried under Ex Post Facto Law, for a supposed "crime" committed before the law came into being. This is contrary to common law practice, is it not?

9. Why is Eichmann to be defended by an attorney approved and paid for by Israel, the prosecutor of the Defendant?

10. World Jewry set up PRE-EICHMANN TRIAL SEMINARS, held in Paris, Athens, Rome, and Tel Aviv, to which attorneys from all parts of the world were invited. In the name of JUSTICE, why?

11. When the State of Israel was created by the partitioning of Palestine to make a home for Jews, 1 million Arabs were driven from their homes where their people had lived for 14 hundred years. To force those who refused to leave, Israeli Jews attacked the village of Deir Yasin, a suburb of Jerusalem, on April 10, 1948, and murdered every man, woman and child in the village, then posted warnings in other nearby villages that the same fate awaited them unless they evacuated the territory. Why were these facts omitted in the "so-called Eichmann Documentary."

12. The narrator of the Eichmann Documentary stated that the principle purpose of the Eichmann trial was to act as a "deterrent." A "deterrent" to what? Is this a warning to the world that no man, no nation, shall question the Jew, regardless of what he does and by what means?

13. During "Brotherhood Week" just ended, the organization known as National Conference of Christians and Jews (Catholics, Protestants and Jews), sponsored by the B'nai B'rith Jewish organization, went on record as favoring the Abolition of Capital Punishment. Why is it that these same people, opposing capital punishment in this country, so heartily favor capital punishment for Eichmann? Is it just a case of whose ox is gored?

14. While Hollywood prepares to film a giant spectacle, is Christian Society going to sit idly by and see a human being, who could not possibly have committed the crime of which he is accused, gloated over by hungry, revengeful Jews, who, while committing abominable atrocities upon Arabs, seek to make of themselves MARTYRS.

These are questions which must be asked—and the answers must be found!

LET THERE BE TRUTH
AND THE TRUTH MAY SET US FREE!

JUDEA DECLARES WAR ON GERMANY

"The Jewish people of the entire world declare economic and financial war on Germany."

Eichmann is being tried by the Jews for alleged atrocities against them during World War II. So before we proceed to examine those alleged atrocities themselves, let us take a look at the causes of that war, and to begin with let the Jews themselves, in the following extracts, tell us who wanted the war:—

The founder of the Irgun terrorist organization, Vladimir Jabotinsky, Jew communist wrote in the January issue of Natcha Retch, 1934:—

"The fight against Germany has been carried on for months by every Jewish community, conference, congress, trade organisation, by every Jew in the world. There is reason to believe that our part in this struggle will be of general value. We shall let loose a spiritual and material war of the whole world against Germany. Germany's ambition is to become a great nation again, to re-conquer her lost territories and colonies. Our Jewish interests on the other hand demand the complete destruction of Germany. The German nation is collectively and individually a danger for us Jews."

The Dutch Jewish paper, Centraal-Blad voor Israeliten in Nederland, 13th Sept., 1939, declared:—

"The millions of Jews who live in America, England and France, North and South Africa, and, not to forget, those in Palestine, are determined to bring the war of annihilation against Germany to its final end."

Rabbi M. Perlzweig, head of the British Section of the World Jewish Congress, speaking in Canada, stated:—

"The World Jewish Congress has been at war with Germany for seven years." (Toronto Evening Telegram, 26th Feb., 1940.)

The London Jewish Chronicle, 8th May, 1942, stated in its "Sermon of the Week":—

"We have been at war with him (Hitler) from the first day that he gained power."

The Chicago Jewish Sentinel, 8th Oct., 1942, said:—

"The Second World War is being fought for the defence of the fundamentals of Judaism."

MAKING WAR BY LIES

The Jewish proclamations of their intention to bring about a war against Germany were no idle boasts. From the moment that Hitler came to power they strove throughout the world with the entire array of their enormous financial, industrial, press, radio, cinema and political power to portray Hitler as a monster in human disguise and Germany under his rule as a hell on earth, with the object of inflaming other nations against Germany so that war would do the Jews' work of crushing the new Germany which had overthrown the previous Jewish domination.

In 1938, when they provoked the Sudeten crisis, they thought success was in sight. Mr. Eric H. Louw (then S. African Minister of Economic Development) speaking in the S. African Parliament on 24th Feb., 1939, described their attitude:—

"In September of last year a very considerable section of world Jewry was literally praying for England to be involved in a war with Germany."

In their way, however, stood Mr. Neville Chamberlain, a man who, whatever his other limitations, sincerely wanted peace not war. His Munich agreement with Hitler opened the door to the possibility of a real understanding and friendship between the two great brother-nations, and thereby the realisation of one of Hitler's deepest and most sincere hopes, expressed in the following words to the new German Ambassador to Britain on his departure to London two years earlier: "Ribbentrop, bring me the English alliance."

MAKING WAR BY MURDER

The Jews had to do something, and something quickly, to prevent the catastrophe to them and blessing to us of an Anglo-German alliance. A few weeks later, and shortly before the journey of Ribbentrop to Paris for the purpose of extending the Munich agreement into a four nations pact—England, France, Germany, Italy—Jewry acted. On 7th Nov., 1938, the Polish Jew Herschel Feibel Grunspan shot the German diplomat, Ernst von Rath, in the German Embassy in Paris.

It did the trick. Outbreaks of popular violence against Jewish property in Germany resulted. Jewry's outcry became hysterical. The British Ambassador in Berlin was recalled to report, and the U.S.A. suspended diplomatic relations with Germany. Chamberlain's position was undermined, and in face of the terrific Jewish and Jewish-fomented pressure he never again dared to extend his hand to Germany.

The Jews schemed cleverly. They procured a ridiculous British guarantee to the country with the largest Jewish population in Europe—Poland—with the direct effect of encouraging her to oppose truculently the

ILLEGAL TRIAL BY ISRAEL

THE CASE OF ADOLPH EICHMANN

The people who believe in law and lawful processes, would like to know under what authority of international law the government of Israel takes it upon itself to try Eichmann for crimes committed in another country before the State of Israel was in existence.

Near the end of the war we sent planes over Hiroshima and Nagasaki dropping atom bombs which killed thousands of women, children, the ill and the aged. We knew this would happen if they were successful and it was necessary for Pres. Truman to give his personal O.K. for this action.

QUESTION. If a small group came over to America and were in some way able to kidnap Truman and spirit him out of the country and back to Hiroshima to be tried for mass murder would the U.S. and the whole world stand by and let the trial proceed. They would have more of a leg to stand on because the trial would be held in the country where the action actually took place whereas with Eichmann, he is being tried in a country that did not exist at the time the crimes were committed.

Would not the whole world protest the action and would not the U.S. send its entire fighting force, if necessary, to prevent same?

Not one serious word against the Eichmann kidnapping or the trial by anyone.

The guilt of Eichmann is beside the point. He should have been extradited back to Germany and tried before a tribunal there or by the International Court.

When international law breaks down to this extent without protest it sets precedents that are too far reaching and we will be adopting the communist's theory that **THE END JUSTIFIES THE MEANS.**

thoroughly reasonable German demands for the return of undeniably German territory and population taken from her by the penal and pernicious provisions of the Treaty of Versailles. War broke out between Germany and Poland, and finally the Jewish efforts of a decade were crowned with success: Britain declared war on Germany on 3rd Sept., 1939—the blackest day in the history of both countries.

THE GREATEST WAR CRIMINALS

Both Chamberlain and Hitler named the real war makers.

In *The Forrestal Diaries* (Cassel & Co., London, 1952) the former U.S. Secretary of Defence, James Forrestal, recorded (p. 128):—

"Played golf today with Joe Kennedy (American Ambassador to Britain immediately before the war) . . . Chamberlain he says, stated that America and the world Jews forced England into the war."

Hitler, speaking in September, 1939, said:—

"On numerous occasions I have offered the friendship of the German people to England and the English people. My entire policy was built upon the idea of this understanding. I was always rebuffed . . . We know that the British people as a whole cannot be made responsible. It is that Jewish plutocratic and democratic ruling class which hates our Reich."

It is a perversion of justice that, while Eichmann is put on trial by the Jews for alleged atrocities during the war, the greatest war criminals of all, the Jews who worked to bring that war about, and thereby caused the deaths of millions of Gentiles, and the mutilation of millions more, and the destruction of whole cities and untold homes, go unpunished.

HIGH PRIEST OF HATE

Senator William Langer (North Dakota) said in the U.S. Senate:

"Mr. Morgenthau now stands convicted before the conscience of the world as the instigator of systematic annihilation of the German-speaking people. The record further proves, beyond any question of doubt, that these fanatical and reactionary **HIGH PRIESTS OF HATE AND VENGEANCE** will never be able to defend **THEIR CONSPIRACY** before the bar of human reason or human decency."

James Waterman Wise, speaking in the pulpit of the Free Synagogue in N.Y.C., Jan. 28, 1934, on "THE RISING TIDE," said:

JEWISH DECEIT AT DACHAU

Republished from—

COMBAT, London, England

DACHAU FOR CRIMINALS

In 1933, when Hitler was elected to power, a prison camp for Communist agitators and others striving to overthrow the government, habitual criminals and sexual perverts, was established at Dachau, north of Munich.

Jewish propaganda, in its frantic efforts to inflame the world against Germany and foment war, seized upon Dachau concentration camp and concocted the most fantastic tales of cruelty inflicted on its inmates, mostly the scum of the country, portrayed as noble martyrs.

JEWIS MAKE CHANGES

When Dachau fell into "Western" hands in 1945, it had to look the part, so, under the inspiration of the Jew Philip Auerbach, Under-Secretary of State in the provincial government of Bavaria, it was transformed into a showplace of horrors.

Near the entrance stood a big fir tree with a horizontal bough. On the orders of an American Jew, Capt. Strauss, German prisoners of war worked the bough with ropes to damage the bark. Auerbach then proclaimed it the "Hanging Tree," and said that 10,000 Jews had been hung on its bough.

THE FALSE GAS CHAMBER

The camp had to have a gas chamber, so, since one did not exist, it was decided to pretend that the shower bath had been one. Capt. Strauss and his prisoners got to work on it. Previously it had flag stones to the height of about four feet. Similar flag stones in the drying room next door were taken out and put above those in the shower bath, and a new lower ceiling was created at the top of this second row of flag stones with iron funnels in it (the inlets for the gas).

Ovens Built After War

Then there had to be adequate cremation facilities. Right up to the arrival of the "Americans," Dachau only possessed a small old crematorium with two chambers, used for people who had died of infectious diseases. It used coke, and the worker who brought it from the gas works has revealed that it took at least a day to cremate a body. Indeed, after the air raids on Munich, Cardinal Faulhaber requested the authorities to cremate bodies at Dachau, but the facilities were inadequate.

So a new crematorium with four ovens was completed in the shower bath block, now the gas chamber block. As the German ex-General Martin Unrein told Lord Russell on the latter's recent visit to Dachau: "Those gas ovens were built by German prisoners after the war;" a fact which everybody in Munich knows.

On the strength of the changes wrought at Dachau, Auerbach and his friends had a notice put up there reading: "This area is being retained as a shrine to the 238,000 individuals who were cremated here." This total would have taken the only crematorium working at the time at least 119,000 days or 326 years.

It is hardly surprising that Auerbach was subsequently convicted of forging documents to show that he had, in his capacity of chief of the Jewish compensation office in Bavaria, paid compensation to non-existent Jews.

JEWIS TO STARVE GERMANS — 1933

Samuel Untermyer, president of the World Jewish Economic Federation, upon returning from a world-wide meeting of Jews in Amsterdam, Holland made a speech on Radio Station WABC, Columbia Broadcasting System in N.Y.C. on August 6, 1933 in which he said the Jews of the world had declared war on Germany and would starve them to death. This was six years before any Jew had been punished and before military war was initiated in 1939.

Who Started World War 2... and When? Mr. Untermeyer Answers The Question

OH, WHAT A TANGLED WEB WE WEAVE
WHEN FIRST WE BEGIN TO DECEIVE!

Twenty-seven years ago a worldwide "sacred war" was declared on Germany, not by Great Britain, not by France, not by any nation; but by the Jews of the World.

Startling as that statement is, it is substantiated by a public address made over Station WABC, outlet of the Columbia Broadcasting System, by Mr. Samuel Untermeyer, an American Jew.

Was Mr. Untermeyer speaking as an individual, as an American citizen, as a crackpot? Absolutely, no. He was speaking as a member of "our race."

He was speaking as the executive official of the World Jewish Economic Federation.

What was the occasion of his speech?

Having returned from Amsterdam, Holland, where he presided over the International Jewish Boycott Conference—at which conference he was elected president of the World Jewish Economic Federation formed to combat the oppression of Jews — Mr. Samuel Untermeyer spoke most officially, most representatively, most authoritatively. In announcing the factuality of the "sacred war," he definitely referred to "race," not religion. He went so far as to say that those Jews who did not join with him were "traitors to their race."

Twenty-seven years ago, approximately, this high Jewish official—whom there was no higher at the moment—did not say that we "will go" to war against Germany. He said that the "sacred war" against Germany was then under way—"actively embarked upon."

Thus, at Amsterdam, Holland, at the meeting above referred to at which Mr. Samuel Untermeyer was elected president of the World Jewish Economic Federation, a "sacred war" was declared against Germany to destroy Germany's very existence.

Jews all over the world were ordered not to buy from Germany, not to patronize German merchants, not to deal with firms which sold German goods, not to ship on German boats.

Mr. Untermeyer, speaking officially for all the Jews in the world on "what we are proposing and what we have already gone far towards doing," said that his organization would "undermine the Hitler regime and bring the German people to their senses by destroying their export trade on which their very existence depends."

All this to rescue 540,000 Jews resident in the Third German Reich.

Thus, a "sacred war" of revenge was undertaken and was under way by Aug. 6, 1933.

Did Mr. Samuel Untermeyer foresee that some Jewish leaders would not go along with him? He did not; for he said that all Jewish leaders of Jewish organizations would be compelled to go along with him, following a meeting to be held at Prague, Czechoslovakia that same year—1933.

WE REPEAT: for 540,000 Jews in Ger-

Few people realize the main force motivating the master minds behind communism is the hatred of Christ and his followers. When marxism takes control, Christians and their institutions are first victims.

many the world was catapulted into a "sacred war" of economic boycott. The object of the war was to destroy Germany's export trade upon which her "very existence" depended. Only an irrational man would deny that such an economic war would inevitably lead to a bloody physical war.

And what about the persecution of the 540,000 Jews in Germany? It is true that Hitler placarded their shops; ostracized many Jews from professional ranks; instituted, in some instances, concentration camps for what Hitler thought to be the more dangerous ones. But why did Hitler practice such extremities? All civilization knows that, following the first World War, wealthy Jews from America, Britain, France, Holland, Galicia and elsewhere moved into Germany with their valuable money and purchased property which was represented by worthless inflated German marks.

Indeed, the Jews became the aristocrats of Germany — financial aristocrats, if you please, having confiscated through their monetary manipulation a great share of the wealth that belonged not only to the 2 million members of the Nazi Party but to the 50 million Catholics, Protestants and other Gentiles who did not belong to the Nazi Party. And as far back as 1933, a world war—a "sacred war" was declared not only against Hitler and his 2 million Nazis, but against the 50 million-Catholics, Protestants and other Gentiles who were not Nazis.

Flauntingly before the American public—nearly six years before military war was declared, chief executive officer Samuel

Untermeyer of the World Jewish Economic Federation had the effrontery to ask the Christians of the World to join with his nationals throughout the world to destroy not only Hitlerism and the 2 million Nazis, but also the more than 40 million Christians in Germany whose very existence — according to Mr. Untermeyer — depended upon their economic activities with the outside world.

Apart from the poor logic of the Untermeyer proposal, the Christians throughout the world—not defending Hitler—suffer an intellectual insult by the invitation to join with the racial Jews against their own fellow Christians who were more sinned against than sinning.

Perhaps the Untermeyer speech throws some light upon the refusal of the Jews to accept Father Coughlin's invitation issued November 20, 1938, for the Jews to join with the Christians to battle against the commissars of the Soviet Union whose hands were reeking with the blood of millions of Christians—Christians not persecuted economically, but done to death most outrageously. And at the time Mr. Untermeyer was speaking — 1933 — not one Jew in Germany had suffered at the hands of the Hitlerites although they had unjustly acquired German property with their foreign gold.

Unctuously Mr. Untermeyer advertised the purpose of his "sacred" Jewish worldwide war to wipe out bigotry, race hatred and fanaticism. Nothing could persuade that gentleman and the worldwide organization he represented to strike at Moscow.

Twenty seven years have elapsed since the beginning of this world war upon which we "actively embarked." Millions of lives have been affected by it. Millions of homes have been reduced to rubble. Millions of children have been blasted out of existence. Yet Mr. Untermeyer said that the "hell of war and the alleged Belgian atrocities will pale into insignificance as compared to this devilishly deliberately, cold-bloodedly planned and already partially executed campaign for the extermination of a proud, gentle, loyal, lawabiding people."—This for 540,000 German Jews whom he subsequently referred to as the "aristocrats of the world."

Americans were under the impression that this was a war to save democracy; a war to guarantee the lastingness of the four liberties. Mr. Untermeyer has been truthful and told us the real objective of the war.

The entire war planned by 1933, according to Mr. Samuel Untermeyer — not planned with its litany of defeats for France, Great Britain and the United States. But planned, nevertheless, to rescue 540,000 Jews in Germany, planned to destroy German trade upon which Germans depend "for their very existence."

Mr. Untermeyer specifically said in the interview given to the reporters when he arrived in America from Amsterdam, that

—o— Please turn to page 2 —o—

—o— Continued from page 1 —o—

capitalism in America would be forcibly lined up, as it were, through means of "a peaceful revolution." Even before Mr. Roosevelt had an opportunity to discuss his plans for the reconstruction of America. Mr. Untermeyer disclosed to the world the nature of the plans.

And further, the "sacred war" would be implemented through the League of Nations, according to the high spokesman of Jewry. We now understand the reason for the rancor which existed in the hearts of Jewry when the entrance of the United States into the League of Nations was opposed.

In 1933 America was a country with its sleeves rolled up, its head held high, and its heart athrob, determined to dig our way out of depression and scale the rugged height of national prosperity. Then we were a united country. But diabolically the poison of disunion was dumped into our national vein through propaganda, press, radio, pulpit — and boycotts.

Those who prayed night and day for the energy and will to walk hand-in-hand with Mr. Roosevelt found it impossible to do so when they envisaged the blood bath which a handful of revengeful men was preparing for us—despite the fact that "revenge is Mine, saith the Lord." And these same men have the audacity this day to talk of disunity, of bigotry, of pro-Nazism, of fanaticism.

This most historic speech of Mr. Untermeyer renders foolish the insincere words of those who dare prate of disunity. Let them indict as pro-Nazis, if they will, those who are not fearful to tell the truth; for truth was always the characteristic of a real American.

"WHO STARTED THE WORLD WAR?"

We leave the answer to that question to Mr. Samuel Untermeyer, refusing to alter one word of his most historic speech—a speech which speaks for itself.

The Jews of America, through their various publications persistently have calumniated prominent patriotic American citizens and termed them un-American.

Here, then, is our answer to them—in part. We will let the world know who is un-American and undemocratic. If pro-Americanism consists in boycotting a suffering 40 million German people; if pro-Americanism consists in casting the entire civilized world into a seething cauldron of bloody war for the protection of 540,000 racists or religionists — as you care to call them; if pro-Americanism is identified with secret economic conferences at Amsterdam and dictatorial decrees emanating from Prague which nullifies the peaceful progress of our country — then Americanism, under that interpretation, is not worth fighting for.

Of course, Mr. Untermeyer does not refer to the Jews in Germany as religionists. To him they are racists. But the propagandizing Jews in America avoid the word "racist" and employ the word "religionist" not only to suit their convenience, but to bandage the eyes of the blind "goyim" of America — the "goyim" who are not the "aristocrats" but are employed to fight a world war for the Jews, who are the "aristocrats."

Note: GOYIM—ALL NON JEWS

Text of Untermeyer "Sacred" War Speech

Following is the text of Samuel Untermeyer's address over Station WABC after his return from Europe. (From New York Times, Aug. 7, 1933).

"My Friends:

What a joy and relief and sense of security to be once more on American soil!

The nightmares of horrors through which I have passed in those two weeks in Europe, listening to the heartbreaking tales of refugee victims, beggar description.

I deeply appreciate your enthusiastic greeting on my arrival today, which I quite understand is addressed not to me personally but to the holy war in the cause of humanity in which we are embarked, Jews and non-Jews alike, for we are equally concerned that the work of centuries shall not be undone, and that civilization shall not be allowed to die.

It is a war that must be waged unremittingly until the black clouds of bigotry, race hatred and fanaticism that have descended upon what was once one Germany, but is now medieval Hitlerland, have been dispersed. If we will but enlist to a man and persist in our purpose, the bright sun of civilization will again shine upon Germany, and the world will be a safer place in which to dwell.

As our ship sailed up the bay today past our proud Statue of Liberty, I breathed a prayer of gratitude and thanksgiving that this fair land of freedom has escaped the curse that has descended upon benighted Germany, which has thereby been converted from a nation of culture into a veritable hell of cruel and savage beasts.

The World's Concern

We owe it not only to our persecuted brethren but to the entire world to now strike in self-defense a blow that will free humanity from a repetition of this incredible outrage. This time the Jews are the victims, next time it may be the Catholics or the Protestants. If we once admit, as is brazenly insisted by the German Government, that such fiendish persecution of the people of one race or creed is an internal domestic affair and not a world concern, how are we to know whose turn will be next?

Now or never must all the nations of the earth make common cause against the monstrous claim that the slaughter, starvation and annihilation, by a country that has reverted to barbarism, of its own innocent and defenseless citizens without rhyme, reason or excuse is an internal affair against which the rest of the world must stand idly by and not lift a hand in defense.

Back to Dark Ages

But why dwell longer upon this revolting picture of the ravages wrought by these ingrates and beasts of prey, animated by the loathsome motives of race hatred, bigotry and envy. For the Jews are the aristocrats of the world. From time immemorial they have been persecuted and have seen their persecutors come and go. They alone have survived. And so will history repeat itself, but that furnishes no reason why we should permit this reversion of a once great nation to the Dark Ages or fail to rescue those 600,000 human souls from the torture of hell, as we can with the aid of our Christian friends, if we have the will to act.

Protests and pleas from all corners of the earth, from the leaders of all creeds, having proven as vain and unavailing, as was the idealistic dream of our martyred President of making the world safe for democracy and of protecting minorities, what then are to be the lines of our defensive campaign against these atrocities, on which we are already actively embarked? Are we right in our plan? If so, what steps shall now be prosecuted to attain success?

Our campaign is two-fold — defensive and constructive. On the defensive side will be the economic boycott against all German goods, shipping, and service. On the constructive side will be an appeal to the League of Nations to construe and enforce the labor union provision of the Versailles Treaty and the written promise made by Germany, while the treaty was under negotiation, to protect its minorities, which have been flagrantly violated by its disfranchisement and persecution of the German Jews.

What Boycott Means

As to the boycott, strange to say a mere handful in number, but powerful in influence, of our thoughtless but doubtless well intentioned Jews seem obsessed and frightened at the bare mention of the word "boycott." It signifies and conjures up to them images of force and illegality, such as have on occasions in the past characterized struggles between labor unions and their employers. As these timid souls are capitalists and employers, the word and all that it implies are hateful to their ears

What we are proposing and have already gone far towards doing, is to prosecute a purely defensive economic boycott that will undermine the Hitler regime and bring the German people to their senses by destroying their export trade on which their very existence depends.

'Force Them to Learn'

They have flaunted and persisted in flaunting and defying world opinion. We propose to and are organizing world opinion to express itself in the only way Germany can be made to understand. Hitler and his mob will not permit their people to know how they are regarded by the outside world. We shall force them to learn in the only way open to us.

Revolting as it is, it would be an interesting study in psychology to analyze the motives, other than fear and cowardice, that have prompted Jewish bankers to lend money to Germany as they are now doing. It is in part their money that is being used by the Hitler regime in its reckless, wicked campaign of propaganda to make the world anti-Semitic with that money they have invaded Great Britain, and the United States, and other countries where they have established newspapers, subsidized agents and otherwise are spending untold millions in spreading their infamous greed.

The suggestion that they use that money towards paying the honest debts they have repudiated is answered only by contemptuous sneers and silence. Meantime the infamous campaign goes on unabated with ever increasing intensity to the everlasting disgrace of the Jewish bankers who are helping to finance it and of the weaklings who are doing nothing effective to check it.

The Hitler regime originated and is fiendishly prosecuting their boycott to exterminate the Jews by placarding Jewish shops, warning Germans against dealing with them, by imprisoning Jewish shopkeepers and parading them through the streets by the hundreds under guard of Nazi troops for the sole crime of being Jews, by ejecting them from the learned professions in which many of them had attained eminence, by excluding their children from the schools, their men from the labor unions, closing against them every avenue of livelihood, locking them in vile concentration camps, starving and torturing them, murdering and beating them without cause and resorting to every other conceivable form of torture inhuman beyond conception, until suicide has become their only means of escape, and all solely because they are or their remote ancestors were Jews, and all with the object of exterminating them."

Editors Note: Not one Jew had been starved, tortured or murdered because they were Jews. Communist Jews from the Soviet Union were swarming in thru Czechoslovakia and were caught sabotaging Germany.

APPEAL TO MANKIND

"As against this, the foulest boycott in the annals of time, we are appealing to all mankind to enforce a counter-boycott. That appeal is meeting with the conviction that idealism and justice are still alive

President Roosevelt, whose wise statesmanship and vision are the wonder of the civilized world, is invoking it in furtherance of his noble conception for the readjustment of the relations between capital and labor under the terms of the sweeping Industrial Recovery Act, to the end that

labor shall receive a more just share of the wealth it creates. He is about to enlist the consumers of the country in a national campaign in which they pledge themselves to boycott all manufacturers, jobbers and retailers who fail to subscribe to the codes and to buy only from those who have assented and who are thereby privileged to fly the blue eagle of NRA. What more exalted precedent do our timid friends want?

With this explanation, of our aims, I appeal to the American Jewish Committee, whose public spirit and good intentions I do not for a moment question, but the wisdom of whose judgment I challenge, no longer to hold aloof but to rid themselves of their timid and ill-considered prejudices and join in actively pressing this boycott as our only weapon except the appeal to the League, which I shall discuss at a later time.

I purposely refrain from including the American Jewish Congress in this appeal because I am satisfied that 95 per cent of their members are already with us and that they are being misrepresented by two or three men now abroad. Of them I ask that, prior to the meeting to be held this month in Prague by their executive committee, they instruct these false leaders in no uncertain terms as to the stand they must take on this all-important subject and demand that they shall either openly represent their views or resign their office.

PROGRESS SO FAR MADE

There is not time now, but I hope and expect in the near future to be able to report to you the steps that have been taken and that are already under way, and the surprising and gratifying progress already made in many countries toward the success of the economic boycott in which we are engaged. Although considerable progress in that direction has already been made in Great Britain and the United States, you will be surprised to learn that they are the least advanced and as yet the most inadequately organized of all the countries that were represented at the Amsterdam World Economic Conference where the boycott was unanimously and enthusiastically approved by formal resolution by a rising vote.

With us in America the delay has been due in part to lack of funds and the vast territory to be covered, but it is hoped and expected that this condition will soon be corrected. The object-lesson we are determined to teach is so priceless to all humanity that we dare not fail.

Each of you Jew and Gentile alike, who has not already enlisted in this sacred war should do so now and here. It is not sufficient that you buy no goods made in Germany. You must refuse to deal with any merchant or shopkeeper who sells any German-made goods or who patronizes German ships or shipping. To our shame be it said that there are a few Jews among us, but fortunately only a few, so wanting in dignity and self-respect that they are willing to travel on German ships where they are despised and meet with the just contempt of the servants who wait upon them and of their fellow passengers. Their names should be heralded far and wide. They are traitors to their race.

In conclusion, permit me again to thank you for this heartening reception and to assure you that, with your support and that of our millions of non-Jewish friends we will drive the last nail in the coffin of bigotry and fanaticism that has dared raise its ugly head to slander, belie and disgrace twentieth century civilization."

Are you doing your best?

By this time most intelligent people realize our country faces a frightening situation. We are working long hours and doing our best. Examine your conscience—are you doing all you can to help? We especially need funds at this time to complete important projects.

"The Cat is out of the Bag" NEW YORK TIMES REVEALS TRUTH ABOUT THE SIX MILLION JEW FRAUD

LEADING SPOKESMAN FOR WORLD JEWRY
RELEASES IMPORTANT INFORMATION

The New York Times publishes the proof that there are more persons professing Judaism in the world today than there were in 1938. The Zionists have claimed that the Nazis slaughtered 6 million persons professing Judaism between 1939 and 1945. The figures which the New York Times publishes on this subject are reliable.

The statistics given by the N. Y. Times prove positively that Zionists resorted to this gigantic untruth to gain the world's sympathy and support for their political ambitions and nationalist aspirations in Palestine. It was a well known fact to the Zionists when they were using this vicious propaganda that there was no foundation for their false claims that Nazis had slaughtered 6 million human beings because Judaism happened to be their religious belief.

The American Jewish Committee wants to be recognized as the Vatican of Judaism. They claim to be the authorized spokesmen for world Jewry. Statistics which they have issued in the past have always been regarded as very reliable. Organized in 1908, the American Jewish Committee has acted throughout the world as the guardian of the interests and the welfare of persons professing Judaism. Its active leaders have included Jacob H. Schiff, Paul Warburg, Herbert Lehman, Henry Morgenthau, Sr., and Americans professing Judaism of similar origin.

The authoritative World Almanac for the year 1947, on page 219, states that the world's population of persons professing Judaism, in the year 1939 was 15,688,259. The World Almanac states that this figure was supplied to them by the American Jewish Committee and by the Jewish Statistical Bureau of the Synagogues of America, H. S. Linfield, Director. It is not possible to find the equal of these two sources for unchallengeable statistics on this topic.

In the year 1948 the New York Times stated that the world's population in 1948 of persons professing Judaism amounted to "15 million to 18 million Jews" in addition to the "6 to 7 hundred-thousand in Palestine." The N. Y. Times at that time spared no effort to establish the exact world's population of persons professing Judaism. They are very expert in this field.

These figures can be accepted without hesitancy by even the most skeptical Zionist. The New York Times is owned and operated by two outstanding Americans professing Judaism. They would not permit their paper to publish untrue statistics on that subject for any consideration.

The New York Times in 1948 assigned one of the world's leading authorities on matters relating to populations to prepare an up-to-the-minute article on the situation in Palestine. The statements of this noted authority, the well-known Mr. Hanson W. Baldwin, are accepted everywhere and by everyone without hesitancy on matters connected with statistical facts.

After his investigation and consultations with official sources, Mr. Hanson W. Baldwin, in the New York Times on February 22, 1948 over his own signature, supplied the figures stated above.

The American Jewish Committee and the Statistical Bureau of the Synagogues of America officially confirm the world population of persons professing Judaism in 1938 as 15,688,259 and the New York Times officially states that in the year 1948 that population totaled between 15,600,00 and 18,700,000. Based upon these figures from

sources which cannot be challenged the disappearance of 6 million during that period can only be regarded as political propaganda.

It must be very evident that the world's population of persons professing Judaism would today be less than 10 million if the 6 million allegedly murdered by the Nazis were deducted from the 1938 world's population of 15,688,259. The authenticated 1948 world's population of 15,600,000 to 18,700,000 persons professing Judaism completely discredits this propaganda.

The Zionists have used this vicious untruth as propaganda to entice the sympathy and support of the non-Zionist populations of the world for their well-camouflaged and completely misrepresented intentions in Palestine. The Zionists did not underestimate the tremendous force this big untruth would exert upon the sympathetic and the unsuspecting non-Zionist populations everywhere. It won support which won for them.

The Zionists pointed their accusing finger at populations professing Christianity and pleaded for their support the world over for the "remnants of Hitler's wrath," never overlooking to play up the alleged 6 million who were murdered. The Zionists claimed the right to ask for this assistance in creating a sovereign Zionist state in Palestine as a matter of atonement for the alleged slaughter of 6 million of their co-religionists.

FROM THE BOOK—

"THE WORLD CONQUERORS"

—THE REAL WAR CRIMINALS By Louis Marschalko, 1958 . . . pages 148 & 149.

"When General Telford Taylor, the Chief Public Prosecutor at Nuremberg, was asked where he had got this figure of six million, he simply replied the figure was based on the confession of S.S. General Ohlendorf. During the Nuremberg enquiries, Ohlendorf allegedly said this was the number of Jews killed. Later it became known that American Jews had extorted this "confession" from Ohlendorf under torture. Oswald and Berger, both S.S. group leaders, were similarly tortured. Forged affidavits were also used to support this unprecedentedly high figure of Jewish "martyrs." This figure was given by Dr. Wilhelm Hoettl, a rather strange person in the service of the American C.I.C., the author of several books written under the pen name of Walter Hagen. He appeared in Nuremberg as a witness for the American prosecution. We learn from DER WEG (3rd number, 1954, p. 203) that his evidence was the only "proof" regarding the supposition of the murder of six million Jews. He was also engaged by the Soviet for espionage working with two Jewish emigrants from Vienna, Perger and Verber, as U.S. officers during the preliminary inquiries of the Nuremberg trials."

NOTE: This mysterious Wilhelm Hoettl and Walter Huppenkothen were the only ex-Nazis allowed to come to Israel and testify and these for the prosecution! The only source we have been able to locate for the figure of "six million" are these two mysterious persons and Gen. Telford Taylor who has a long red record. Sen. McCarthy reported receiving a list of 125 reds who were employed on Taylor's staff. Lately Taylor has represented Harry Bridges and other communists in court.

Now the Jewish organizations are pushing Telford Taylor to head the Central Intelligence Agency.

"I WAS IN DACHAU"

(From "WHAT OUR READERS THINK,"
in OUR SUNDAY VISITOR, 6-14-59)

I was in Dachau for 17 months after the war, as a U.S. War Department Attorney, and can state that there was no gas chamber at Dachau. What was shown to visitors and sightseers there and erroneously described as a gas chamber, was a crematory. Nor was there a gas chamber in any of the other concentration camps in Germany. We were told that there was a gas chamber at Auschwitz, but since that was in the Russian zone of occupation, we were not permitted to investigate, since the Russians would not permit it.

The old propaganda myth that millions of Jews were killed by the national socialists was also referred to. From what I was able to determine during six postwar years in Germany and Austria, there were a number of Jews killed, but the figure of a million was certainly never reached. I interviewed thousands of Jews, former inmates of concentration camps in Germany and Austria, and consider myself as well qualified as any man on this subject.

WE CAN'T BELIEVE IT

Republished from—

Tampa Morning Tribune, Jan. 26, 1946.

An amazing revelation comes with the disclosure of a poll of 1700 American soldiers in Germany, taken last Fall, but just released.

It is hard to believe the figures of the vote; harder to understand just what influenced these men at the front in forming the opinion they expressed.

The report of the poll shows that 19 percent of these soldiers believed Germans had some justification for starting the war; 51 percent said they believed Hitler did Germany a lot of good before 1939; 22 percent said they believed Hitler had good reasons for persecuting Jews; 28 percent said they agreed with some of the German explanations why Germany went to war; 29 percent said they had grown more favorable toward the Germans since they had been in that country.

NEW YORK HERALD TRIBUNE, 5-7-61

The British historian, Arnold J. Toynbee, said (at the 17th annual conference of the American Council for Judaism):

"Dr. Toynbee described Zionism and anti-Semitism as 'expressions of an identical point of view' — that it is 'impossible for Jews and non-Jews to grow together into a single community, and that therefore, a physical separation is the only practical way out.'"

"The Jewel Box of the World"

The following is an interesting quote from "the Message to Israel" Nov. Dec. 1957.

"The land of Israel is the center of the land surface of the earth. It is located on the eastern border of the Mediterranean. 'Mediterranean' means middle of the earth. Israel is so located that travellers going from one continent to another must pass through her territory. The land has therefore been referred to as 'the bridge between the nations.' Israel has a decided advantage over other nations and think of what an advantage this will be when Jerusalem is the capital of the world! The land of Israel is also the center of all population. It is also the political center of the world for the laws and forms of government coming out of this land have furnished the pattern for most all other nations. For years we have heard and read about the treasures to be found in the mineral wealth of the Dead Sea. The Dead Sea will be a perpetual source of wealth to the nation that controls it and contains sufficient wealth for the land to be called 'The Jewel Box of the World'."

Jews left Germany before War

(From their own publication—1948)

"The majority of German Jews succeeded in leaving Germany before the war broke out and a substantial number settled in Latin America countries. These sections of our people organized themselves with skill and discipline and built up new economic positions . . ."

MUSMANNO'S TESTIMONY

Republished from—

Pittsburg Post Gazette
Pittsburg Post-Gazette, May 17, 1961

Judge Michael A. Musmanno, that romantic poet of the Pennsylvania Supreme Court who has been away from his duties recently waiting to be a witness at the Eichmann trial in Israel, has now testified.

After reading the judge's testimony about his interview with Goering, about his talk with Ribbentrop, we were sufficiently intrigued with this new evidence to turn to the Judge's book, "Ten Days to Die," written in 1950. In that volume he reviewed the last days of Adolf Hitler, discussed the history of the Nazi regime with all its horrors, and described his talks with various members of the Hitler regime at Nuremberg during the trials in 1946.

This review of the Judge's past writings leaves us a bit perplexed. In his testimony Monday, he said that Goering told him that Eichmann was the key man in the Jewish persecution. Yet in the book he wrote only a few years after the Nuremberg trials, he never mentioned Adolf Eichmann. A number of pages are devoted to the persecution of people of the Jewish faith, but the book's chief devil is Heinrich Himmler. No Eichmann. It seems to us that the Judge would have had a tremendous scoop if he had related then the baleful influence of Adolf Eichmann, a man who had escaped and was still at large.

There are other perplexing matters. The book refers to many interviews with Nazi officials and German military leaders, but there is no reference to an interview with Goering, just an exchange of remarks in a recess during Goering's trial. There is also no reference to an interview with Ribbentrop.

Presumably Judge Musmanno under oath is able to remember things that did not seem to him important at the time he was writing a book on Hitler and the Nazi regime. Which brings us to another curious matter. Dedicated as he is to American jurisprudence, the Judge must know that not a single matter he stated in the court in Israel would be admissible as evidence in a court in this country. It would all be classified as hearsay and thrown out. After all, there are no corroborative documents. Nor is there any rebuttal from the grave.

Why do Jews need a Gestapo?

(Anti-Defamation League of B'nai B'rith)

Other races do not. Haven't they for centuries brought condemnation on themselves all over the world? Can't or won't they change, instead of fighting the Truths? Don't their Anti-Christian activities create Hitlers? In Germany they were about 2% of the population, but controlled about 90% of the economy. In the United States aren't they about 5% also and don't they control or influence almost all of the economy — Radio, TV, finances, entertainment, liquor, garments, magazines, newspapers, furniture, department stores, gambling, etc.? When American citizens awaken, what then?

Open Letter To United States Senators

Republished from—

Closer Up, Box 2223, Palm Beach, Fla.

Dear Senator:-

Since last September—well before the Presidential election—we have been trying, through our **Open Letters To A United States Senator**, to educate you, in easy lessons, on the subject commonly called "communism" but which actually is, as **John Foster Dulles** plainly stated, **A PLAN TO RULE THE WORLD — WORLD GOVERNMENT**.

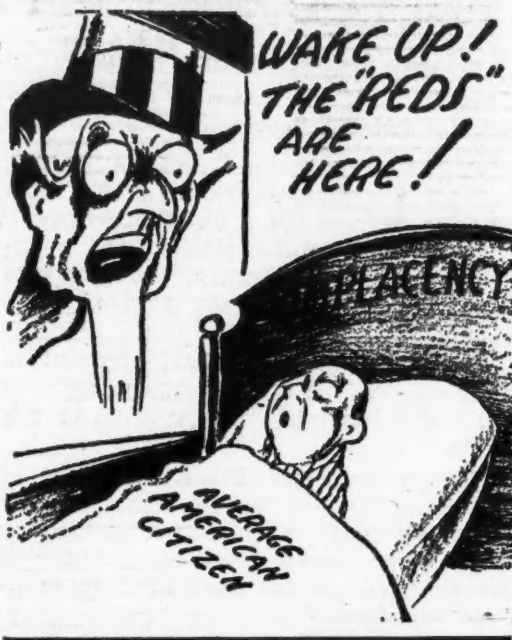

The "plan" is so completely diabolical as to paralyze the thinking processes of the average, unsuspecting citizen. And yet its success is practically assured. We had informed you, pleaded with you, reprimanded you and warned you of what was going on—we even named those who are destroying our country. And we did this in plenty of time; but you ignored us, and thousands of other informed constituents, and you **CONFIRMED FOR ALL THE HIGHEST POSITIONS IN GOVERNMENT, THE VERY PEOPLE WE HAD NAMED**.

We had called, forcefully, to your attention the brazenly declared plans of the Chief Executive and his brother, to "by-pass Congress as much as possible" and to rule by "Executive Order" — which orders, you well know, do not and for many years have not originated in the mind of the "Executive" but have come straight from the **PRESDIUM — THE COUNCIL ON FOREIGN RELATIONS**, to be put into effect by the thousands of trained agents of this treasonous organization in "our" government.

A "lead" Editorial in the June, 1961, issue of **THE NEW AGE**, an official organ of **MASONRY**, entitled "Threat To Our Sovereignty," plainly shows that the Editor has been thoroughly aroused by just one of the many C.F.R. manipulations within "our" government. For the benefit of the Masons, in and out of Congress, we reprint the editorial (Emphasis ours). We quote:

Under date of April 15, 1961, the **National Economic Council** reported the creation by **Executive Order** of the United States Disarmament Administration, an agency which was described as "the propaganda arm of the State Department." Its duties include the consideration of all phases of disarmament including the complete abandonment of nuclear weapons and the establishment of "another kind of world, with **INTERNATIONAL LAW, INTERNATIONAL TRIBUNAL, and INTERNATIONAL CONCEPT**." The objective is said to be "international security with an **INTERNATIONAL POLICE FORCE**." (1)

A so-called "briefing session" in **REALITY** part of an **INDOCTRINATION COURSE** in internationalism, was reported to have been held at the State Department on March 23, 1961, at which about 75 persons representing **NON-GOVERNMENTAL** groups attended upon **INVITATION**. Those attending were admonished to work for a permanent disarmament organization through **LEGISLATIVE PROCESS** (2). Among these groups were the United World Federalists, Ameri-

cans for Democratic Action, Women's International League for Peace, American Association for the United Nations, Federation of American Scientists, Twentieth Century Fund, United Automobile Workers, and the General Federation of Women's Groups. It was specifically stated that admission was **REFUSED TO CERTAIN CONSERVATIVE PATRIOTIC GROUPS**. The Deputy Director of the Disarmament Administration, **E. A. Gullion**, was in charge assisted by other State Department employees.

It is highly important to know that this group of paid government officials with \$400,000 of State Department funds immediately in hand is asking for an additional \$600,000 (3) from Congress for the purpose of expediting the substituting for our present constitutional republican form of government **A WORLD GOVERNMENT that COULD SUCCEED ONLY IN SHACKLING US TO A TOTALITARIAN TYRANNY**. It is worth noting that Mr. Gullion stated that "it was difficult to work under the 18th century Constitution." It should also be remembered that State Department officials are known to favor abandonment of the Connally Reservation, a step that would place this nation completely in the power of communism by way of the International Court, an arm of the United Nations.

Mr. Gullion's further statement that the Disarmament Administration **MUST NOT BE RESPONSIBLE TO THE CONGRESS OR TO THE WHITE HOUSE, BUT ONLY TO THE SECRETARY OF STATE** (4) demands critical analysis for its implicit content. Here seems to be clearly outlined a plan for the unhampered acquisition of governmental control by nonelective officials in no way responsible for their actions, either directly or indirectly, to the electorate. It could mean only the eventual complete suspension of all our constitutional rights as we have known and understood them for nearly two centuries.

It is equally important to know that patriotic groups **HAVING THE NATIONAL INTEREST AT HEART** were **NOT** only **NOT** asked to attend this meeting but were

VIRTUALLY PROHIBITED FROM DOING SO. It would seem to be quite obvious that these officials hope to accomplish unobserved a purpose they could not undertake openly.

Public Law No. 85-474 of the 85th Congress, as amended, forbids the use of public tax funds for the purpose of advancing world government. These "briefing sessions" are reported to have been carried on for years by the Department with no newspaper publicity and almost no invitations having been offered to strongly conservative patriotic organizations. Those who have regard for their own freedom and in the maintenance unimpaired of our national sovereignty should ask their elected representatives in Congress what they can and will do about this new threat to our liberty.

(End quote)

N. S. Meese

(1) In State Department double talk, "INTERNATIONAL POLICE FORCE" means **UNITED NATIONS ARMY** under direct command of the **RUSSIAN ARKADOV** (See Open Letter No. 5).

(2) Meaning these pressure groups must persuade Congress to wipe out any protection still remaining for us.

(3) You were warned about the \$400,000 appropriation. Need we repeat the warning?

(4) All the "Secretaries of State," except **Cordell Hull** and **James F. Byrnes** (Southerners) in the last 50 years, have come from the **COUNCIL ON FOREIGN RELATIONS**.

So, there you have it. Other groups and other organizations are going to learn, at this very late date, what the **MASONS** must learn from this inspired and inspiring editorial.

They need only to understand that, as **John Foster Dulles** said, "Communists are the people who want to rule the world." And that the **COUNCIL ON FOREIGN RELATIONS** is the **AMERICAN (?)** and **DOMINATING** branch of World Government. That the **COUNCIL ON FOREIGN RELATIONS** has placed its trained agents in every big job in the "American" government. And finally—that the **United States Senate** has permitted a whole Government of these People to be **Placed Over Us**—to push this whole hemisphere into the World Government whose chief "American" spokesman is **JAMES P. WARBURG**, top-ranking Council on Foreign Relations official who told the Senate, "You will get world government whether or not you want it. If you don't get it by consent, you will get it by conquest." (See Open Letters Nos. 7, 8, and 18.)

Mr. Senator — you need help — urgently. Go to your fraternal organizations. Put the cards on the table and ask for help for your country and its people.

Don't wait for the horrors of Cuba and Santo Domingo to spread. Get help now, and begin to take back the power **VESTED IN YOU** by the "18th CENTURY CONSTITUTION."

NAACP'S 'Cowardly Battle'- USING CHILDREN AS PAWNS

by W. D. Workman

LET THIS BE remembered by those whose hearts bleed for the women and children embroiled in the New Orleans school travail: This sensitive area was chosen by the integrationists themselves, not by segregationists.

All the tragedy, the pathos and the suffering which is caught up in this school integration controversy is part and parcel of the battle plan of the **National Association for the Advancement of Colored People**.

The strategy is insidious, ruthless and effective. It is designed to tug at the heart-strings of Americans everywhere, to arouse deep emotions of sympathy and distress—all to the end that resistance to race-mixing be weakened and overcome.

The tactic is not new. It was employed with loathsome success by the **Mongols of Genghis Kahn** more than seven centuries ago. When besieging, they would drive captive women and children before their armed forces, causing the defenders to fire into the ranks of the helpless in order to stem the tide of the warriors pressing from behind.

...

THE SAME SORT of pitiless practice has been employed in different guise in many lands and in many times. The sacrifice of hostages is a part of the game.

The use of reprisals against entire communities is cut from the same cloth. The South felt something of this at the hands of **Sherman's** ravaging troops, as they devastated the virtually helpless heartland of the Confederacy.

This destruction of the innocent is a facet of total war, whatever the time and place. And the NAACP is engaged in total war—by open admission—against all forms of segregation.

The one form under chief assault at the moment is that which affords Southern whites the right to send their children to schools with their own kind. Consequently, the NAACP shrewdly makes pawns of the children, whether black or white.

...

NEITHER THESE children nor their mothers are proper parties to this fight. For the racial implications of this particular struggle are secondary to the constitutional considerations.

The clash is between sovereignties—state and federal—rather than between individuals or races. The question is not when, or where, or if integration of the schools shall be accomplished—but, rather, who shall make the decisions.

By a rare and inexcusable perversion of the American tradition, the people themselves are being denied the right to decision in this instance. Never before in history have so many citizens of a supposedly democratic society been utterly disregarded in the marking of what is essentially a political decision, despite its sociological and judicial trappings.

The Constitution itself is embroiled in the dispute. And only the people have the right to alter the Constitution.

...

YET, THE NAACP and its political adherents will not submit their case to the people of the land—in spite of their professions that public sentiment is on their side.

Instead, they wage war behind the shielding bodies of young boys and girls, careless of the trauma and shock which must inevitably befall these youngsters, whether they be white or negro.

And behind the ranks of these children and their mothers (deemed "heroic" if they be integrationists, damned as "hateful" if they be segregationists) are marching the generals of the NAACP, linked arm-in-arm

with dictatorial federal judges and mealy-mouthed "moderates."

They play with the stuff of history in their joint onslaught against the American right of free peoples to govern themselves.

They gain by compliance at one spot, by compulsion at another—here and there meeting bitter resistance.

But never was any more cowardly battle waged than this one—which puts school children on the firing line.

TRAGEDY IN NEW ORLEANS

(The Indianapolis News)

The tragedy which has gripped the city of New Orleans is grim testimony to what men can do when they try to coerce one another into virtue.

Under federal pressure to integrate its schools recently, New Orleans was turned into an armed camp. UPI reported: "Carloads of Negroes roamed the city streets . . . shooting wildly at white pedestrians . . . one white man was shot in the hand by a gang of Negroes . . . Pedestrians had to dash

into shop doorways when a car carrying three Negroes careened through downtown streets. Police said shots were fired from the car before it overturned . . . A Negro with a knife slash across his chest said his attacker was a white youth."

White students walked out of New Orleans schools. The legislature cut off school funds, a policy which if continued would mean a total shutdown of public education in the city. Both Whites and Negroes were afraid to venture downtown, and business limped to a standstill.

In short, the structure of civilized life in a great city was shaken to the very foundations. When government action brings events of this sort, it behooves us all to examine its policies and its objectives with care. Is what the federal government wants to do in New Orleans capable of attainment? Is its action successful enough to justify the destruction of civic order?

The stated object of school integration is to promote the welfare of the Negro in the South. But what has in fact happened? The real result has been to marshal economic pressures against Negroes, to inflame latent prejudice, to incite racial violence. Moreover, it would seem the integration effort has not achieved the explicit point on which the entire struggle has been staked.

Until the Supreme Court decision of May 17, 1954, Southern schools were governed by the doctrine that "separate but equal" facilities had to be provided for both Negroes and Whites. The court said this was not good enough; from the very fact of being schooled in a different building, it argued, Negro pupils would perceive the Whites did not want to associate with them, and so feel discriminated against. "Separate education facilities," the Supreme Court concluded, "are inherently unequal."

The object of all the bitter struggle, therefore, is the psychological security of the Negro student. Waiving the problem of whether a decision so constructed is constitutional, let us see what the actual results have been.

Does a 6-year-old girl led through a screaming mob under armed guard feel psychologically secure? Do three Negro children sitting alone in an empty school believe they have been accepted? Even in areas where token integration has been achieved, do the Negro students, grudgingly admitted under massive pressure, feel they have been received as equals?

There may be in all this the satisfaction of gaining a hard-fought victory over an adversary—although we doubt if a 6-year-old child understands that emotion quite so well as she understands cries of hatred. Certainly there can be no feeling that the white students willingly accept them as equals.

If it is the psychological welfare of the Negro child we must consider, nothing could be more harmful than to use innocent children as shock troops in a major social revolution.

The end of discrimination, in the psychological sense which so concerned the court, can come only when the white people of the South want it to come. If they do not want it, there is no way to force them into willing compliance.

It would seem apparent the federal government's intervention has achieved none of the desired results, while producing others which are both undesired and unforeseen. The courts would be wise to reconsider the plea of the New Orleans School Board, and lift the integration order which has brought so much grief to White and Negro alike.

Open Letter to U.S. Senators

ABOUT THOSE "NON-GOVERNMENTAL ORGANIZATIONS" AND HOW THEY GOVERN.

The role of so-called "non-governmental" organizations is a closed book to most Americans.

Let's open the book —

Headed by the Council on Foreign Relations and its affiliated Foreign Policy Association (sometimes called the "poor man's CFR"), there is a vast network of organizations which work with the State Department and UNESCO in the field of foreign relations. Not one of them is a conservative, patriotic group; indeed, the State Department refuses even to recognize such conservative groups — as Milton Lory of the American Coalition of Patriotic Societies will attest after attempting to gain admission to the "briefing session" referred to in the above Open Letter, and being refused permission to sit in on the "indoctrination course."

At the prompting of CFR, the State Department began "using" these "non-governmental organizations" as early as 1945 when forty-two of them were asked to send consultants to the United States Delegation in San Francisco at the United Nations Charter Conference.

Presently there are over 500 such internationalist organizations which are "recognized" and "used" by the State Department and its CFR Directorate, for propaganda purposes, (Katharine C. Garrigue who, in 1953, compiled a directory of them for the Foreign Policy Association, then estimated that there were 434 such organizations "working in the foreign policy field").

GOVERNMENT BY PERSUASION

There are over 1,000 "American" organizations interested in "international" affairs, and the fine hand of CFR—through interlocking directors, foundation grants, business interests, etc., will be found guiding each of them. There are over 500 organizations interested in domestic government, public education, health and welfare; and they are affiliates or members of "1313," the domestic corollary of internationalist CFR.

Examples:

Academy of Political Science has as its objective the "promotion of disinterested, informed public opinion on problems of the day." Its head is Lewis W. Douglas of the CFR. The American Academy of Political and Social Science says its purpose is to "inform the public on national and international affairs;" last official listing available shows its president to be Ernest Minor Patterson, a member of CFR. American Association for the United Nations aims to "build an informed public opinion in the United States in support of the United Nations;" and its head is Clark Eichelberger of CFR. ACLU is headed by Patrick Malin of CFR. American Friends of the Alliance Israelite Universelle is headed by Herbert Lehman of CFR. Institute of Pacific Relations is headed by William L. Holland of CFR. The American Peace Society—at last word—was headed by Gen. U.S. Grant 3rd, a member of CFR. The China Institute in America aims to "promote cultural and educational relations between China and the United States;" and its Board Chairman is listed as Henry R. Luce of CFR (and Life, Time, Fortune, etc.).

Add this control of organizations to control of all appointed officials of government, control of all phases of health, education and welfare, control of all communications media, control of "organized religion," and control of the nation's money and credit — and what more is needed to cause the American people to "rush joyously to their own destruction"?

Perhaps there is one thing yet needed: to take all government out of the hands of

elected officials, make them mere figure-heads, and place all phases of actual governing in the hands of appointed representatives of those who want to rule the world.

For this reason, the statement of Mr. Gullion of the State Department's "Disarmament Administration" takes on added importance: "We do not want the Disarmament Administration to be answerable (even) to the White House. Although I have worked at the White House, I like it better here (at the State Department, where all things are in the hands of "appointed" officials cleared by CFR—Ed.)"

Our last legal hope lies in our elected officials. And if they continue to fail us, God alone knows what lies ahead for our beloved country

RESOLVED, By The American Legion in National Convention assembled in Miami Beach, Florida, October 17-20, 1960, that the best interests of the United States of America can best be served by the National Headquarters of the American Legion disseminating this information to all local Posts throughout the United States; and

1. Asking all members of the local Posts to contact all theaters in their areas and ask them not to book the film for showing, and

2. If the management of any theater books the film "Inherit The Wind" for showing, then the members shall organize to use all legal and proper means to prevent the showing and to ask all good Americans to refuse to patronize the showing of the film "Inherit The Wind."

We can easily forgive a child who is afraid of the dark; the real tragedy of life is when men are afraid of the light.

PROTOCOL FOR WORLD CONQUEST

We are about to reach our goal. World War II furthered our plans greatly. We succeeded in having many millions of Christians kill each other and returning other millions in such condition that they can do us no harm. There remains little to be done to complete our control of the stupid "Goyim."

JEWS IN AMERICA:—These are your final instructions prior to take-over:

1. Continue to enlarge our control over radio, TV, newspapers, movies & magazines.
2. Educate our sons and crowd the Gentiles out of the practice of law, medicine, pharmacy, and all the retail trades.
3. Make their schools and colleges training camps of our Red Revolution.
4. Bring ridicule upon their Christian faith; divide their people; weaken their churches.
5. Demoralize their women and children through sex and violence in movies, TV, Etc.
6. Corrupt their courts and bring them into contempt.
7. Turn class against class. North against South. Negro against the White.
8. Buy politicians and continue to corrupt their local, state, and national governments.
9. Use willing tools like Truman, Eisenhower, Stevenson, and Warren; they will do our bidding.
10. "GET" the Fascist anti-Semites, one way or another.
11. Plan unlimited immigration of our persecuted people without restriction.
12. Continue our control of their money through the Federal Reserve System.
13. Continue to place Jews in key positions in government, army, and navy.
14. We must destroy the Republic and replace it with a Democracy (Jewish-governed State Socialism.)
15. Continue our control over Labor, agitate unrest, strikes and violence by any means or schemes.

Especially through these methods shall we plunge this country into destitution, demoralization, bankruptcy, and civil war, further lessening the number of our enemies:

The Bolshevik Revolution made us mas-

ters of Russia. The last war made us rulers of all Europe except Spain. Let the next war make us **MASTERS OF AMERICA.**

For the preservation of our race, you are warned to renounce, repudiate and deny any of this information if questioned by the stupid "Goyim" (Gentiles) even under oath, as directed by the Talmud.

.....
The above program will appear factual to those who have gone into the Jewish Conspiracy. To those who doubt that this is an accurate outline of what they have already accomplished and are carrying out should read some of the mass of reliable information available to anyone. Even the good Jew that you know who is not active in the Conspiracy must help support several organizations which are active.

DON'T QUIT

When things go wrong as they sometimes will,
When the road you're trudging seems all up hill,

When the funds are low and the debts are high,
And you want to smile, but you have to sigh,

When care is pressing you down a bit,
Rest if you must, but don't you quit.

Life is queer with its twists and turns,
As everyone of us sometimes learns,

And many a failure turns about
When he might have won had he stuck it out;

Don't give up though the pace seems slow—
You may succeed with another blow.

Success is failure turned inside out—
The silver tint of the clouds of doubt,

And you never can tell just how close you are,
It may be near when it seems so far;

So stick to the fight when you're hardest hit—
It's when things seem worst that you must not quit.

THE GOSPEL

(St. Matthew XI, 24-27.)

Then Jesus said to His Disciples: If any man will come after Me, let him deny himself and take up his cross and follow Me. For he that will save his life, shall lose it; and he that shall lose his life for My sake, shall find it. For what doth it profit a man, if he gain the whole world and suffer the loss of his own soul? Or what exchange shall a man give for his soul? For the Son of man shall come in the glory of His Father, with His Angels, and then He will render to every man according to his works.

Many Leading American Negroes Are Against Race-mixing

With practically all of the news outlets being controlled by the Zionists, you will seldom read or hear about the great Negro leaders who are proud of their race and want to keep segregation of the races.

These Negro leaders are REALLY concerned with the welfare and advancement of their race. These people are rarely heard of in the controlled press and they are despised by the Zionist-controlled NAACP.

They are proud of America and their race and oppose desegregation in any form whatsoever. They believe the Negro was created by God with a culture all of his own and should remain as such.

They are shocked and appalled at the harm and unrest the NAACP has brought to their people here in the United States as well as abroad. These sterling Christian Negro leaders are well aware, as are most level-headed Americans, that the Negro is being used by the NAACP to confuse and divide our people to create strife and turmoil, and in the end to mongrelize BOTH races.

The Southern people, black and white, have lived in harmony all these years until the Zionist agitators out of New York in their program to condition our country for Communism upset the South.

Time and again it has been proven that the NAACP, with trouble in mind, has picked certain Southern schools as their opening target for agitation and has handpicked "students" to enroll at the opening classes, knowing full well the trouble that would result.

To create trouble between races is one of the oldest Communist tricks in the book. The NAACP which is supposedly organized to HELP the Negro has been dutifully following the Communist line to the letter.

To be proud of your race is not a crime, to mongrelize what the good Lord created most certainly IS!

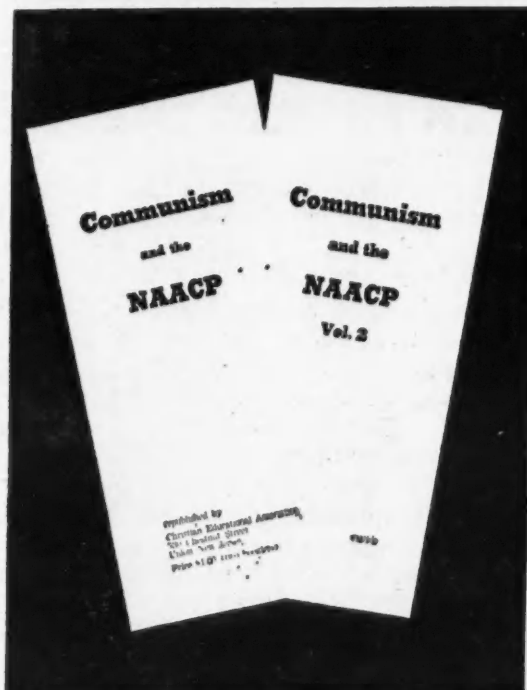

SOCIAL SECURITY?

How secure is your Social Security when we give billions of the taxpayers money in Foreign Aid, by going in the red ourselves?

Unless we balance our budget starting right now, our over 65 of age will soon face a "Happy Home" like in red China.

In red China old folks are literally "fed to the hens"—the 100% end of Social Security. In the committee on Un-American Activities March 26, 1959, Communist Persecution of Churches in Red China and North Korea, page 18, Rev. Wang says: "All of the elderly people 60 years of age and above who cannot work are put in the old people's Happy Home. After they are placed in the homes they are given shots. They are told these shots are for their health. But after the shots are taken, they die within two weeks. After they die, the corpses are placed in vats. When the bodies decay and maggots set in, the maggots are used to feed chickens. The remainder of the body is used for fertilizer."

And the Federal Council of Churches wants us to recognize Red China and trade with her!

SMEAR CAMPAIGN AGAINST GERMANY

IS UNITED STATES IN COLD WAR WITH GERMANY?

The Three TV Networks and Radio Networks except Mutual in the Hands of Non-Christians

— ABC Zionist Controlled —

— CBS Zionist Controlled —

Wm. S. Paley (Palinsky☆), Chairman

— NBC Zionist Controlled —

WHY ARE SO MANY TV & MOVIE FILMS, RADIO, NEWSPAPERS, ETC., PROMOTING HATRED AGAINST THE GERMANS TODAY?

The American people are being brain-washed day and night, 365 days a year by the Radio-TV dictatorship of Network Broadcasting. This dictatorship gained 100% monopoly control of the public mind when Congress in the Communication Act of 1934 licensed network owners to, among other things, exercise full self-censorship over programs and people on the air, while being forced to deny such rights to the Federal Communication Commission, under the 1st Amendment.

The three TV networks and the Radio networks, except Mutual, are in the hands of non-Christians, who are the strongest political, most closely organized group on earth. Network TV and Radio are the only two media in the world which give instantaneous dissemination of both picture and spoken word to the entire nation. No other medium such as the press or movies can come knee-high to them as an influential force. A public speaker can reach more people in one TV appearance than he could reach in a lifetime of personal appearances. Pay close attention to this next paragraph.

By granting these private networks censorship monopoly, and permitting "one church group" to own them, the U. S. Government has declared THEM to be sole arbiters, selectors, buyers, sellers, and dictators of every program to be fed into American living rooms. Networks have priority seven hours daily, over the broadcast time of every affiliated station in their respective chains across the country. This includes the lush evening hours between 7 or 7:30 and 11:00 P.M., when home audiences are largest in numbers.

AMERICA IN DANGER

Germany was crushed 16 years ago, surely it is not a threat against the U. S.

President Kennedy recently said on TV: "We live in the most dangerous time in the history of the human race."

This is the danger the U.S. made possible by breaking down Germany and building up the commUNists. This was done with our taxpayers' money and our young men's blood. The same gang and same type of thinkers are directing our government today. From five to ten vicious anti-German films are shown on TV each week. A few weeks ago we counted eleven "hate German" moving pictures being shown in the New York and New Jersey area. Why is this campaign not against communism which has a stronghold in the U.S. and a military fortress 90 miles from Florida? Because the three TV networks are owned and operated by Zionist Jews.

Chairman of CBS is William S. Paley (Palinsky). Chairman of NBC is Robert Sarnoff; chairman of ABC is Leonard Goldenson, ALL JEWS. Everyone knows that the movie industry is also controlled by Zionists.

Walter Winchell (Israel Lipschitz) in the N.Y. Mirror, 11/9/61 wrote in his column:

"BERLIN AND THE GERMANS ARE HARDLY WORTH FIGHTING FOR."

Judging from what we read about Mr. Winchell's war record, many people do not believe he thought the U.S. was worth fighting for.

Eleanor Roosevelt and her tribe also are cooperating in the effort to sacrifice the German people.

We believe that any country that has fought communism as hard as Germany, is worth fighting for.

GERMANY FOUGHT COMMUNISM

The reason for the Hate German program has been a mystery to many. Briefly the objective is to annihilate the German race. They want to create so much hatred of Germans that our citizens agree to deliver them over to communism as we did with more than a million Russians who escaped into Germany during the war. It was our bombers that rendered Germany unable to defend herself against communism.

It is planned to surrender West Berlin, later West Germany to communism. In this way Germans as a people would cease to exist. Germany was a united Christian nation with the skill and determination to destroy communism which they realized would put Europe in slavery unless a powerful force was built to stop it. Germany was well on the way to wipe out communism completely when Rudolph Hess dropped from a plane in England in an effort to persuade England to help Germany crush communism in the Soviet Union. Hess broke his ankle in the fall; Churchill ordered him to prison.

ZIONISTS PROMOTE COMMUNISM

Germany would have been successful without England had the Zionist Jews not pushed the U.S. into the war to save communism which they financed and set up in 1917.

The organized international political Jews in the U.S. fear a recovered Germany as an obstacle to their plot to rule the world. They fear their know-how, science and skill. They fear their hatred for communism. They want Germany completely destroyed which would remove the only practical obstacle facing the bolsheviks sweeping thru France, Italy and all Europe. Where would America stand then?

America Awaken Today! Tomorrow May Be Too Late!

By Jozef Mlot-Mroz, President
Anti-Communist Confederation of Polish
Freedom Fighters
18 Boardman St., Salem, Mass.

THE TRUTH IS—

Communism is the greatest danger of the XXth century for ALL countries including the UNITED STATES.

IN THE NAME OF THE ANTI-COMMUNIST CONFEDERATION OF POLISH FREEDOM FIGHTERS, WE INFORM YOU THAT:

Now much is being said and written on the theme of communism and its leader Khrushchev—a flow of words illustrates their ideals, but on the other hand little is said about the torture the communists apply in the different countries behind the Iron Curtain.

Since during these elapses a period of several years from the moment when I had the opportunity to flee from behind the Iron Curtain and from the bloody communistic hands—as one of the escapees who managed to free himself from the torture, I permit myself to uncover before the eyes of Americans the terrible torture and bestial methods the communists use and I had performed upon myself.

Today, when more and more we come in contact with communistic ideas and dangers, today, when the break between the East and West is being felt, a moment when the world is being divided into two enemy camps, and when during these days we commemorate the fifth anniversary of the Heroic Poznan, I feel it my duty to enlighten the world with the danger of soviet imperialism. As one who lived the terrible and horrible moments of gehenne tortures in the laboratories of communistic prisons I now portray the REAL TRUTH.

TWENTY ONE MONTHS IN THE COMMUNISTIC FANGS

A long and thorn strewn road from prison to prison gave me an opportunity to come in contact with different people of the world, financially and intellectually different. I have seen the bestial tortures inflicted upon them which they so heroically tried to endure, but I also witness the moment when they were incapable to continue on in this manner and became their own accusers, indicting upon themselves their own decree of punishment. Many of them envied my courage and stubbornness—they still continue to suffer the tortures of communist agents, many of them had passed into eternity, but I have escaped to the West to call upon the people and their conscience to help the Enslaved Nations.

I have spent twenty-two months in the concentration camps of the communistic regime and witnessed how intellectual people in the span of a few days became mentally afflicted. These people and my friends could not bear the tortures, constant hearing lasting nights and days without a stop, and committed suicide thus ending their days of torture.

To justify these people to a certain extent and warn the western countries of the dangers of communism, I allow myself in short to portray the hellish tortures afflicted by the bloody communists to their political enemies.

FOUR PHASES OF TERRIBLE COMMUNISTIC TORTURES

In the first phase, even before the prisoner begins to admit facts there is a process of softening so-called. The prisoner is put into a small cell, where in filth, dampness, cold-

KHRUSHCHEV TOLD YOU:

"We will bury you . . ."

ness, darkness and stench he is kept for days and nights thus trying to force him to become a self accuser. If this method is not successful, he is placed into a cell where is a continuous change of heat and cold, stench and no means of quenching ones thirst.

I will never forget these terrible moments and tortures which I have just briefly mentioned, since I witnessed them upon myself in the prison at Stargard. I bore them patiently because of the Grace of God, my own strong will power, patiently holding out for a number of days and nights.

If the above method is a failure, then begins a so-called second phase of physical torture, hitting, kicking, inflicting strokes on the kidneys and lungs and continuous kicking in the most delicate parts of the body. Then the prisoner is thrust into a dark cell, small in extent permitting no comfort whatsoever, where water constantly keeps dropping from the ceiling on the head of the convicted thus affecting him mentally.

During the whole procedure there is a continuous hearing—most of the time at night. After such torture the prisoner comes face to face with death. If results are not obtained the prisoner is taken to more comfortable quarters for a short period of time. He is given a larger portion of food thus preparing him for further and new hearing combined with a terrible procedure of torture worse than before.

This short period of relaxation cannot and must not be wasted according to prison schedule. He is taken and given the so-called Greek Gymnastic, Frogs Duck Walk and a ride through Five Hundred. For pleasure is performed the so-called Negroes Ball, where abjectness and moral corruption lead.

I remember distinctly one such Negroes Ball, where to the company of men a group of women were sent among whom were found many from Aristocratic families. It was a late hour and the entire prison seemed at peace and quiet, no hearing and tortures heard. In my cell Number 64 all were asleep only after every few minutes at the noise and striking one in the side by the guard one turned from one side to another (the smallness of the cell permitted one only to sleep on the side and on the floor, beds were not permissible, prisoners sleep without sheets and blankets only in your own clothing, even pregnant women slept on the floor). Suddenly into cell came the director of the prison Malinowski, known to the prisoners as "Czarny" (Black) following him his substitute "Kajtek." At the command by "Czarny" we were chased on the corridor and told to take off all our clothing, when all fourteen "Adams" were ready, women were brought and told to undergo the same procedure—stubborn ones were forced to do so. Three men were to imitate musicians playing on bottles and singing, the remaining "Adams" were to dance with the women "Eves." At this occasion all those dancing were not without strokes and torture. This dance was popularly known in the concentration camp as the Negroes Ball. This was usually the procedure before the third and fourth phase of torture.

Before I venture into my description of the third and fourth phase of torture, I will mention one of my friends Joseph Sawka from Krosno, who even after death found no peace. It happened so: a certain joiner was commanded to make a coffin, since Mr. Bilinski has never been a professional joiner he made the coffin smaller than the body. As he meditated how to solve the problem "Czarny" took the axe and without any scruples cut both legs to the ankles. In such a bestial way was solved the problem of placing Sawka's body into the coffin.

THIRD AND FOURTH PHASES OF COMMUNISTIC TORTURE

Now proceeds the third phase of torture, where after the rest is afflicted more beating and maltreatment more imaginative and brutal. Pins are placed behind the fingernails of the prisoner and the fingers are placed between the door. He is hit on the head, ears and the most delicate parts of the body, and with wet towels he is beaten throughout his body. The prisoner is then thrown into a so-called "Dog's Hut," where there is continuous darkness and one must remain in a stooping position, since the measurement of the cell does not permit otherwise. Into this cell tightly closed with only a little opening in the ceiling water is let in to the capacity giving a feeling of drowning. From such a bath in the "Dog's Hut" one is called occasionally for a hearing, where the prisoner receives the so-called injections given according to a mentioned paragraph such as 111—beating with a wet towel, paragraph 222—a beating with a stick and paragraph 333—beating with an iron pipe. The entire body is affected. I have been a witness to

Marxism in Christmas Cards

Republished from D. A. R. MAGAZINE

How much do you plan to spend this Christmas in support of the anti-Christ propaganda expressed in certain greeting cards? It is a matter of public record that the creative arts have been deeply penetrated by Marxist symbolism and crypto-Communist messages. These facts can readily be ascertained by reading Senate and Congressional Reports on the subversive process.

In 1948, the United Press quoted a letter in the "Soviet Literary Gazette," published in Moscow, in which thirty-two leading American writers and painters declared they wanted to share the public duty assigned the "intelligentsia" of the Soviet Union to work to break the chains with which the United States capitalists have shackled creative workers!

One of the signers of this open letter to the Soviets was Philip Evergood (1947, 1948, 1949, 1951 Reports of Un-American Activities in California) who drew one of the Christmas cards on display at the headquarters of the Progressive Citizens of America (1947, 1948, 1949, 1951 Reports of Un-American Activities in California) then at 205 East 42nd Street, New York, New York and also on sale at the Communist Bookstore Workers Bookshop, then at 50 East 13th Street, New York, New York.

Evergood pictured a Christmas tree being carried out of the North Woods in Canada by a French Canadian and a negro woodcutter. (The number of negroes in French Canada is very small; thus the use of the

"unrepresentative" example was employed to get over a racial angle.)

A card by Joseph Hirsch (1949 Report of Un-American Activities in California) was an etching of an absolutely naked woman sitting cross-legged on the floor and throwing a naked baby up in the air. This was titled: "Mother and Child." Another card, was a grotesque negro child's head with a halo, a crown of thorns and pierced hands. The artist knew so little Christian doctrine that he used the Easter symbols to represent Christ at Christmas! A fourth card, "Christmas Carol," was by Robert Gwathmey (1949 Report Un-American Activities in California); it portrayed an Oriental

figure strumming a lyre. It is typical to identify the Orient as celebrating Christmas. A fifth card, "The Happy Mothers," was by Chaim Gross (1949 Report Un-American Activities in California). In this drawing, young women with babies in their arms were floating in the air, parallel to the earth below, implying that the only happy mothers were dead. The sixth of the series was by Paul Strand (1948, 1949 Reports Un-American Activities in California). This was "Toward the Sugar House, Vermont 1944." There was absolutely nothing Christmas-like about it.

Of the six artists who made this series in 1947, the following five are listed as sponsors of the Cultural and Scientific Conference for World Peace, which in turn was sponsored by the National Council of the Arts, Sciences, and Professions (1949, 1951 Reports Un-American Activities in California), held in New York, New York, March 1949: Hirsch, Gross, Gwathmey, Evergood and Strand, the latter two having more than twenty citations each in the California Legislature's Report on Subversive Activities.

So the radical Marxist invasion of the Christmas card field was established. For several years after, a New York City department store near Christmas advertised "The American Artists' Group," among them Adolph Dehn (1948, 1949), the late John Taylor Arms (1948), C. E. Burchfield (1948) and George Schreiber (1948) whose citations can be found in the California Reports of Un-American Activities for the years indicated.

The winner of the Hallmark Art Award for Christmas Cards in 1952 was Anton Refregier (1947, 1948, 1949, 1951 Report Un-American Activities in California). Regardless of this record, he received \$2,000 prize money for a weirdly designed tree with a (Picasso) dove in suspension above it. (This, too, is a sly introduction of Communist symbolism for "Peace"). A further use to which this contest was put was the country-wide exhibition of the 100 best cards; the admission fee was given to UNESCO.

The nadir of bad taste was reached by Brentano's Book Stores, Inc. in 1953 when they sent out a brochure, which the writer has, advertising their "mischievous" Christmas cards. Just what is "mischievous" about the Feast of Christmas was not explained. But the cards were plainly sacrilegious in that they showed a drunk on the back of a speeding coach; a quartet of drunks singing carols; and even Santa Claus with a big glass of brandy.

By this time, public opinion was beginning to sense something repugnant in the Christmas card business. The New York World-Telegram & Sun's Murray Robinson was complaining about the Christmas cards put out by the Museum of Modern Art (one of which pictured a starved-looking deer, half-skinned with his "innards" showing like those of a dollar alarm clock). Ben Shahn (1949 Report of Un-American Activities in California) was included in the show.

By December 1955, the Communist Daily Worker was advertising a package of "holiday season's greeting cards" (note careful omission of the word "Christmas" in the Marxist's determination to avoid "Christological" reference), in which such artists as Rockwell Kent (1948, 1949, 1951 Reports Un-American Activities in California), Anton Refregier, etc., were mentioned. The Daily Worker pointed out that the cards said "Season's Greetings" and reflected the themes of peace and brotherhood.

Again Murray Robinson protested against "novelty" Christmas cards. He had been sent a set by some greeting card company, and when he opened one card, his finger was caught in a mousetrap! He finished with the plaintive hope: "Wish somebody would

Washington, D. C.

Re: Chief Justice Earl Warren
U. S. Supreme Court

Dear Sir:

This is a sickening letter to write, but I do so in good conscience.

Our government tell us we are at war with Communism—something I personally have known for quite some time. If this is the case, and it is, it would automatically make the Communist our enemy. Under the rules of war, if one of the enemy is captured, he becomes a P.O.W., and is treated as such. If one of the enemy happens to be a U.S. citizen, and is caught, he is charged with treason, and tried accordingly. The fact that a Communist is a soldier in civilian clothes instead of a uniform, makes him no less an enemy, and should not alter the normal procedure of conviction and penalty imposed. It is obvious that the Supreme Court has disregarded these facts, because it is next to impossible to have a conviction of a known Communist upheld by our present Supreme Court, and it is also obvious they do not intend to change.

We spend millions in foreign aid and have sent a so-called Peace Corps around the world to try to tell other nations how to cure the disease of Communism, and we can't even do it in our own country. It is no wonder the P.O.W.'s in Korea acted as they did. While they were being slaughtered by the Communists in Korea, our Supreme Court here in the U.S.A. was rendering decisions almost 100% in favor of the Communists. They were not allowed to win over there, and our Supreme Court says, in effect, that we are not to be allowed to win over here.

Many of the present court's decisions have assumed the effect of legislating. I would like to find out NOW if the Supreme

Court has in fact usurped the power of our Congress, rather than wait and find out when it is too late.

I think it is a disgrace and a shame to have to ask for impeachment of a public servant in such a trusted and respected office, but in this case, it would be a far greater shame and disgrace not to. I understand that the entire Court cannot be impeached at one time. If this is the case, please let this be my request as a U.S. Citizen that you begin impeachment proceedings against Chief Justice Earl Warren with all possible speed.

These are times that test the merit of men in places of high responsibility. I trust that your position will be made crystal clear.

Please inform me as soon as possible as to what your action will be on this matter.

Yours truly,

N. J. Carden

many crippling affects after this punishment. Some having kidneys affected, others had their teeth knocked out while others emerged with broken ribs and hearing was affected.

If all this still does not break the stubbornness of the prisoners the fourth and worst of all phases is performed. This lasts a very short period. In two days without a moments rest a continuous hearing goes on and tortures afflicted. This can be carried on since the headsman afflicting the torture change every few hours, but the hearing and torture continues without a break.

It is at this moment many die, others are mentally affected, still others admit their fault of working with the underground. These return to their cell half alive.

Very few and truthfully saying the lucky can bear this torture and do not break down. Such receive a gentle punishment that being from nine months to five years of imprisonment. If they succeed to obtain freedom, they return to their families as cripples, others not broken down successfully attempt an escape through barbed wires. To this group I belong!

I WRITE OF THIS AS A WITNESS AND VICTIM OF COMMUNISTIC OPPRESSION AND TORTURE

My only wish is that my written words will reach far and wide depicting the life behind the Iron Curtain, where communistic agents still today attack the Catholic Church and Poland. The communists are trying hard to change Poland into a massive concentration camp and are forcing upon the Polish populace a government system and administration of colonial type. The brutal action of communism upon Poland calls upon the western civilization that is America and all those nations enjoying freedom not only to protest against such action, but to do all that is in their power to bring about freedom to the Enslaved Nations under the communistic rule.

I CALL TO THE CONSCIENCE OF THE FREE WORLD

Worried about the future of all people of God's Will, I wish to consider and put more attention especially that of the American Nation upon the enslavement and tortures of the Red Inquisitors of the East. I call upon all nations of the world: Do not permit to murder or kill the spirit and body of the Polish Nation, because tomorrow the same evil and hellish communistic strength will try the same upon you!

WEST AWAKEN! AMERICANS WAKE UP

Today's S.O.S. of Poland and the Enslaved Nations is a warning for you today and tomorrow! America, awaken today!

TOMORROW MAY BE TOO LATE!

Khrushchev told you:

"WE WILL BURY YOU . . ."

This threat can hold only one moral for us:

"Pussy-footing-patriots"

MUCH HAS BEEN SAID about our pussy-footing politicians: little note has been taken of our many "well-to-do" business men who are fast becoming pussy-footing patriots:

Now, a pussy-footing-patriot is one (who otherwise may be rated as a good citizen) who is afraid to stand up and be counted for his Country; he may talk quite loudly (privately) but he just doesn't want to come out in the open on important National issues, fearing it might "disturb" his business connections; and when a few lousy trade dollars are at stake he's ready to hide behind that sly communist alibi . . . "It's controversial." Lacking the intestinal fortitude to take a firm and fearless stand for the vanishing rights of his troubled Country, he becomes a pacifist "pussy-footer." In the hour of National emergency his rating (like the pussy-footing-politician) would be slightly less than a-dollar-a-dozen.

Marxism in Christmas Cards

—o— Continued from page 3 —o—

stop 'em from putting mousetraps in Christmas cards. Mousetraps and comic poetry."

Nor is this conspiracy to put over the Marxist socialist message even on our most sacred Holy Day confined merely to the United States. In 1955, from Auckland, New Zealand came word that New Zealand has virtually banished "pagan" Christmas cards in what the islands' printers describe as a "revolution" in public demand. "Cards which have nothing to do with the spiritual side of Christmas are gone from the market."

Finally, there is the United Nations Children's Fund (UNICEF). For several years, UNICEF put out Christmas cards to make money for its activities. That UNICEF promoted Christianity not at all is well known. Pakistan children playing, as depicted on one of these cards, had no connection whatever with Christmas. In 1957, UNICEF has apparently shifted gears. Of a set of ten cards, UNICEF will put out one which says "Joyous Christmas" and carries a picture of a mother and child; but it is not THE MOTHER AND CHILD.

When you choose your Christmas cards, be alert to any outright or concealed technique indulged in to convey a clandestine Marxist message. Let us remember that Christmas is a Christian observance of the birthday of Jesus, the Christ.

Hate German Films

—o— Continued from page 1 —o—

David Susskind on TV channel 5, Sunday, Oct. 22, several times brought out the statement that to defend West Berlin would mean war that would destroy the world.

Eleanor Roosevelt, Adlai Stevenson, Herbert Lehman and their marxist followers are promoting the idea to sacrifice Germany.

JEW FRONTIER MARCHES ON

The 78 so-called Jews in key spots in the Jew Frontier are trying to maneuver the betrayal of Germany in a way the public will not understand.

Our U.S. facing communist takeover is in a similar position that Germany faced, but has more warning of the conspiracy. It is time patriots put a stop to this clever TV propaganda for communism, which is also making rich Jews richer.

If Jewish owned networks fought communism half as hard as they do Germans, soon there would be no communism in the U. S., but the networks fight those who oppose communism.

Why should these Jews who represent only 4% of our population have exclusive monopoly of entering Christian homes with their hate propaganda?

FCC—ZIONIST CONTROLLED

In charge of all the air, as regards television and radio, is Newton N. Minow, a Jew, Chairman of the Federal Communications Commission.

Industry which sponsors these programs is influenced by the fact millions hear their commercials and knowing little of the poisonous program finance them with tax deductible money. These companies must be forcibly reminded that the large majority of buyers are not Jews and that we will not buy their products if they finance our destruction.

DUPONT SPONSORS TV HATE FILM

Sunday night October 21, DuPont sponsored a vicious false Jewish made film—"PAPER BULLETS" on CBS channel 2. If thousands of letters go into DuPont Public Relations Dept., 350 Fifth Avenue, New York City, that will be the last hate German program they will sponsor. Be awake and bombard every sponsor of such subversive pictures.

Some who read this article will want to discredit it. We challenge them to point out a misstatement.

We have studied the conspiracy for 23 years and have lived here in the middle of the greatest concentration of Jews in the world.

Don't be deceived by a few who say they are opposed to communism and call themselves Jews. They must contribute to Jewish organizations which fight those who expose communism. Many Jews since 1948 oppose the leadership of communism because these leaders blocked full control by Jews. They are for what communism stands for, but are followers of Trotsky (Bronstein), leader of the Red Army. They are Trotskyites and for the Fourth International. Hence these Jewish organizations fought Senator Joe McCarthy and all other active anti-communists as they today fight the John Birch Society and other effective anti-communist groups.

Any person or organization who opposes communism in the open, must be prepared to defend himself from the Jews; they are the "chosen people" who founded communism and spread it throughout the world.

Have Reds Taken Over The Pentagon?

AN IRON CURTAIN OF SILENCE ENFORCED BY THE CONTROLLED PRESS

DELIVERED GREAT SPEECH

One of the most complete news blackouts in the history of this country took place during the week of July 26—August 1, 1961. In that period the great wire services and all newsmen and news gathering agencies normally assigned to the task of reporting events in the Nation's capitol, blacked out a major story of historic importance so completely that only by word of mouth was its existence made known to observers outside of Washington, D.C.

Senator Strom Thurmond of So. Carolina delivered a masterfully documented speech on the floor of the Senate on July 26th which literally shook the Kennedy Administration to its foundations.

The Senator revealed in his speech "that there is a concerted attack under way against the anti-Communist indoctrination of the American people and our troops in uniform, and particularly against participation in this effort by our military officers."

He returned to the same subject on July 29th, July 31st, Aug. 2nd and Aug. 4th. Senator Styles Bridges of New Hampshire, Carl T. Curtis of Nebraska, Barry Goldwater of Arizona, Jack R. Miller of Iowa, Karl E. Mundt of South Dakota and John G. Tower of Texas, all indicated sympathy with Senator Thurmond's objectives during this period.

Nevertheless, the American people were isolated from knowledge of these Senators' efforts in their behalf because of an Iron Curtain of Silence erected by the Marxist-intimidated Press. The collusion and conspiracy involved in the blackout was so obvious that Senator Mundt forcefully and directly accused the members of the Senate Press gallery and their employers of engaging in deliberate censorship.

Senator Karl E. Mundt (R., S.D.) has called a July 26 address by Senator Strom Thurmond (D., S.C.) "one of the great speeches of the Senate."

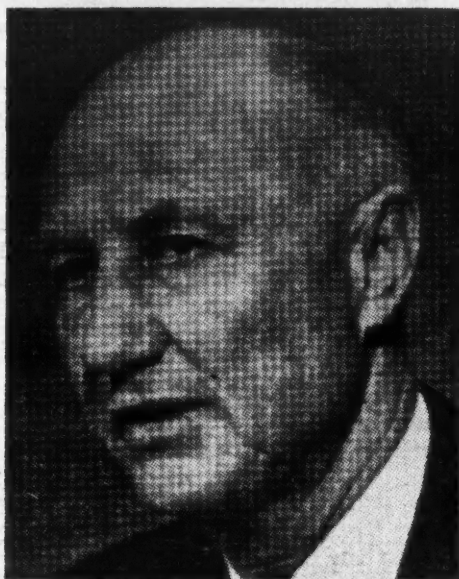

"Newspapers spend a great deal talking about crime and kidnapping and racial disputes. But here is an issue involving the survival of America," Mr. Mundt said, "that was almost entirely ignored by the American press."

This is a battle against a dastardly attempt to intimidate the commanders of the U.S. Armed Forces and prevent them from teaching their troops the nature of world communism. This constitutes a serious blow to the security of the United States.

It is necessary to refer back to certain events which preceded the eruption of the fight between Strom Thurmond and members of the civilian team which is currently running the Pentagon.

THE GENERAL WALKER CASE

The beginning of this historic story lies in what has become known as the General Walker case. Walker was rebuked by "the Army" on June 12th for having taught patriotism to his troops in Germany via his "Pro-Blue" Program.

Senator Strom Thurmond (Dem. S.C.)

A letter entered into the Congressional Record on June 8, 1961, by Congressman Dale Alford of Arkansas, from a soldier who is serving in the 24th Infantry Division in Germany, of which Major General Edwin A. Walker was the Commanding Officer, may best serve to illustrate the terrible plight into which patriotic members of our Armed Forces have fallen since the Kennedy Administration came into power.

THE SOLDIERS LETTER

The text of the letter, entitled, "An Obituary To 'Pro-Blue'", follows:

Well, it has happened, Thursday, 31 May 1961, will go on the calendars in Moscow as a victory for world Communism. To some people, it may seem a minor victory, but to those who know, the ramifications of this defeat for America may be so far-reaching, so terrible, that in days to come, this day may be mourned by the slaves of a Communist world as the day Freedom lost the war. Ten o'clock in the morning, 31 May 1961, the Pro-Blue program of the 24th Division was disbanded. This nucleus of an Army to win for liberty was broken up and scattered; the foundations for Freedom they had built were undermined and knocked down.

What a pity! How frightening that a publication such as the Overseas Weekly should be able to wield such influence over the actions of free men as to force the downfall of a program whose only vice was the teaching of Americanism to Americans.

How is it that a nation and the army of that nation can comply so completely with the wishes of their enemy? That this country would not only tolerate, but invite and encourage subversion of its ideals.

Pro-Blue . . . For God and Country; Pro-Blue . . . Dedicated to developing Americanism; Pro-Blue . . . Voice of free men speaking; Pro-Blue . . . Action where there was little action; Victim of a misinformed public, and a misguided policy. Pro-Blue, now in exile; outcast by the witch-head of ignorance, and destroyed by the death's-head of Communism. Why?

How does this move in policy affect the overall picture? 16,000 men who were not only beginning to understand their obligations as members of the greatest republic in history, but were beginning to act on those obligations and appreciate the fruit of their labors; the right to believe and act on their ideals.

16,000 men who did not fully understand the reason for their presence in a foreign country were beginning to realize the vastness of the battle they were fighting, and the enormity of the war they were in.

16,000 men, soldiers, and their families were well on their way to fully comprehending the threat of Communism.

But now? An article by a paper of doubtful, to say the least, quality and morals; unfavorable comments from an English-language scandal sheet; and all the truths taught by Pro-Blue become "lies"; all that was real and sure, only short hours ago, is now "false;" all that was black is miraculously now "white;" all that was good, "bad;" all that was free, now "tyrannical." For 16,000 disillusioned men, these are the results of the destruction of Pro-Blue.

Someone once said, "When good men do nothing, tyranny must prevail." We now see the outcome of what happens when some men do good and are not supported by all good men.

Where do we, the men who tried to uphold and teach the obligations of liberty, go now? What will tomorrow bring for those who were deeply engaged in the fight against Communism? One, you already know of. He was a General with a fine war record who believed in the ideals he had fought in two wars to preserve. He was relieved of command and publicly humiliated. As for myself, I will probably go to a line unit, where I can be watched and not be able to spread my blasphemous lies that Communism is evil. My boss will go back to his old job as a first sergeant where he too may be watched. Two will be returned to their units where they will serve the army as, respectively, a clerk and a radio operator. (What of their other talent, indeed it almost is a talent today, of being a true American?) The rest of the office will be scattered throughout the division filling slots where they cannot continue with the fight against Communism on an organized basis.

But what of 16,000 men who are still wondering just exactly what did happen? And what of 180 million Americans who are (by virtue of the recent move) left with the impression that we were witch-hunting and that there is no real threat after all. Who will take the place of the Pro-Blue program in teaching the men in uniform what they are supposed to be doing?

Me? As a private soldier in the service of the United States, one time member of the "notorious Special Warfare Section, an American who did not lay aside the Citizen when I assumed the Soldier, I must continue my search for the battle-field where I can again join the fight against Communism.

Fabian Socialists Infiltrate Army

By Don Zirkel

Republished—THE BROOKLYN TABLET
Brooklyn, New York Aug. 5, 1961

The Nation's mobilization to meet the Berlin crisis is in danger of being undermined by a naivete about communism, "an almost fantastic gullibility," displayed in certain key government quarters, Senator Strom Thurmond (D., S.C.) charged in a long speech on the Senate floor.

Protesting recent restraints on the freedom of informed anti-Communist military leaders to participate in public seminars and information programs, he cited:

BLAMES FULBRIGHT, MURROW

1) Senator J. W. Fulbright (D., Ark.), chairman of the Senate Foreign Relations Committee, who called on Pres. Kennedy to reconsider a 1958 National Security Council Directive under which the Joint Chiefs of Staff issued an order directing the services to establish individual cold war information programs. The directive calls for mobilizing all arms of government—military, diplomatic, civilian—in the cold-war struggle.

2) Edward R. Murrow, director of the United States Information Agency, who has narrated a "gutless" and "namby-pamby" film for the Armed Forces to replace the House Committee on Un-American Activities' hard-hitting "Operation Abolition."

3) Arthur Sylvester, Assistant Secretary of Defense, who dismissed the efforts to alert Americans to the international conspiracy with the statement "Oh, Senator, everybody knows the enemy."

Senator Thurmond said: "Despite the fact that Communism is at war with us in the United States in a protracted conflict—more total than any conflict before experienced on this planet in that it is psychological, political, economic, diplomatic, subversive, and military in nature—there is irrefutable evidence that many in our midst do not understand that we are indeed at war and that our liberties and our very survival as a nation hang in the balance."

"Too many, including persons in positions of high trust, neither fully realize the nature of the conflict nor the nature of the enemy which opposes us. Repeatedly, I encounter people who dismiss our lack of knowledge about the enemy with the ready assumption that everyone knows the enemy..."

The events of recent years provide unimpeachable proof that we do not understand the nature or methods of Communists and Communism, he said.

"Had we understood and appreciated the menace of Communism, we would not today be suffering from the losses of our blind negotiations at Yalta and Potsdam."

"Had we understood and recognized Communism when we saw it, we would never have made the mistake of officially characterizing the Red Communist Chinese as 'agrarian reformers.'"

"Had we the ability to detect a Communist and a Communist movement, Castro would never have had our support in establishing a Communist dictatorship over the Cuban people 90 miles from our shores."

SUCCESS OF HISS, ROSENBERGS

"If we as a people understood Communism and Communist tactics, we would never have fallen prey to subversion at the hands of Alger Hiss, the Rosenbergs, Greenglass, Fuchs, or Harry Dexter White, and the many other Communist spies and agents who were caught—not to mention the many who remain undetected and unapprehended."

Senator Thurmond declared the postwar years in America prove beyond doubt that Americans, by and large, do not understand Communism and its tactics.

"Not only do our people need a better knowledge and understanding of Communism, but many need more information and reverence for the principles on which our own Government is founded. If some lack

Major General Edwin A. Walker

an understanding of our own system, how can they appreciate the vast gulf which separates these principles from the insidious, false, and atheistic ideology which underlies the Communist menace?"

Concrete facts of history attest graphically to this deficiency also, he said, as evidenced by the fact that 38 percent of those Americans captured by the Communists in Korea are reported to have given comfort to the enemy.

VICTIMS OF THE SMEAR

There are those among the organizations and individuals in our society who have devoted the time and effort necessary in order to compile the facts and derive the understanding essential to a thorough knowledge of the ideology and practices of Communism, he continued.

"I regret to say that in most instances these groups and individuals are most easily identifiable by the continuous vituperative, false, and slanderous attacks upon their existence... The Communists and Communist sympathizers leave no stone unturned and no lie untold in their efforts to discredit these organizations and individuals."

The American people, and especially those serving in uniform, possess another knowledgeable source on the nature of the enemy, our military leaders, the South Carolina legislator said.

"This is a particularly effective source of information against Communism, for it is not a source to which political motives can be easily attributed. It is a source which has a long history of patriotic and devoted service to the people of the United States and their liberty. It is a source which has proved its willingness to make the supreme sacrifice if necessary to preserve the principles of liberty on which our Government was founded."

Senator Thurmond offered the following argument:

GENERAL WALKER

Military officers, charged with defending the Nation from all enemies, foreign and domestic, must know the enemy in order to defend against him. But the enemy is not exclusively military, and no facet of his capacity for aggression can be ignored by the military man sworn to defend the Constitution. The military leader, therefore, has the obligation of informing his troops and the American public.

The best evidence that they are doing a good job, he said, "takes the form of an organized campaign, originating initially with the Communists themselves, to discredit and intimidate the military leaders of our Country."

"Possibly the beginnings of the attack, other than in 'Pravda' itself, was with a

slander sheet called the 'Overseas Weekly,' which apparently has as its primary purpose the general discrediting of United States servicemen and their leadership in Europe, particularly those of the 24th Infantry Division.

"As a particular target, the 'Overseas Weekly' undertook a campaign against the anti-Communist indoctrination course of the 24th Division and its commander at that time, Maj. Gen. Edwin Walker.

"It is significant that although the 'Overseas Weekly' has been charged with being subversive by many persons the only investigation has been directed at General Walker and not the vicious slander sheet which dances to the tune of leftwing causes and gives its most prominent display to 'girlie cheesecake' pictures and sensational GI crimes in its publication area, so near the Iron Curtain.

"Despite the softly worded conclusions contained in the Department of Defense release on the General Walker incident, it is apparent that the campaign of the 'Overseas Weekly' against the indoctrination program and General Walker was a great success for the Communists."

It would be hard to judge whether the campaign of the "Overseas Weekly" was a test for effectiveness of the general campaign to discredit military leaders which was to follow or whether the success of the effort in this particular instance gave birth to the idea for the general campaign, the Senator stated.

"Whatever was the case, the general campaign thereafter commenced in earnest. As is often the case with such moves, the origin in this Country is found in a publication entitled the 'Worker,' official organ of the Communist Party, U.S.A.

The 'WORKER' and the 'TIMES'

The "Worker" carried articles June 4 and 16 and the New York "Times" came out June 17 with an article by Cabell Phillips entitled "Rightwing Officers Worrying Pentagon."

Senator Thurmond said "On July 10, 1961, concrete evidence that the campaign to censor and suppress the remarks of our military leaders was having effect appeared in the Department of Defense Directive No. 5122.5."

In the New York "Times" July 21, Cabell Phillips wrote:

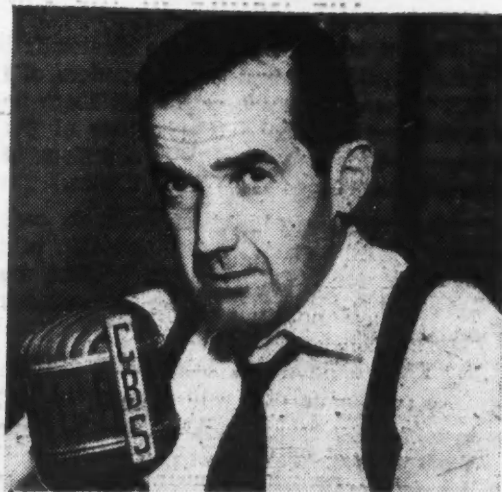

"The Defense Department has issued a directive placing restraints on the freedom of military officers to advocate rightwing political theories in official public appearances. This action resulted from critical memorandum from Senator J. W. Fulbright..."

The directive was issued in the guise of broadening the duties of the Assistant Secretary of Defense for Public Affairs, Arthur Sylvester.

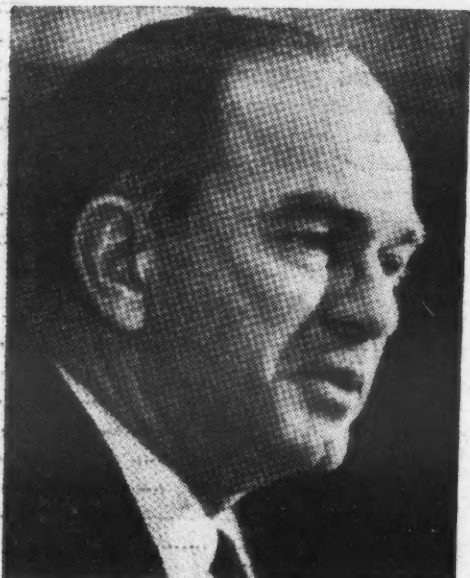

'BLOW TO U.S. SECURITY'

"The memorandum, which originated within the Foreign Relations Committee of the Senate, according to press reports, charged that the military is teaching the troops that our defeats in the war against Communism

(See next column)

Edward R. Murrow
Heads U.S. Information Agency.

Senator J. W. Fulbright (Dem., Ark.)

are the results of appeasement and a 'soft attitude' by our own government.

"I hope that charge is correct, for it fortifies my belief that our military leaders do understand the threat from Communism, and are giving their personnel the truth."

It was later said that the memorandum was prepared by the Foreign Relations Committee staff but that the members of the committee had no knowledge of it and the action was exclusively by the chairman, Mr. Fulbright.

Still later a committee staff member said the memorandum did not originate in the committee but in Senator Fulbright's office.

As an example of the standards by which the Defense Department now judges anti-Communist material, Senator Thurmond cited the withdrawal of the documentary H U A C film "Operation Abolition" and a similar movie "Communist Encirclements—1961" for the noncontroversial "Challenge of Ideas."

"Operation Abolition" is controversial, he said, "only because the Communists and those naive enough to swallow Communist propaganda have raised a hue and cry about it."

MURROW'S SUPERFICIAL FILM

As for "Challenge of Ideas," he declared: "The narration by Edward R. Murrow, now director of the United States Information Agency, will certainly offend no one—except those of us who know and recognize the 'gutless' nature of the presentation in this non-controversial film."

"It is a superficial treatment of serious issue and will contribute little to remedying the deficiency of knowledge concerning the total nature and threat of Communism."

In conclusion, Senator Thurmond said:

"An investigation on this subject is needed—an investigation of the conspiracy to discredit and intimidate the military leaders of our Country in their efforts to provide to their personnel and the public the facts—all the facts—needed to assess the total Communist menace for what it is—a deadly threat to our liberties and our survival as a nation."

End of Tablet article.

The Nature of the Enemy

Readers cannot fully understand the smear of our patriotic army officers unless they understand the background and nature of those who do the smearing.

Several years ago Communist Jews, knowing it is extremely difficult to prove a person a Communist, succeeded in having laws passed making it a crime to label a person such unless it could be proved without a doubt. Hence in most cases the public is left no other course but to weigh the evidence and decide themselves.

We have not seen the Communist cards of the group which started the trouble against General Walker, but it is a Jewish marxist outfit just as the brains and directing force which smeared Sen. Joe McCarthy.

Common Sense issue No. 206 proved that EVERY Jewish publication in the U.S.

attacked the Senator although he NEVER mentioned Jews, but exposed only Communism.

The "OVERSEAS WEEKLY," called the "OVERSEXED WEEKLY" by our troops in Europe is owned and directed by John Dornberg, Marion Von Rospach, Johanna Prym, Siegfried Naujocks, Eugene Bernard, Harold Melahn,—all Jews.

Fulbright's Secret Directive

Senator J. W. Fulbright (Democrat of Arkansas), Chairman of the Senate Foreign Relations Committee, a Rhodes Scholar, and apparently a secret front for the leftwing heads of our government, issued a secret directive. This directive, sent to a few important members of the government, appears to be the signal to muzzle the armed services with respect to informing the three million in service on the dangers of communism. Fulbright accused the military of promoting "radical right-wing" ideas.

Senator Fulbright was challenged vigorously on the Senate floor by Senator Strom Thurmond (Democrat of South Carolina), a Major General in the Army Reserve; he has five battle stars and six decorations.

The following are excerpts from the lengthy directive by Senator Fulbright. He was referring to the patriotic Americanism program directed by army officers.

The content no doubt has varied from program to program, but running through all of them is a central theme that the primary, if not exclusive danger to this country is internal Communist infiltration

The thesis of the nature of the Communist threat often is developed by equating social legislation with socialism, and the latter with Communism

This view of the Communist menace renders foreign aid, cultural exchanges, disarmament negotiations, and other international programs, as extremely wasteful, if not actually subversive There are many indications that the philosophy of the program is representative of a substantial element of military thought, and has great appeal to the military mind

There is little in the education, training or experience of most military officers to equip them with the balance of judgment necessary to put their own ultimate solutions—those with which their education, training and experience are concerned—into proper perspective in the President's total strategy for the nuclear age'

In the long run, it is quite possible that the principal problem of leadership will be, if it is not already, to restrain the desire of the people to hit the Communists with everything we've got, particularly if there are more Cubas and Laos

Pride in victory, and frustration in restraint, during the Korean War, led to MacArthur's revolt and McCarthyism

It is probably the view of most members of Congress today that if foreign aid were laid before the people in a referendum, it would be defeated. The question arises, how will it be 5 or 10 years from now?

The radicalism of the right can be expected to have great mass appeal during such periods

Fundamentally, it is believed that the American people have little, if any, need to be alerted to the menace of the cold war

Here we have a sample of the thinking of a Rhodes Scholar educated at Oxford, England, a Fabian Socialist One Worlder. By the maneuvering of other Rhodes Scholars and One World eggheads, Fulbright has been placed in our U.S. Senate not to work for the U.S., but for One World.

Now that he has exposed himself, will the people in Arkansas vote to return him to the Senate?

REDS DIRECT MILITARY

ADAM YARMOLINSKY—IN TOP SPOT

The top man in gagging the armed forces is Adam Yarmolinsky (☆), who has had extreme left wing connections since 1943 when he was at Harvard and editor of the "YARDLING," known as a pro-communist publication for distribution among the students.

Yarmolinsky was secretary of the Fund for the Republic, the 15 million dollar foundation which finances writers who smear anti-communists.

Under the New Frontier he is Assistant Secretary of Defense in charge of personnel and in charge of recruiting executive personnel. It is now known that Yarmolinsky has supervised the Kennedy appointments of 75 Jews to the very top offices.

Behind Yarmolinsky stands the interlocking marxist organizations such as Americans for Democratic Action, Anti-Defamation League, American Jewish Congress, American Jewish Committee and Walter Reuther and David Dubinsky with their ruthless machines.

Arthur Sylvester, Assistant Secretary of Defense, in charge of public relations, with Yarmolinsky makes a team of promoting the left in the armed forces.

In assembling the jigsaw puzzle it is interesting to note that Yarmolinsky and the new appointee as head of Central Intelligence Agency, Fowler Hamilton, both are from the law office of Cleary, Gottlieb and Friendly. This happens to be Herbert Lehman's attorneys.

Herbert Lehman and Eleanor Roosevelt, with Adlai Stevenson, are an important element of the interlocking Trotsky-socialist directorate.

While we are dealing with Bolshevik influence in our defense setup, it is well also to bear in mind that the man who is responsible for 12 thousand personnel in the National Security Agency is Maurice Harold Klein, a Russian Jew who admits he changed his name and made four false statements on his own government employment form. He says his friends call him "Moe."

The National Security Agency is our top organization for national security

Real Americans had better think if it is not too late.

WE ANSWER SOKOLSKY

A CONFUSING FACTOR TO RIGHT WING

On Nov. 21, 1961, George Sokolsky devoted his entire column to "Common Sense."

It appears the facts published by this newspaper get under his skin, but upon examination, he is not able to discredit them and sweats in anticipation of a later time when he may be able to picture us in an unfavorable light.

If Sokolsky is not happy with this reply, he should remind himself that he attacked us. He starts off by saying that "Common Sense" is confused. We admit we were confused as to Sokolsky for several years, but now we understand him clearly. In reading his columns, years ago we were favorably impressed, and being anxious to find a Jew who was 100% against the world conspiracy, we gave him favorable mention in our paper. As the years went by and Sokolsky defended Zionism, David Dubinsky and other leftists and in all his writings failed to admit that Bolshevism, later named communism by request of Jacob Schiff, President of Kuhn Loeb Co., was financed, set up, and spread over the world by Jews, we gave closer attention.

Learning of his ideas while in school, gave us more information. His activity in St. Petersburg, Russia, in 1917 during the communist revolution, and later, many years in China where he has said he was closely associated with Agnes Smedley and others later identified as important communists, was helpful in cataloging Sokolsky. He is a smart operator.

We suggest that our readers who have Sokolsky's attack on us refer to it in connection with this reply.

For sixteen years, "Common Sense" has been exposing the Jewish-Marxist world conspiracy and publishing the names of hundreds, proving over and over that the "so called Jews" have been the motivating force behind communism and all, REPEAT ALL, subversive movements. But Sokolsky remains quiet until he has a case where he says he and Bernard Baruch are the only living witnesses to the meeting between Baruch and Sen. Joe McCarthy.

General Kirke B. Lawton, Commander at Fort Monmouth, N.J., requested Sen. McCarthy to try to locate the communists he felt were operating there. Sen. McCarthy and his staff moved in and found 42 spies, 38 of whom were JEWS.

So that those who have not read Sokolsky's attack may understand, we republish here part of an article published in "Common Sense," Issue 206, May 15, 1954.

When McCarthy's Committee goes after them, it frightens Jews in the top strata. McCarthy was getting too close for comfort. Hence all publications and organizations in a position to be influenced by organized Jewry, are ordered to destroy McCarthy. For weeks they have prevented the McCarthy committee from investigating traitors.

George Sokolsky, a smart operator.

About noon of Tuesday, March 9, 1954, Bernard Baruch had Senator McCarthy at a 45 minute conference in Baruch's suite at the Drake Hotel in New York City. For proof of this statement see New York Daily News, page 5, March 10, 1954. John McVane, radio commentator (Florida), in his broadcast, at 8:45 A.M. Wednesday, March 10, stated that Baruch and McCarthy had had a conference the previous day at Baruch's invitation.

At about 2:00 P.M. of March 9, 1954 about two hours after this 3/4 hour conference between Baruch and McCarthy, Senator Flanders, a left-winger whose present term does not expire until 1958, which insured him from McCarthy, as Flanders will be 80 years old and obviously not a candidate for re-election, bitterly attacked Senator McCarthy on the floor of the U.S. Senate.

Assuming Baruch sent for McCarthy to get him to do something at Baruch's request, and that McCarthy refused, could Baruch have phoned to Flanders to let loose the prepared attack on McCarthy? See pages 2726-2727 of Congressional Record of March 9, 1954, which clearly shows by Flander's own admission in the first paragraph of his speech, that he prepared this speech for delivery knowing McCarthy would be in New York City when Flanders delivered it. (Senatorial courtesy requires that the attacking Senator gets word to whomever he proposes to attack so that the Senator attacked may have an opportunity to immediately reply to the attack on the floor of the Senate.)

The Jewish Examiner of Brooklyn, March 19, 1954, reported that Hy Gardner had stated in his column in the New York Herald Tribune that

"the recent visit of Senator Joe McCarthy to elder statesman Bernard Baruch was not all sweetness and light." The Examiner goes on to state that Mr. Gardner gave the following "inside story" on what happened:

"Baruch refused to shake McCarthy's hand, then told the Senator that 'if he persisted in his unfair attacks on his alma mater (CCNY) he, Baruch, would consider it a personal attack and conduct himself accordingly.'"

It was brought out during the McCarthy hearing that a majority of the Jews who were dismissed for subversive activities at Fort Monmouth on account of McCarthy's investigation were from the City College in New York. One of these, Aaron Coleman, a Jew, was chief of top secret Fort Monmouth radar laboratory which is our government's main radar laboratory for protection of U.S. against bombing. U.S. Security officers found 43 secret classified documents in Coleman's home and it was established that he cooperated closely with Julius Rosenberg who was recently executed as a spy.

Among letters written by the F.B.I. to the army was one on January 26, 1951, giving a report on Aaron Coleman. At that time Anna Rosenberg was in charge of the Defense Dept. Did Anna and her reds in the army get excited upon receiving these F.B.I. warnings? They did not. Coleman was kept right on until Sept. 28, 1953; until Senator McCarthy stirred up the reds at Fort Monmouth.

And now to return to Sokolsky's attack on us.

We quote Sokolsky:

ONLY FOUR THERE

During most of this conversation only four persons were present, namely Bernard Baruch, Joe McCarthy and myself, later Roy Cohn joined us. Of those who were present, McCarthy died.

Now let us deal with this paragraph fact by fact:

1. The meeting did not occur in Baruch's apartment. It took place in a hotel suite which was suitably located for all persons concerned.

2. Baruch did not ask any favors of McCarthy. Rather, he denounced the American Communists and praised McCarthy for the work he was doing.

3. He warned McCarthy that elements existed inside and outside government who would do anything possible to destroy McCarthy and that he had to be careful that he did not walk into the hands of his enemies.

MEET FRIENDLY

4. The meeting was friendly throughout. There was not one angry word and to that I would be willing to provide an oath. Baruch did not defend the Monmouth traitors or the College of the City of New York, which was not involved. (End quote)

Sokolsky are you trying to tell us that Baruch was a backer of McCarthy? If Baruch told the Senator in secret that he was for him why did he not do it in public? Had Baruch praised McCarthy it would have been a bombshell, for every Jewish publication in the U.S.A., the American Jewish Congress, American Jewish Committee, Anti-Defamation League were blasting the Senator in spite of the fact he never uttered one word against them. Then why did the Jews go all out to destroy McCarthy?

Does it sound reasonable that Baruch would be so silly as to call McCarthy for a meeting to tell him there were elements who wanted to destroy him? Anyone who read the papers knew this: every day the front pages carried reports of plots to destroy him.

We quote Sokolsky:

"While it is true that there have been a number of Jews in the Communist Party, principally because of their deep hatred for Hitler, the head of the Communist Party during the period under discussion was Earl Browder, who is not a Jew. The present leaders, Elizabeth Gurley Flynn and Benjamin Davis, are not Jews."

Glad to have you admit that Hitler was fighting communism and the Jews lined up with communism, but communism was Jewish from 1917 up to 1948—thirty one years; Hitler took over Germany in 1933. You forgot to mention that Earl Browder's wife is a Jew; the same situation with Whittaker Chambers, Stalin, Gromyko, Jagan of British Guiana, and practically all non-Jew Communist leaders in the world.

Khrushchev stated in Poland that more than half of the present Presidium members have Jewish wives. You mention Elizabeth Gurley Flynn and the negro Benjamin Davis. Why not mention the present head of the Communist Party in the U.S.A., Guss Hall (Halberg)? Also the head of legislative work for the Communist Party, a Jew? And editors of the official Communist Party paper on the West Coast, PEOPLES WORLD, both Jews? And the editor of the Daily Worker, John Gates, (real name Israel Ragenstrich)?

Sokolsky, you forgot to mention that Charlie Chaplin had 50,000 Jews in the U.S.A. sign a book and sent to Stalin as a gesture of support. You forgot a thousand other demonstrations by Jews.

Now that the situation has changed, Jews are infiltrating most right wing movements to help the public forget that the Pharisees financed, set up and spread Communism

over the world. Jews are on the job directing the YOUNG AMERICANS FOR FREEDOM, and it was clever of you to use their letterhead.

You tell your readers that "the Soviet Union is conducting a campaign of violence against Jews." Cite us one instance where the Communists committed one act of violence against persons because they were Jews. It would take two issues of Common Sense to quote the Jews and rabbis who traveled or now live in the Soviet Union who deny this.

Sokolsky, when you deal with Jews and Communism in your column, don't try to whitewash the Jews, but publish this information; we can furnish you 100 times more.

In 1918, when the Russian Imperial family was assassinated, of the Central Committee of the Bolshevik Party of twelve, nine were Jews.

Of the 22 members of the Council of Peoples Commissars, 17 were Jews, 3 Russians, 1 Georgian and 1 Armenian. Of the 61 members of the Central Executive Committee, 5 were Russians, 6 Letts, 1 German, 2 Armenians, 1 Czech, 1 Imeretian, 2 Georgians, 1 Karaim, 1 Ukrainian and 41 Jews.

The Extraordinary Commission of Moscow, of 36 members, 23 were Jews.

The Imperial Family was shot by Yourowsky-Golestchokine and Vaikoff, the order given by Sverdloff, all Jews. The approval was given by the Council of Peoples Commissars, 17 Jews out of 22 members.

Seventeen years later in 1935, the Central Committee of Communist Party in Moscow consisted of 59 members, 56 were Jews.

In 1935, of 17 Ambassadors to other countries, 14 were Jews.

Any reader who wishes the names of the Jews numbered here along with 100 pages of facts on Jewish communism, may order RULERS OF RUSSIA for \$1.00.

Sokolsky, there are some interesting items in your book, "WE JEWS." On the pages listed herewith, you state:

(Preface xvi):

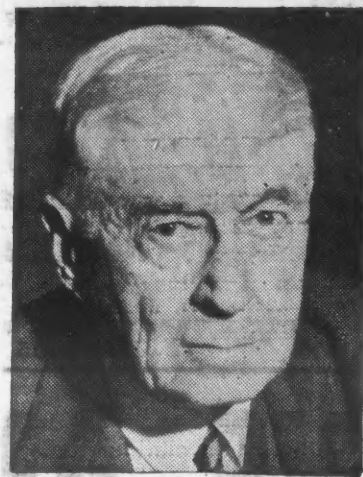

"As I began to travel about the United States I discovered two things: first, that in every city there were many Jews who were passing as something else. For instance, I found so many Jewish Christian Scientists that I wondered why we did not take over that church altogether. Men and women whom I had known as Jews were passing as Episcopalians . . ."

(Page 52):

"During each period of persecution, Jews were not only converted to Catholicism, but a system of Crypto-Judaism developed, so that large numbers of Jews, while externally living Christian lives secretly were Jews. These people were known as Marranos."

Here are a few items that confused us for a while. Your maternal name being Rappaport, and your father's name Wolper from Russia where his father was a Rabbi named Volpe. Also, your father has two brothers: one a Friedlander and the other Gottlieb.

REFUSED McCARTHY'S HAND

Bernard Baruch

You are for Zionism and worked close with the Anti-Defamation League in a secret political move to have the red tag removed from communists such as John Garfield (Jules Garfinkle) who committed suicide, and Edward G. Robinson (Emanuel Goldenberg). On April 15, 1953, you praised the half-jew, half-negro, Langston Hughes (wife is a Jew) who served with the Abraham Lincoln Brigade church burners, who murdered twenty thousand religious in Spain. Hughes also wrote the scurrilous poem, "Goodbye Christ."

In 1933, you wrote a book "TINDER-BOX OF ASIA" and expressed thanks to Frederick V. Field for cooperation and advice. Field is a notorious communist. You also defend the Talmud, the most vulgar, dirty attack on Christians ever put on paper.

This is just a question you have heard before: Did you tell a prominent Texas oil man that Lenin, Trotsky and yourself set off the revolution while you were in Russia in 1917?

Sokolsky, you are confused. We are not "anti-Semitic"—the Egyptians, Arabs, etc. are Semites and we are friendly to them. You are from Eastern European yiddish stock and not a Semite, nor are the Asiatic "so-called" Jews. They are Khazars.

You imply that those who criticize Jews are hate groups. Here are just two items of thousands we have on the subject:

BEN HECHT

"One of the finest things ever done by the mob was the crucifixion of Christ. Intellectually it was a splendid gesture. But trust the mob to bungler. If I'd had charge of executing Christ, I'd have handled it differently. You see, what I'd have done was had him shipped to Rome and fed to the lions. They never could have made a savior out of mincemeat."

Ben Hecht, Zionist Writer of Hollywood, page 20, "A JEW IN LOVE."

JOSEPH DUNNER

Joseph Dunner, Zionist Jew, in "The Republic of Israel," page 10, October 1950 stated the following:

"To Christians of all denominations Jesus is the symbol of all that is pure, sacred, and lovely. To Jews from the fourth century, Jesus became the symbol of anti-Semitism, of libel, of cruelty, of violent death."

Sokolsky, you say we are confused; not the slightest! We stand for Christianity and our Country and expose not only communists, but those like yourself, who straddle the fence and confuse the issue.

Why do you oppose the John Birch Society? They have never criticized Jews. Neither did COMMON SENSE for the first two years of publication, but Jews fought us as they fight the House Un-American Activities Committee which only exposes communism.

You say someone should call our bluff. Why did you not "call our bluff" in January, 1955, when we published the names of 213 rabbis and their communist fronts?

A CHALLENGE

To those who would seriously test our position on the Jewish-communist question, we suggest they arrange for four leading Jews, Rabbis, Judges, or officers of the Anti-Defamation League of B'nai B'rith to meet Mr. Benjamin H. Freedman and the Editor on television. We will take the affirmative position on the four following topics:

1. That the International Jews financed the Communist Revolution in Russia in 1917, set up communism and spread it over the world.
2. That the Jews pushed the U. S. into World War 1.
3. That the Jews pushed the U. S. into World War 2.
4. That 98% of the spies caught in the U. S. were Jews.

Lets get it clear once and for all, who has been the motivating power behind COMMUNISM.

We have published this many times—why don't you call our bluff? This would draw a terrific audience on TV.

Sokolsky, watch your blood pressure, but remember what Lincoln said about fooling people.

THE JEWISH EXAMINER

Baruch Vs. McCarthy?

NEW YORK — Columnist Hy Gardner stated flatly this week in his New York Herald-Tribune column that the recent visit of Senator Joe McCarthy to elder statesman Bernard Baruch was not all sweetness and light.

The noted financial expert and erstwhile presidential advisor raised many eyebrows recently when he and the Wisconsin red-hunter met in New York and held what appeared to be a friendly discussion lasting about an hour.

The fact that the meeting took place at a time when McCarthy's activities are under fire was regarded by many as implied approval by Baruch of the Senator's behavior.

Such, Mr. Gardner declares, is not the case. "This will probably stir up a storm of denials," he wrote, "but inside story of what happened . . . is: Baruch refused to shake McCarthy's hand, then told the Senator that, 'if he persisted in his unfair attacks on his alma mater (CCNY) he, Baruch, would consider it a personal attack and conduct himself accordingly'."

Sokolsky, above is an exact reproduction of an article that appeared in the March 19, 1954 JEWISH EXAMINER, "largest weekly Jewish circulation in America" according to their heading. Here we have the word of Hy Gardner and the Editor of Jewish Examiner, Rabbi Louis D. Gross, both Jews.

Following the meeting, McCarthy reported to a close Wall St. friend that among other things, the meeting was unfriendly.

A JUDGE REPLIES TO SOKOLSKY

Reprinted from Nov. 15, 1958 issue of COMMON SENSE in answer to a previous smear of Sokolsky.

Sir:

Your syndicated column in the Oct. 27th 1958, issue of various newspapers published around the U.S. which you devoted to attacking the August 1, 1958, issue of COMMON SENSE, reminds me of an answer drafted by a shyster lawyer to a Bill of Complaint where the shyster, wishing to evade meeting the issues starts screaming that the complainant and his attorney are "racists," "hate mongers," and

"anti-Semites"—at the same time choosing to ignore the well established fact that Jews are the bitterest racists, the most vindictive hate mongers, and the most vicious anti-Semites in the world!

Sokolsky, you know the average Jew has no Semitic blood because he is a descendant of the tribe of Mongolian Khazars who never lived within a thousand miles of Palestine at any time. These Khazars chose Judaism as offering the greatest outlet for lust and loot. They were chased out of Russia and Poland, where they lived for centuries, and on being forced to flee those countries, infiltrated

Since Sokolsky mentioned Senator Joe McCarthy, it is well for people who are not informed on the Senator's activity to take a look at the mast heads (above) of Jewish-run publications which were ruthless in their attacks on this patriot. These are only a few of hundreds which helped destroy a man who never attacked Jews, but exposed Communism which was financed, set up and spread throughout the world by them.

into Germany and the Balkan countries, and when kicked out of those countries, foisted themselves on the U.S. to its sorrow. If you look in your **JEWISH ENCYCLOPEDIA** under the word "Khazars" you will find this statement verified, and you can see there a map showing the original site of the Khazar Kingdom, but you already know that Sokolsky.

So when you say Americans are anti-Semitic, you are telling the "big lie," Sokolsky. Far from the Jews being Semitic they are anti-semitic. You are just calling other people what you are yourself. You Zionists are descendants of those Mongolian Khazars who, using the "big lie," said your "Jewish religion" entitled you to possess Palestine, so with the aid of international English and American Khazar Jews you slaughtered hundreds of **REAL Semites**—the Arab inhabitants who had been living in Palestine for over 1500 years, and you Khazar Jews put a million Palestine Arabs out of their homes into the desert to be supported mostly by the American taxpayers. So truly you are the ones who are "anti-Semitic" and not the Americans.

Sokolsky, you know the Jews grabbed Palestine mainly because of the potential wealth of the minerals and chemicals of the **DEAD SEA IN PALESTINE**, and of surrounding territory valued by Jewish estimates in the trillions—I said trillions, not billions of dollars. Let me refresh your memory that a trillion is a thousand billion—so the wealth of Palestine is fabulous and that's why you are stealing it. You say Zionists are not communists—show me a Zionist that didn't take the Fifth Amendment when asked if he was a communist in the various Congressional investigations of communism.

In your slanderous attack on the Aug. 1st, issue of **COMMON SENSE** you have the unmitigated gall to claim, despite news releases from the various national news services that **Justice (?) Warren** is studying the **TALMUD** under Rabbi Finkelstein, and despite their pictures being taken together and published with those news stories, that Warren is incapable of studying the Talmud because, you say, it would take him the rest of his life to learn the languages (Hebrew and Aramaic) in which the Talmud is written. **Why don't you tell the truth?** That being about thirty years ago a Jewish publishing firm in London, England, issued an **English translation of the 63 books of the Talmud**. I have consulted them 4 or 5 times to check what purported to be citations from the Talmud. I don't know a word of Hebrew, but I had no trouble verifying citations in the **English Edition of the Talmud**.

So you are just throwing sand in the eyes of your readers when you imply Warren would have to know either Hebrew or Aramaic in order to read the Talmud—even the **Eisenhower family had a Talmud in their Abilene home**, and I never heard they spoke Hebrew or Aramaic.

Furthermore, **COMMON SENSE** has a set of the Talmud, **Elizabeth Dilling** of Chicago, whom you know well, has sold many photostatic copies of pages of the **English Edition of the Talmud** to show just how some of the pages contained expressions of **hatred and contempt for non-Jews**, (including of course citizens of the U.S.) as well as filth and obscenities taught to your Jewish children in the synagogues and Jewish schools, including the **Kol Nidre or Jewish oath**. And you try to have the Americans believe the language barrier prevented Warren from studying the Talmud!

You object because **COMMON SENSE** did not list every subversive organization to which the black and white members of the **NAACP** belong, ignoring the fact that in

the very article you criticize it tells in a conspicuous boxed-in notice, and I quote: "Space does not permit a complete outline of the communist background of the **NAACP**."

"Communism and the **NAACP**" (two booklets) contain irrefutable data including communist affiliations of many officers and directors, and will convince the most naive. Price \$1.00, order from **Christian Educational Assn., Union, New Jersey**. Why did you not mention that in your diatribe?

JUDAISM—the only written religion in the world that teaches hatred of Christianity! I call to your attention what Christ said about the Jews (The Gospel according to St. John, Chap. 8, Verse 44):

"Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning and abode not in the truth, because there is no truth in him . . ."

Obviously,
Not your friend

The Rise Of A "PEOPLES DEMOCRACY"

John Gordon in the **Sunday Express** of 25th November 1956 relates how **William C. Bullitt**, one time U.S. Ambassador to Moscow sat, at a banquet in the Kremlin, between **Voroshilov** and **Marshal Budenny**. He writes:

"With the vodka flowing and everyone merry, Voroshilov reminiscing with Budenny said: 'I think the cleverest thing you and I ever did together was to capture Kiev without fighting.'

'How did you manage that?' Bullitt asked. 'Well,' said Voroshilov, 'it was in the days of the revolution. There were about 11,000 Czarist officers with their wives and children in Kiev. They had six times as many troops as we had.

'We could never have captured the city fighting, so we used propaganda. We told them that if they surrendered they would be allowed to go in safety to their homes with their families. They believed us and surrendered.'

'And what happened then?' asked Bullitt. 'Oh,' said Voroshilov, 'we shot the men and boys and we put the women and girls into houses for our soldiers.'

Thus came into being the first "Peoples' Democracy" in 1917 in Russia. With the help of **Roosevelt, Churchill and Eisenhower** in 1945, new "Peoples' Democracies" were set up in similar fashion in Poland, Lithuania, Estonia, Latvia, East Germany, Hungary, Bulgaria and later in Rumania and Czechoslovakia and Jews were in control of everyone of them.

"We fought for the rights of the small nations." So they told us!

. . .

At this Christmas Time in the One Thousand Nine Hundred Sixty First Year of Our Lord, we urge all true Americans to look behind Communism and the Smoke-screen of Liberalism on rampage in our beloved Country and discover for ourselves the sinister plot to destroy Christianity.

It is Christ's Birthday we celebrate at this season of the year. Is it too much to ask of ourselves that we seek the truth and, upon finding it, dare to stand up and speak out against those who would plot to destroy Christ who died to make man free?

A Daily Reminder

If I were trying to read, much less answer all the attacks made on me, this shop might well be closed for any other business. I do the best I know how, the very best I can; and I mean to keep on doing it to the end. If the end brings me out all right, what is said against me will not amount to anything. If the end brings me out all wrong, ten angels swearing I was right would make no difference.

American Financial Crisis thru British Eyes

By Leslie Greene, M. A.

What is the truth about last years "dollar crisis?" How has it happened that while economists knew for well over a year about the growing drain on U.S. Gold Reserves, yet the Committee on National Goals never even considered the question? The currency experts told us that drastic steps must soon be taken to avoid a financial crisis which would leave the U.S. cursed by its allies and laughed at by the communist. Now we hear nothing more, yet the crisis has not clearly been permanently cured or the government would claim credit. The main dilemma is radical deflation or devaluation of the dollar, though some of the new President's advisers, concerned only with the domestic outlook, seem to be advocating even more inflation.

We should not suppose, because the crisis is largely artificial and deliberately induced, that it is any the less serious for Western civilisation. The Slump in the 1929-30 period was largely engineered by people who knew very well what they were doing, though they talked strange jargon. It was nonetheless catastrophic for millions of innocent Americans and their families.

There are two facts to the problem. One is fairly straightforward to analyse, though difficult to cure. The United States has been and is still suffering from very serious inflation, due to excessive Government expenditure, and fantastic Government debt. Because we owe so much money to the U.S. we in Britain often forget that their National debt is larger than that of all the other countries of the world put together. Under the Bretton Woods agreement, and the act by which Congress ratified it, the American dollar was given a permanent value in relation to gold, and because it was then assumed that the world shortage of dollars would be more or less permanent, the dollar was equated with gold as an international currency, and all other countries were given fixed (they can only vary very slightly) values in terms of the Dollar Gold constant. But the American inflation has been more serious than that of other countries, and in consequence other countries are taking gold in preference to dollars for settlement of their debts. Hence the drain. If this were the only aspect of the crisis it could well be met by severe cutting of Government expenditures, balancing the budget, and the rest of the agonisingly uncomfortable deflationary paraphernalia. The Budget Bureau must try to keep expenditures within receipts, but as costs have risen, so that money does not go far, and as interest on the National Debt will be higher (to mention only two points) that would mean actual cutting down of projects already embarked on. Unfortunately, however, one of the reasons for the other countries choosing gold rather than dollars is that, through inflation, America has priced herself out of many world markets, and indeed in some cases out of her home ones too. American exports increasingly have to be supported by lavish credit terms, to make the prices less prohibitive, wherever there is free competition available (e. g.

from U. K., Germany, Japan, etc.). Where American goods are competitive in the export market, for example in agricultural products, this is because the export prices are artificially forced down through Farm Support policies, which would of course be among the first victims of a Government economy campaign. Enormous Government expenditures inside the U.S., tied to "Buy American" legislation, has kept unemployment figures substantially below what they would otherwise be, and thus it is easy to see that a deflationary programme, involving severe cuts in Government expenditure, while it might restore the artificial balance between the dollar and other currencies as "permanently" established at Bretton Woods, would have very far-reaching social consequences in the U.S. of which political and revolutionary capital would undoubtedly be made to destroy the existing social order. The curing of domestic inflation, once it has been allowed to run wild as it has in the U.S. (though still nothing as compared with Germany in the 1920's), presents almost as many problems as the disease itself.

For this reason those responsible to the U.S. Government in this matter have preferred to deal with the problem on an external level. A deficit of 6 billion dollars in a year is not "chicken feed" when it comes

A Fine Speech Mr. President

Kennedys release on Berlin was a sound and courageous statement. Lets hope he stands firm against the pressure of Marxist infiltrators he has allowed to surround him. A few words in the release regarding negotiation puzzled us. There has been too much useless talking.

We would also have liked to have learned from the President that -Castro and his gangsters were going to be cleaned out or at least a sea and air embargo forced on all but food and drugs.

We have taken enough from these red rats.

to Balance of Payment, although the Stanford Research Institute of California pointed out dryly less than two years ago that since the U.S. holds half the free world's gold, it could go on running sizable deficits for a very long time, if the national interest required it. Anyway other countries are owing the U.S. something like 60 billion dollars, but they are not necessarily the countries which hold the gold.

To a foreigner, however, looking at this particular crisis, the really interesting thing is that the unfavourable payments figures are not due to an unfavourable balance of trade (though if all the artificial aids were taken off they probably would be). Thanks to Credit terms, Farm Support policies and (dare I suggest it?) a certain amount of polite political blackmail, America continues to export more than she is importing. The gap in the payment balance is caused by Government spending, in the form of foreign aid, support of American troops and bases abroad, tourist expenditures and (this is the crux to the foreigner) dollars sent abroad for private investment. In other words the Administration can reasonably put forward the proposition that the problem could be solved by suitable action on the part of U.S. allies. When the allies are told that they must abolish discrimination against dollar goods (which they have hastened to do) because of America's unfavourable balance, they are being asked to reckon that, in return for the blessings of the American Army, American Tourists and the American takeover of Industry, they will allow their markets to be opened indiscriminately to American goods (including horror-comics—for there is little home competition yet in that field!!) while loyally appreciating that this same crisis of payments necessitates a great many new protectionist measures in the U.S. and particularly now "Buy American" tied loans for Aid.

The growth of so-called anti-American feeling in this country is largely due to a despairing feeling that we simply can't win. By the dollar shortage the British were frightened and bludgeoned into gearing our economies away from the Empire countries where our true economic security lay, and away from the Sterling system, which was at least under our control. The value of our trade with North America in 1959 (when the crisis really began) offered us a surplus of 117 million pounds. The value of this trade was more than half the total trade we had with the sterling area, and already our trade with the sterling area is substantially less than half the total. Countries which were formerly our best customers are now trading more with the U.S. in return for her heavy investment programmes (one of the reasons for the adverse balance) and favourable credit terms. We are now faced with the prospect of these markets being closed to us for reasons which appear superficially valid, for there is real unemployment in America, and we don't find it too difficult to imagine the feeling of an American working man who has been taxed

American Financial Crisis thru British Eyes

By Leslie Greene, M. A.

What is the truth about last years "dollar crisis?" How has it happened that while economists knew for well over a year about the growing drain on U.S. Gold Reserves, yet the Committee on National Goals never even considered the question? The currency experts told us that drastic steps must soon be taken to avoid a financial crisis which would leave the U.S. cursed by its allies and laughed at by the communist. Now we hear nothing more, yet the crisis has not clearly been permanently cured or the government would claim credit. The main dilemma is radical deflation or devaluation of the dollar, though some of the new President's advisers, concerned only with the domestic outlook, seem to be advocating even more inflation.

We should not suppose, because the crisis is largely artificial and deliberately induced, that it is any the less serious for Western civilisation. The Slump in the 1929-30 period was largely engineered by people who knew very well what they were doing, though they talked strange jargon. It was nonetheless catastrophic for millions of innocent Americans and their families.

There are two facts to the problem. One is fairly straightforward to analyse, though difficult to cure. The United States has been and is still suffering from very serious inflation, due to excessive Government expenditure, and fantastic Government debt. Because we owe so much money to the U.S. we in Britain often forget that their National debt is larger than that of all the other countries of the world put together. Under the Bretton Woods agreement, and the act by which Congress ratified it, the American dollar was given a permanent value in relation to gold, and because it was then assumed that the world shortage of dollars would be more or less permanent, the dollar was equated with gold as an international currency, and all other countries were given fixed (they can only vary very slightly) values in terms of the Dollar Gold constant. But the American inflation has been more serious than that of other countries, and in consequence other countries are taking gold in preference to dollars for settlement of their debts. Hence the drain. If this were the only aspect of the crisis it could well be met by severe cutting of Government expenditures, balancing the budget, and the rest of the agonisingly uncomfortable deflationary paraphernalia. The Budget Bureau must try to keep expenditures within receipts, but as costs have risen, so that money does not go far, and as interest on the National Debt will be higher (to mention only two points) that would mean actual cutting down of projects already embarked on. Unfortunately, however, one of the reasons for the other countries choosing gold rather than dollars is that, through inflation, America has priced herself out of many world markets, and indeed in some cases out of her home ones too. American exports increasingly have to be supported by lavish credit terms, to make the prices less prohibitive, wherever there is free competition available (e. g.

BRICKS FOR THE NEIGHBOR'S HOUSE

from U. K., Germany, Japan, etc.). Where American goods are competitive in the export market, for example in agricultural products, this is because the export prices are artificially forced down through Farm Support policies, which would of course be among the first victims of a Government economy campaign. Enormous Government expenditures inside the U.S., tied to "Buy American" legislation, has kept unemployment figures substantially below what they would otherwise be, and thus it is easy to see that a deflationary programme, involving severe cuts in Government expenditure, while it might restore the artificial balance between the dollar and other currencies as "permanently" established at Bretton Woods, would have very far-reaching social consequences in the U.S. of which political and revolutionary capital would undoubtedly be made to destroy the existing social order. Central Intelligence Agency

NEW FRONTIER APPOINTMENTS

Word from Washington is that plans are to place **Paul H. Nitze** as head of C.I.A. This could be expected. Nitze was formerly a program director for **Fund for the Republic**, an organization which uses **Ford Foundation** money to finance anti-anti-communists. Nitze is a Harvard man, former partner of **Douglas Dillon's** company, **Dillon Read & Co.** controlled by **Bernard Baruch**.

The public has been puzzled as to the real function of this secret C.I.A. and why not? Even Congress is not allowed to know to what use they put seven or eight hundred million dollars of taxpayers' money each year.

Since C.I.A. has been given credit for sabotaging the invasion of Cuba, some curious persons have been prying into this outfit and it becomes apparent C.I.A. has good reason for being secretive. Reliable information is that C.I.A. has been spending our money to destroy the government in the **Dominican Republic**, and in July last year, that Government was advised by **Lear B. Read** of C.I.A. that if **Trujillo** and his whole government did not resign our Army would invade the **Dominican Republic**. We did the same with **Batista** in Cuba, so communist **Castro** could take over. It is likely C.I.A. is at the bottom of all the trouble in the **Dominican Republic**.

The C.I.A. also drove the great man **Syngman Rhee** out of Korea and has spent more than a million dollars trying to destroy **Chiang Kai-Shek**. It was the same gang in the State Department using **Gen. Marshall**,

C.I.A. BACKS DUBINSKY

David Dubinsky

that broke down **Chiang** and drove him into **Formosa** leaving China to the communists. It has been known for some years that the C.I.A. spent millions trying to destroy **Gen. Franco**.

C.I.A. admitted they gave **David Dubinsky** (☆), a million and a half of the taxpayers money for **Jay Lovestone** (☆) and **Irving Brown** (☆) to organize in Europe. The Red connections of these two Jews indicates they are still tied up with communism as they were.

Our State Department and C.I.A. are a team for breaking down other governments, so **Bolsheviks** can step in. Our taxpayers are financing communism abroad while the Supreme Court makes it safe for communists here at home.

Previously we have listed the names of **Kennedy** appointments to vital positions in Government. Here we give you additional names. To secure a list of all the names we have published and their important connections, secure **Common Sense** issues 861, 362 363 and this, 368. We list only the most important appointments, so the reader may see our government is being directed by **Marxists**, **Fabians**, **Socialists**, and no doubt later we will be shocked to learn some at the very top are communists.

Remember **Harry Dexter White**, **Lauchlin Currie**, **Alger Hiss** and many others? There are hundreds of others in less prominent positions, who are socialists and communists, and plenty in the State and other Departments.

Edward Guthman (☆), Director of Information for the Justice Department and adviser to **Robert Kennedy**.

Seymour J. Ruben (☆), General Counsel of the International Cooperation Adm.

David M. Satz Jr. (☆), U.S. Attorney for New Jersey.

Henry A. Kissinger (☆), Special Consultant to Pres. Kennedy on Military and diplomatic policies, a Harvard professor.

Theodore Tannenwald (☆), Special asst. in the State Department, in charge of presenting foreign aid legislation to Congress. A New York lawyer.

Charles A. Dorsey (Negro), Economist on debt analysis in Treasury Department.

Jesse Johnson (Negro), Management analysis in Treasury Department.

Robert C. Vowels (Negro), Economist on tax analysis, Treasury Department.

David Cole (Cohen ☆), On Missile Space Labor Commission, also on three man inquiry board in Maritime Strike—other two members **Samuel I. Rosenman** (☆) and **James Healey**, Harvard professor.

Andrew Oehmann (☆), Head of Internal Revenue Legal Department.

Seymour Harris (☆), Senior Consultant of the Treasury Department. Harvard University professor.

Edward M. Bernstein (☆), Consultant to the Treasury Department. He is also agent for 17 foreign Government Banks including **Red Cuba**. His services to these foreign banks include confidential information in U.S. monetary policies, gold and monetary reserves and U.S. economy, International trade and payments. Bernstein is one of 30 economists who receives \$50 a day and expenses. Practically all are Jews.

SCOREBOARD

While the classification in some instances are overlapping, this brings the total to:—

Jews	73
Stevenson law partners	8
Stevenson associates, supporters	23
Rhodes Scholars	10
Oxford Graduates or teachers	4
Harvard grads, teachers, officers	56
Bilderberg Conference members	8
Frankfurter proteges	13
Council on Foreign Relations	44
Negroes	16

Catholics and **Southerners** are conspicuous by their almost complete absence from the appointee list.

It is now apparent the **leftist**, **Fabian-Socialists**, **Communists** have captured our government. Not one appointee is known as an active anti-Communist at a time when we are almost in open war with communism, or we are supposed to be.

We could have moved the Capitol to Harvard or let the Jews take it to New York. Kennedy said he would take up where **FDR** left off. **FDR** opened the gates wide to the communist Jews who later pushed us into war.

A Country Worth Dying For

republished from **The News and Courier**
Charleston, S. C.

I read your editorial Aug. 21 entitled "A Real Hero," stating that the day might come when an American pilot, after crashing over Red territory, would bravely face his interrogators and declare before the entire world his loyalty to the American government, and, as did **Nathan Hale**, declare he would prefer death to dishonor.

I agree with you wholeheartedly. We most certainly need a greater patriotism and a rebirth of the American type of nationalism; but let me point out that, if we are going to expect young men to shed their blood for our nation, we must give them a country worth dying for. The United States during the days of **Nathan Hale** held little in common to the United States of today.

We are leaders of the free world. Yet here in the cradle of liberty a court of nine men, appointed for life, unelected by the people, can, on the expert advice of communist sympathizers and anti-American socialists, overthrow the constitution of nearly half the States of the United States. Through political pressure, at the point of a bayonet, and by imprisonment, millions of American citizens are forced to take a repugnant ideology which would deny them the right to raise their children within their own beliefs, by their personal religious convictions, and among their own race.

We have witnessed the transformation of our churches into pawns of constitutional butchers and prophets of apostasy. The trite phrase, "regardless of race, color, or creed," is shouted from the pulpit more often than the word "God" itself. Christ is pushed before our eyes as the forerunner of the NAACP and the Supreme Court — not as the Son of God, Redeemer of all Mankind, but as a preacher of social integration and racial miscegenation. Thank God, for a few who are truly sincere, and determined, regardless of political pressure or persecution, to spread the true Gospel in all its purity and humbleness.

Our public schools have become spawning grounds for racial mongrelization. Abominable as the idea may be, children are being trained to become the future parents and grandparents of a race of mulattoes.

Sanctuary of the home no longer exists, for every television set is a channel through which gushes racial and political propaganda. While parents are reading or discussing daily affairs, children are being saturated with apostate philosophy, religious misconception, immorality and bare-faced lies concerning race. The seeds of racial amalgamation are being sown in the minds of children, and racial destruction will be the harvest.

If our heritage and our posterity be taken from us, what is left worth fighting for? Why should a man choose death for a government dedicated to eradication of his race, for a government sworn to knock a great portion of patriotic citizenry to their knees and humble them before the altar of race destruction?

No, I would say that ten years is enough of one's life to give to such degenerates. I am happy indeed that Mr. Francis Powers could talk his way out of death. I rejoice that he was not "stood to the wall" and shot. I pray that the day will come soon when he might breathe fresh air again. I have faith that the people of the United States will awaken and somehow bring reason back into our government.

I long for the day that the American people set themselves up as representatives of just what they are, and acclaim before the world:

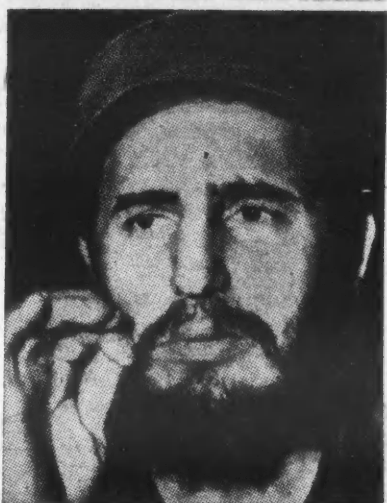

"This is what we are; accept us or reject us as you will, but do not tread on us."

Then will the **Nathan Hales** reappear. Then and only then can we expect a young American to face his accusers and proclaim for all mankind to hear,

"I am sorry that I have but one life to give for my country."

CUBA'S RED BUTCHER

"I HATE DICTATORS" —Fidel Castro

Marxist Trotskyites in U.S. maneuvered Batista out of Cuba, so Castro could take over. They were surprised when Khrushchev moved in with his brand of communism and has imported thousands of Soviet Union and Chinese communists. Reports divulge that three Ballistic Missile bases are almost completed. Hundreds of ships have unloaded tanks, jet fighter planes and latest type guns. What use does the New Frontier think will be made of this? To kill thousands of us? Oh well, thousands of Americans were killed in other mismanaged affairs. "Fair Play for Cuba" would be a Castro funeral.

Common Sense nailed Castro as a communist, while well meaning groups on the right were praising him.

FEDERAL AID TO EDUCATION

Nationalizing Our Schools

A CURIOUS imbecility has lately come to the fore as a political issue. Spawned by bureaucrats, fomented by misguided school teachers, lip-serviced by politicians, it has gained enough momentum through the occasional use of a prominent name or two to reach disastrous proportions. Which all goes to prove that if something is repeated enough and often enough, people will come to believe it.

I speak of the so-called need for Federal aid to education. I speak of Federally-approved school children attending Federally-approved school buildings, using Federally-approved textbooks, riding Federally-approved school buses, eating Federally-approved menus in Federally-approved cafeterias, taught by Federally-approved school teachers using a Federally-prescribed curriculum. I speak of Pennsylvania supporting the schools of Arkansas, and Arkansas doing the same for South Dakota.

Is it too much to hope that the American people will not let themselves fall for this unconstitutional solution to a problem which each community must face for itself? Is it too much to expect that Pennsylvania, and each other State, will decide what its own needs are in education and continue to solve its own problems in this field?

Fred E. Wright in a letter to the Philadelphia Evening Bulletin.

.....
Congratulations to Congress which killed the Federal Aid to Education Bill for this session, and congratulations to every patriot who has helped build sentiment against this move by bureaucrats to force financial aid and later control education. Editor.

The Nature of the Enemy

The strictest loyalty to the ideas of Communism must be combined with the ability to make all practical compromises, to maneuver, to make agreements, zigzags, retreats, and so on, so as to accelerate the coming power of communism.

AMERICAN FINANCIAL CRISIS

—o— Continued from page 1 —o—

to the hilt to "help" the British, has found that this has forced up the price of the things he manufactures, so that he is now actually undersold by the very people he has been helping!

The American probably cannot understand why we were so besotted with dollars that we set up in competition with him in his own country, when we had a perfectly good trade pattern of our own. He almost certainly does not know that the price of the U.S. Loan to Britain in 1945-46 was our adherence to the final act of Bretton Woods, and the setting up of the G.A.T.T. organisation which destroyed our Empire Trading system by forcing it to wither away. Another thing which he probably doesn't know is that one of the conditions of the loan was "convertibility" at so unrealistic a rate that two thirds of the gigantic loan, for which we had mortgaged our future and had been told was essential for our survival, vanished in a few months, as those we had defended during the war cashed their sterling balances. The main difference between our situation then and the U.S. position now is that it was borrowed reserves that the British were losing. One quarter of the loan disappeared within a week in this way. After convertibility ended the U.K. had drawn over 800 million pounds on the American and Canadian loans in 1947 and U.K. reserves were 150 million pounds less than they had been at the start of the year. We found, too, that we were not allowed to discriminate against certain classes of goods, which could have been obtained from non-dollar sources, so the balance of the loan went on tobacco, films and other such frivolities.

But when the British shudder at the prospects of the calamitous effect that closure of the dollar outlet would have on industry, they are offered the alternative of paying more for the cost of American military installations (over which they have no control) on the grounds that they do serve for British protection. U.S. assistance to "Independence" movements in former Empire Countries has ensured that it is almost too late to try and redirect the channels of trade in their direction.

In any case there would certainly be a perpetual mock auction with the Russians undercutting in credit terms. The British answer to the U.S. problem can only be that the only way of cutting down the Balance of Payments problem, which would be beneficial to both sides, would be cutting down U.S. investment overseas. The U.S. overseas subsidiary does not follow a policy, beneficial to any but its shareholders. They are entitled to pursue that policy as long as it is not to the national detriment, but Americans must soon begin to realise that not only is their deficit caused by heavy investment overseas, but those overseas subsidiaries are in direct competition in many cases with home industry, undercutting and undermining it. At a time of domestic recession this should be a significant factor.

It is time that Americans woke up to the fact that they are in the throes of a desperately serious crisis, designed deliberately to create ultimately a revolutionary state in America, where the Reds will find, according to their prophecy, that she falls "like a ripe plum" into their hands. They have been taxed very heavily, both directly and through the dead hand of inflation, which is used by many Governments as a substitute when the direct tax load seems insupportable, so that many industries have been forced onto short time, or out of the market altogether. The American people, as well as their allies, have been cast in the part of victims. But the global Federal funds raised, both through taxation and through increasing the National Debt, have

been a mighty weapon of patronage in Government hands. Some industries, otherwise wildly uneconomic, have been kept in being through lavish Government contracts, while their rivals went under. In other cases, particularly textiles, Aid funds have been spent on establishing new industries, competition for those located in the U.S., with American modern machinery in cheap labour countries. This has meant profit for the financial backers, unemployment for the American taxpayer who financed the whole thing, and, most important of all, a lever of power and patronage in the "newly developing" country concerned.

These new enormous powers, for good and ill, have been raised up by the State for nominally public ends, but channelled for use into private hands. Every country, old or new, which has received American assistance, has felt the immediate bite of inflation, and has plunged desperately hither and thither in the attempt to rectify the situation. Sometimes the economic crisis is so acute that a revolution takes place and the puzzled American people see a country which they had thought to benefit rampant with virulent anti-Americanism, or even slipping half-way behind the iron curtain. As long as the financial ring set up at Bretton Woods remains in existence no country is in a position to exercise true sovereignty, or even control its own industrial development. It is interesting that one financial expert should state that the formation of the European Common Market had dealt a staggering blow to the shaky American Dollar, while another informs us that part of the purpose of the Common Market was to encourage American Investment therein, and it has been successful. What is the truth? Both are true! The "American" investors in Canada, Australia, U.K., the Common Market countries etc. are not primarily concerned with the strength of the dollar, but with setting up industrial monopolies and cartels, severely restricted by law in the U.S., which are beneficial neither to Europeans (whether as producers or consumers) or to Americans.

When these new masters, the completely international bankers and financiers, decide that the United States is now expendable there will be the most appalling economic and social collapse. But they will not be there to suffer, any more than Lord Heyworth of Unilever, which played a big part in encouraging the Belgians to get out of the Congo, was there in person to see the disastrous result of his advice.

What Europeans should always remember, however, before they fall into the easy trap of blaming America for everything, is that the fall of America will be our fall too. The American people will not be allowed to collapse until their great wealth and resources have been drained to ensure that no-one else in the free world can rise after them.

We shall all be preserved on our pinnacle of "never had it so good" prosperity, at least until some apparently foolproof system of disarmament is discovered. Arms and H. Bombs will not be needed to turn the Western world into communist satellites. Those who control the economic system will be able to do the job for them.

We are now so corrupted by our materialism, so indifferent to the global sums of interest only paid on our ever-increasing National Debt, that it is possible that many, prepared to accept the analysis of the problem given above, will yet say, "It is hopeless but I think it will last my time," and go out and make another purchase on credit.

Perhaps it will last our time, though at the moment it seems highly unlikely. What is certain, for a Christian, is that after "our time" we have to face eternity, and we can only do so with clean hands if we have fought a decently courageous battle against these evil forces, resisting the money lenders on behalf of the whole of Christendom, rather than surrendering to their formulae for enslavement through "Aid".

RED PROPAGANDA AT WORK Freedom In Soviet Union

Following are impressions of a California citizen who returned from a visit to the Soviet Union.

Entering the Russian frontier, one is immediately aware of the sad, depressing, pervading mood. There is no conversation among the populace. Suspicion and fear go hand in hand. When a train crosses into the Russian zone, officials board, and examine ones papers. No one is permitted to leave their respective compartment as the search is under way, and all magazines and newspapers are removed; then replaced with communist newspapers filled with lies and propaganda defying any description. Money, too, was inquired into.

All commodities are frightfully expensive. Coffee about ten dollars a pound, American exchange.

Driving through that territory one encounters preponderant dirty, completely neglected houses, because their owners are unable to obtain paint, or material to keep them in repair. This situation is induced to frustrate the owners so they will "willingly" relinquish their homes, and turn them over to the State. The owner however is not paid, and only then, once the State takes over are the buildings painted and repaired. I learned that all good-looking houses are the property of the State. In like manner this applies to business. Merchants receive barely enough repair material or stock for their clientele to carry on. They, then, also throw in the sponge and again the State takes over, and the former merchant suddenly finds himself working in what was his private enterprise.

In order to obtain a worthy building one must pay an exorbitant sum and contribute 1,000 working hours.

The greater the activity with the Commie Party on the part of the individual, the sooner one acquires things. Those at the top live in luxury; the others barely exist. Supplies of fruit and vegetables are meager. Housewives stand for hours, and usually the last in line cannot get anything.

There is no choice in meat; some sausage, and that not plentiful. There is enough bakery goods however. The care for the aged and ill has been arranged as far as I could ascertain.

I saw many bombed houses left, although there had been much cleaning up of rubble where once had been residential terrain. Wherever I traveled I saw restrained activity due to lack of building material. This also applies to ones wardrobe. Nothing is available. There were instances when I encountered places which lacked even the smallest household appliances such as a water faucet or washer. One has to do without, and get along as best as one can.

Where this will eventuate no man knows, and it is frightful to contemplate. The people are embittered and tired of life, and the youth knows no other system, are exploited and unbelievably lied to.

The farmers toil merely for the State. They can no longer raise their voices. Should one have the temerity to do so, he would be called for, charged and arrested, and perhaps never return. This is the means whereby they keep the peace in this Russian zone.

The churches are without a congregation, save for a few old people. Should any youth attend they would encounter all sorts of disturbing factors taking place in their studies, vocation and life in general become difficult. All must become members of the Party, otherwise there is nothing left to laugh at.

The one branch of science is Medicine and these people are in the minority, and badly needed, and due to the many who fled that zone, they are now accorded material and proper remuneration. Teachers and instructors fare likewise. May God preserve our land from such circumstances.

BOLSHEVIK REVOLUTION

Since the Kennedy administration has lifted the ban on admitting communist propaganda, estimates place the volume now three times the amount in 1959 and 1960.

To get an idea of what is coming in now, lets consider former volume. Government customs office give ten million, as the number of propaganda items for 1959, half of this at our youth. (Detroit Free Press 7/4/60).

During 1960 a check of propaganda admitted thru San Francisco showed 17 tons of postage free communist propaganda literature in one week. During 1960 7 million pieces of red literature admitted thru Port of New York. (New York News 6/17/61).

During February and March this year, Cuba sent in 162,000 packages of magazines and 11,700 packages of newspapers. From all countries, a total of 14,200,000 packages of communist literature into the U.S. for 1960. (N.Y. Journal American 6/28/61).

All controls are lifted now, hence, only God knows how many tons of red poison is being fed to our people. No wonder some people in Europe believe U.S.A. stands for United Saps of America.

If we go to war with the Soviet Union, what kind of a mess will we have here at home? This situation is what makes the Red Butcher Khrushchev smile.

- Patriots Lose A Friend -

ROY PURCELL passed away on June 17 at his home in Plymouth, Michigan. Roy was one of the most active and fearless patriots who gave much of his life to help awaken our people to the evil forces which threaten our freedom. Roy was chairman of the Congress of Freedom, which has held National Conventions in Chicago, Columbus, Colorado Springs, Dallas, Biloxi and Washington, D.C.

Many of America's finest people will miss this unselfish patriot. Because of the passing of Mr. Purcell, the burden of work will be increased on George Thomas, director of the Congress of Freedom.

ARABS ARE ALERT

Newspapers of July 12 reported that Congressman Seymour Halpern of New York has introduced a string of bills to cut off foreign aid money to Arab nations which do not want Jews to come to their countries.

The Arabs know their enemies. They do not want Jew spies pretending to work for oil companies.

Arabs are aware that 98% of the spies exposed in the United States were Jews.

DON'T BE INTIMIDATED

LEFT WING TRYING TO SUPPRESS RIGHT WING TO PREVENT EXPOSURE

For more than forty-years, extreme left organizations have been working like bees, increasing in number and activity, infiltrating our Colleges, Churches, Unions and Government. Being highly financed and well trained, they have deceived and maneuvered prominent people into close association with them, so as to give the appearance of respectability. This respectability discourages outsiders from investigating or opposing them and adds prestige to the movement.

When "Common Sense" began publishing 16 years ago, there were 2000 flourishing communist fronts, some paying as high as \$40- thousand a year to officers. Such was the case with James Roosevelt, now Congressman from California. Before the money ran out and we became swamped with work, "Common Sense" examined 600 of these fronts checking the interlocking directorates. Single handed we closed up a few by unmercifully exposing them.

The Un-American Activities Committee and other patriotic groups have been pounding on them so that now the number of fronts has dropped below one thousand. Many of these have consolidated and others disbanded. The hard core still functions, but more quietly. Much of the activity is now being done by so-called Religious and Civil Rights groups. The most important groups that operate under the cloak of respectability and are looked upon as "Sacred Cows" by the gullible uninformed public are:

Americans for Democratic Action
(a Jewish front)

American Jewish Committee
Anti-Defamation League of B'nai
B'rith (the Jewish FBI)

Zionist Organization of America
American Jewish Congress
(100% Zionist)

N.A.A.C.P. (a communist front)

Students in college 15 or 20 years ago, being brainwashed by communist professors have been carefully placed in key spots in our government agencies, as heads of Universities and Colleges, and the dumb public is supposed to look up to these egg-heads as the brains and policy-shapers of our country.

Although they have no use for our constitution and are hell bent to waste our taxpayers money all over the world, bringing us to bankruptcy, we are told we must not criticize them for that would divide and confuse our people. Two years ago top representatives of the American Jewish Committee while making a tour of European countries released a statement to the press saying that the Jews were all through in Europe. The feeling in all those countries is so strong against them that they have flocked into the United States, South America and South Africa, a few going to Israel. The greater number arrive in U.S., where they quickly join with some of the 300 Jewish organizations.

Louis Brandeis preached to the Jews—Organize—Organize—Organize. He was a

strong believer that an Organized Minority could control an unorganized majority. In addition to the 300 completely Jewish organizations there are the communist fronts and dozens of other organizations such as the Emergency Civil Liberties Committee, Americans for Democratic Action, set up by Jews in most cases and using non-Jews as fronts. These organizations are all interlocked and directed by a central group. The Anti-Defamation League may be called the hub of these interlocked pressure groups. They bend backwards to give the appearance of real Americans bursting with love and brotherhood. They are artists in cultivating friendship with Protestant and Catholic Clergy, take the Reverends to ball games; if the church needs painting the Jew suggests he will take care of it. Equal efforts are used on prominent Christian Laymen, Senators, Congressmen, State and City officials, while they use them, or at least keep them quiet, while they carry on the same kind of plot which caused them to be run out of all principal countries. England expelled them four times. Americans, all their life, have heard the Pharisees cry persecution, but few ask themselves WHY???

These Anti-Christians have methodically secured almost complete control of all expression, such as TV, radio, movies, news-

Sokolsky leads with his chin.

papers and magazines. The newspapers they do not control dare not criticize any Jewish backed movement, for the large newspapers cannot exist without the page advertising from Jewish-owned Main Street stores. This advertising is from a profit on everything you wear.

The principal objectives of the Marxist plot are: Abolish the House Un-American Activities Committee; no prayers or Christmas Carols in school; increase National Debt. (interest now 9-billion a year); keep businesses open on Sunday (another blow at Christianity); sell billions of Christmas gifts although they hate Christ; embrace or tolerate communism; destroy the German people, stop every publication or office holder who will not bend to their plan such as Gen. MacArthur, Col. Lindberg, Sen. Jos McCarthy, Gen. Patton, Gen. Walker and many others.

Today our country is being run by pressure groups—all on the left. F.D.R. was placed in the White House by left pressure groups in 1933. Since then no group on the Right has been tolerated in Washington, and no one who criticized the Marxist conspiracy has been selected by the White House. Through some slip, Dean Manion was appointed though promptly fired.

Jews and their stooges are now trying to make the word "Rightist" a dirty word. They have influenced some uninformed religious to come forth with silly statements such as "we don't need anti-communist organizations as the government agencies in Washington are sufficient." Such rot is also included in speeches written for Kennedy by those who surround him, just as FDR's speeches were written by Sam Rosenman. To those who doubt this, we remind them that on page 122 American Jewish Committee 1953 Budget Report, they boast they write the speeches made by American Legion Christian Chaplains, etc.

Lets see how Government agencies fight communism.

Kennedy said he took up the banner where FDR laid it down. FDR and his administration did more to spread bolshevism over the world than the Kremlin. Communism was on its last legs and saved by FDR when he recognized Soviet Union in 1933. We later turned over to Stalin, East Germany, Poland, Hungary, Romania, Czechoslovakia, Estonia, Latvia, Lithuania, Manchuria, North Korea and China. Readers who do not know this should look into the facts.

Lauchlin Currie was close adviser in the White House when exposed as a communist. He fled to Columbia where he now disbursts the millions given him by the State Dept. Thousands of reds who poured into Washington in 1933 are there today. Last week it was reported on radio by a reliable commentator that during the 10 months that Kennedy has been President, 300,000 have been hired. It would be interesting to know

HOW THE REDS MADE MONEY

By Rev. Richard Ginder

Republished from—

OUR SUNDAY VISITOR

Someone sent me recently the transcript of a lecture delivered by Major George Racey Jordan in Timmins, Ontario, and in some places it makes hilarious reading if you can forget the ghoulis tragedy lurking between the lines.

Major Jordan was lend-lease expeditor for the Russians during the war. It was he who first broke the story of the "makins" of the A-bomb being shipped over to Russia by authority of the initials "H. H." scrawled on White House stationery. And on Fulton J. Lewis, Jr.'s radio show he first told the story of our plates for engraving American currency "loaned" to the Russians. Someone later called the major a liar. He promptly sued for libel and won.

One day, according to Major Jordan, Gen. Lucius Clay, commander in Berlin, woke up to the fact that he had redeemed \$354-million in occupation currency more than he had given out. He found that on a salary of a little more than \$100 a month, one GI had managed to send a total of \$65,000 to his dear little mother back home in Indiana. It seems that, along with the rest of the boys, this kid would pick up a watch at the PX for something like \$17.50 and then sell it to the Russians for as much as \$3,000 with a net profit of \$2,982.50 per item. Not bad.

As Major Jordan tells it, Gen. Clay called a meeting of the Occupying Powers and asked the Russian Marshal if he was using the same kind of money.

"Da," he said, "we use same money."

"Then," said Gen. Clay, "we ought to get together and keep track of the accountability. How much do you give your Russian soldiers?"

"Well, you see, General," said the marshal, "my muzhiks are very simpleminded fellows. You can't give them much money at once, so I give them each a 2-inch pile of money every day. You see, I give the whole Russian army a 2-year bonus."

Gen. Clay exploded: "A 2-year bonus with our money? How much did each soldier get?"

And the Russian said: "Here's how it works. When they go in for lunch, you know, there's a tray and they each take a 2-inch stack of money. They can't read, so some lucky muzhiks get 500-mark notes and some unlucky muzhiks they only get 1/2-mark notes but they all very happy because they go downtown to spend it and buy things to send home. We all friends, you know; we all work together."

"Yes," said Gen. Clay, "but our taxpayers have to make that money good. Can you tell me roughly how much you are printing?"

And the marshal said, "No, we don't keep books. We push switch and money comes out press."

They had actually been given 23 plates positive and 23 plates negative with the necessary paper and ink and all the paraphernalia needed to print all denominations of the Army occupation money in Berlin. This little goof-off cost the American taxpayer an estimated \$2,000-million.

'This relief program'

Major Jordan says that he lived and ate with these people for 28 months and he never knew quite what to expect from their devious avarice. One day, for instance, one of them came to him and said, "You have this Reliefs Program here. Put us all on reliefs right away, please."

"Just a moment," Major Jordan answered, "our Relief Program is through another branch of government. Lend-Lease, by the wording of the law itself, is for warfare material only, and — I'm sorry — but I can't put you on relief. You have money, you have

cars, you are eating at the Officers' Mess, you are living in very fine style. Why this sudden demand to go on relief?"

"Oh!" he said, "things are very bad, very bad; you know, all time bombs."

"What do you mean, 'all time bombs'?"

"Oh, my hometown."

"Your hometown? What is your hometown?"

"Leningrad," he said. "Put Leningrad on reliefs right away, please."

Major Jordan's first thought was that the Russians were naive with their child-like approach to our relief program, but he was to find out who was really naive. It turned out that the Russians knew more than he about the situation in the United States, because they immediately arranged through their embassy to have the whole city of Leningrad put on relief.

A few days later the Russian returned smiling and said, "Now we have this reliefs business — you know, with ships. . ."

"May I see the papers?" Major Jordan asked incredulously. He says he didn't believe that Washington could legally put Leningrad on relief. But there it was in black and white: "Relief and Charity." It came to about \$88-million, and it was at this point that Major Jordan decided to keep a diary.

(Upon hearing of this in 1950, Gen. George C. Marshall issued an order that no officer should henceforth keep a diary.)

No golden bullets

Shortly after the war started, the traitor Harry Dexter White, high in the confidence of President Roosevelt, ordered our American gold mines closed down and stripped of their equipment as unessential. "Bullets are not made of gold," he said loftily. But he took that \$66-million worth of gold-mining machinery and assembled it in Seattle for shipment to Vladivostok. Our 252 American gold mines have not properly recovered to this day.

Major Jordan goes on and on in describing the follies of lend lease. He tells of badly needed American ships standing in disrepair because the Communists had a higher priority on the copper wire needed to restore them to service; of beautiful brand new ships complete with sparkling kitchens of Monel Metal, shipped to Russia where they were immediately cut into scrap and dumped into the blast furnace for reduction into iron.

Our Sunday Visitor protested these things vigorously at the time, and so did The Wanderer and the Brooklyn Tablet, but no one listened. Now we have proof that we were right and the Establishment was wrong. But there is little joy in having been right when the proof involves serious danger to our beloved country.

JUST ONE QUERY

Republished from New York Daily News "Voice of the People" column.

Queens: Within the short space of 16 years, the Communists have won control over more than 800 million people in 13 countries. From their base in Russia they have invaded four continents, including North America. Most of Europe is gone. Asia is practically gone. The entire West Coast of Africa is going. Latin America is about to go. Czech machine guns are being shipped to Colombia. Cubans are being trained for invasion of Venezuela, Panama and Brazil. We are being slowly and inexorably surrounded. One question, please:

What the hell are we doing about it?

Edward A. Malin

THE 64 DOLLAR QUESTION

The Associated Press interviewed me today and among questions asked "How is COMMON SENSE financed?" I could have answered, "It isn't!" We are often asked this question.

Our answer to one who is not familiar with our work, gives the impression we are a small movement. Our answer; we do not have the support of any organization or church and only one individual is a substantial supporter.

I have been criticized by friends because I don't make more effort for funds — this is my weakness. Everyone knows that \$1.00 a year subscription will not finance our broad program, much of which is not known by the public, but an open book to those we trust.

Sales of patriotic books help and many patriots send us what they can afford; some of them would triple their contributions if they knew how badly we need help and how much more could be accomplished if we were not continually retarded in our work for want of funds. There are wealthy people who approve of our work and would help but for fear the marxists would learn of their support and smear them. There are several absolutely safe ways they can get money to us. We invite them to contact us. We know how to protect them in confidence. We reach far more people than any anti-communist publication in the world.

There are several reasons we have been able to accomplish so much. We have some very valuable voluntary help. The editor has worked 16 years full time, seven days a week, with no pay and put in every dollar he had. We are a tight, loyal group of dedicated people with many years of research background. COMMON SENSE is managed and directed by persons with years of business experience, hence we know how to get the most out of a dollar. We pound away, giving facts appealing to people's intellect; facts no other newspapers dare print.

It is considered impossible to publish a paper without advertising; we try, thus we are free of pressure from advertisers. To do this we need to be subsidized by patriots who are sufficiently interested in driving these marxist eggheads out of control.

People who are serious in helping us improve the paper and securing a million readers are invited to go through our setup here and get a close-up of the possibilities if sufficiently financed.

The U.S.A. is the hub for saving world freedom. The only way the tide will be turned is by strong public sentiment. The most practical, safest, effective method is with a small, easily read, inexpensive paper giving facts, the truth, to a million or more.

To those who can afford it, you had better find a way to get money to us, for it is not going to be worth much if the wrecking crew in Washington or butcher Khrushchev are not stopped. You are not going to take it with you, and you help no one by leaving it for the relatives to fight over. Better help your loved ones by furnishing ammunition to stop these evil forces.

If COMMON SENSE closes up it will not be because the enemy drove us out, but because several key persons broke their health due to lack of funds to provide needed staff and equipment. Sixteen years every day, without vacation has its toll.

This project has grown too big for us and we need your help.

Sincerely,

Conde McGulley

SPREAD THE TRUTH**

SUCH IS LIFE IN THE ARMY

IRVING PERESS, a Jew, was promoted in the Army after being publicly branded a communist by Senator Joe McCarthy.

GENERAL EDWIN WALKER was forced out of the Army for opposing communism. He was attacked by the Jewish-owned "Overseas Weekly" known by the Army as the "Oversexed Weekly."

What the eminent Hilaire Belloc said of Communism

In Russia—"The menace to national traditions and to the whole Christian ethic of property was immediate . . .

"After rapidly accelerating phases it settled into the situation which has endured from the early part of 1918 to the present day. In the towns the free elected Parliament was repudiated and a Dictatorship of the Proletariat was declared. The workshops were in the future to be run by committees, . . . and similar organizations were to control agriculture in the villages, where the peasants had already seized the land and were streaming back from the dissolved armies to their homes.

"The thing was called 'The Republic of the Workmen and Peasants.' It was, in fact, nothing of the sort. It was the pure despotism of a clique, the leaders of which had been specially launched upon Russia in order to break down any chance of revival of Russian military power, and all those leaders, without exception, were Jews, or held by the Jews through their domestic relations, . . . the most prominent of whom was one Braunstein, who disguised himself under the assumed name of Trotsky. A terror was set up, under which were massacred innumerable Russians of the ruling classes, so that the whole framework of the Russian State disappeared. Among these, of course must specially be noted great numbers of the clergy, against whom the Jewish revolutionaries had a particular grudge. A clean sweep was made of all the old social organizations, and under the domination of this (International) clique the old economic order was reversed. Food and all necessities were controlled (in the towns) and rationed, the manual laborer receiving the largest share; and no one any share unless he worked at the orders of the new masters.

" . . . The Christian religion they naturally attacked, for it was abhorrent to their social theory.

"They also had a certain crusading ideal . . . the desire to spread Communism far beyond the boundaries of what had once been the Russian State."

COMMUNISTS—SAME AS 1917

By Boris Sokoloff

(He was there.)

Florida Southern College

It is unbelievable that the political strategy and tactics of the Russian Communists have not changed during the forty years of their active existence, and that they are still as effective with democratic elements now as they were in 1917.

Mikoyan's tactics during his visit to this country, in his TV interview, in his report in Moscow, follow the same pattern as Lenin used so successfully in 1917.

Occasionally, Mikoyan was using the same words, sentences and argumentation as the Father of Russian Communists employed in his speeches and writings.

May I remind your readers of some facts from the past about which many of them might know little, if at all. The Communists did not overthrow the monarchy in Russia as their followers in this country often claim.

In February 1917, after the fall of the Romanoffs, a democratic government was elected which soon was headed by Alexander Kerensky, the Labor Party deputy in the Russian Parliament (Duma).

In 1917, the Communist Party in Russia was a small minority, hardly more than 5 per cent of the population. Yet Lenin decided to seize the power.

Believing with good reason that a democracy is easily fooled, he started an energetic campaign in the press and at numerous meetings, mostly in St. Petersburg, then the capital of Russia.

He proclaimed, as Mikoyan proclaims now, that the Communist Party is peace-loving and that it fights for everlasting peace, while the Democratic government consists of war-monger "capitalists."

He emphasized that the Communists would like to cooperate with the democratic elements and if such a cooperation was absent, it was the fault of democracy. He initiated a series of conferences between the leaders of the Communists and democratic parties, at the same time, feverishly organizing armed bands and preparing the coup d'etat.

As late as October 20th, a few days before they seized the power, the leaders of the Communist Party indignantly denied the rumors of their military preparations.

On October 25th, the government of Kerensky was overthrown by the Communist armed bands. The government was utterly unprepared for this assault, in view of the "peace conferences" going on with the Communists.

In November 1917, the elections to the All-Russian Constituent Assembly took place. In spite of the fact that the Communists were in power, they received only a minority in the Assembly.

On January 5th, 1918, the All-Russian Constituent Assembly, of which I was a member, was dispersed by the armed Communist forces, while hundreds of thousands of Russians demonstrated in the streets of St. Petersburg against their "undemocratic" behavior.

This lesson in history, which was repeated on many other occasions in many other countries during the last 40 years, seems to be forgotten by some democratic-minded Americans, who are apparently as easily fooled now by Communist tactics as was the case in 1917.

ANOTHER "NOBLE EXPERIMENT"?

By Deets Pickett, nationally known lecturer. Republished from Washington Evening Star.

The Methodist Board of Temperance was the power behind prohibition and the editor of their publication and educational releases was Deets Pickett.

Yesteryear we were a united nation. The Negroes boasted, with good reason, that they had made more progress in less time than any other belated racial group in the world. In the South, hundreds of millions of dollars had been spent on Negro education. There was close and sympathetic contact at the leadership level between Negroes and Whites. Interracial violence was at the vanishing point. Those who were guilty of criminal aggression against the well-meaning Negro were from his own lower class, not from the white group.

Fifty years of intelligent, constructive work by men of good will has been casually tossed out of the window by one colossal blunder. The damage is incalculable, appalling; it will become much greater unless checked now. Forcing Negroes into white schools will not gain acceptance; it will further aggravate the situation.

Integration will inevitably collapse. Will some moiety of good will be saved from the wreckage?

Consider national prohibition. The parallel is by no means perfect but is nevertheless enlightening. Prohibition was better planned, better effected, better received. It registered an economic and social success, according to the testimony of many hundreds of businessmen, social workers, educators, economists. But, in the end, it was overwhelmed with complete political failure.

In pre-prohibition planning, every possible provision was made against arousing sectional or group intransigence. An Indiana judge (Artman) ruled that the liquor traffic was "a legalized outlaw" and a long line of Supreme Court decisions went almost as far. But the dry strategists said, "No; not that way. Let the people act, and before we go ahead, at least two-thirds of the States should be dry by their own action. Furthermore, let us wait until we have a two-thirds dry majority in Congress, a heavy majority in both political parties in both houses of the Congress and we should await word that every section of the country is ready. Lastly, prohibition must come by constitutional amendment, not by statute."

The amendment was submitted by 281 to 128 in the House, 65 to 20 in the Senate. The Democratic vote in the House was 144 to 64 in favor; the Republicans voted 137 to 62. Twenty-four State delegations in the House were solidly in favor; 12 other State delegations had a majority favorable. Only four State delegations divided adversely.

The amendment was ratified in 13 months; eventually 46 of 48 States approved it.

In subsequent years, the dries won elections with monotonous regularity. In 1926, thirty-five Senate seats were up. The dries won 29. In such States as Ohio, Illinois, Massachusetts, the wet candidates fell like nine-pins. After that election, there were only five wet Governors left in the United States! A picture of political success if there ever was one, emphasized by the election of Hoover two years later.

Yet just 36 months later, repeal loomed as a certainty. Why?

Many reasons, perhaps, but two stand out. Many people felt that they were being coerced in a matter which should have been reserved to their own decision. They would not be placated; they defied the law, they co-operated with the illegal traffic; above all, they complained at the top of their voices, unceasingly.

The time came when those who wanted the law and wanted it enforced said: "All

DON'T BE INTIMIDATED

who they are. "Common Sense" has published in previous issues the names of the most important policy formers, almost all reds, liberals or communists and 78 are jews.

Since 1933 there have been hundreds of cases such as Irving Peress(☆), promoted in the Army after being publicly branded a communist. After the FBI reported to Truman three times that Harry Dexter White(☆) was a communist, Truman promoted him to head the World Monetary Fund.

This month Maurice Klein(☆), from the Soviet Union, head of personnel in National Security Agency, in charge of 1200 carefully picked employees (picked by whom?) was finally discovered after two he hired ran off to Moscow with secrets.

Our State Department has broken down leaders in several countries and helped communism take over, yet foolish people say leave fighting communists to the government. Some go so far as to say there should be no anti-communist organizations, but not a word about the leftist. These people are like those going into the movies an hour late and have difficulty understanding the plot. We here at "Common Sense" have done research and been active 28 years. Don't let these eggheads intimidate you. Keep active, talk, we are not a Satellite of the Soviet Union yet.

They will brand you anything to bluff you into being quiet while these left pressure groups condition us for bankruptcy and communism. Be proud you belong with the RIGHT. The Leftist have controlled the government so long they think this is their country. At last the people are awakened and are moving to the RIGHT.

The LEFT has ruled long enough, they are in trouble.

ANOTHER "NOBLE EXPERIMENT"?

—o— Continued from page 3 —o—

right, if their liquor means that much to them, let them have it. We are sick of the everlasting resistance and hubbub. Give us peace and quiet, even with liquor."

Prohibition died because psychological factors determine. Logic and theory can't forever prevail against emotion.

So it will inevitably be with integration. Already the people show signs of irritation and weariness. They want friendship between North and South. They are asking questions about some of the implications of the Court's action. Does it mean a step toward legislation by judicial decree, constitutional amendment by proclamation? Are we in danger of relighting the long-dead fires of sectional bitterness?

In the middle is the Southern Negro, who just wants to "get along" with the white folks. He's in trouble and he knows it.

Responsibility for public education should be remanded to the States with more than deliberate speed. Probably a majority of those "learned in the law" believe that is where it constitutionally belongs.

Return responsibility for education to the States.

Eventually; why not now?

That Susskind TV Show Oct. 3

Republished from Council Letter No. 513

On Sunday, October 3, David Susskind in his so-called "Open End" TV show, channel 5 (WNEW TV) allowed scurrilous attacks to be made against the president of the National Economic Council by one Frank Donner, author of the book "The Un-American" and counsel of the United Electrical Workers Union.

Jack O'Brian in his column in the Hearst Press said:

"DAVID SUSSKIND had little ability to explain the factual record Sunday night on his Open End, which does take on at times certain colorful TV hues, even though Ch. 5 (WNEW-TV) does not program any color telecasts.

"Sunday evening, during the open ended discussion which Little David dubbed 'What's Un-American; Who's Un-American,' he presented one Frank Donner as author of the book 'The Un-Americans' and as counsel of the United Electrical Workers Union.

"David did not bother to inform his viewers that the union had been (in 1950) booted out of the CIO (the CIO yet) for being Red-controlled; nor did he deign to explain that Donner had been identified by a number of witnesses — former fellow Communist members — before honorable government committees as a 'member of a Communist cell comprised of lawyers employed by the National Labor Relation Board in Washington, D.C.' The latter quote is from the records of Congress dated Feb. 16, 1959.

"No mention of Donner's taking the First and Fifth amendments when queried concerning Communist Party membership and affiliations. No mention that he took the Fifth when asked if a statement he'd made previously had been 'truthful.'

"Susskind failed to mention that Donner had been publicly identified as a member 'of a conspiratorial Communist cell' while with the NLRB in 1940s. He was named by Herbert Fuchs and Mortimer Riemer as a Communist member, according to the Congressional Record on July 17 — of this year — an official and easily researched bit of Donner's history as available to the shrewd little Susskind as to anyone else."

MORE ABOUT "LITTLE DAVID"

DAVID SUSSKIND is a Jew who uses his privilege on the air to present anti-Christian Communist Reds of every shade who will cooperate in launching Marxist propaganda. When he presents round table discussions, he selects strong convincing characters to present leftist and anti-Christian views and weak and doubtful characters to oppose them.

While he is supposed to be a neutral moderator, he continually harasses and asks questions to bring out answers damaging to the Christian Right and helpful to the Anti-Christian left. While Khrushchev was here on his last trip, TV Stations agreed not to permit him to foul the air, but Susskind allowed the BUTCHER OF HUNGARIA to come into our homes with his clever propaganda. Apparently the Marxist Jews own the air over the U.S. or at least control it.

FOR BOTH NORTH & SOUTH
A New Approach to the Most Pressing
Problem of Our Time

A Book Headed For Fame

A new book with the eye-catching title of *Race and Reason: A Yankee View* is just off the press. Many are calling it the sharpest weapon yet forged in the fight for racial integrity.

The Northern author of this significant new work is Carleton Putnam, a scholar and historian who is well known throughout the South as the author of the now-famous "Putnam Letters" to the President and the Attorney General. After publishing the text of these two letters, Putnam cites 92 questions which were asked most often by Northerners who read the letters. Each question is answered in a thorough, yet easy-to-read fashion.

Race and Reason sounds a warning no American can afford to ignore. This concise, yet all-inclusive, study of one of the most pressing problems of our time provides authoritative facts and stimulating ideas. Order your copy of this book today.
